Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Architect's Drawing of Pool to Be Constructed by George Robert White Fund at Doherty Playground on Bunker Hill Street. Ground Was Broken Thursday Noon. The \$425,000 Project Will Also Be Equipped With a Diving Pool, Bathhouse, and Special Lighting for Night Bathing. It Will Accommodate 700 Bathers.

TRAFFIC COMMISSIONER LEO F. CURLEY AN- NOUNCES INAUGURATION OF MORE SIGNAL LIGHTS IN INTEREST OF PUBLIC SAFETY ON STREETS.

Traffic Commissioner Leo F. Curley has announced that signal light operation officially began at Strathmore and Sutherland roads, Brighton, on Wednesday morning.

The intersection is located in a densely populated apartment house section of Brighton, where the position of these buildings has made it virtually impossible for motorists to view the approach of other on-coming vehicles, until both are well into the intersection. This condition has been the cause of a year after year average of four right angle collisions, in which drivers and passengers were injured and property destroyed.

Engineers of the Boston Traffic Commission are convinced that speed will be reduced in the neighborhood and that the accident hazard will be reduced, also eliminating traffic accident noises, which have seriously disturbed dwellers, at all hours of the day.

(Continued on page 923.)

Mayor Curley has announced the award of a contract in the amount of \$425,000 by the trustees of the George Robert White Fund for the construction of a bathhouse, diving pool and swimming pool, at the Doherty Playground, corner of Bunker Hill street and St. Martin street, Charlestown. Ground for the project was broken at noon, Thursday, September 2.

As this is the first project of this type erected in the City of Boston, the trustees instructed the architects to provide for a layout which would meet the highest standards of swimming pool construction. After investigating various installations and consulting with officials of the City of New York Recreation System, who have constructed 40 pools in the City of New York, their advice and assistance as to engineering and health problems was of real value in the design of this first project for the City of Boston.

The bathhouse has a frontage of 75 feet, facing Bunker Hill street, and is set back from the street line 100 feet. The swimming and diving pool extends from the back of the bathhouse a distance of 140 feet to the northeast end of the playground.

The project is so planned that only bathers entering through the bathhouse may enter the pool area. The men's and boys' entrance is on the upper level of the bathhouse and the women's and girls' entrance on the lower level.

Bath Facilities.

Bathers entering the bathhouse are checked by towel and suit attendants; then assigned lockers and dressing compartments; then walk through showers and chlorinating foot bath to the pool area. Except for special swimming events, the pool area will be used only for those in bathing suits.

REPORT OF JOSEPH McKENNEY, DIRECTOR, PHYSICAL EDUCATION, ON ATTENDANCE AT EASTERN MEETING OF AMERICAN ASSOCIATION FOR HEALTH, PHYSICAL EDUCATION AND RECREATION.

The following is the report of Joseph McKenney, Director of Physical Education, on his attendance at the Eastern Meeting of the American Association for Health, Physical Education and Recreation:

August 24, 1948.

MR. ARTHUR L. GOULD, *Superintendent*,
Boston Public Schools.

DEAR MR. GOULD:

Following is a report of my attendance at the Thirtieth Annual Meeting of the Eastern District Association for Health, Physical Education and Recreation, which was held in Baltimore, Maryland, April 5 through April 8, 1948:

The speaker at the opening general session was Vaughan S. Blanchard, President of the American Association for Health, Physical Education and Recreation. President Blanchard spoke on the conflicting philosophies in the field of health, physical education and recreation, and interscholastic athletics. President Blanchard stated that there was a need for better sports direction. "There is a difference between sports promotion and sports direction. Promotion is based primarily on return to the promoter. Direction is concerned primarily with benefits to all the participants and to spending these benefits to constantly increase numbers." President Blanchard also stressed the need of the coordination and cooperation of recreation groups. He felt unity could be obtained through cooperation and mutual support on common problems.

The mushroom-like growth of teacher training institutions in health, physical education and recreation during the past twenty years has created a professional problem. These institutions have increased from 139 colleges in 1928 to 390 in 1948.

Congressman John Davis Lodge of Connecticut spoke on the problems facing the European Recovery Program both behind and outside the Iron Curtain.

Major General Maxwell Taylor, Superintendent of the United States Military Academy at West Point, spoke on the deficiencies in physical education from the viewpoint of national defense. Since 1947, candidates for West Point must pass a physical aptitude test as part of the entrance examination. It is a test of basic strength, endurance and coordination within the capability of any normal young man. Three hundred and eighty hours are allotted to physical education at West Point. Mathematics comes next with 319 hours.

Associate Judge Charles E. Moylan of the Supreme Bench of Baltimore spoke on "Recreation and Delinquency." Statistics show that during World War II the increase in juvenile crimes, vandalism and delinquency, ranged from 25 to 85 per cent. The fact is, however, that only 2 per cent of our juvenile boys and girls are delinquents.

In 1943 the Baltimore Youth Commission recommended that the 260 schoolyards be opened for recreation instead of purchasing 100 acres of land and building a million dollar recreation building. Since the introduction of the schoolyard program, commitments to

training schools have been cut in half and during the past three years there has been a substantial decline in delinquency.

In the Physical Education Division section meetings were held in basic body mechanics, the dance, men's athletics, women's athletics, intramurals and public school physical education.

In the Recreation Division section meetings were held in summer, winter, and day camping, and private, community and industrial recreation.

In the Health Division section meetings were held in health instruction in elementary and secondary schools, school health service, safety education and community health.

General sections were held on research, professional preparation and administrative measurements.

A joint convention of the Eastern District Association and the American Association for Health, Physical Education and Recreation will be held in Boston, April 18-23, 1949. We are privileged to be the host to the largest division of the National Education Association for the first time since 1930.

Respectfully submitted,

JOSEPH McKENNEY,
Director of Physical Education.

GEORGE ROBERT WHITE POOL STARTED IN CHARLESTOWN.

(Continued from page 921.)

The swimming pool area consists of two pools—one for swimming, 60 feet by 125 feet, and one for diving, 40 feet by 60 feet. Both pools are surrounded by a promenade area 18 feet wide, with a stadium to accommodate 400 located on the west side of the pool for sun bathing and the public, when special swimming events are held.

The entire swimming area is enclosed with a 7-foot ornamental iron fence.

Special provisions have been made in a large area at the end of the diving pool to accommodate the chlorinating plant, filtering apparatus, and water supply.

The apparatus is designed to allow for four changes of water, completely filtered and chlorinated, each swimming day.

All piping, both supply and drainage, is located in underground tunnels completely surrounding the pool areas.

A complete underwater electrical lighting system is planned to accommodate night bathing, and the general lighting above the pool area consists of ornamental standards set outside pool promenade and on top of stadium parapet. Flood lights are located on terrace of bathhouse.

The roof of the bathhouse is arranged for an opened paved terrace with special entrance for sun bathers. A concession stand is located on this terrace.

The entire structure is constructed of reinforced concrete. The bathhouse is

of modern design, has rusticated walls with white concrete finish. All windows are of steel-ventilating type. All doors in entrance are of metal, and all partitions and interior walls are of glazed tile.

The project has been designed to accommodate 700 bathers at one time.

The contract has been awarded to the J. A. Singarella Company. The architects are the John M. Gray Company of Boston.

MORE SIGNAL LIGHTS.

(Continued from page 921.)

The newest of timing arrangements has been worked into these signals to permit pedestrians to cross on red and yellow lights by simply pushing a button provided for that purpose, and between 7 a. m. and 11 p. m. to have traffic proceed under normal stop and go operation, for both streets. Flashing operation will be in effect after that, until 7 a. m.

Councilor Edmund V. Lane introduced the order into the City Council, which was signed by Mayor James M. Curley, authorizing the erection of the signal lights.

The Commissioner also announced that signal light operation has officially begun at Huntington avenue and West Newton street.

Flashing operation of the lights will be in effect from 1 a. m. to 7 a. m. each day.

Councilor Perlie Dyar Chase introduced the order for these lights into the City Council which was signed by Mayor James M. Curley authorizing the erection of the signal lights.

HORSES BARRED FROM MARKET DISTRICT.

Following a conference at the office of the Mayor on August 20 the following announcement was made public:

It was agreed that horse-drawn vehicles selling produce or other merchandise be ruled out of the market district on Saturday, and that the Board of Health and the Police Commissioner enforce this regulation.

The following areas are to be blocked off on Saturdays:

North street to Haymarket square — one side.

North street, from Union street to Blackstone street — one side.

The rest of North street, from Blackstone street to Cross street — one side.

A meeting is to be arranged between the Superintendent of Markets of the Department of Public Buildings, the Police Commissioner, the Health Department, Public Works Department, Fire Department, and go over the draft, meet with the regulations of the Law Department and put into effect.

BUILDING RAZED.

The Mayor has approved the request of the Building Commissioner to do the following work in the interest of the public safety:

To enter the building or other structure, or the abutting land or buildings, at 397 West Second street, Ward 6, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

MAYOR'S GIFT OF TELEVISION SETS BRINGING MUCH HAPPINESS TO LONG ISLAND HOSPITAL INMATES.

His Honor the Mayor on August 26 received the following communication from G. Frank McDonald, Commissioner, Institutions Department:

DEAR MR. MAYOR:

The five television sets which your Honor had so thoughtfully made possible from the Mayor's Field Day Fund, for the patients at the Long Island Hospital, were installed and completed on August 24. I saw the first showing and was greatly pleased with the location we had selected and the splendid reception.

Doctor Sacchetti phoned me today that last night's ball game was viewed by over 100 patients in the Curley Recreation Building, 75 employees in the employees' recreational room, and over 50 female employees and nurses in the Nurses' Home. He stated that the enthusiasm shown might well be compared with that shown at the Red Sox park in the ninth inning. He tells me that at no time at Long Island has anything been enjoyed more.

I have asked Doctor Sacchetti to write to your Honor and convey the thanks of the Hospital.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

CITY AUDITOR FOX CLARIFIES VACATION QUESTIONS.

August 26, 1948.

To Department Heads and Officials.

In order to clarify certain questions which have arisen on the subject of vacation leave, the following statement supplementing that issued under date of July 1, 1948, is offered for your information.

Vacation leave is essentially a matter to be determined by department heads under the general direction and control of the Mayor. Circular Letter No. 7, issued by the Mayor under date of March 26, 1947, establishes a general policy with regard to vacations to be observed by department heads. All vacations granted, however, must comply with the minimum requirements set forth in section 3 of chapter 41 of the General Laws, as most recently amended by chapter 330 of the Acts of 1948.

Chapter 330 relates to two groups of employees: (1) permanent civil service employees, and (2) common laborers, skilled laborers, mechanics and craftsmen. To come within the second group, an employee need be neither civil service nor permanent. An employee of this second group is entitled to the minimum vacation provided by the statute, although at the time of receiving his vacation he is merely a provisional or temporary employee. In determining the minimum length of such vacation, account must be taken of service rendered in the preceding year.

With respect to the first group of permanent civil service employees, the gist of the governing statute is to be found in the provision that they "shall be granted without loss of pay, in every year except the year in which their employment begins, a vacation based on their service in the preceding year." This provision clearly implies that the vacation is to be based on their service as permanent civil

service employees in the preceding year. In short, the minimum vacation leave for permanent civil service employees is to be determined by the number of weeks that such employees served as permanent civil service employees in the year preceding that in which the vacation leave is granted.

From the foregoing it is evident that all provisional or temporary employees, except those classified as "common laborers, skilled laborers, mechanics and craftsmen," do not come within the provisions of chapter 330. Vacation leave to such employees rests with the administrative discretion of department heads.

Chapter 330 requires that all vacation allowances as well as amounts payable to employees or beneficiaries at the time of termination of service be specifically entered and labeled on departmental pay rolls. It is the responsibility of departmental pay roll clerks in the preparation of preliminary pay rolls to see that this requirement is fully observed.

CHARLES J. FOX,
*City Auditor and Auditor of
the County of Suffolk.*

BOSTON RETIREMENT BOARD NOTICES.

STATE-BOSTON RETIREMENT SYSTEM.

NOTICE OF ELECTION.

Under the provisions of subdivision 3 of section 20 of chapter 32 of the General Laws, the following regulations are hereby determined for the election of a member of the Boston Retirement Board:

Employees of the city or county who are members of the State-Boston Retirement System on September 25, 1948, may select, by their votes, one of their members to be a member of the Boston Retirement Board for the term of three years beginning October 1, 1948, and ending September 30, 1951.

Ballots will be furnished the members containing the names of candidates who are duly nominated.

Nomination papers may be obtained at the office of the Boston Retirement Board, Room 65, City Hall, after August 25, 1948.

Any member of the State-Boston System may become a candidate by filing with the Boston Retirement Board official nomination papers signed by 100 or more members of the State-Boston System and containing the name, residence, and department of each signer. The omission of any of these specified items of information will invalidate the signature. No member is entitled to sign more than one nomination paper, and if he signs more than one his signature will be invalid on all of them.

Nominations will be closed on September 10, 1948, at four o'clock p. m., and no nomination papers will be received after that day and hour.

The names of candidates, who are duly nominated, will be printed on the ballot, and the members voting will mark an X against the name of their choice, or may write in an additional name and mark an X against it. If more than one name is marked the ballot will be invalidated.

The ballot must be signed by the voter and filled out with his residence and de-

partment, and with further information so far as available from members of the following departments:

Fire Department—name and number of company.

Police Department—division.

Park Department—division or location.

Public Works Department—division and district.

Schools—name of school.

The ballots must be received by the Boston Retirement Board, Room 65, City Hall, on or before September 25, 1948, at five o'clock p. m. No ballot mailed or postmarked later than September 24, 1948, will be counted.

The candidate receiving the highest number of votes will be elected.

IMPORTANT NOTICE.

To All Employees of the City of Boston and County of Suffolk Whose Salaries Are Paid by the City of Boston.

1. The opportunity to join the State-Boston Retirement System for all employees who are members of the 4 per cent system will expire January 1, 1949.

2. For those employees in the non-contributory groups such as teachers, etc., the expiration date is June 11, 1950.

3. Forms are on hand for members of the State-Boston Retirement System who wish to avail themselves of chapter 284 of the Acts of 1948, which allows a member to nominate in writing an eligible beneficiary, who, if such member dies after attaining the age of fifty-five and before being retired, shall receive two thirds of the yearly amount of such lesser allowance to which such member would have been entitled had his retirement taken place as of the day next preceding the date of his death.

WILLIAM D. KENNEY,
Secretary and Executive Officer.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, supply houses and contractors for furnishing labor, materials, etc. Communications from the heads of the various departments were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, August 18, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested to enter into an agreement with the Boston Edison Company to do the following work at a cost not exceeding \$11,731.

Install conduit and cable to the proposed traffic signal installations at the following intersections:

Arborway and South street.

Brookline avenue, at Short street.

Brown avenue and Cummins Highway.

Centre street and La Grange street.

Clifton street and East Cottage street.

Commonwealth avenue, at Chiswick road.

East Eighth street and L street.

West Broadway and D street.

Inasmuch as the Boston Edison Company is the only authorized company capable of doing this work and because no benefit would be derived by public advertising, your permission to dispense with public advertising is requested.

Respectfully submitted,

LEO F. CURLEY, *Commissioner.*

INSTITUTIONS DEPARTMENT.

BOSTON, August 18, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to award a service order in an amount not exceeding \$1,400 to Joseph Botti & Son, 48 Groveland street, Mattapan, without public advertising, for a new concrete floor in the boiler room at the Long Island Hospital.

While four of the six boilers are shut down for a short time an opportunity presents itself for laying a much-needed floor. The time necessary for public advertising would cause a delay that would result in postponement.

Botti & Son have their equipment and men on the island and can commence work immediately. The price for this work is reasonable and fair, and in my opinion no advantage could be gained by the city in public advertising.

Respectfully yours,

G. FRANK McDONALD, *Commissioner.*

PARK DEPARTMENT.

BOSTON, August 24, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

We advertised for bids to repair the roof of the circular shelter house in the Riverway, Roxbury, Mass. The bids were publicly opened and read at 2 p. m. of Thursday, August 19, 1948.

Although the proposal forms were taken out by or mailed to several contractors who do that type of work, when the time for the opening of the bids came we received no response.

However, a proposal was submitted ten minutes after the time for the closing of the bids by F. C. Dolan & Sons, 18 Aldworth street, Jamaica Plain, the duplicate proposal for same was deposited with the City Auditor prior to the time for the opening of the bids. This bid was found to be \$1,784.

This price seems reasonable for the work asked for and as no legal bids were received, it is respectfully requested that permission be given to award a service order in the amount of \$1,784 to F. C. Dolan & Sons, 18 Aldworth street, Jamaica Plain, Mass., to do this work. The cost of the work is to be charged to B-39 in the Park Department budget.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

PUBLIC WORKS DEPARTMENT.

BOSTON, August 17, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicly advertising for bids, to R. A. Bucella & Sons, for the extension of an 8-inch water main in Carlson Circle, West Roxbury, as per standard specifications of the Water Division, at prices for items based on publicly advertised bids received on contract awarded to R. A. Bucella & Sons, April 22, 1948, for laying 8-inch water pipe in Ferncroft road, West Roxbury, Platt road, Brighton, etc.

Following are the items and prices for work in Carlson Circle, West Roxbury:

Item 1-a. 500 linear feet of 8-inch pipe laid at \$2.50 per foot, \$1,250.

Item 1-g. 8 feet post hydrant pipe at \$5 per foot, \$40.

Item 3. 70 cubic yards rock excavation at \$5, \$350.

Item 6. 25 square yards cold patch at \$1.50, \$37.50.

Total, \$1,677.50; also setting 12-inch gate complete in Weld street, at southerly line of Carlson Circle, \$200; total, \$1,877.50.

Bucella & Sons are working in this street under a contract with the Sewer Division, hence the agreement with them to do the work at contract prices above stated.

No advantage can be gained by advertising this contract, as these prices are better than we have received recently on bids for similar work.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 17, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions from the Water Service of the Public Works Department for water meter parts.

It is respectfully requested that permission be granted me to award a contract, without public advertisement, to the Hersey Manufacturing Company, South Boston, as they are the manufacturers of

the meter parts requested and no advantage will be gained by publicly advertising for bids.

Total amount of contract is \$11,100.03.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order to Lalime & Partridge, Inc., 1255 Boylston street, Boston, for furnishing to the Supply Department the following:

One (1) 1949 Ford, 6-cylinder, Fordor sedan, to be equipped with heater, defroster and seat covers, color to be black, at a price of \$1,399.22, less a trade-in allowance on one (1) 1946 Ford Fordor sedan, motor No. 99A-118542, of \$1,300, making a net total of \$99.22.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order to Lalime & Partridge, Inc., 1255 Boylston street, Boston, for furnishing to the Central Office of the Public Welfare Department, 43 Hawkins street, Boston, the following:

One (1) 1949 Custom, 8-cylinder, Ford Fordor sedan, to be equipped with heater and defroster, seat covers, color to be black, at a price of \$1,525, less a trade-in on one (1) 1941 Ford, 8-cylinder, Tudor sedan, as is, of \$675, making a net total of \$850.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order, without public advertisement for bids, to the Kem-Air Distributing Company, 6 Beacon street, Boston, for furnishing and installing the following Kem-Air refrigerator units to the Boston Sanatorium:

19 No. 5 stainless steel units, Box No. 1.
21 No. 5 stainless steel units, Box No. 2.
21 No. 5 stainless steel units, Box No. 3.
21 No. 5 stainless steel units, Box No. 4.
9 No. 5 stainless steel units, Box No. 5.
10 No. 3 stainless steel units, Reach In's.

As the Kem-Air Distributing Company are the manufacturers of the above units, no advantage would be gained from a public advertisement for bids.

Total amount of order will be \$1,942.45.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract to the Haloid Company, 141 Milk street, Boston, for furnishing to the City Clerk sixty (60) rolls 11½-inch

by 300-foot Haloid record paper, duplex grade H. H. (both sides coated), at a price of \$36.80 per roll.

Since the Haloid Company are the manufacturers of this paper and since it is to be used in a machine of their manufacture, no advantage would be gained by publicly advertising for bids. Total amount of contract will be \$2,208.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, August 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Quotations were recently requested on forty-five (45) bedside tables, as per specifications, from all the dealers handling this equipment, to be delivered to the Boston City Hospital. The following prices were received:

McCarthy Brothers, \$1,215.

Thomas W. Reed Company, \$956.25 (substitution).

Hospital Equipment Corporation, \$1,467.

American Hospital Supply, no bid.

Thomas J. Noonan Company, no bid.

It is respectfully requested that permission be granted me to award an order to McCarthy Brothers, 218 Dudley street, Roxbury, the lowest bidder as per specifications, at a price of \$27 each. Total amount of order is \$1,215.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

General Order No. 1,083.

Patrolmen John Necco, Jr., James P. Lydon and Bernard T. Sweeney, Jr., all of Division 8, are commended for meritorious police duty performed on August 11, 1948.

While on patrol duty in the Old Harbor section of Dorchester Bay, these officers immediately responded to cries for help coming from persons at the Public Landing, City Point. Upon arriving, the officers saw the body of a small boy floating face down in the water adjacent to the landing.

Patrolman Sweeney entered the water fully clothed, dived to the bottom and brought the boy to the surface. He passed him to Patrolmen Necco and Lydon aboard the "Argus" where they applied the prone pressure method restoring life in the boy. He was sent to the City Hospital, found to be uninjured, and released to his mother.

The commissioner is pleased to recognize and commend these officers for their prompt and effective action which undoubtedly prevented the loss of life.

In consideration of this praiseworthy conduct, each officer is hereby granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,085.

Captain Charles F. Eldridge, now Acting-Inspector of Carriages, is hereby appointed Inspector of Carriages, effective Wednesday, September 1, 1948.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,086.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers, members of the Boston Retirement System, effective at the close of business, Tuesday, August 31, 1948.

Wherefore, In view of this operation of law, after August 31, 1948, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman Mark F. Connolly, Division 16.

Patrolman Charles C. Delaney, Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 49.

I. GEORGE E. GROOMES.

It is with deep regret that the Fire Commissioner announces the death on August 17, 1948, of Hoseman George E. Groomes of Engine Company 45. Hoseman Groomes was appointed to the department on October 9, 1946.

The funeral was held from the Norris Davis Funeral Home, 89 Walnut avenue, Roxbury, at 8.30 a. m., Friday, August 20, 1948, followed by services at 9 a. m. at St. Richard's Church, Buena Vista street, Roxbury.

No ballots will be accepted after that hour.

V. LETTER OF APPRECIATION.

The Fire Commissioner is pleased to publish the following letter which he received from John J. O'Brien, Acting Warden of the State Prison at Charlestown, Mass.:

"MY DEAR COMMISSIONER:

We wish to thank you for the manner in which the members of your department acted in taking care of the fire which occurred in our auto plate shop at approximately 10.20 a. m. this morning.

This fire was extremely well handled, and we wish to compliment District Chief Berninger, Deputy Chief Kane, Captain McMackin and Lieutenants Charles McCarthy and Fitzgerald.

We fully realize the situation which the men of your department came up against in handling a fire in an institution of this type. I wish you to know personally that the members of my staff, as well as myself, want you to know of our appreciation.

Sincerely yours,

JOHN J. O'BRIEN,
Acting Warden."

VI. COMMENDATIONS.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works; and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which

an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Lyall street, between Veterans of Foreign Wars Parkway and Brook Farm road, bounded:

Southeasterly by said Parkway, forty and 8-100 feet; southwesterly by the southwesterly line of said Lyall street, three hundred seventeen and 12-100 feet; northerly by Brook Farm road, forty-six and 41-100 feet; and northeasterly by the northeasterly line of said Lyall street, two hundred ninety-six and 18-100 feet, containing twelve thousand two hundred and sixty-six square feet, more or less.

The sewerage works to be constructed are as follows: 240 linear feet of 10-inch pipe sanitary sewer and 240 linear feet of 10-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Lyall street, between Veterans of Foreign Wars Parkway and Brook Farm road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the aforesaid plan and on file in the office of this department.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN BILLINGS STREET, PROSPECT STREET, OAKMERE STREET, GOULD STREET, EASTWOOD CIRCUIT, ROCKLIFE STREET AND PRIVATE LAND, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Billings street, Prospect street, Oakmere street, Gould street, Eastwood Circuit, Rockliffe street and private land, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Billings Street, Prospect Street, Oakmere Street, Gould Street, Eastwood Circuit, Rockliffe Street and Private Land, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, SEPTEMBER 21, 1948, with a certified check for TWENTY-EIGHT HUNDRED (2,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR SEWERAGE WORKS IN TURTLE POND PARKWAY, FROM RIVER STREET TO BERWICK STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Turtle Pond Parkway, from River street to Berwick street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Turtle Pond Parkway, from River Street to Berwick Street, Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, SEPTEMBER 14, 1948, with a certified check for EIGHTEEN HUNDRED (1,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

RULES AND REGULATIONS RELATING TO
HACKNEY CARRIAGES.

Office of the Police Commissioner,
154 Berkeley Street, August 27, 1948.

In accordance with provisions of section 1, of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston are hereby amended by:

1. An addition to last paragraph in section 2, under the subtitle "Hackney Carriage Licenses Granted Under These Rules and Regulations," as appearing upon page 220 of said Rules and Regulations, of the words "said forms to be held for 90 days," so that said paragraph shall read as follows:

"The owner of a licensed hackney carriage must keep, on a form approved by the Police Commissioner, and produce upon demand of the Police Commissioner or the Inspector of Carriages or any officer, a record of all trips made by said vehicle and containing all information requested on form approved by the Police Commissioner for a period of each calendar day, said forms to be held for 90 days."

2. Striking out the first sentence of the first paragraph in section 7, under the subtitle "Inspection of Vehicles," as appearing upon pages 222 and 223 of said Rules and Regulations, and inserting in place thereof the following sentence which shall read as follows:

"Before a hackney carriage shall be licensed it shall be thoroughly inspected in regard to mechanical condition and general appearance, and all hackney carriages licensed shall be inspected to meet the above requirements annually."

3. Striking out the second sentence of the fourth paragraph in section 8, under the subtitle "Rate of Fare," as appearing upon page 224 of said Rules and Regulations, and inserting in place thereof the following sentence which shall read as follows:

"The carriage of trunks shall be optional with the person in charge of the vehicle, but if carried, the charge shall be fifty (50) cents for each trunk."

4. An addition to last paragraph in section 15, under the subtitle "Conduct of Hackney Carriage Drivers," as appearing upon page 228 of said Rules and Regulations, of the words "regardless of the number of passengers conveyed," so that said paragraph shall read as follows:

"The hackney carriage driver shall not demand from any passenger more than the fare recorded on the taximeter, regardless of the number of passengers conveyed."

The foregoing amendments will take effect Wednesday, September 8, 1948, at 7.45 o'clock a. m.

The following amendment will take effect Tuesday, February 1, 1949, at 7.45 o'clock a. m.

5. Striking out the first sentence of section 18, under the subtitle "Dress of Hackney Drivers," as appearing upon page 229 of said Rules and Regulations, and inserting in place thereof the following sentence which shall read as follows:

"Every driver having charge of a licensed taxicab in a public place shall be suitably dressed, wearing a uniform cap, and he shall wear on the front of cap a badge bearing the number of his driver's license."

All rules and regulations inconsistent herewith are hereby repealed.

MAYOR CURLEY BITTERLY EXCORIATES POLITICAL AND FINANCIAL TERMITES ATTEMPTING TO BORE INTO AND DESTROY BOSTON'S HIGH RATING IN FINANCIAL WORLD—IN REGULAR MONTHLY RADIO ADDRESS HE POINTS OUT THE INJURIES DONE BY THESE IN OPPOSING SLUM CLEARANCES WHERE MOST NEEDED, ILLEGALLY ASSESSING TAXES THAT CITY HAS TO REFUND BY RULINGS OF TAX APPELLATE BOARD RESPONDING TO PLEAS OF TAX ABATEMENT RACKETEERING LAWYERS—CALLS FOR AN AROUSED, INTELLIGENT PUBLIC TO END RAVAGES THUS IMPOSED.

The following is the regular monthly radio address of Mayor James M. Curley over Station WMEX.

MAYOR INFORMED VETERANS DRUM CORPS WINS CHAMPIONSHIP FOR BOSTON.

His Honor the Mayor on September 2 received the following telegram from Anthony J. Rock:

Mayor James M. Curley.

LIEUT. NORMAN PRINCE POST 1506, V.F.W. DRUM AND BUGLE CORPS WON THE NATIONAL CHAMPIONSHIP FOR BOSTON.

ANTHONY J. ROCK, *Commander.*

His Honor's reply was as follows:

Commander Anthony J. Rock.

THANKS FOR YOUR TELEGRAM. THE DRUM AND BUGLE CORPS OF THE NOTED LIEUT. NORMAN PRINCE POST, V.F.W., BY WINNING THE NATIONAL CHAMPIONSHIP FOR BOSTON, HAS REFLECTED HIGH HONOR UPON CITY AND STATE. WE ARE PROUD OF YOU. HEARTY CONGRATULATIONS TO ALL YOUR MEMBERS.

JAMES M. CURLEY.

His Honor's telegram was sent to Commander Anthony J. Rock, Lieut. Norman Prince Post 1506, V.F.W., Kiel Auditorium, St. Louis, Missouri, where the convention is in session.

MAYOR CURLEY RECEIVES GIFT FROM SAN FRANCISCO WITH INVITATION TO BE GUEST OF REDWOOD EMPIRE ASSOCIATION.

Mayor James M. Curley on September 7 received a strikingly beautiful redwood burl gavel from the Redwood Empire Association of San Francisco, California, accompanied by the following letter:

DEAR MAYOR CURLEY:

It is our pleasure, on behalf of the citizens of the Redwood Empire (San Francisco and California's northern

Friends of the Radio Audience.

The subject of tonight's address deals with a new type of termite, but one fully as destructive as that which represents the insect world. It is responsible in large measure for the backbreaking burden imposed upon the thrifty, hardworking people of nearly every large city in the United States.

It represents that element of society which views everything from the dollar standpoint, and rarely, if ever, gives consideration to the human equation. In our legislative assemblies, both national and state, it is to be found in opposition to everything that makes for human happiness and human welfare. It is always to be found on the side of capital—never on the side of the worker.

It will continue all powerful until an aroused, intelligent public opinion sees fit to end the ravages that it imposes upon the public.

In our own Commonwealth of Massachusetts, the failure to adopt legislation that would have prevented an increase in the tax rate of substantially every city and town in the Commonwealth of from one to twelve dollars on each thousand of valuation could have been prevented provided the majority in control in the Legislature had not been entirely subservient to the orders of the capitalistic group.

Special Do-Nothing Congress Session.

At the recent session of Congress convened by President Truman, an opportunity was afforded, not only to make possible a reduction in the cost of living, but in addition, to enact what is known as the Taft-Wagner-Ellender Slum-Clearance Bill. Unfortunately, the Republican majority prevailed and prevented the enactment of either vital measure of legislation.

We have two blighted areas in Boston at the present time which represent the displacement of some 1,200 families, and which have been an eyesore for a period of six years—one at Broadway, South Boston, and the other in the vicinity of Holy Cross Cathedral on Washington street, in the South End. Properties located in these areas were razed in 1942 for housing. Yet, nothing has been done to the present time to relieve the housing shortage for veterans and the public generally.

At the present time there are 15,000 applications of veterans for apartments in the Boston area and it is my pleasure to inform the public that I have this day served notice on the Boston Housing Authority that

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

NATHAN HASKELL DOLE.

MAYOR CURLEY IN MONTHLY RADIO ADDRESS CALLS PUBLIC ATTENTION TO POLITICAL AND FINANCIAL TERMITES BORING INTO CITY.

(Continued from page 941.)

I want them to approve the contract, which was recently advertised, to the lowest bidder so that construction may proceed without delay upon the erection of 1,000 apartments for the families of veterans.

When the South Boston contract has been approved it is my purpose to insist that the other blight on our city, for which human termites are responsible, shall be constructed into apartments for the families of veterans.

In common with every right-thinking American I was hopeful that the recent session of Congress called by President Truman would have resulted in the adoption of the bill for which the people of the country have pleaded for years, namely, a large slum-clearance program.

The Bourbonistic element, however, again prevailed with the Republican majority in Congress, in the same manner they have prevailed for several years, and no favorable action was taken with a view to the cancer of the cities, namely, slum clearance.

When you consider that the blighted areas in the major cities of the United States make up about 20 per cent of the residential areas, and account for 33 per cent of the population in this area in the larger cities, and 55 per cent of juvenile delinquency obtains—45 per cent of the major crimes, 35 per cent of the fires—and 60 per cent of the tuberculosis victims, in dollars and cents a city must spend nearly one half of all the funds available for police, fire, health and other services in these blighted areas.

From these blighted areas the total revenue is but 6 per cent of the total receipts of any city, and until these blighted areas are wiped out, we must continually be faced with this sordid, destructive, menacing problem.

WIPING OUT SLUM AREAS.

The wiping out of slum areas would result almost overnight in a reduction of at least 50 per cent in juvenile delinquency and major crimes and would be the greatest contribution possible to the wiping out of tuberculosis, but until such time as the American people recognize the necessity for the elimination, both nationally and in states, of these termites, the conditions that now confront us must not only remain, but grow more menacing from year to year.

We have made definite progress in the last few years in the matter of a higher wage scale to meet the increased cost of living, but we have failed to the present time to check the forces mainly responsible for increased costs.

The ferocity of the struggle for existence is responsible for families living in what may be considered slum areas, where healthy conditions are impossible and where environment is the determining factor in the lives and living of the future women and men of our nation.

People do not live in unhealthful surroundings as a matter of choice. They live there because circumstances compel. The death of the head of a household with a large family of young children renders it necessary for the widow to seek some shelter where rent is not excessive, regardless of the unhealthful conditions of the premises or the vicious character of the neighborhood.

These conditions, however, are possible of changing, provided an aroused public

demands the character of action that is so vital to the well-being of the entire people.

The power of the termite must be checked in the nation and in the state, and the custom of defeating progressive legislation, having for its purposes the happiness and security of the entire people, must be substituted for the destructive policy too long in vogue.

Congressional termites could have paved the way for the elimination of slum areas in every large city in America.

Termites in our State Legislature could have enacted remedial legislation in the form of an increase in the Corporation Tax, or in a Withholding Payroll Tax that would have provided the money necessary to reduce the tax on every piece of property in the entire state.

APPELLATE TAX BOARD.

Termites as represented by the Appellate Tax Board, if their judgment was based on justice, rather than on the pleas made by the racketeers known as tax appellate attorneys, would have reduced in our own city the cost of conducting municipal activities by more than \$1,000,000 each year.

My predecessor in office had little regard for legality of assessment, or little wisdom in regard to assessed valuations. The Board of Assessors which I appointed upon assumption of office found matters in that department in a chaotic condition. Illegal assessments had been placed upon the personal property of the Boston Elevated in the amount of \$9,000,000. Similar assessments, also illegal in character, had been placed upon the Christian Science Publishing Society, in the amount of \$1,000,000.

The assessed valuations of the real estate of all the railroads, the utility companies, such as the Edison Company, the Boston Consolidated Gas Company, the department stores, all the industrial real estate of the Boston Wharf Company, on all banks, on most of the hotels, were subject to appeal at the Appellate Tax Board. These cases pending before that Board involved taxes for a period of four to five years in almost every case. The delay in the settlement or trial of these appeals left as a burden upon my administration the difficult task of finding the money to be refunded to these taxpayers. Assessments had been levied upon the

wool dealers of Boston for wool that had never seen the shores of the United States, and also for wool owned by the Commodity Credit Corporation, a unit of the Federal Government, taxation upon which was illegal.

My predecessor had levied assessments upon the personal property of foreign insurance corporations in violation of the reciprocal agreement existing between the Commonwealth of Massachusetts and the various other states under the laws of which these insurance companies are organized.

EFFORTS HAMPERED BY TERMITES.

My constant efforts to maintain a sound foundation upon which to build an economical and efficient city government have been severely hampered by termites of this character. During 1946 it was necessary for the city to refund \$580,000 to the Christian Science people because of the illegal assessments levied upon them for many years. In order to collect \$2,332,065.33 from the trustees of the bankrupt New York, New Haven & Hartford Railroad it was necessary to make abatements of \$322,465.67 on the taxes for many years prior to my assumption of office.

Similar statements can readily be made in respect to the department stores, banks, and hotels.

Summarized briefly the termites of tax appeals totaled 12,792 cases on the day I took office. The annual valuation of the property thus involved exceeded \$700,000,000, approximately one half of the entire assessed valuation of the City of Boston. I know of no condition more likely to undermine the entire financial structure of the city.

The people have it in their power to change the conditions.

Let us pray Almighty God that they will speedily recognize what is clearly the path of duty and make the change so vital.

FREE TEA DAY AND PARTY ANNOUNCED BY MAYOR CURLEY.

Mayor James M. Curley on September 2 issued the following public statement:

The Boston Tea Party of 1948 is to be held at the New Ocean House, Swampscott, from September 11 to 15, under the auspices of the Tea Association of the United States of America, which is taking this means of observing its 50th (golden) anniversary.

The original Boston Tea Party was held at the site of Griffin's Wharf, Atlantic avenue and Pearl street, off of which were the ships whose cargoes of tea were emptied into Boston Harbor by American patriots on the night of December 16, 1773, as a protest against a tyrannical tax imposed by King George of England.

Unlike the party of 1773, the gathering of its 1948 counterpart, will be of an entirely different nature. Instead of the protest dumping of tea into the harbor, the series of events in this celebration will be climaxed by a Free Tea Day in Boston on Monday, September 13. On that day, by arrangements with tea suppliers and with the Boston restaurant industry, free tea will be served to the public at tea time, from three to six o'clock.

The convention committee, which has prepared an elaborate program in addition to announcing Free Tea Day, has announced its purpose in coming to

Boston, through its official representative, Martin Quigley of the Tea Bureau, Inc., 500 Fifth avenue, New York, in the following words:

"As you know, the best tea drinkers in America live in Boston, and we feel that it is most appropriate that our convention, which we hope will lead to a program to restore tea to its proper place in American life, should be held in your community."

MAYOR CURLEY RECEIVES GIFT.

(Continued from page 941.)

coastal counties, linked by the Golden Gate Bridge), to present to you this redwood burl gavel, fashioned from a burl taken from a two-thousand-year-old redwood tree.

With the gavel go the greetings of the officers and directors of the Redwood Empire Association and the hope that you will follow the suggestion of Mayor Elmer E. Robinson and come to San Francisco, participate in the Portola Festival in October — and see the Redwood Empire!

As you have been advised, Mayor Robinson and party of Portola Festival leaders will call upon you, during the "Portola Discovery Flight," leaving here September 12.

May the City of Boston continue to grow in size and strength — as do the venerable ever-living redwood giants!

Cordially yours,

ALBERT F. BEECHER,
President.

CLYDE EDMONDSON,
General Manager.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Upon September 2 the Mayor approved contracts as indicated in the following letter:

BOSTON, August 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Proposals for painting, renovations and general repairs to various buildings, Boston City Hospital, were opened at the hospital on Wednesday, August 4, 1948. The following bids were received:

Division I.

Rossano Construction Company, \$57,639; Max Cahn, \$56,507; H. Piken & Co., \$51,500; Joseph G. Gazzola, \$49,675; M. Solimando, \$49,475; John T. Bradley, \$45,192.

Division II.

Due to inadequate funds, the trustees have decided to do only the Out-Patient Department Building in this division thereby eliminating House Officers' Building, House Officers' Annex and Pathological Building. The bids for the Out-Patient Department work were as follows:

Rossano Construction Company, \$21,667; Max Cahn, \$18,100; M. Solimando, \$17,100; H. Piken & Co., \$17,000; Joseph G. Gazzola, \$17,000; John T. Bradley, \$15,623.

Division III.

Rossano Construction Company, \$49,285; M. Solimando, \$48,000; Max Cahn, \$46,572; John T. Bradley, \$45,670; H. Piken & Co., \$44,910; Joseph G. Gazzola, \$44,180.

Subject to your approval, the trustees have awarded the contract for Division I to John T. Bradley, the lowest bidder, at \$45,192; Division II (Out-Patient Department only) to John T. Bradley, the lowest bidder, at \$15,623; and Division III to Joseph G. Gazzola, the lowest bidder, at \$44,180.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

PENAL INSTITUTIONS DEPARTMENT.

Upon August 30 the Mayor approved a contract with the Commercial Refrigeration Company for furnishing and installing new refrigeration equipment for meat and vegetable storage at the House of Correction, Deer Island. The following bids were received on August 23:

Legasse Refrigeration Company, Inc., \$1,859.50; Carrier-Mandell, Inc., \$3,100; Anderson Refrigeration Corporation, \$2,174; Commercial Refrigeration Company, \$2,168, less \$300 — \$1,868; John J. Hyland, \$1,940; Maintain Store Engineering Service, \$2,008.05.

The Commercial Refrigeration Company will install Frigidaire equipment for \$1,868.

Other departments of the city are standardizing on Frigidaire equipment and considering the service and availability of parts of this equipment, it more than offsets the difference between the lowest bidder and the company recommended, which is \$8.50.

PUBLIC WORKS DEPARTMENT.

Upon August 18 the Mayor approved a contract with the Brighton Construction Company, Inc., for the setting of new edgestone and construction of artificial stone sidewalks in St. Brendan road, Ward 16, at an estimated cost of \$5,947.25. The work to be done under this contract is to be completed September 30, 1948. The following bids were received August 5:

Brighton Construction Company, Inc., \$5,947.25; Bagarella Construction Company, Inc., \$5,045.25; M. Rufo Company, \$6,679; A. Singarella & Son, \$7,037; Joseph Botti & Son, \$7,523; Rufo Construction Company, Inc., \$8,441.

Upon August 18 the Mayor approved a contract with M. Rufo Company for artificial stone sidewalks in West Third street, Ward 6, at an estimated cost of \$2,345. The work to be done under this contract is to be completed December 31, 1948. The following bids were received August 10:

M. Rufo Company, \$2,345; Rufo Construction Company, Inc., \$2,345; Bagarella Construction Company, Inc., \$2,687.50; Charles Todesea, \$2,855; Ward General Contracting Company, \$4,050; Joseph Botti & Son, \$4,450.

Upon August 23 the Mayor approved a contract with the Walter Reed Corporation for sheet asphalt pavement in Bradeen, Sheridan, May streets and Elven road, Ward 19, at an estimated cost of \$49,618.75. The work to be done under this contract is to be completed November 15, 1948. The following bids were received August 17:

Walter Reed Corporation, \$49,618.75; Hancock Construction Company, Inc., \$50,797.25; John McCourt Company, \$51,859.75; S. J. Tomasello Corporation, \$56,721.50; A. Singarella & Son, \$57,675.50; Caruso & Barone, Inc., \$58,837.25; James A. Susi, \$59,428.

Upon August 26 the Mayor approved a contract with A. Singarella & Son for sheet asphalt pavement in Roxbury street, Ward 9 and 11, at an estimated cost of \$41,122. The work to be done under this contract is to be completed December 31, 1948. The following bids were received August 18:

A. Singarella & Son, \$44,122; Hancock Construction Company, Inc., \$45,038; John McCourt Company, \$45,587; Walter Reed Corporation, \$46,412; Caruso & Barone, Inc., \$47,831; S. J. Tomasello Corporation, \$48,677; James A. Susi, \$49,046.

Upon August 26 the Mayor approved a contract with John McCourt Company for sheet asphalt pavement in Mozart and Wyman streets, Wards 10 and 19, at an estimated cost of \$34,779. The work to be done under this contract is to be completed November 15, 1948. The following bids were received August 12:

John McCourt Company, \$34,779; Hancock Construction Company, Inc., \$35,805; Walter Reed Corporation, \$36,942.75; S. J. Tomasello Corporation, \$39,306.50; James A. Susi, \$39,376; Caruso & Barone, Inc., \$41,150.50; A. Singarella & Son, \$40,983.50; Dooley Brothers, Inc., \$47,709.

SUPPLY DEPARTMENT.

Upon September 1 the Mayor approved a contract with the Springfield Commercial Body Company, Inc., the only bidder, for furnishing one Cadillac, or

equal, ambulance to the Boston City Hospital. Total amount of contract was \$5,395.

Bid, opened August 26, was as follows: Springfield Commercial Body Company, Inc., list price, \$6,245; less tax, \$200; less trade-in, \$650; net delivered, \$5,395; best delivery date, 30 days from receipt of order.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

ASSESSING DEPARTMENT.

BOSTON, August 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

The Board of Assessors in the latter part of 1947 accepted a new and modern installation to expedite the preparation and delivery of tax bills for the year 1948. The system is progressing rapidly, and satisfactorily, and will eventually, after the first year's comparatively voluminous index is completed, undoubtedly, greatly aid the work of this department. This system is a Remington-Rand punched card accounting system, and is intended to care for real and personal estate bills, and motor vehicle excise tax bills.

During all years, the Board is obligated to conform to certain tax calendar requirements, and 1948 is no exception; moreover, the Board has been urged throughout the year to advance its program beyond previous years and the Board has so endeavored to date.

The volume of the indexing requirements in this first year of the new installation referred to on real estate and personal estate has been such that six only of twenty-two wards have been completed for bills. Approximately 70,000 to 80,000 units of motor vehicle excise tax items are now available for incorporation into this new system. However, due to a tax calendar, affected in one instance by bill delivery delays after September 1, and in another instance by extending a usual limitation effective on October 1, to a later date, the Board has concluded that it is for the best interests of the city, in order to receive tax bill revenue as rapidly as possible, to contract out to private auspices the preparation of the portion of the motor vehicle excise tax bills now available.

The Dewell Company, 9 Tremont place, Boston, received under a competitive proposal in early 1948, a contract for preparing typewritten copies of other tax bills, and due to their experience in that particular, the Board of Assessors has requested and received from that company, a proposal to prepare typewritten copies of motor vehicle excise tax lists and bills, to the number between approximately 70,000 and 80,000 units, for 1948. The unit price of 4 cents per bill and 3 cents per tax list item, will, at the outside estimate of 80,000, cost the city \$5,600.

The Board of Assessors has accepted this proposal, and respectfully requests your Honor's approval of the awarding of a contract for this work to Dewell Company, without advertising, as the Board is firmly of the opinion that this procedure is for the best interests, and is in no way a

reflection upon the efficiency of the newly installed punched card accounting system.

Respectfully,

BOARD OF ASSESSORS,
by PETER J. ALLEN, *Chairman.*

HOSPITAL DEPARTMENT.

BOSTON, August 31, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

We hereby request your Honor's permission to engage the services of John M. Gray, architect, for architectural services in erecting an incinerator at the Sanatorium Division.

The estimated cost of this work is \$31,000 and the architect is to be paid a fee equal to 10 per cent of the actual cost of the above work, subject to the provisions of the contract for said services.

Respectfully yours,

JAMES W. MANARY, M.D.,
Superintendent.

BOSTON, August 31, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

We hereby request your Honor's permission to engage the services of John M. Gray, architect, for architectural services in connection with remodeling Ward F at the Sanatorium Division.

The estimated cost for this work is \$70,000 and the architect is to be paid a fee equal to 10 per cent of the actual cost of the above work, subject to the provisions of the contract for said services.

Very truly yours,

JAMES W. MANARY, M.D.,
Superintendent.

PARK DEPARTMENT.

BOSTON, August 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Under date of August 11 we received bids at this department under two separate proposals for the removal of dead trees on Harvard street, Dorchester, and various sections of the Back Bay Fens.

For the removal of the trees in Dorchester we received five bids, the lowest bid was New England Tree Experts, 316 North Harvard street, Allston, in the amount of \$625. For removal of the trees in the Back Bay we received five bids, the lowest bid was the same concern, in the amount of \$825. This would make a total of \$1,450.

Accordingly, as we had opened bids on both of these jobs and the successful bidder, in both instances, was the same concern, and as the amount of the two orders individually did not exceed \$1,000, we ask that you allow these two jobs to be awarded to the New England Tree Experts, 316 North Harvard street, Allston, for the amount of \$1,450, to be paid on two service orders and to be charged to B-42.

Very truly yours,

JOHN J. MURPHY, *Chairman.*

PUBLIC WORKS DEPARTMENT.

BOSTON, August 30, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

A condition has developed in the foundation of the downstream draw of the Warren Bridge, over the Charles

River, which necessitates emergency repairs without delay in order to keep this half of the drawspan in operation.

It will be necessary to drive four new piles and to put in additional timbering to support the draw rails where they run across the drive shaft of the machinery.

Because of this situation, I have arranged with W. H. Ellis & Sons Company to do the work necessary at a cost not to exceed \$2,000. Time will not permit of advertising for bids and in view of these facts I respectfully request the authority of your Honor to dispense with advertising and to issue a service order to the W. H. Ellis & Sons Company, 479 Meridian street, East Boston, to make the necessary emergency repairs.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, AUGUST 31, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department for one 300,000-pound capacity Southwark hydraulic compression testing machine.

It is respectfully requested that permission be granted me to award a contract, without public advertisement, to the Baldwin Locomotive Works, 10 High street, Boston, as they are the sole manufacturers of the machine requested; therefore, no advantage will be gained by publicly advertising for bids.

Total amount of contract is \$3,850, f.o.b. Eddystone, Pennsylvania.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

Approval has been given to grant a further extension of time to Construction Units, Inc., for the performance of a contract for the erection of a fire station for Engine 8 and Ladder 24 at 392 Hancock street.

The contract is dated July 16, 1947, and was to have been completed within six months after date of the Mayor's approval, Temporary Mayor John B. Hynes having signed the contract July 28, 1947. The original date of completion in accordance with the contract was to have been March 8, 1948, but your Honor has already approved an extension to July 15, 1948.

The completion of the work has been delayed considerably because of the extremely severe winter of 1947-48. On several occasions, due to heavy snowstorms and extreme cold, progress of the work was unavoidably retarded. Additional work requested by the Fire Department, and delay in receiving material and equipment to furnish the station make it impossible to complete the contract on July 15.

Request is hereby made for a further extension of time for performance of the work under the contract to September 15, 1948.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time for completion of contract made October 22, 1947, with John T.

Bradley, for painting six buildings, Boston City Hospital, from July 10, 1948, to October 1, 1948.

This further extension is requested because of delay in the delivery of materials necessary for completion of contract.

PUBLIC WORKS DEPARTMENT.

P. J. Riley & Co. has been granted an extension of the time of completion of the contract for installation of new roof drains at the Calf Pasture Pumping Station, from May 19, 1948, to July 23, 1948.

This extension is requested for the reason that due to inclement weather we were not allowed to open roof because of expensive electrical equipment below. Also staging promised was not available until a later date.

TRANSIT DEPARTMENT.

George McQuesten Company, Inc., has been granted an extension of the contract for long leaf yellow pine lumber or Douglas fir lumber, rapid transit facilities, East Boston district, to September 22, owing to many unexpected and unforeseen factors, wholly beyond the control of the George McQuesten Company, Inc., which have delayed deliveries, and that all provisions of said contract, excepting as modified herein, shall continue in full force and effect.

Mystic Building Wrecking Company, Inc., has been granted an extension of the contract for demolishing and removing buildings, 77 Chelsea street and 138 Bremen street, rapid transit facilities, East Boston district, to July 15, owing to many unexpected and unforeseen factors, wholly beyond the control of the Mystic Building Wrecking Company, Inc.

CONTRACTS AMENDED.

The Mayor has approved the following requests:

INSTITUTIONS DEPARTMENT.

BOSTON, August 31, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On July 20, 1948, your Honor approved the contract with the Hinds Marine Engineering Corporation, the lowest bidder, for certain repairs to boilers No. 3, No. 4, and No. 5 at Long Island, in the sum of \$1,460.

After this work was commenced it was found that (a) boiler No. 3 required chipping and sealing and (b) all the aforementioned boilers required their rivets to be welded and also a crack in the header of boiler No. 3 to be welded. All of the above work is in addition to the project covered by the contract and was not contemplated at the time the contract was awarded. Because of the nature of the work involved, this extra work can most efficiently be done by the company which has the original contract and does not lend itself to public advertising.

In view of the foregoing, I respectfully request your Honor's permission to amend the contract with the Hinds Marine Engineering Corporation so that the extra work covered under (a) and (b) above may be done. The additional cost of the repairs covered by (a), above, is \$300, and by (b), above, is \$365, thus making the new contract sum \$2,125.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

OVERSEERS OF PUBLIC WELFARE.

The contract for painting interiors of Overseers of the Public Welfare Buildings at 170 Hancock street, Dorchester, and 154 Maverick street, East Boston, has been amended as follows:

It is hereby agreed by and between the City of Boston, acting through the Overseers of the Public Welfare and Nicholas Bello, 91 Florida street, Dorchester, Mass., that the contract entered into between said parties dated December 11, 1947, and approved by the Mayor on December 18, 1947, be hereby amended, by striking out "on or before February 1, 1948," as it appears in Article II on page 7, and that "on or before May 12, 1948," be inserted.

This amendment is made and agreed to subject to the provisions of the contract hereinbefore referred to.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On January 28, 1948, you approved a contract between this department and the American Service Company of 253 Adams street, Dorchester, for (a) lighting, extinguishing, servicing and maintaining the gas lamps owned by the City of Boston at an estimated cost of approximately \$123,768, and (b) the furnishing and installing of plastic globes, metal domes, gas mantles, ventilators and metal globe rings at an estimated cost of \$28,500.

It appears at the present time that the above-mentioned estimated cost for lighting, extinguishing, servicing and maintaining the gas lamps will be sufficient for the entire year. However, the number of plastic globes, metal domes, gas mantles, ventilators and metal globe rings which the American Service Company has furnished to date has already equalled the sum of \$28,500.

In my opinion the number of additional plastic globes, metal domes, gas mantles, ventilators and metal globe rings which will be required for the balance of this year in connection with the proper operation of the city's lamps will equal approximately \$13,000.

In view of the foregoing, I respectfully request your Honor's permission to amend the aforesaid contract with the American Service Company to permit the furnishing of an additional \$13,000 worth of plastic globes, metal domes, gas mantles, ventilators and metal globe rings, such equipment to be furnished at the same unit prices set forth in the aforesaid contract thus making the new total estimated contract price \$165,268.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Company, Inc., has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Belmore terrace, Oakdale street, and Oakview terrace, dated October 16, 1947.

Items ordered: Excavate and remove approximately fifty (50) cubic yards of rock and wall in Oakview terrace. Price to be paid for each cubic yard excavated and removed, the sum of twelve dollars (\$12).

Estimated cost of extra work, \$600.

POLICE DEPARTMENT ORDERS.*General Order No. 1,087.*

The Superintendent of Police is hereby directed to make the following details in connection with the State Primaries in this city on Tuesday, September 14, 1948:

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Primaries Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Primaries at 10 o'clock a. m., Monday, September 13, 1948, such details to continue until all ballots cast at the Primaries have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex at 4 o'clock p. m., Monday, September 13, 1948 (the night before Primary Day), to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that twenty-four trucks coming to the Election Commissioners' office for ballots at early hours on primary morning will be able to park without interference or delay.

4. One superior officer for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, September 14, 1948, until relieved.

One patrolman from 4 o'clock p. m., on the same date, until relieved for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 9 o'clock p. m., on Tuesday, September 14, 1948, until such time as all returns from the 362 precincts are in.

6. Twenty-four sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF SEPTEMBER 14, 1948.

(One motor vehicle for each of the twenty-two wards, excepting Ward 18, Hyde Park, and Ward 20, West Roxbury, for which two trucks, each, have been engaged.)

Wards 1 to 4, inclusive, 6.30 a. m.
Wards 5 to 7, inclusive, 6 a. m.
Wards 8 to 10, inclusive, 5.30 a. m.
Ward 11, 5 a. m.
Ward 12, 5.45 a. m.
Wards 13 to 17, inclusive, 5.30 a. m.
Ward 18, 5.15 a. m.
Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance

that such sergeants leave the City Hall Annex promptly on time as per schedule.

8. One patrolman to report at each of the three hundred and sixty-two precincts, as hereinafter set forth, on Tuesday, September 14, 1948, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that the officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

In Ward 22, Precinct 3 (polling place located in Allston station of Boston and Albany Railroad), from the opening to the close of the polls (8 o'clock a. m., to 8 o'clock p. m.), an officer will be detailed outside this polling place to safeguard the voters.

In all other precincts officer assigned outside polling place will report at 4 p. m. and remain until close of the polls at 8 p. m. Officers assigned to duty outside the polls are to enforce the law which prohibits the distribution of campaign literature within 150 feet of the entrance to a polling place.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS TO RECEIVE BALLOT BOXES, BALLOTS, ETC., FROM SERGEANT DETAILED ON MOTOR TRUCK.

Wards 1, 2, 3, and 4, all precincts, 6.45 a. m.
Ward 5, Precincts 4, 5, 6 and 7, 6.15 a. m.
Ward 5, Precincts 1, 2, 3, 8, 9, 10, 11, 12 and 13, 6.30 a. m.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of September 14, 1948, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of September 14, 1948, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the

descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, September 14, 1948, when the polls close, one sergeant will report in each of the 22 wards (excepting Ward 18, Hyde Park, and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked), and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and individual envelopes containing keys to each voting machine, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners.

The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official return, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate party boxes or envelopes) shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the elec-

tion officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the State Primaries on Tuesday, September 14, 1948, shall open at 8 o'clock a. m. and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on State Primaries Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on Primary . . . Days."

25. Voting machines will be used in the following precincts at the coming State Primaries:

Ward 1, all precincts.
Ward 2, all precincts.
Ward 3, all precincts.
Ward 4, all precincts.
Ward 5, Precinct 4.

Officers assigned to duty in these precincts should be apprised of the procedure to be followed. When the warden has set up the machines for voting and the polls are declared open, he will give keys Nos. 2, 3 and 4 of each machine in the precinct to the police officer. The officer will have custody of these keys until the close of the polls. Since the law requires that a ballot box be furnished for challenged ballots, the officer will also have custody of the ballot box key during the polling hours. At the close of the polls, the officer will return the keys to warden. Keys Nos. 2 and 3 will be automatically locked into the voting machines. Key No. 4 will be given to the police officer to return to City Hall. This key is to be enclosed in a sealed envelope signed by all the election officers. Since the procedure is most important, the officers will check the envelopes—one for each machine—to be certain that they are in proper order. If any challenged ballots are cast in the precincts where machines are used, the officer will have ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast, in addition to the envelope containing the No. 4 key.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is

prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock p. m. to 8 o'clock p. m., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. A candidate running on "stickers" (or his representative) may stand at the entrance to the polling place to distribute "stickers."

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in many instances precincts have been combined in one building, but the number of precincts is 362.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly according to schedule.

H. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

General Order No. 1,088.

In accordance with provisions of section 1 of chapter 392 of the Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston is hereby amended as follows:

Page 219 — strike out in third paragraph of section 2, the words "except funeral licenses."

Page 220 — add to last paragraph in section 2, the words "Said forms to be held for 90 days," so that said paragraph shall read as follows:

"The owner of a licensed hackney carriage must keep, on a form approved by the Police Commissioner, and produce upon demand of the Police Commissioner or the Inspector of Carriages or any officer, a record of all trips made by said vehicle and containing all information requested on form approved by the Police Commissioner for a period of each calendar day, said forms to be held for 90 days."

Pages 222 and 223 — strike out the first sentence of the first paragraph in section 7, under the subtitle "Inspection of Vehicles," and insert in place thereof the following sentence which shall read as follows:

"Before a hackney carriage shall be licensed it shall be thoroughly inspected in regard to mechanical condition and general appearance, and all hackney carriages licensed shall be inspected to meet the above requirements annually."

Page 223 — strike out in section 7 under subtitle "Cleaning, Inspection and, Repairing of Taxicabs," the second sentence which reads as follows:

"On the first of each month, the owner of each hackney carriage shall file with the Inspector of Carriages a report, on a form supplied by said Inspector of Carriages, certifying under the penalties of perjury the fact that said hackney carriage was thoroughly cleaned, inspected and repaired at least once in every week of the preceding month and setting forth the results of said inspections and the repairs made."

Page 224 — strike out the second sentence of the fourth paragraph in section 8, under the subtitle "Rate of Fare," and insert in place thereof the following sentence which shall read as follows:

"The carriage of trunks shall be optional with the person in charge of the vehicle, but if carried, the charge shall be fifty (50) cents for each trunk."

Page 225 — strike out section 10 in its entirety.

Page 228 — add to last paragraph in section 15, under the subtitle "Conduct of Hackney Carriage Drivers," the words "regardless of the number of passengers conveyed," so that said paragraph shall read as follows:

"The hackney carriage driver shall not demand from any passenger more than the fare recorded on the taximeter, regardless of the number of passengers conveyed."

Pages 233 and 234 — strike out the last sentence of the first paragraph of section 32, under the subtitle "Violations and Penalties," which reads as follows:

"If the same hackney carriage is involved in three separate offences during any period of twelve months, regardless of whether the said hackney carriage was being operated by the same or different drivers, the license of said hackney carriage may be suspended or revoked, and said hackney carriage shall not be used during said period of suspension or revocation."

Page 234 — strike out the fourth sentence of the second paragraph of section 32, under the subtitle "Violations and Penalties," and insert in place thereof the following sentence which shall read as follows:

"Said Board of Appeal shall file its report and recommendations with the Police Commissioner within forty-eight hours of the termination of the hearing."

Page 235 — strike out the second paragraph of section 36, which reads as follows:

"The time shall be so reckoned as to include the time necessarily consumed between leaving and returning to the place from which the carriage was hired, whether during any portion of such time it has been empty or otherwise."

The foregoing amendments will take effect Wednesday, September 8, 1948, at 7.45 o'clock a. m.

The following amendment will take effect Tuesday, February 1, 1949, at 7.45 o'clock a. m.:

Page 229 — strike out the first sentence of section 18, under the subtitle "Dress of Hackney Drivers," and insert in place thereof the following sentence which shall read as follows:

"Every driver having charge of a licensed taxicab in a public place shall be suitably dressed, wearing a uniform cap, and he shall wear on the front of cap a badge bearing the number of his driver's license."

All rules and regulations inconsistent herewith are hereby repealed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,089.

In accordance with provisions of chapter 550, Acts of 1948, the following amendments to the Police Department Rules and Regulations shall become effective September 9, 1948:

Rule 67 of the Rules and Regulations pertaining to "Auctioneers" as most recently amended by General Order No. 985, effective January 1, 1948, appearing on pages 244 to 256, is further amended as follows:

Strike out under Class I, the words, "Fee, Twenty-five Dollars," and insert in place thereof, the following,—"Fee, Two Dollars."

Strike out, in the second sentence of section 2, appearing under Class I, the words, "License Fee of Twenty-five Dollars," and insert in place thereof, the following,—"A License Fee of Two Dollars."

Under Class I, section 2, the legal reference is amended to read as follows,—" (G. L., c. 100, s. 2, as amended by St. 1941, c. 81 and c. 550, Acts of 1948.)"

Strike out under Class V that part of the title which reads,—"Non-Resident Licensed Auctioneer (with Place of Business in Boston) May Obtain Permit, and Pay Special License Fee of Twenty-five Dollars or Two Dollars per Day, and Sell)" and insert in place thereof, the following,—"Non-Resident Licensed Auctioneer (with Place of Business in Boston) May Obtain Permit, and Pay License Fee of Five Dollars, and Sell)."

Strike out under Class V, second paragraph of section 6, and insert in place thereof, the following,—“If He Is a Non-Resident of Boston where He Has His Place of Business, He Shall Obtain from the Commissioner a Permit to Hold Such Sales by Auction Therein and Pay a License Fee of Five Dollars.” (G. L., c. 100, s. 6, as amended by c. 550, Acts of 1948.)

Rule 69 of the Rules and Regulations pertaining to Dealers in Second-hand Articles, is amended by inserting after the second paragraph of section 1, the following new paragraph,—“The Fee for Issuing and Recording a Second-hand License Shall Be Twenty-two Dollars.”

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Paragon road, West Roxbury district, as a highway, from Glenhaven road to North avenue, bounded and described as follows:

A highway named Paragon road is hereby laid out, from Glenhaven road to North avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Glenhaven road, forty-five and 2-100 feet; easterly by the easterly line of said Paragon road as hereby laid out, eight hundred forty-two and 75-100 feet; southeasterly by the southeasterly line of said Paragon road as hereby laid out, one hundred and two feet; southwesterly by North avenue, forty and 6-100 feet; northwesterly by the northwesterly line of said Paragon road as hereby laid out, ninety and 46-100 feet, and westerly by the westerly line of said Paragon road as hereby laid out, eight hundred fifty-four and 4-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

CITY OF BOSTON.

HOSPITAL DEPARTMENT, SANATORIUM DIVISION.

PROPOSALS FOR PAINTING AT THE SANATORIUM DIVISION OF THE BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for painting at the Sanatorium Division, 249 River street, Mattapan, in accordance with the specifications, giving a bond of a surety company to the Trustees therefor, in the sum of the full amount of the contract. Only proposals obtained at the office of the Assistant Superintendent of the Sanatorium Division of the Boston City Hospital, at 249 River street, Mattapan, signed by the bidder, and left before twelve o'clock noon of Wednesday, September 22, 1948, at the office of the Assistant Superintendent at Mattapan, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of the other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed: "Proposal for Painting, Sanatorium Division."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH,
(Sept. 11.) President.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Paragon road, from Glenhaven road to North avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of this department.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN HERMAN STREET, WARD 12, FROM CIRCUIT STREET TO REGENT STREET, AND MILLS STREET, WARD 12, FROM ROCKLAND STREET TO DALE STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Herman street, Ward 12, from Circuit street to Regent street, and Mills street, Ward 12, from Rockland street to Dale street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract, and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Herman Street, Ward 12, from Circuit Street to Regent Street, and Mills Street, Ward 12, from Rockland Street to Dale Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, SEPTEMBER 23, 1948, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The Printing Department of the City of Boston invites proposals for furnishing lithographed "preliminary" and "final" payroll forms for the Auditing Department as specified in forms which may be obtained at the office of the Printing Department, 174 North street, Boston. There will be a charge of twenty-five cents (\$0.25) for each set of the proposals. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, September 20, 1948, at 12 m., at the office of the Printing Department, 174 North street, Boston. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING AND PAINTING OLD HARBOR VILLAGE FOOTBRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning and painting Old Harbor Village Footbridge. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposal may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Cleaning and Painting Old Harbor Village Footbridge," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of WEDNESDAY, SEPTEMBER 22, 1948, with a certified check for ONE HUNDRED FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

HOSPITAL DEPARTMENT.

INVITATION FOR PROPOSALS FOR REMODELING OF WARD F, AT THE SANATORIUM DIVISION, 249 RIVER STREET, MATTAPAN DISTRICT, BOSTON.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for the remodeling of Ward F, at the Sanatorium Division, 249 River street, Mattapan district, Boston, Mass.

Proposals will be received until 12 o'clock noon, Eastern Daylight Saving Time, Wednesday, September 22, 1948, at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Superintendent of the Boston City Hospital, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid, filed with the Superintendent of the Boston City Hospital.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High street, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

All subbidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Eastern Daylight Saving Time, Monday, September 20, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

MAYOR CURLEY POINTS OUT GLARING FALSITIES IN MUNICIPAL RESEARCH BUREAU'S STATEMENTS AS TO COSTS OF MANAGING CITY'S BUSINESS—NOT DUE TO INCREASE IN NUMBER OF EMPLOYEES AS CHARGED BUT TO NEGLECT OF A REPUBLICAN LEGISLATURE TO MAKE PROVISION FOR BURDENS IT PLACED NOT ALONE ON CITY OF BOSTON BUT ON ALL MUNICIPALITIES IN STATE—STATEMENTS UNSUPPORTED BY FACTS AND PUT OUT TO BOLSTER CAMPAIGN EFFORTS OF A MINORITY TO REGAIN CONTROL OF CITY—DEVOID OF TRUTH AND UNSUPPORTED BY FACTS.

In reply to charges of payroll padding and reckless spending by city, made by the Boston Municipal Research Bureau, Mayor Curley on September 15 issued the following statement:

972 APARTMENTS IN SOUTH BOSTON HOUSING PROJECT TO BE READY FOR VETERANS IN YEAR—CONTRACTS LET.

On September 8 Mayor Curley issued the following statement:

The housing project, Broadway, South Boston, will cover 27 acres. It represents a development originally started and abandoned in 1942 because of the war. It has been an open eyesore and blight on the city for the past six years.

The contract as finally approved on September 8 was awarded the John Bowen Company, the lowest bidder, at a cost of \$11,989,620. The other bids ranged up to \$13,616,000.

The total development cost prior to the opening of bids was \$1,742,673. This represents land-takings, architectural fees, and overhead costs.

It is estimated it will require a minimum of 18 months in which to complete the entire job. It is further estimated that some 300 apartments will be complete and available for use within one year. The size of the dwelling units are as follows: 207 3-room dwelling units; 360 4-room dwelling units; 264 5-room dwelling units; 93 6-room dwelling units; 48 7-room dwelling units—or a total of 972 apartments, which is a sizable contribution to providing accommodations for veterans and their families.

SECRETARY OF NAVY JOHN L. SULLIVAN INVITED BY MAYOR CURLEY TO BE GUEST SPEAKER AT COMMODORE BARRY BIRTHDAY CELEBRATION ON BOSTON COMMON.

An invitation has been extended to Secretary of the Navy John L. Sullivan by Mayor Curley to be the speaker of the day at the Parkman Bandstand on Boston Common on the occasion of the celebration of the birthday of Commodore Jack Barry, the Father of the American Navy, on Sunday, September 26, at 2 p. m.

(Continued on page 959.)

It is common knowledge that what was once the majority controlling the affairs of the City of Boston, and what in recent years has become the minority, is running true to form. In order to change the control of the affairs in the city, the Boston Municipal Research Bureau, supplementing the work of the Boston Finance Commission, has issued a statement to the effect that there has been payroll padding and an unwarranted increase in the cost of conducting the activities of the city. These statements have been made without any real basis of fact, and are put out purely for political public consumption.

Some \$150,000 has been made available for an investigation of municipal departments, and it was understood that reports with reference to this so-called survey would not be made public until 1949, but, apparently to bolster up the falsehoods that may be contained in the report, these sensational statements are made at this time. The fact is that it is the Republican-controlled State Legislature that is responsible for the ills that beset not Boston alone, but every municipality in the entire Commonwealth.

The necessity for revenue-producing legislation for the city has been constantly urged since 1946, and at all times opposed by the minority seeking control of the majority in Boston. The fact is that it is the state government of Massachusetts that should be the subject of investigation and condemnation. The cost of conducting activities of the City of Boston in 1935 was \$61,000,000. In that same year the budget as submitted by the then Governor, James M. Curley, was \$61,000,000 for the state, exactly the same cost for conducting the activities of the state as the cost of conducting the activities of the city. In 1948, the cost of conducting the activities of the city was \$76,000,000, an increase of 25 per cent over 1935. On the other hand, the cost of conducting the activities of the state was \$228,000,000, as against \$61,000,000 in 1935, or an increase of 270 per cent, as against 25 per cent for conducting the activities of the city—or more than ten times as great an increase by the state as by the City of Boston. Figures speak for themselves.

Figures Speak.

It is unnecessary to elaborate upon them, and only a group of zombies devoid of regard for the truth and unfamiliar with facts would have submitted for public consumption—even for political purposes—the statement that emanated from the Boston Municipal Research Bureau.

MAYOR CURLEY, IN REPLY TO MUNICIPAL RESEARCH BUREAU STATEMENTS, PLACES BLAME ON LEGISLATURE.

(Continued from page 957.)

Here are the facts:

The report of the Boston Municipal Research Bureau released on Thursday last is so full of inaccuracies and deliberate falsehoods that I have made a check-up with the departments and I will present the result of the investigation. The first statement with reference to department payroll padding directs attention to the Election Department, setting forth that this department now has 84 employees on its payroll, as compared with 52 in 1940, the last presidential year. The fact is in 1940 the National Youth Administration, the WPA, and the Welfare Department furnished more than 100 temporary employees to the Election Department. At the present time, instead of 84 employees on the permanent rolls of the department, there are 52, including the 4 commissioners, as against 54 in 1946, or a less number by 8 than in the year 1946 when the present administration took over the conduct of the affairs of the city. The fact is that no permanent employees have been added to the department since January of 1946, so that entire statement is a deliberate falsehood given the press and public for political purposes.

The second statement is likewise a deliberate falsehood, with sensational heading like the first statement, purely for political effect and to remove the onus from the Republican-controlled Legislature, responsible for the increase in the number of men in the Fire Department. It is pointed out in this paragraph that 700 additional men have been appointed in the Fire Department as a consequence of the adoption of the 48-hour week. The fact is that but 600 additional men have been and are now employed in the Fire Department. The recommendation for 400 additional men, it is true, was made by the Finance Commission when the 48-hour week went into effect in February of 1947.

A complete and thorough investigation by competent fire-fighting and insurance authorities sustained the position of the Fire Commissioner that human life and public property required a properly organized, properly equipped, and properly manned department, and the minimum number of men should be 900 men, instead of 800 men. At present, we are conducting the department with 600, and are giving the city ample protection from conflagration or loss of life and property which the city was deprived of for a period of eight years prior to 1946 and which, provided we accepted the judgment of the Finance Commission and the Municipal Research Bureau, we would be without today.

CITY PAYS, STATE CONTROLS.

It must be understood that the Police Commissioner is appointed by the Governor of the Commonwealth and conducts the department independent of the city, the duty of the city being simply to provide whatever money, in the judgment of the Police Commissioner, is necessary for the conduct of his department. The Police Commissioner states the acts of the Legislature are responsible for the increases in the number of policemen at present employed. Of the 256 police employees added since 1946, it was

necessary to appoint these men in order to meet the provisions of the legislation enacted, which legislation, while opposed by the Police Commissioner before the committees of the Legislature, was not opposed either by the Finance Commission or the Municipal Research Bureau, or any other so-called reform organization in Boston. As a result of this legislation, making provisions for one day off in six for members of the Police Department, and liberal sick leave and vacation allowance, the daily attendance reports of the department indicate a regular absence of approximately 25 per cent of the total force—consequently the need of the additional men. So that again the report plainly indicates a desire to deceive—purely for sensational political consumption almost on the eve of election.

The next paragraph deals with what is headed "Current Survey of City Operations" and points out the necessity for curbing payroll inflation by sound standards by which to gauge needs and the means of enforcing such standards. There will be little occasion for the adoption of any standards other than those that prevail at the present time or consideration of the means for enforcing those standards, provided the city enjoyed the control of its own activities, which is general in many states through the country.

The largest department of the city under the control of the Mayor is the Public Works Department, and the Public Works Department today employs less men than in 1946. There has been no appreciable increase in the number of permanent employees in the Public Works Department since 1946. In 1946 the number of permanent employees in the Public Works Department was 2,531. In 1948 it was 2,566, or but 35 additional permanent employees in the period of two years in this department, despite the fact that more construction work has been carried on of a permanent character during the past two years than in the eight years preceeding.

AS TO CITY HOSPITAL.

With reference to the Boston City Hospital, which enjoys an A-1 rating among municipalities in the United States, a most enviable position, the adoption of the 40-hour week presents problems of a very grave character. It meant a complete change in the conduct of the activities of the personnel and yet has been carried out without injury to the service rendered the public.

It has been necessary to increase the number of permanent employees due to the 40-hour week and it may be found necessary to increase the number of employees due to the newly enacted 5-day week, but it is neither the intention of the trustees nor my intention that the sick or injured of the city shall be permitted to suffer in the name of false economy. We shall conduct the hospital for the best interest of the people of the entire city, regardless of the number of employees and regardless of the cost.

In the Department of the Overseers of the Public Welfare in the City of Boston many changes have taken place that make comparisons between 1940 staffing and the present staff almost

impossible. In 1940 the staff was inadequate to carry out the functions of the department, and much overtime had to be performed. Since that time we have had the matter of hospitalization costs, which require clerical transcription, and medical care for recipients of Old Age Assistance has necessary detail to be worked out very carefully. Federal grants and collections from the state, cities, and towns and miscellaneous collections also entail much more clerical staff to handle the increased detail. Our collections in 1940 amounted to better than \$7,500,000. This year we hope to get from various sources a total of approximately \$12,000,000, and common sense indicates more help will be needed to carry out this program. In the past eight years there has been complete staff classification set up by the state, and the staff has had to be allocated according to the specifications of work performance. The Overseers of the Public Welfare are most zealous to see that no staff is employed merely for the purpose of employment, but rather to carry out the absolutely necessary functions of the department.

SECRETARY OF NAVY JOHN L. SULLIVAN INVITED TO BE GUEST SPEAKER.

(Continued from page 957.)

The celebration will be held under the auspices of the Central Council of Irish County Clubs. A committee from this organization, headed by Bartley J. O'Connor, President, and Mrs. Anna Coll McBrearty, Recording Secretary, visited the Mayor and conferred with him regarding the plans for a proper observance of Barry Day.

Plans are also under consideration for the erection of a fitting memorial to Commodore Barry. This memorial will probably be in the form of a bronze plaque with the bust of Barry in bas-relief on a granite boulder. The site to be selected will no doubt be on the Strandway, near Columbia road, and facing the ocean. This will be the most suitable location, as Commodore Barry sailed from South Boston at the time of the Revolution.

SAFETY LOADING PLATFORM FOR MTA PASSENGERS COMPLETED BY TRAFFIC DEPARTMENT AT HUNTINGTON AND LONGWOOD AVENUES.

Commissioner Leo F. Curley has announced the completion of another of 19 recommendations made a year ago to his Honor the Mayor, for the improvement of traffic conditions and the elimination of hazards to pedestrians.

The newest completion includes the building of a safety loading platform for MTA passengers at Huntington avenue and Longwood avenue. A survey made by the Boston Traffic Commission, in conjunction with MTA and school officials, revealed over 26 institutions were located in the vicinity, including two of the city's largest high schools, colleges, and medical institutions.

At various other points along Huntington avenue, from Opera place to Longwood avenue, loading platforms were also improved. The work has been carried on by the Public Works Department.

AREA COMMANDER OF VOLUNTEERS OF AMERICA THANKS MAYOR FOR LETTER OF CONDOLENCE ON PASSING OF FORMER HEAD OF ORGANIZATION.

His Honor the Mayor on September 9 received the following letter from Col. Charles Brandon Booth, Area Commander, the Volunteers of America:

MY DEAR MAYOR CURLEY:

On behalf of our organization and of my sister and personally, I wish to express deep appreciation of your kindly and sympathetic messages. It is good of you to share with us the sense of loss that we feel in the passing of the beloved mother who has been our leader. Her life has been long spared and meaningful. We have confidence that the influence of General Maud Ballington Booth will live on down the years. She has left us memories to treasure.

Your thought for all of us at this time gives us added courage to go forward with the movement, to the purposes of which she was so devoted and to which she consecrated her life.

We do thank you for feeling with us at this time.

Appreciatively and sincerely,

CHARLES BRANDON BOOTH.

PLANS UNDER WAY TO CUT COST OF FUEL OIL TO CITY.

The following communication was received from William I. Rose, Superintendent of Supplies, City Hall, on the use of fuel oil at Long Island Hospital, showing cost differences between the price of No. 2 and No. 6 fuel oils; estimated annual requirements No. 6 fuel oil, 25,000 barrels at \$3.595 per barrel, \$89,875; equivalent quantity of No. 2 fuel oil, 1,050,000 gallons at 10.1 cents per gallon, \$106,050; difference in cost, \$16,176.

Most recent advices from the White Fuel Corporation indicated that negotiations for the purchase and use of a suitable barge to transport No. 6 fuel oil may be completed within 60 days. If this becomes an accomplished fact, use of the higher priced No. 2 fuel oil would be limited to approximately 120,000 gallons, resulting in a completed contract in the approximate amount of \$91,569.

This department wishes to point out that the new price of 10.1 cents per gallon on No. 2 fuel oil is 1.5 cents under the price structure at which this oil was purchased last year. This alone would result in a \$15,750 lessening in cost. Using No. 6 fuel oil, with its still lower price and, also, with its higher heat value, the difference would be even greater—perhaps as much as \$28,000 to \$30,000 per year.

Respectfully submitted,

WILLIAM I. ROSE,
Superintendent of Supplies.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,092.

The Annual Ball of the Boston Police Relief Association will be held in the Boston Garden, Thursday evening, December 9, 1948.

The proceeds of the ball, as members of the department know, are added to the funds of the association and are used for the payment of sick and death benefits to members of the association and their families, which funds, at the present time, are insufficient to meet the demands made upon the association.

It is the desire of the Commissioner, the Superintendent, and the Board of Directors of the Association that all members of the force interest themselves and make a special effort to dispose of the tickets for the ball, and thereby make it such a success that the finances of the association will be put on a sound basis, so that the good work accomplished by the association in assisting its members in time of sickness or death since it was organized in 1871 may be continued.

The tickets for the ball will be distributed to each station by the Treasurer, Lieut. Harrington B. Wyand, Division 1, who will receive a receipt therefor. Captains of divisions will distribute the tickets to their officers and keep a correct list of the number of tickets given to each man. Each officer will make a daily return to his captain of the number of tickets he has sold, together with the name and address of the purchaser, and will return the money received to his captain.

All officers will be held strictly responsible for tickets allotted to them.

Captains will collect each day all money received by officers in the sale of tickets and will forward to the Superintendent by morning mail the following day all of such money. A correct list containing the ticket numbers, together with the names and addresses of purchasers of tickets, shall be kept on file at the various divisions. In this way it is expected that a complete canvass of the city will be made and a substantial increase in the sale of tickets will be accomplished.

Cash received by commanding officers will be converted into a check, made payable to Harrington B. Wyand,

Treasurer, B.P.R.A., and forwarded to the Superintendent's office.

All tickets that remain unsold on December 10, 1948, will be collected by the captain of each division and returned to Lieutenant Wyand, who will furnish a receipt therefor.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,093.

Patrolman Richard R. O'Meara, Division 16, honorably discharged veteran of World War I, having arrived at the age of forty-eight years, having been in service of the Boston Police Department for twenty-two years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Ed.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Richard R. O'Meara will be retired from active duty in the Police Department, effective Tuesday, September 14, 1948, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,094.

Under the provisions of General Laws (Ter. Ed.), chapter 31, section 16A, the Director of Civil Service having approved transfer of Patrolman Lawrence F. O'Donnell, Division 14, to the Capitol Police Force, office of the State Superintendent of Buildings, Commonwealth of Massachusetts, the said Patrolman Lawrence F. O'Donnell will terminate his services in the Boston Police Department at 7.45 o'clock a. m., Wednesday, September 15, 1948.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,095.

Patrolman Edward J. McCarten of Division 8 (Harbor Police) is commended for meritorious duty performed on September 4, 1948.

In response to a radio alarm the patrol boat "McShane" responded to the Little Mystic River area and upon arrival found a man feebly holding a life-saving ring to keep himself afloat.

Disregarding his own safety, Patrolman McCarten dove from the patrol boat, swam to the stricken man, and held him afloat until he was removed from the water to the "McShane," where he was given first aid and transported to the City Hospital and treated for immersion.

The Commissioner is pleased to recognize the prompt and effective action taken by Patrolman McCarten on this occasion, which, perhaps, prevented the loss of life.

In addition, Patrolman McCarten is granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,096.

The resignation of Patrolman Salvatore Arena of Division 10 having been presented, it is hereby accepted, to take effect as of Saturday, September 11, 1948, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,097.

The following promotions and assignments are hereby ordered, to take effect Wednesday, September 15, 1948, at 7.45 o'clock a. m.:

To the Grade of Sergeant.

Patrolman Herbert F. Mulloney, Division 16, assigned to Division 7.

Patrolman John J. O'Connell, Division 10, assigned to Division 3.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 50.***I. VALENTINE B. NOLAN.**

It is with deep regret that the Fire Commissioner announces the death, on September 7, 1948, of Apparatus Operator Valentine B. Nolan of the Fire Prevention Division. Apparatus Operator Nolan was appointed to the department March 31, 1905.

The funeral was held from his late home, 25 Cobden street, Roxbury, on Friday, September 10, 1948, at 9 a. m., followed by services in St. Joseph's Church, Roxbury, at 10 a. m.

The Chief of Department made the customary detail to act as a funeral escort.

II. ASSIGNMENT.

The following assignment of a fireman, which will become effective at 8 a. m., Wednesday, September 15, 1948, is hereby announced:

William P. Connell, to Ladder Company 2.

III. TRANSFER.

The following transfer, effective at 8 a. m., Wednesday, September 15, 1948, is hereby announced:

Hoseman Joseph W. O'Brien, from Engine 18 to Ladder 19.

IV. NEW FIRE STATION — ENGINE 8.

Engine Company 8 will be relocated from its present quarters, 133 Salem street, Boston, to the new quarters at 392 Hanover street, Boston, corner of Hanover and Charter streets. Engine Company 8 shall occupy the new quarters effective at 3 p. m., Wednesday, September 15, 1948.

V. BOSTON FIREMEN'S RELIEF FUND.

A report has been received from the chairman of the balloting committee of the Boston Firemen's Relief Fund, giving the following results of the election of members of the corporation held on Monday, September 13, 1948:

For a Three-Year Term.

*Timothy F. Galvin.....	1,067

*John F. Regan.....	996
*William E. Stewart.....	987

*Elected.

Martin E. Pierce.....	860
Capt. John J. Sullivan.....	856
Leo R. Sennett.....	838
Lieut. William R. Lovett.....	797

The balance of the votes were scattered and not of a sufficient standing to be recorded.

VI. RESIGNATION.

The following resignation, which became effective as of 8 a. m., Wednesday, September 8, 1948, is hereby announced: Hoseman Vincent F. Finneran, Engine Company 36.

VII. CHANGE IN G. A. C. ASSIGNMENT.

The nearest city box to G. A. C. Signal 346, as announced in General Order No. 49, dated August 26, 1948, is given as 7112.

Company commanders are requested to change the nearest box from 7112 to 713.

VIII. RELOCATION AND RENUMBERING OF FIRE ALARM BOX.

The fire alarm box in St. Mary's Infant Asylum has been relocated near the telephone switchboard. Effective at 12 o'clock noon, Thursday, September 16, 1948, this fire alarm box will be designated as follows:

12-3233— St. Mary's Infant Asylum, Cushing avenue.

This box will be connected in Circuit No. 9. Company commanders will add this box to Assignment Card for Box 3233.

The present fire box (as given below) will be deleted from Assignment Card for Box 3231:

12-3231— St. Mary's Infant Asylum, Jerome street.

This box was connected in Circuit No. 24, and will be deleted from circuit cards.

IX. SALVATION ARMY.

With this General Order there is being issued to each house of the department a subscription blank of the Salvation Army.

Company commanders are requested to call the attention of their companies to the annual maintenance appeal of the Salvation Army and accept such donation as the members wish to give. Attention of members of the department is called to the excellent service rendered by the Salvation Army in the past in connection with multiple alarm fires and also their fine record in giving assistance to needy persons.

The blanks are to be returned to Miss Mary C. Kelley at Headquarters with the contributions of members on any weekday between the hours of 9 a. m. and 11 a. m. Final date for receiving contributions will be September 27, 1948.

X. HIGH COMMENDATION.

While swimming at Sharon, Mass., on Sunday, August 2, 1948, Hoseman Edward T. Quinlan of Engine Company 25 noticed a young girl in distress about 50 yards off shore. He swam to her assistance and after strenuous effort managed to get her ashore. He then administered first aid, inasmuch as the girl had swallowed considerable water. As it appears that Hoseman Quinlan saved the girl from drowning, and because of the fact that he exposed himself to risk in this rescue, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

XI. COMMENDATIONS.

The following-named members are hereby commended for responding to and

working at fire, Box 1434, two alarms, on Friday, August 27, 1948, while off duty:

Hoseman Bernard L. Donohue, Engine Company 32.

To the Honorable City Council.
Gentlemen:

There has been a marked tendency in recent years for persons whose petitions for an annuity under General Laws (Ter. Ed.), chapter 32, section 89, as amended, are denied to reapply until an annuity is voted. For the last decade or so, the practice has been to make the annuity, when finally granted, retroactive to the date of the policeman's or fireman's death.

Several months ago, when I had occasion to approve an order passed by your Honorable Body granting such an annuity, it occurred to me that the procedure might be open to criticism, and, therefore, I wrote the Corporation Counsel requesting that the matter be studied and recommendations made. Enclosed is a copy of the reply I received today from him.

For the reasons stated in the Corporation Counsel's communication, I propose not to approve in the future any order adopted by your Honorable Body which grants an annuity under General Laws (Ter. Ed.), chapter 32, section 89, as amended, unless by the terms of the order the annuity is to be effective only from and after the date I approve the order.

Respectfully yours,
JAMES M. CURLEY, Mayor.

City of Boston,

Law Department, August 12, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor:

This is in reply to your letter requesting that I recommend a policy to be adopted with respect to the effective date of annuities granted under General Laws (Ter. Ed.) chapter 32, section 89, as amended.

The Supreme Judicial Court had occasion to consider this matter in 1946 in the case of *Tolman v. Selectmen of Brookline*, 319 Mass. 382. As the court pointed out in that case (p. 385) there are three conditions precedent which must be fulfilled before an annuity is payable under the statute. First, the policeman or fireman must have been killed, or died from injuries received, or died as a natural and proximate result of undergoing a hazard peculiar to his employment, while in the performance of his duty. Second, it must be proved to the satisfaction of the Mayor and City Council that the policeman's or fireman's death was the natural and proximate result of an accident occurring, or of undergoing a hazard peculiar to his employment, while he was acting in the performance and within the scope of his duty. Third, a majority of the members of a board of physicians must certify to the City Treasurer that the death was the natural and proximate result of the said injury or hazard. If these conditions are all fulfilled, then, and then only, shall an annuity be paid.

In the *Tolman* case, by the explicit language of the selectmen's vote, the annuity was effective from the date of that vote. The court expressly held that there is no provision in the statute requiring that the annuity be made retroactive to the date of death. It is thus well settled that it is perfectly proper to make an annuity effective only from and after your Honor's approval of the City Council's order.

There is in the statute no provision expressly giving the Mayor and City Council authority to make an annuity retroactive for any period; and I have found no case holding that the statute contains any such provision by implication. To make an annuity retroactive is to make an annuity effective for a period prior to the fulfillment of all the conditions mentioned above. Plainly, an annuity could not be made retroactive to a date preceding the fulfillment of the first condition, i.e., the death of the policeman or fireman. The statute manifests no intent that either of the other conditions should be construed as any less vital. While in the *Tolman* case (p. 385) the court assumed

that an annuity might be made retroactive for some period, the aspect of the matter to which attention has just been called gives rise to serious doubt whether, if required to decide the precise question, the court would say that an annuity could be made retroactive even for a day.

With the law in this state, the obviously wiser policy for your Honor to adopt is to approve an order of the City Council granting an annuity under General Laws (Ter. Ed.), chapter 32, section 89, as amended, only if the annuity is to be effective from and after the date of your approval.

Respectfully yours,
JOSEPH A. SCOLPONETTI,
Corporation Counsel.

BLACKINTON SCHOOL FOR VETERANS' HOUSING.

The following was received:

City of Boston,
Office of the Mayor, August 6, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication received from the Boston Housing Authority relative to your order of July 19, 1948, requesting the Boston Housing Authority to take over the Blackinton School for veterans' housing purposes.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
10 Post Office Square, Boston.
August 4, 1948.

Hon. James M. Curley,

Mayor of Boston.

Subject: Proposed Veterans' Housing Development, Blackinton School Site, East Boston.

Dear Mr. Mayor:

With reference to the City Council order of July 19, 1948, in which the Honorable, the City Council requested through you that this Authority consider erecting a development on the Blackinton School site, I am pleased to inform you that this Authority will endeavor to accomplish that objective.

The Authority has already contacted the School Committee with a view to securing the site, which, of course, you must approve.

Promptly the land is available, this Authority will file an application for approval of this development with the State Housing Board. If the application is approved the Authority will proceed as rapidly as possible with the development.

Very truly yours,
CORNELIUS P. CRONIN, Chairman.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

In connection with your communication relative to installation of trackless trolleys on the Egleston and Arborway lines, it will not be physically possible, without great expense on the West Loop, to operate trackless trolleys on these lines.

When the construction work and new service is completed at Dudley street it is proposed to analyze and see just what can be worked out in connection with service from Egleston to Dudley. This car line operates to the West Loop where ample room exists, whereas on the East Loop and downstairs we are extremely congested.

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, August 17, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir:

In reply to blue memo dated August 6, 1948, referring to City Council order dated August 2, 1948, requesting the Traffic Commission to install traffic signs at both ends of Everton and Trull streets, please be advised that an investigation was made by the engineers of this department of traffic conditions on and in the vicinity of Everton street and Trull street.

The substance of the report submitted was that there were very few drivers using these streets who are not entirely familiar with traffic conditions as both streets are residential and are more or less inaccessible to general traffic.

At the request of Councilor Ramsey I made a personal investigation of these streets and feel that, while warning signs constitute an important part of our safety program, there are so many other streets more deserving of our attention that I respectfully recommend that no action be taken at the present time.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, August 10, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir:

In reply to blue memo signed by Lawrence P. Gilligan, Chief Clerk, regarding Council order dated June 7, 1948, requesting the Traffic Commission to exclude trucks over two and one-half tons from that part of Church street bounded by Centre and Weld streets, please be advised that several investigations have been made by this de-

partment concerning the use of trucks on Church street, between Centre street and Weld street.

The latest survey made was on July 23, 1948, from 8 a. m. to 6 p. m. This count showed that 104 trucks of less than two and one-half tons capacity and 14 of five tons capacity or over, used this portion of Church street. Our check further showed that most of the 14 heavy trucks were making deliveries in Church street.

Since we cannot prohibit trucks of less than two and one-half tons capacity from using this street, I respectfully submit that no action should be taken by the Traffic Commission at this time.

Dear Sir:

This is in reply to your communication of July 21, 1948, with reference to Council order of July 19, 1948, requesting the Metropolitan Transit Authority to remove rails on all streets in Ward 13 where trackless trolleys are to replace street cars. After it has been determined which of the tracks in question it will be necessary for the Authority to continue to use for the movement of its street cars and after the use of the tracks not needed for that purpose has been discontinued, the Authority will cooperate with the proper city authorities in making arrangements for removal, co-incidentally with the resurfacing by the city of the streets involved, of such tracks as it will no longer need, or, if the city authorities should prefer, will make arrangements enabling the city to resurface the streets involved by covering over the tracks not needed. Whatever is worked out should cause no unnecessary expense to the Authority whose deficits, as you know, are borne in large part by the City of Boston.

In answer to your memorandum, with enclosure, City Council order, requesting the Park Commission to install new benches, repair the old ones, and provide asphalt sidewalks at the entrances to Franklin Park, I wish to report as follows:

I have had the benches repaired at Franklin Park near the Columbia Road entrance. There are many benches at this end of the park, in fact, on one side of the road the benches are continuous.

I realize that some of the walks in the park, particularly near the zoo, are not too good. However, I regret to say that the department's budget this year does not provide for new walks and benches.

Lawrence P. Gilligan,

Dear Sir:

I desire to acknowledge your memorandum, with enclosure, City Council order requesting the Park Commission to arrange for facilities near the Memorial High School in order that softball may be played.

The only area that I could find in this neighborhood, for such a purpose, is around the high school. On the Warren Street front is a series of banks and terraces and certainly would not be suitable for softball playing. In the rear of the high school, away from Warren street, is an area with trees, presumably used more or less as a schoolyard. The trees provide plenty of shade. In the rear of the school is ledge. I could find no other area close by this high school.

As this matter has also been referred to the School Committee, it probably would be better to wait for their answer in regard to it.

Dear Mr. Gilligan:

I will make arrangements for the installation of swings, slides, and other playground equipment for the use of small children at Alice E. Gallagher Park, Lake Shore road, Brighton.

As the season is very late, it probably will not be possible to operate this as a supervised play area this year. The summer supervised recreation program ceases on August 31. It is practically impossible to start up a new program at a new location at this date.

The area lends itself to the children's play corner and has wonderful possibilities. I have issued instructions to the foreman to clean Chandler's Pond, which is within the Alice Gallagher Park.

Dear Mr. Gilligan:

I have investigated the City Council order pertaining to the removal of the trees on Harvard street, Dorchester, near the Audubon School, and I have found that the trees on the sidewalk are alive and are interfering with the pedestrians, particularly the children who attempt to walk on the sidewalk.

In my opinion this condition should not be allowed to continue. Some youngsters will be walking on the street and may get struck by an automobile and be seriously injured.

I have received bids for removal of trees. Said bid has been submitted to you with some other bids of other trees to be removed at other locations.

When your approval is received I will take the necessary steps to have the trees removed.

EXEMPTION OF VETERANS FROM PAYMENT OF AUCTIONEER'S LICENSE FEE.

The following was received:

City of Boston,
Office of the Mayor, August 12, 1948.
To the City Council.
Gentlemen:

On January 12, 1948, your Honorable Body passed the following order:

"Ordered, That his Honor the Mayor consider the advisability of exempting veterans of World War I and World War II from paying the fee for an auctioneer's license."

Following the adoption of this order, I wrote the Corporation Counsel inquiring whether it would be legally possible thus to exempt veterans. A copy of his reply is transmitted herewith.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, August 9, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

I have your letter of July 7, 1948, inquiring whether veterans who apply for licenses to be auctioneers may be exempted from paying the established fee therefor.

In *Commonwealth v. Hana* 195 Mass. 262, the Supreme Judicial Court was called upon to determine the constitutionality of a statute providing for the licensing of hawkers and peddlers. In the course of its opinion the court said (p. 266):

"There is also a provision in statute 21, which has not been referred to in the argument, by which licenses may be granted without charge to a person seventy years of age or upwards, or to any soldier or sailor resident in this Commonwealth who served in the army or navy during the war of the rebellion or the war against Spain, and who has an honorable discharge from such service. Even before the adoption of the Fourteenth Amendment it was a settled principle of constitutional law that statutes in regard to the transaction of business must operate equally upon all citizens who desire to engage in the business, and that there shall be no arbitrary discrimination between different classes of citizens. Under the Fourteenth Amendment, all persons are entitled to the equal protection of the laws. In several States such a discrimination in the granting of licenses in favor of soldiers and sailors has come before the courts, and in all of them, so far as we are aware, the provision has been held unconstitutional. *State v. Shedrei*, 75 Vt. 277. *State v. Garboski*, 111 Iowa, 496. *State v. Whitcom*, 122 Wis. 110. See also *in re Kymer*, 148 N. Y., 219; *Brown v. Russell*, 166 Mass. 14."

The broad principle of constitutional law stated by the court in the passage quoted plainly affects the licensing of auctioneers just as much as the licensing of hawkers and peddlers, and means that it is constitutionally impossible for either the Legislature or the City Council or the licensing authority to exempt veterans who wish to be licensed as auctioneers from paying the prescribed fee.

Accompanying your letter was a communication sent you by City Councillor John B. Wenzler regarding the matter. That communication is returned herewith.

Respectfully yours,
JOSEPH A. SCOLPONETI,
Corporation Counsel.

LEASING OF CITY-OWNED LAND IN ROSLINDALE.

The following was received:

City of Boston,
Office of the Mayor, August 30, 1948.
To the City Council.
Gentlemen:

I submit herewith communication from the Commissioner of Public Works relative to the leasing of city-owned land on Washington street, in Roslindale, which is self-explanatory.

I respectfully recommend passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
August 25, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

For a number of years the F. P. Davis Monumental Works, Inc., has occupied as a tenant-at-will, at an annual rental of \$50, a piece of city-owned land at 3803 Washington street, in Roslindale. The land was taken many years ago for Stony Brook sewerage purposes.

The Davis Company has made a proposition to this office for leasing this piece of land for a period of twenty years, and has agreed to pay an annual rental of \$100 for such use. As far as this department is concerned, there are no objections to complying with this request, and I feel that it would be to the city's advantage to make this arrangement with the Davis firm; the price, in my opinion, being fair and reasonable.

In order that the necessary lease for occupancy and use may be prepared, it will be necessary for the City Council to authorize the leasing of this land. I have received from the Law Department the attached form of order which I respectfully submit to your Honor, with a request that it be presented to the City Council for appropriate action.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That his Honor the Mayor be hereby authorized, in the name and behalf of the City of Boston, to execute and deliver to F. P. Davis Monumental Works, Inc., a lease, satisfactory in form to the Law Department, for a term of twenty years, with an annual rental of one hundred dollars (\$100), of a certain parcel of land near Washington street, West Roxbury, taken for Stony Brook sewerage works, containing approximately forty-two hundred (4,200) square feet of land, and bounded northerly by the West Roxbury Branch of the New York, New Haven & Hartford Railroad and southerly by land now or formerly of John J. McDonough, upon conditions that no buildings shall be erected on said land, that the rights of the City of Boston to enter on and to maintain its sewerage works in said land shall not

be impaired, and that any assignment of said lease shall be subject to the approval of the Commissioner of Public Works.

Referred to the Committee on Public Lands.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, August 30, 1948.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$36,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1948 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$170,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$36,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, August 2, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$36,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows: Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....\$36,000

When making up the estimates for the year 1948 a sum equal to the total yearly income of the George F. Parkman Fund was deducted from item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1948, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Ordered, That the sum of \$36,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....\$36,000
Referred to the Committee on Parkman Fund.

PETITIONS REFERRED.

FINANCE COMMISSION REPORT RE MUNICIPAL COSTS.

The following was received:

City of Boston,
Finance Commission, August 13, 1948.
The Honorable the Mayor and City Council.
Gentlemen:

Municipal costs in Boston as totaled by the assessors for tax purposes increased more in the

past year than ever before in one year in the history of the City. To some extent, this increase in Boston is matched in many other municipalities here in Massachusetts. However, Boston's increase can not be lightly regarded. It is not palliated by the fact that costs are rising elsewhere. Expenditure requirements in Boston had already resulted in an almost prohibitive tax rate; and, to increase the burden, high valuation of commercial and industrial properties persists.

This high rate of taxation has scared away from Boston much prospective capital real estate investment. Obviously some few firms and institutions which have their roots irremovably established in Boston appear to be willing to invest in further real estate development for their own uses; but, in contrast, there are very few new commercial or industrial concerns constructing new buildings in Boston, and the reason for it is, to a great extent, the tax situation.

To spread as far as possible the knowledge of this municipal financing situation, for several years the Finance Commission has made a practice of recording by special report the tax rate computations. The figures used by the Commission have been obtained from the Assessing Department as its official record of these computations.

The trend to higher taxation has been continuous now for several years. The shorter work week, the salary increases forced upon the City by the soaring cost of living, the general rise in maintenance cost, the increase in cost of construction and of supplies, and the greater cost of snow removal have been important but uncontrollable factors in the sharp rise in taxation cost.

The debt situation, on the other hand, now contains little consolation. For a great many years the redeeming feature in the financial picture was that Boston was reducing its debt. The net bonded debt came down from a high mark of \$135,815,273 in 1933 to its lowest mark since 1926 — \$93,230,668 in 1946. Now, however, the trend in debt obligations has been definitely reversed. At the present rate of issuance, and contemplated issuance, it will not be long before the great reduction in debt of the late 30's and early 40's will have been entirely eliminated. Never before has there been such a volume of new debt in prospect at one time as there is now.

The upward trend in total appropriations is better appreciated when it is realized that the "city requirements" for 1948 (for city, county,

school and state purposes) increased 18 percent over the corresponding 1947 figure; yet the increase in 1947 over 1946 was 12 per cent. In dollars and cents, this means that the total requirements which were \$34,761,892 in 1946 became \$112,888,729 in 1948, an increase of 33 per cent in two years.

The debt requirements for city, school and county used in the 1948 tax rate computations amounted to \$7,930,791.92. This is approximately \$1,100,000 or 16 per cent more than the debt requirements in the 1947 tax rate computations. Moreover, a vast volume of new debt authorizations has been made, which has not yet figured in the current debt requirements, because — while heavy obligations have been incurred — the bonds which eventually will supply these funds have not yet been issued.

Greater school costs make up no inconsiderable part of the higher municipal costs. School appropriations in 1948 which are included in the tax rate computations total (maintenance, alterations and repairs, debt) \$2,716,354 more than in 1947. Since the school pupil population (membership October 31) for the current school year was 2,383 less than in the previous year, it means that the per pupil cost to the Boston taxpayer in 1948 is an average of \$244 per pupil, which is an increase of \$34 per pupil over the 1947 cost.

State costs did not contribute to the Boston burden in 1948. There was no state tax levied upon the municipalities, though a year ago Boston had to include \$1,036,950 in the rate computations as Boston's share of the state tax. However, Boston receives nothing from the state collected gasoline tax in 1948, in contrast with \$843,402 in 1947. On the other hand, the combined estimated income tax and corporation tax which Boston will receive in 1948 from the state is approximately \$1,000,000 more than in 1947. Therefore, Boston's loss in 1948 of the gasoline tax (\$843,402 in 1947) was more than matched by the elimination in 1948 of the state tax on municipalities (\$1,036,950 in 1947) and the \$1,000,000 greater yield from the state collected income and corporation taxes.

DETAIL OF CITY APPROPRIATIONS.

To show the trend under this administration, the appropriations for distinctly city requirements for the first three years of it are compared with the last year of the previous administration.

The foregoing summary shows clearly that it is increased City expenditure which is wholly the cause of the substantial increase since 1945 in the

total obligations of the City. This increase in General Appropriations in the last three years has amounted to almost 40 per cent.

There are two important aspects to the foregoing table. The first is that in 1948 there is no gasoline tax receipt item. Boston's share in 1947 was \$843,402. However, Boston's share as determined by the state of the combined state collected income, corporation and meal taxes amounts to \$1,031,432.55 more in 1948 than in 1947; and, as previously stated, there is no state tax assessment on Boston in 1948. Since, therefore, Boston's share of the state tax in 1947 was \$1,036,950 in these counteracting items, Boston is better off this year to the extent of \$1,224,980.55. The other important aspect of this table is that it reveals that, to assessors have taken up another \$5,000,000 of what is called in the auditor's balance

sheet "Surplus Revenue." Last year the sum of \$2,386,206 from this amount was similarly used. The intention is, in effect, to offset the "Overlay Deficit" account in the tax requirements to this extent.

This "Surplus Revenue" account is regarded as more or less nebulous. As of tax rate determination time, it amounted to \$12,586,326.26. The amount used to offset the "Overlay Deficit" has been decided arbitrarily to represent approximately the free cash in the account. The use of this item in tax rate computation is the newest in a long series of financially questionable devices to depress net requirements in order that the tax rate may be kept as low as possible.

FINANCE COMMISSION REPORT.

(Continued from page 973.)

The above table includes the seven items which lead to the tax rate. The first (Warrants and Appropriations) is dependent upon legislation, city government and state government; the second (Credits and Deductions) contains parts which are determined by the state, but the major part of it — the estimated receipts — is originally determined by the City Auditor, but may be changed within certain limits by the assessors; the third (Net Requirements) is merely a process of subtraction; the fourth (Overlay) is the determination of the assessors; the fifth (Poll Tax) is based on the number of males found by the assessors to be assessable; the sixth (the Amount to Be Raised) is the determination by the assessors of the total to be raised in the property tax, with the amount assessable as poll tax added; and the seventh (Assessed Valuation) is the aggregate of the property valuation fixed by the assessors. The amount shown above to be raised by taxation, less the amount to be assessed as poll tax, is divided into the aggregate of property valuations and the rate of \$53.40 per \$1,000 of valuation for 1948 is thus obtained.

As often explained by the Finance Commission, the overlay is for the purpose of avoiding fractional parts (below 10 cents) in the rate and to provide for refunds which follow abatements. Under present law the assessors must include not less than 3 per cent of the net requirements for overlay. The actual need, if refunds are to be financed completely in the original computations of the year of assessment — due to the volume of abatements granted — has been running for many years at a rate which is more than twice that percentage. But to include for overlay a percentage of the net requirements, which experience now shows to be necessary would mean a greater tax levy and, correspondingly, a higher tax rate. Depressing the overlay, therefore, is but another of the devices used to prevent the declared rate from reflecting the true situation. As an illustration, on May 31, 1948, the \$2,182,112.58 in the 1946 overlay account had all been used up and there was a deficit of \$2,334,292.48 (auditor's exhibit figures) in the 1946 overlay account.

The pattern of the process of rate determination in 1948 is much the same as last year, and in each previous year for several years. The high valuations on which last year's rate was based were maintained to a very great extent. The evaporation of more than \$80,000,000 of 1947 total valuation before tax rate determination time in 1948 is not reflected in the 1948 determination of the assessable valuation. The real estate valuation again exceeded the 1947 figuring of it, the increase in 1948 being \$31,581,200.

Coupling this forced reduction of \$80,000,000 in 1947 valuations with fixing 1948 taxable real estate valuation \$31,581,200 higher than the 1947 original figure would seem to indicate that real estate valuations were established to reach a

particular rate rather than on a basis of true value. There is no evidence to warrant the belief that new values developed since June, 1947, can account for the wide margin between 1948 established value and the level to which 1947 valuations had been reduced by abatements to June 30.

Repeating again in 1948 this procedure of manipulating valuation figures so as to arrive at a particular rate per \$1,000 of valuation means that there are now distinctly two valuations: one, that used by the assessors to determine a tax rate; two, that which goes down into history as the final valuation on which taxes are collected and held. The conclusion is obvious and indisputable that it is now a fixed policy to inflate valuations temporarily to hold down the tax rate.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. SHANLEY, for the Committee on County Accounts, submitted the following:

Report on petition (referred today) of Philip S. Hamilton, jail officer in the Suffolk County Jail, for retirement—recommending passage of the accompanying order, viz.:

Whereas, Philip S. Hamilton, employed in the service of the County of Suffolk, as jail officer in the Suffolk County Jail, has made application to be retired under the provisions of chapter 678 of the Acts of 1945; and

Whereas, The said Philip S. Hamilton has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical panel; that he has been in the service of the county at least ten years and has reached the age of fifty; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed five hundred dollars;

Ordered, That under the provisions of section 56 of chapter 32 of the General Laws, as amended by chapter 514 of the Acts of 1943, Philip S. Hamilton, employed in the County of Suffolk as jail officer in the Suffolk County Jail, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of fourteen hundred and fifty dollars, being one half of his highest regular rate of compensation.

The report was accepted and the order was passed.

PERSONAL PROPERTY VALUATIONS.

The material change in personal property valuation, a reduction in Ward 5 of \$8,531,800, is accounted for by the changed status of the electric transit company which serves the City, now the Metropolitan Transit Authority, formerly the Boston Elevated Railway. The personal property of the Transit Authority is exempt from taxation by a provision in the act of the Legislature which created the Metropolitan Transit Authority.

POLLS.

The situation as regards the assessable polls (males of 20 years and over) is remarkable for the comparative immutability of the total population as found in the Federal census of 1940 and the State census of 1945. Its obvious meaning is that, population-wise, the City is not growing.

SUMMARY.

The 1948 increase in valuation as shown in the foregoing tables was \$23,383,100. It does not, however, represent the true increase, because the valuations established in June, 1947, for the purpose of arriving at a tax rate, had already been reduced by abatement of approximately \$30,000,000. Therefore, the 1948 total of valuations is approximately \$103,383,100 greater than the revised 1947 total (to June, 1948).

In other words, first of all, it was by maintaining the excessive valuations of 1947 and adding to them that the assessors were able to fix a tax rate at the \$53.40 rate rather than at some higher figure. Advantage was taken of other possibilities also, such as depression of the overlay to the minimum allowed by statute and the use of a bookkeeping item labeled "Surplus Revenue" as an offset to the "Overlay Deficits." The absence of a state tax on Boston helped as did also an estimated greater yield to Boston of state collected taxes.

The 1948 rate is \$6.90 higher than the rate in 1947. It is an increase of \$10.90 per \$1,000 of property valuation since the last wartime rate of \$42.50 in 1945.

Property valuations on which rates have been based have risen from \$1,479,172,000 in 1945 to \$1,581,994,000 in 1948. Of these total property valuations, real estate accounted for \$1,331,868,400 of it in 1945. In 1948, real estate accounts for \$1,441,620,300 of it.

The percentage of overlay used in 1948 rate computation is the lowest permitted by statute, 3 per cent. It was 3.3 per cent in 1947, and 3.5 in 1946, yet in neither of these years was the amount included in the tax rate computations sufficient for the refunds subsequently authorized. The deficit in the 1946 overlay, for instance, was — to May 31, 1948 — \$2,334,292. The overlay originally provided having been \$2,182,122, the actual need to May 31, 1948, in the 1946 account alone was, therefore, \$4,516,414, or more than 7 per cent as against the 3.5 per cent provided originally.

The 1948 total of warrants and appropriations (the over-all total to be financed by the City) has increased approximately 33 per cent between the last wartime year (1945) and 1948. The increase over 1947 has been approximately 18 per cent.

The tax levy (requirements less credits and deductions, plus overlay and poll tax) has increased 33 per cent in the same four years.

The estimated Boston share of state collected taxes in 1948 is \$1,031,432 greater than in 1947. There is no gasoline tax share coming to Boston in 1948, but there is compensation for this loss in the fact that there is no State Tax in 1948. Boston's gain in the latter respect is much greater than in its loss of gasoline taxes.

The debt requirements for 1948 and the debt accounts on which they are based indicate that the trend of Boston debt is upward again after a long period of reduction. Between 1938 and 1946 the net debt outstanding was reduced \$39,700,000, but since 1946 it has been increased almost \$5,000,000, with many millions more authorized but not issued.

Respectfully submitted,
JOSEPH K. COLLINS, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
EDWARD F. MULLEN,

The Finance Commission.

Secretary.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay.

INVITATION FOR PROPOSALS FOR AUDITORIUM AND STAGE EQUIPMENT IN THE HYDE PARK HIGH SCHOOL, HARVARD AVENUE, HYDE PARK, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for auditorium and stage equipment in the Hyde Park High School, Harvard avenue, Hyde Park, Mass.

Proposals will be received until 12 o'clock noon, Thursday, September 30, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$750, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
(Sept. 18.) Superintendent of Construction.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN BRAYTON ROAD, BRIGHTON, BETWEEN KENRICK STREET AND CRESCENT AVENUE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Brayton road, Brighton, between Kenrick street and Crescent avenue. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Brayton Road, Brighton, between Kenrick Street and Crescent Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of MONDAY, OCTOBER 4, 1948, with a certified check for FOUR HUNDRED (400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Sept. 18.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HEAVY, MEDIUM, LIGHT, AND DIESEL FUEL OIL FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing heavy, medium, light, and Diesel fuel oil for city departments as specified. Specifications may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes marked "Proposal for Fuel Oil." The bids will be publicly opened and read at 12 m., at Room 1001, City Hall Annex, on Monday, September 27, 1948. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

NO. 39

MAYOR CURLEY GRIEVED TO LEARN OF DEATH OF JUDGE ARTHUR D. HEALEY—PRAISES PUBLIC AND PRIVATE CAREER OF NOTED JURIST AND CITIZEN.

The untimely death of Judge Arthur D. Healey comes as a distinct shock to everyone who knew him in Massachusetts and throughout the nation. It has been my very great pleasure to enjoy his acquaintance over a long period of years during which it was my pleasure to support him for Congressional honors. It was likewise my pleasure to know him both as a member of Congress and Judge of the United States Courts.

Public office brought out the same splendid traits that marked his career as a private citizen. A sincere desire to help his fellow man was evidenced by the bill bearing his name in part—known as the Walsh-Healey Bill for the benefit of the worker. He served with fidelity on important committees of Congress, unsparring in his time and efforts to legislate for the best interest of the people and the country. As a Judge of the United States Courts he brought to that exalted office the same splendid traits which have marked his career as a member of Congress, a member of the bar, and a private citizen.

Extending sympathy to his wife and beloved children, I re-echo the wish that is uppermost in the minds and hearts of all who knew him, that Almighty God may grant him permanent peace in Heaven for work exceptionally done on earth.

SAFETY TRAFFIC LIGHT PLACED IN OPERATION AT BLUE HILL AVENUE AND QUINCY STREET BY TRAFFIC COMMISSION.

Traffic Commissioner Leo F. Curley has announced that signal light operation has officially begun at Blue Hill avenue and Quincy street.

Timing arrangements have been worked into these signals to permit pedestrians to cross on red and yellow lights by simply pushing a button provided for that purpose and, at all other times between the hours of 7 a.m. and 11 p.m., to have traffic proceed under normal stop-and-go operation for both streets. After 11 p. m. and until 7 a.m. of each day flashing red will operate on Quincy street and flashing yellow will operate on Blue Hill avenue.

The pedestrian period has been included in these lights for the safety of thousands who congregate in the busy shopping district, together with school children on their way to St. John's School and the Phillips Brooks and Hull Schools. The lights will prove of particular benefit to mothers and others on their way to the City of Boston Health Unit located near the intersection.

ELECTION DEPARTMENT MAKING IT POSSIBLE FOR HEAVY REGISTRATION OF VOTERS IN NEXT SEVEN DAYS—DRIVE BEGAN ON SEPTEMBER 20 AND WILL END OCTOBER 1—LOCATIONS IN EACH OF 22 WARDS OPENED EVENINGS AS WELL AS IN CITY HALL—DRIVE EXPECTED TO ENROLL RECORD NUMBER OF VOTERS DUE TO INTEREST IN BOTH NATIONAL AND STATE ELECTIONS.

The Election Department has announced the dates for registration of voters for the November elections and has made arrangements for the registration of voters both at the department offices in City Hall Annex and in various districts of the city. This is being done in order to give the citizens of Boston the fullest possibility to express their choices for elective offices in November. There will be evening registration in all the 22 wards of the city, which will end on October 1 under provisions of a new state law which has shortened the time to two weeks.

Two locations have been and will be open during evenings, from 6 to 10, in each of the wards, one from September 20 through September 24, the other from September 27 through October 1.

At City Hall Annex new voters may register between 9 a. m. and 10 p. m., continuing through October 1.

CITY TO OBSERVE BIRTHDAY OF COMMODORE JACK BARRY, FATHER OF AMERICAN NAVY, ON SUNDAY, SEPTEMBER 26.

Arrangements are being completed for the observance of the birthday of Commodore Jack Barry, the Father of the American Navy. The celebration will be held on Sunday, September 26, at 3 p. m. at the Parkman Bandstand on Boston Common. The City of Boston will be honored on this occasion by the presence of Hon. John L. Sullivan, the Secretary of the Navy, who has very graciously accepted the invitation of Mayor Curley to deliver the principal address.

The plans for the observance are being made by the Public Celebrations Department of the Mayor's Office, with the cooperation of the Central Council of Irish County Clubs, headed by President Bartley J. O'Connor and Recording Secretary Mrs. Anna Coll McBrearty. Vocal selections on the program will be by Madame Rose Zulalian.

Representatives of the Army, Navy, Marines, and Coast Guard have been invited to attend. The program will be broadcast over WNAC from 3.30 to 4 p. m.

MAYOR HONORS NOTED WORLD WAR II HERO AND DISTINGUISHED FILM STAR WITH KEYS TO CITY.

Shortly before noon on September 20, Mayor James M. Curley presented keys to the city to two distinguished guests on the steps of City Hall. They were Lieut. Audie Murphy, America's most decorated World War II soldier, and Lloyd Nolan, Hollywood film star, who are scheduled to appear together in a film entitled "Kid from Texas."

The two celebrities were guests of honor at the banquet of New England Variety Tent No. 23 in the Imperial Ballroom, Hotel Statler—which, in turn, will receive the highest award of the Variety Clubs International, the Charity Citation Award.

Lieutenant Murphy was born in Kingston, Texas, in 1924. He is the holder of more than 22 citations and the Congressional Medal of Honor. He tried to enlist in the Marines at the age of eighteen, but was turned down for lack of weight. The same reason prevented him from becoming a paratrooper, but did not stop his officially killing, capturing, or wounding 240 Germans. When still only eighteen he was sent to North Africa as an infantry replacement. He was assigned as a private in Company B of the Fifth Army's famed Third Division, and eventually emerged as its commander.

It was James Cagney who saw "Audie's" picture on the cover of *Life* magazine and was responsible for his movie career. He has had parts in two pictures, "Beyond Glory" and "Texas, Heaven and Eeroklyn." He will appear in his first lead in the picture "Kid from Texas" later this year. Nolan, who is to appear with him, is a perennial favorite of the screen.

The ceremonies at City Hall were witnessed by a huge throng, and music was furnished by the United States Army Recruiting Band.

CIRCULAR LETTER BY THE MAYOR.

CITY OF BOSTON,
MAYOR'S OFFICE, September 20, 1948.
To the Heads of All Departments.

GENTLEMEN:

The highest hopes and aspirations of the Jewish people have been achieved this year, but without our active assistance these democratic gains will not be consolidated.

In the interests of the Combined Jewish Appeal Drive I am authorizing Mr. Samuel Sherman, as the over-all chairman, to conduct the general solicitation within all city departments.

I request all department heads to name one individual who will be responsible for the solicitation and who will be answerable to Mr. Sherman. Each designee will be authorized to attend a luncheon meeting at the Combined Jewish Appeal offices, 72 Franklin street, at noon on Friday, September 24, 1948.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER BY THE MAYOR.

CITY OF BOSTON,
MAYOR'S OFFICE, September 20, 1948.
To the Heads of Departments.

GENTLEMEN:

You are hereby directed to grant leave of absence without loss of pay to employees of the city who are of the Jewish faith, for their observance of the New Year on Monday, October 4, and Tuesday, October 5, and Yom Kippur, Wednesday, October 13, 1948.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 10.

CITY OF BOSTON,
MAYOR'S OFFICE, September 15, 1948.
To the Heads of All Departments.

GENTLEMEN:

The Budget Commissioner of the City of Boston is hereby designated by me as the city official to determine that public necessity requires overtime services by employees acting within General Laws, chapter 149, section 33A, as amended, the so-called 40-hour law, and it is necessary that you communicate with him before working any employee overtime.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 11.

CITY OF BOSTON,
MAYOR'S OFFICE, September 16, 1948.
To the Heads of All City and County Departments.

GENTLEMEN:

The Statutes of 1948, chapter 665, amending the statutes governing noncontributory pensions for veterans of the Spanish War and the First World War (to wit, General Laws, chapter 32, sections 56, 57, and 58) becomes effective on October 1, 1948.

Under the new statute, it is necessary that the highest ANNUAL rate of compensation be stated in the application.

The ANNUAL rate of compensation of an employee employed on a weekly basis is to be computed as fifty-two and one-fifth (52.2) times his weekly compensation.

In view of the provisions of the new statute, General Laws, chapter 32, section 56, will not be used except in cases where the Corporation Counsel so recommends. This will simplify the procedure.

A new form of application on blue-colored paper has been prepared for use under the new statute. All applications for retirement to become effective on or after October 1, 1948, must be submitted on the new blue-colored form, which may be obtained from the Superintendent of Printing.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 12.

CITY OF BOSTON,
MAYOR'S OFFICE, September 21, 1948.
To the Heads of All City Departments.

GENTLEMEN:

At the request of Peter Allen, Chairman of the Board of Assessors, whom I have appointed as Chairman of the Community Fund "Red Feather" Drive, City Group, I am calling a meeting of all department heads and those selected to be department chairmen and captains, to be held in the Council Chamber at four o'clock on Thursday afternoon, September 23, 1948, for the purpose of completing the organization for the drive.

It is requested that this meeting be fully attended.

As you are all familiar with our Community Fund Drive, it is unnecessary for me at this time to elaborate on the splendid purposes involved. Our many institutions, without regard to race, creed, or color, are largely maintained by the funds contributed in this manner.

This drive has my heartiest endorsement, and I am anxious to have the City Group go "over the top" this year.

Respectfully,

JAMES M. CURLEY, Mayor.

REPORT OF LEO C. RENAUD, SHOP FOREMAN, DEPARTMENT OF INDUSTRIAL ARTS, ON ATTENDANCE AT ANNUAL CONVENTION OF THE AMERICAN VOCATIONAL ASSOCIATION COMMITTEE AT LOS ANGELES.

The following is the report of Leo C. Renaud, shop foreman, Industrial Department of Industrial Arts, on attendance at the Annual Convention of the American Vocational Association Committee. The convention was held at Los Angeles, California.

In presenting my part of the report on the A. V. A. Convention, perhaps I should tell you a few things about the convention city, Los Angeles.

Californians speak of distances of 300 miles as "just over the hill," and residents of Los Angeles are no exception.

Los Angeles is a very large city. It extends from the ocean back to the Sierra Madre mountains, approximately 100 miles, and the city is about 70 miles wide.

Superimposed on the state of Massachusetts, Los Angeles would cover this state as far west as Springfield. Imagine driving to Springfield and still be within the city limits.

Hollywood, Beverly Hills, Canoga Park, Brentwood, Van Nys, Burbank, Santa Monica, are all towns within the city limits of Los Angeles.

Speed limits are 45 to 55 miles per hour outside of the business area.

Population—1,500,000 (one million five hundred thousand).

School population—330,000 (three hundred thirty thousand).

Water supply comes a distance of 240 miles back in the mountains.

School employees—23,000 (twenty-three thousand).

School budget, 1947—\$72,000,000 (seventy-two million), 45 per cent of which comes from the state fund.

I flew to Los Angeles and return. Left Boston Sunday morning, December 14, 1947, at 11 a. m., and I was in Los Angeles that night at 10.30 p. m.

I attended three meetings each day, covering the general sessions, apprenticeship training, supervisory training, local administrations meetings, one agricultural meeting, and one of the meetings in guidance. It is on some of these meetings that I wish to report.

I attended the meetings of local administrators. Local administration is the national group of local directors. There was a short business meeting followed by a period of discussion. The topics were:

1. Major problems confronting the local administrator.
2. Report of committee on instructional materials.

The major problems were divided in three categories:

1. Finances—George Barden
2. Apprenticeship
3. Proper recognition by the A. V. A. of the local administrators group.

Meetings of Supervisory Training Group.

California certainly has the co-operation of its industries with the schools in the development of supervisory training programs. The schools set the pattern for industry, but industry is now so far out in front in this field that the schools appear to be a stepchild.

Teaching Aids and Techniques of Supervisory Instruction.

On the panel contributing to this part of the program was Robert Weiner, Plant Leader in Charge of Training for the General Motors Corporation; also Messrs. Stenfill, President of the Owens Illinois Glass Company; Chappell, Training Director, Union Oil Company, Special Aids; Cander, Training Director, Aluminum Company of America; Mussetti, Director of Training, Bureen, Southern Pacific Company; Marker, Vice President of the Rexall Drug Company.

A summary of this meeting brought about the fact that many plants discontinued training after the war to their sorrow. Waste has increased, and with the added shortage of material, it has become a major concern of industry.

As a result, many plants are now reinstituting their training programs. Unionism has now brought many changes. Cannot hire or fire. Industry must keep its workers as an investment. Cannot wait 12 to 15 years to develop supervisors. Foremen in all positions should get at least two weeks of formalized instruction; should know about personnel office, its responsibilities and functions. The cost accounting procedures must be a part of this training.

Therefore, training in general should be divided into two groups:

1. Technical training
2. Management

An example of technical training — A company had electronic timing equipment in its plant, which might require servicing, and in order to expedite service from the Electrical Maintenance Division, a short six-hour course was given, covering blueprint reading on this electronic unit, its location, etc., how to write a report on its action, good or bad.

An example of management training — A 27-hour course, covering human relations, labor and management, labor law, contracts with unions, study of policies of company to carry out the provisions of its union contracts—study of Taft-Hartley Bill, study of state labor laws, study of minimum wage acts.

It was emphasized strongly that all training should be thoroughly accepted by top management, not sold to top management. It was further emphasized that sound in-service training programs for teachers be made compulsory in many areas in order to keep teachers in step with new industrial development.

Six steps were suggested for this phase.

1. Schools need equipment.
2. New educational aids.
3. Industrial experience. This must be kept high.
4. Teachers should keep up with developments.
5. Correlate instruction with job conditions.

6. Place more emphasis upon human relations.

It is the general practice for school principals and co-ordinators to offer something to industry, try to give industry something for nothing, but it is the rare case when a director asks industry for anything.

The Role of the Vocational Guidance Counselor in Education in the Years Ahead.

Points that came up for general discussion at the vocational guidance meeting of state supervisors were as follows:

- a. Status of state guidance program under George Barden.

b. American people are very proud of our American schools, but do these people know what is going on in the schools of America?

c. The war demonstrated many shortcomings of the schools, health education, etc.; Michigan is reviewing its 12-year plan—New York is studying its systems.

1. Ignorance of pupils in three R's. Lackadaisical attitude of people, teachers, and administration.

2. Only factual information being given—no teaching follows.

3. Schools are too inflexible. In nature of marks, they have little value because no evaluation is really made of them.

In nature of curriculum it is in a strait jacket, no flexibility.

4. Subordination of social growth. Not enough of demonstrative principles in the class room.

These were comments discussed by people interested in education, not anti-school people.

If the guidance people are to do their job in guidance better they must know more about the entire educational program, and must broaden their viewpoint to offset any criticism leveled at the schools.

1. They must give more attention to individual needs by giving more individual aid. This must be done by supervisors and teachers, but the guidance person is in the best position to do this job.

2. The Curriculum.

Must be less bookish. More purposeful, more meaningful. Follow-up phase very important, especially in the use of the six guidance steps.

3. The vocational guidance people are the ones who have the facts and the ones who can best suggest the proper corrections in the curriculum.

4. Democracy is not a thing that we are born with, but is something that is acquired.

5. Home and School.

There must be closer relationship between home and school. We must know more about the child. We must concern ourselves in guidance every day in every way. Now that we are entirely grown up in guidance in a total educational program, we must exercise leadership to see that these things are done.

6. 1940-1946—Counselors increased in numbers by 63 per cent. 1947-1951—anticipated increase—52 per cent above 1946.

There was a great deal of discussion at this meeting as to how far a guidance program should go.

Mr. John McCarthy, State Director of Vocational Education of New Jersey, felt that all people should be counseled by the schools if the people need that service; it

is an economic necessity of the community. He placed the veteran first on the list, the O. S. Youth Adults groups second, and our regular school pupils third.

A representative from Kansas felt that pupils in all schools needed counseling, not only the vocational schools; therefore, Kansas was financing from state funds, and passing up George Barden Funds for this activity.

There was some feeling among this group that the training of counselors should be done on the undergraduate level as well as on the graduate level, but this didn't get too far. A question was raised from the floor that precipitated a lively discussion. Should a child be expected to make his decision at the ninth grade level?

Major Weinrich, Director of Vocational Education of Michigan, clinched this by stating that no guidance or counseling was worthy of its name unless it was flexible enough to change with the changing conditions surrounding the individual, and it was a fallacy to think as many do; that once a pupil made a selection of his own at the ninth grade level that he was stuck with it. He said he would insist that in his State of Michigan the pupil be allowed to change his objective at any time with proper guidance and supervision, for, as he put it, guidance and counseling have been organized to help the pupil and it should be allowed to do just that.

In Los Angeles 50 per cent of the students in high schools are on college prep work, even though there are only 8 per cent in occupations which require college training, and 28 per cent in trade and industrial occupations, 4 per cent vocational.

Apprenticeship.

Chairman — Ronald Kent, Director, Essex County Vocational School — Liaison with V. A. for U. S. O. E.

There was a large panel on this activity, representing the California State Apprenticeship Council, Building Trades Council, and Mr. William Patterson, Director of Apprentice Training, Washington, D. C.

Discussions were on the duties of joint apprenticeship councils, their organizations, how they cooperate with the schools.

A report was given on the local apprenticeship program.

Of interest, however, was the pre-apprentice training, or the so-called Omaha plan which came in for much discussion. This plan calls for from four to eight weeks of full time, 40-hour week schooling for potential apprentices in the various trade classifications. Instruction to be given in the vocational or trade schools, involving practical and some related work. Selection of students is by the contractors, union and the school director, cooperatively. In some cities reporting, some apprentices on the payroll of a contractor while in school, in others, no pay (mostly no pay).

This phase of the apprenticeship program seems to be expanding in the West and Middle West.

1. The contractors like it because boys are screened before they are assigned to their payrolls.

2. The union groups seemed to be divided. Some felt it cramped their style in the selection of apprentices who would become members of their locals, while other union representatives felt it was a splendid program.

3. The schools like it because it offers an opportunity for the placement of many of the vocational and high school boys into apprenticeship pro-

grams. It might be of interest to this group to know that Boston is now completing arrangements for a program of this kind in cooperation with the contractors and the labor unions representing the bricklayers group on a non-paid basis.

In Los Angeles, the vocational program is a very extensive one. It is housed in one large 10-story building, centrally located in the city, with five other annexes, that are worthy of note.

In the 10-story building (Frank Wiggins Trade School) a store on the main floor is unique, open all day, sells anything from a needle to a car. There are thirty offerings in day school — 120 in the evening schools.

Annexes are as follows:

1. Aircraft school is located at the municipal airport, 22 miles out.

2. Art and drafting school — art in all of its callings through mechanical drawing, jig and fixture design.

3. Commercial baking; building in itself, all phases, commercial baking, and baking technologies, formulas, computing costs, buying, food chemistry, and the sale of the product to the general public.

4. Auto body and fender annex.

Complete shop operated on a commercial basis — all phases of auto body work, estimating costs, refinishing, replace glass, upholstery, wood work, welding, brazing, etc.

5. Household service — beautiful residence in the heart of Hollywood, fully equipped as a training laboratory for instruction in all of the arts and sciences pertaining to the preparation and serving of food and the maintenance of a modern home.

SAFETY TRAFFIC LIGHT PLACED IN OPERATION AT BLUE HILL AVENUE AND QUINCY STREET BY TRAFFIC COMMISSION.

(Continued from page 981.)

This intersection has a total of 10,000 vehicles passing through each day, with Quincy street carrying a heavy cross-town movement of approximately 4,000 vehicles each day. The peak hour is between 4.30 and 5.30 p.m., when 1,100 vehicles pass through the intersection in this hour.

Councilors Milton Cook and Thomas Hannon, President of the City Council, jointly introduced the order into the City Council because the intersection is the boundary of Wards 12 and 13. The order authorizing the erection of the signal lights was signed by Mayor James M. Curley.

MAYOR ISSUES STATEMENT ON CIVIL RIGHTS DAY IN MASSACHUSETTS.

Mayor James M. Curley on September 20 issued the following public statement:

Sunday, September 19, has been designated as Civil Rights Day in Massachusetts, and appropriate observances are to be made in the City of Boston, which command the attention of an understanding public.

The subject of civil rights in our democracy is not new. It is as old as our Constitution itself, together with such perfecting amendments as have been added over the years. It is a rich heritage of our people.

On July 4, 1776, our Declaration of Independence was adopted. It was signed by representatives of the thirteen original states, "Massachusetts Bay"

being recorded as supporting it most heartily by John Hancock, Samuel Adams, John Adams, Robert Treat Paine, and Elbridge Gerry. Among the important precepts of this important document appear the following:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the Pursuit of Happiness. That to secure these Rights, Governments are instituted among Men, deriving their just powers from the consent of the governed."

Under Article 1 of the Amendments to the Constitution, the first ten of which, known as the "Bill of Rights," proposed by the First Congress of the United States on September 25, 1789, and subsequently ratified, a further definition of civil rights was made in these words:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

Civil rights, essentially, guarantee, from earliest origin, equal opportunity for all our people to work, to live, to worship, and to participate in the functions of their government.

It will be well to remember these things on Sunday, September 19, Civil Rights Day in Massachusetts.

AUDITING DEPARTMENT RULING ON OVERTIME.

September 10, 1948.

To Department Heads and Officials:

Chapter 657 of the Acts of 1948 which restricts the service of all persons employed by the city "to five days and forty hours in any one week" becomes effective next Tuesday, September 14. While this Act maintains the same overall work period, namely forty hours, as established by Chapter 649 of the Acts of 1947, it limits the performance of this service to five days. Service beyond five days can only be performed "in cases of emergency" and must be compensated for as overtime. The determination of emergency conditions warranting overtime service rests with the Mayor or an official designated by him. It will be necessary, therefore, for officials of departments where overtime service is required to set forth in writing to the Mayor or the official designated by him the condition which necessitates service in excess of five days or forty hours. If after receiving this statement the Mayor or the official designated by him is convinced that public necessity requires the overtime service, he will indicate his approval of the same. In the absence of this approval, no overtime payments can be made.

The same classes or groups of employees exempt from the provisions of last year's Act (Chapter 649 of the Acts of 1947) remain exempt from the provisions of Chapter 657.

A payroll rate table covering all annual salaried employees affected by the provisions of Chapter 657 is in preparation and will be available for distribution at a later date through the Printing Department. This table will apply to 1949 payrolls.

CHARLES J. FOX,
City Auditor and Auditor of
the County of Suffolk.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, contractors, etc., for furnishing labor, supplies, etc., Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, September 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to issue an order of addition in the sum of \$1,920 to the Daniel Russell Boiler Works, Inc., for additional retubing in No. 1 and No. 2 boilers in the William Blackstone School. The contract for this work in the amount of \$12,543 was approved on August 25, 1948.

The work of the negotiated contract included that of replacing tubes condemned by boiler inspectors. However, in making such repairs it was found necessary to do the additional work covered by the amount of proposed order. Such work could not be contemplated and must be performed to comply with the regulations issued by the Department of

Public Safety of the Commonwealth of Massachusetts so that a certificate of operation may be obtained.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

PARK DEPARTMENT.

BOSTON, September 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

I respectfully request your permission to issue a service order to the Dorgan Electrical Company, Inc., 1406 Columbia road, South Boston, Mass., for furnishing and installing all necessary AC electrical equipment, wiring and fittings to put the Dover Street Laundry building in operation, due to the shift over from DC to AC electric service, to complete wiring to new ironer and tumbler machines; also new wiring and electric outlets and installation of new exhaust fans.

This concern has done previous work of this type for this department in a very satisfactory manner, and has agreed to do this work at the Dover Street Laundry building for a sum of \$1,789.50.

From the survey made, we believe that nothing will be gained by advertising and that the price is a very fair one. Accordingly, we request permission to issue a service order for this work and charge it to B-39, Budget item.

Very truly yours,

JOHN J. MURPHY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, September 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Permission is respectfully requested to award, without public advertisement, a contract to the White Fuel Corporation for furnishing 25,000 barrels of No. 6 fuel oil, to be delivered into the storage tanks at Long Island Hospital, at a price of \$3.595 per barrel, subject to increase or decrease in their posted tank car price for No. 6 fuel oil at time of delivery. This quotation is contingent on their ability to arrange for necessary "black oil" barge transportation.

During such time as "black oil" barge transportation is not available to transport No. 6 fuel oil to the Long Island Hospital, we agree to accept, and the vendor agrees to furnish and deliver equivalent quantities of No. 2 fuel oil in barge lots to Long Island Hospital, at a price of 10.1 cents per gallon, subject to increase or decrease in their posted tank car price for No. 2 fuel oil in effect at time of delivery.

Since the White Fuel Corporation is the only vendor able to supply both product and transportation, the best interests of the city would be served by this award.

Approximate total award—25,000 barrels of No. 6 fuel oil, \$89,875.

Equivalent quantity of No. 2 fuel oil, 1,050,000 gallons, \$106,050.

Respectfully submitted,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, September 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

On April 28, 1947, a contract with Blacker & Shepard Company was ap-

proved by your Honor in the estimated sum of \$51,675, covering the furnishing of spruce or fir lumber, Rapid Transit facilities, East Boston district, after bids had been publicly invited. As the work progressed, it became evident that the department would require 100,000 board feet of spruce in addition to the requirements covered by the aforementioned contract. Blacker & Shepard Company is particularly suited to furnish the above-mentioned additional spruce immediately at the lowest cost, which is the same price as under the aforesaid contract. The current prices for spruce are higher than that quoted by Blacker & Shepard and therefore nothing would be gained by advertising.

In view of the foregoing your permission is respectfully requested to amend without further advertising the aforesaid contract providing for the furnishing of the above-mentioned extra spruce at the additional sum of \$10,000, making the revised contract sum \$61,675.

Respectfully yours,

MALCOLM E. NICHOLS,
Chairman.

TREASURY DEPARTMENT.

BOSTON, September 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Arrangements must now be made for the preparation and engraving of coupon bond certificates in anticipation of debt of the city, to be issued on or about December 1, 1948, to meet the cash requirements of the various loan accounts for the balance of the fiscal year.

At this time it is impossible to determine the exact amount of the proposed issue, as various factors will enter the picture, such as the progress of the housing program and the other various construction projects.

It is my intention to order 8,000 blue coupon bond certificates bearing one sheet of coupons without fill-in of the purpose, interest rate and maturity, and at the time of the issue, when the exact amount of the loan, the purposes, interest rates and maturities are known, to arrange for the filling-in of those details on the exact number of certificates required.

The Vose-Swain Engraving Company, 530 Atlantic avenue, Boston, have been doing this work for this office for over twenty years and have the necessary engraved plates in their possession. Their work has always been satisfactory, and we have found that their prices have been substantially lower than those of other bank note companies. They have also been able to prepare the permanent certificates within the necessary time, thus avoiding the necessity of our incurring double expense by issuing temporary certificates.

They have quoted this office the following prices for delivery on December 1, 1948:

8,000 blue border coupon bond certificates bearing one sheet of coupons at 39½ cents each.

Fill-in of purposes, interest rates and maturities for certificates bearing one sheet of coupons:

Lots of 500 or less, \$50; lots of 501 or more, 9 cents each; for each purpose or interest rate, \$20; for each maturity per purpose, \$2.

Fill-in of purposes, interest rates and maturities for certificates bearing two sheets of coupons:

Lots of 500 or less, \$62.50; lots of 501 or more, 11½ cents each; for each purpose or interest rate, \$20; for each maturity per purpose, \$2.

The above prices are the same as those paid by the city in September, 1947, for similar certificates.

I therefore respectfully request your approval to award, without advertising, a contract to the Vose-Swain Engraving Company for the preparation of 8,000 blue border coupon bond certificates bearing one sheet of coupons at a price of 39½ cents each with fill-in on an undetermined number of certificates at the prices quoted above.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

A. Belanger & Sons, Inc., has been granted an extension of the time of completion of the contract for roofing and other work at the High School of Commerce, from September 1, 1948, to October 1, 1948. This extension is requested because of the scarcity of skilled mechanics.

J. W. Praught Company has been granted an extension of the time of completion of the contract for installing H.R.T. boilers in the Phillips Brooks School, from September 5, 1948, to December 15, 1948. This extension is requested because of the shortage of critical materials.

Cronin & Horigan, Inc., has been granted an extension of the time of completion of the contract for regrading and laying asphalt paving at Sarah Greenwood School, from August 6, 1948, to October 1, 1948. This extension is requested because of the difficulty in securing suitable Rice-mixture pavement.

James P. Sullivan Company has been granted an extension of the time of completion of the contract for installing oil equipment in various schools, from September 15, 1948, to December 15, 1948. This extension is requested because of the delay in delivery of needed materials.

J. A. Singarella Company has been granted an extension of the time of completion of the contract for alterations at the Benedict Fenwick School, from September 1, 1948, to December 15, 1948. This extension is requested because mill-work and kalamein-covered materials were difficult to obtain.

Max Calm has been granted an extension of the time of completion of the contract for exterior painting at the Hobart Street School, from September 3, 1948, to October 15, 1948. This extension is requested because insufficient time was allowed to complete contract.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of the time for completion of

contract with J. A. Singarella Company for alterations and additions to Thorndike Building, Boston City Hospital, from June 15, 1948, to December 1, 1948. This further extension is requested because of delay in delivery of materials necessary for completion of contract.

PARK DEPARTMENT.

Dorchester Plate and Window Glass Company has been granted an extension of time until October 15, 1948, for the completion of the contract for repairs to dome house and painting greenhouses, Franklin Park, West Roxbury, Mass.

PUBLIC WORKS DEPARTMENT.

John Deveney Company has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Columbus avenue, from Arlington street to Northampton street, from September 1, 1948, to October 13, 1948. This extension is requested for the reason that many of the abutters on Columbus avenue, between Arlington street and Clarendon street, had to replace area-ways with walls, etc., at the building line, and as yet have not completed this work.

Fred J. Wallace Company, Inc., has been granted an extension of the time of completion of the contract for repairs to pile bents and roadway of Warren Bridge, to October 1, 1948. This extension is requested for the reason that more work is being done under this contract than anticipated.

Martin J. Kelly Company, Inc., has been granted an extension of the time of completion of the contract for extending the east shaft of the Dorchester Bay Tunnel at Squantum, from June 25, 1948, to July 23, 1948. This extension is requested for the reason that the contractor was delayed after placing his order for the brick specified in this particular contract, the contractor having to wait his turn for delivery of same.

D. A. Robbins Electric Company has been granted an extension of the time of completion of the contract for repairs to the control and telephone cables at the Sumner Tunnel, to November 1, 1948. This extension is requested for the reason that the contractor has been interrupted in the work under this contract due to emergency telephone cable installations by the New England Telephone and Telegraph Company.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying-out and construction of Hawthorne street, Hyde Park district, as a highway, between Prescott street and Forest street, with the name of Catalpa street or some other distinctive name, bounded and described as follows:

A highway named Millstone road is hereby laid out, from Hyde Park avenue to Colchester street, and ordered constructed; over and including parts of the public ways known as Hamilton street and Clifford street, at their intersections with said Millstone road.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Hyde Park avenue, sixty feet; easterly by the easterly line of said Millstone road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northerly by the northerly line of road as hereby laid out, two hundred and twenty feet; again northerly by the same, fifteen and 71-100 feet on a curve of ten feet radius; again northerly by the same, forty feet; easterly by the easterly line of said road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northerly by the northerly line of said road as hereby laid out, by three measurements, two hundred twenty feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; easterly by the easterly line of said Millstone road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northerly by the northerly line of said road as hereby laid out, by two measurements, two hundred twenty feet and fifteen and 71-100 feet on a curve of ten feet radius; easterly by Colchester street, sixty feet; westerly by the westerly line of said road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southerly by the southerly line of said road as hereby laid out, by three measurements, two hundred twenty feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; westerly by the westerly line of said road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southerly by the southerly line of said road as hereby laid out, by three measurements, two hundred twenty feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; westerly by the westerly line of said road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; and southerly by the southerly line of said road as hereby laid out, by two measurements, two hundred twenty feet and fifteen and 71-100 feet on a curve of ten feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Millstone road (formerly Hawthorne street), from Hyde Park avenue to Colchester street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of this department.

On December 1, 1944, there were 426 persons on the pension roll. During the year 24 died, viz.: 2 captains, 1 lieutenant, 2 lieutenant-inspectors, 4 sergeants, 13 patrolmen and 2 annuitants. Eighty-six were added, viz.: 3 lieutenants, 13 sergeants, 67 patrolmen and the widows of Patrolman Eugene F. Brady, Patrolman Frank B. Callahan, Patrolman Stephen X. Mahoney, who died from disability received in the performance of duty, leaving 488 on the roll at date, 440 pensioners and 48 annuitants.

The payments on account of pensions and annuities during the past year amounted to \$546,350.33, and it is estimated that \$845,094.23 will be required for pensions and annuities in 1946.

The invested fund of the Police Charitable Fund amounted to \$207,550. There are 43 beneficiaries of the fund at the present time, and there has been paid to them the sum of \$6,729.50 during the past year.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in Septem-

ber and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1685. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay.

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 is distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

NEW SOURCES OF MUNICIPAL REVENUE.

Philadelphia recently adopted three new city taxes: auctioneers are required to register and pay a tax of \$500 a year, bowling alleys \$20 for each alley, and coin-operated slot machines and other amusement devices \$20 a year each. Portsmouth, Ohio, has levied a license fee of \$25 a year on juke boxes, pin ball machines, and other coin-operated amusement devices. Santa Barbara, California, on February 23 adopted a local retail sales tax of one per cent on the recommendation of a citizens' tax committee. Sacramento, California, has adopted a new business license ordinance which will provide approximately \$110,000 a year revenue. In New York City Mayor La Guardia has proposed an additional one per cent sales tax to finance a three-year program of subway rehabilitation; the present one per cent sales tax raises about \$32,000,000 a year.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN BEACON STREET, WARD 5, FROM RALEIGH STREET TO 100 FEET EAST OF BROOKLINE AVENUE, AND BLACKSTONE STREET, WARD 3, FROM HANOVER STREET TO NORTH STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Beacon street, Ward 5, from Raleigh street to 100 feet east of Brookline avenue, and Blackstone street, Ward 3, from Hanover street to North street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Beacon Street, Ward 5, from Raleigh Street to 100 Feet East of Brookline Avenue, and Blackstone Street, Ward 3, from Hanover Street to North Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, OCTOBER 15, 1948, with a certified check for TWO THOUSAND (2,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

MAYOR CURLEY QUOTES PRESIDENT LINCOLN IN ANSWER TO HIS CRITICS.

Following is Mayor Curley's answer to the scurrilous articles that have been appearing in some of the papers of the country regarding his stand on President Truman:

"If I were trying to read, much less answer all the attacks made on me, this shop might well be closed for any other business. I do the best I know how, the very best I can; and I mean to keep on doing it to the end. If the end brings me out all right, what is said against me will not amount to anything. If the end brings me out all wrong, ten angels swearing I was right would make no difference."

MAYOR CURLEY OFFICIALLY OPENS FIRE PREVENTION WEEK.

Mayor James M. Curley announced on September 29 that the City of Boston would officially open National Fire Prevention Week on Saturday morning, October 2. A parade started at 10 o'clock from Bowdoin square, proceeding through Tremont street to Boylston, and ending at the Charles Street Mall on Boston Common.

The parade was conducted by the Boston Fire Department in cooperation with the Boston Junior Chamber of Commerce. The Fire Department presented the largest array of new equipment ever shown by any city in the nation, including more than 20 units of all types. The Boston Junior Chamber of Commerce led more than 5,000 children who were contestants in the Fire Department Essay Contest conducted by the Chamber.

Industrial fire brigades sponsored by the Massachusetts Safety Council were in the line of march, as well as various bands and other units. After the termination of the parade the Fire Department and the Massachusetts Safety Council conducted drills and contests on Boston Common.

U. S. NAVY TODAY GREATEST IN WORLD IN SHIPS, PERSONNEL, AND LEADERSHIP, SECRETARY OF NAVY TELLS AUDIENCE AT OBSERVANCE OF COMMODORE JOHN BARRY DAY ON BOSTON COMMON—READY TO FORESTALL INCIDENTS THAT MIGHT LEAD TO OPEN WARFARE AND TO SAFEGUARD AMERICA'S FOREIGN POLICY—SPEAKING AT CITY'S OBSERVANCE HE ALSO SAYS EVERY MOVE MADE BY THE U. S. GOVERNMENT IS DEVISED TO PRESERVE PEACE AND NOT TO PREPARE FOR WAR—HAS NO MILITARY OR IMPERIAL OBJECTIVE TO THREATEN ANY NATION.

The following was the address by Secretary of the Navy John L. Sullivan before the Central Council of Irish County Clubs at Barry Day Celebration, Parkman Bandstand, Boston Common, on September 26:

I am very happy to be back in the familiar surroundings of the City of Boston, to join with you in honoring a great Irish-American and one of the all-time great heroes of the American Navy—Commodore John Barry.

Boston and the Navy have long had a common bond in their historic association with the sea. Commodore Barry was a Boston hero in his day, as well as the hero of many another port along the coast. He knew your streets well—perhaps this very Common also—and he sailed some of his more famous commands into and from this port.

There is no doubt in my mind that he had many friends here. From the size of the audience gathered in his honor today, I would judge he has lost none of his popularity through the years.

I am proud that I can share, as many of you do, a common Irish ancestry with this early hero of the American Navy. As an American of Irish descent, as a New Englander, and as Secretary of the Navy, I am happy to take part in this renewal of our allegiance to the past as a pledge of our loyalty to the future of our Navy and of our country.

I am proud of the part that men and women of Irish descent have played in every phase of this country's development—the signers of the Declaration of Independence, the leaders in the Continental Congress, the men who participated in every war this country has fought, the leaders in the arts, the sciences, in business and industry, in labor, and in the high enterprise of statesmanship.

I hope that in my lifetime I may prove worthy of the rich heritage of faith, hope, courage, and enthusiasm passed on to me by my forebears—and by the example of Irishmen who became great Americans.

Strength of America.

We take a proper pride in this country in the fact that our great leaders, from Washington to Eisenhower, and from John Barry and John Paul Jones to Nimitz and

ADDRESS BY SECRETARY OF NAVY JOHN L. SUL-LIVAN AT BARRY DAY CELEBRATION.

(Continued from page 997.)

Halsey and Vandegrift, have come from a great variety of national origins. It is the strength of America today—as it has been in the past—that among these leaders, as among the rank and file of our citizens, loyalty to America surmounts all previous ties of nationality or ancestry.

Commodore Barry's achievements are a matter of historical record. He was an American patriot in every true sense of the word. He fought hard—both on land and sea—for American independence. And when our freedom had been won, he fought again for its preservation. He was loyal and he was zealous. He was a fiery character in an age of action and adventure. He endeared himself to his men and engendered in them full devotion to the cause he served so long and so well. That was the genius of his leadership during the Revolution and of his fatherhood of the young American Navy in the years that followed.

The list of his commands—the *Lexington*, with which he captured the first British vessel of war off the Virginia Capes in 1776; the *Effingham*; the *Raleigh*, which he sailed from Boston upon an adventure that gained him great credit for gallantry; the *Delaware*; the frigate *Alliance*, built in Salisbury, Massachusetts, and the pride of the Revolutionary Navy; and finally the frigate *United States*, of 44 guns—gives but an inkling of the rugged career of this man who was a sailor without peer, an inspiring leader of men, a planner and a doer when plans and deeds were needed to save our infant republic.

It is not without meaning that after the Revolution and as the eighteenth century came to a close, Commodore Barry, as senior officer of the service, headed the top squadron of ships which included among its ten picked vessels his flagship, the frigate *United States*, and the famous *U. S. Frigate Constitution*, "Old Ironsides," which was built in Boston and today stands in your Navy Yard as an inspiring relic of the heroic past.

BARRY'S EXAMPLE.

There is an incident in John Barry's life from which we may well draw a lesson today. It took place during the bitter winter of 1776-77 when, temporarily without a command at sea, Barry unhesitatingly joined the land forces of George Washington to participate in the battles of Trenton and Princeton. These battles turned the tide of retreat for the colonists as surely then as did the great land-sea-air battles of the Coral Sea and Guadalcanal turn them for us in the Pacific six years ago.

Barry knew then, as we of the Navy know today, that wherever the battle is joined—whether on land, or sea, or in the air—it is the patriot's duty, no matter what his branch of service or whatever the color of his uniform, to pitch into action with all the force of his skill and his equipment.

Joint action is an old American practice. It gave us victory in the last war. It is the cornerstone of America's combined land, sea, and air power today. It is the policy which we have implemented through the organization of the Joint

Chiefs of Staff and the consolidation of our military, naval, and air services into the National Military Establishment.

The United States Navy is an important part of that combined power. We intend to keep it at the height of efficiency and readiness at all times. History has taught us that no nation dependent upon overseas commerce can weather international tensions and the even more dangerous periodic onslaughts of aggression without adequate sea power.

Your Navy today is the greatest in the world—greatest in number of fighting ships, finest in personnel, superior in leadership. It is, of course, smaller than the Navy which fought a global war on both sides of the world to help bring our recent enemies to their knees. But it is ready today, as in Barry's day, to forestall the outbreak of incidents which might lead to open warfare.

It stands ready today to safeguard America's foreign policy, one of the primary objectives of which is, in the words of President Truman, "the creation of conditions in which we and other nations will be able to work out a way of life free of coercion."

The United States stands today in the eyes of the world as the unquestioned leader of those peoples who wish to live by the will of the majority. America's resources, wealth, and strength are dominant. The world knows that a strong and effective America is the best guarantee of world peace now and in the years to come. To be effective America must remain strong in her determined efforts for a just and enduring peace, and, until that is achieved, she must remain strong on land, at sea, and in the air.

AIR TRANSPORT SERVICE.

The magnificent achievement of the "air-lift" operations into Berlin for the past three months is a sample of American efficiency, so effectively demonstrated by the Military Air Transport Service. The Navy pays public tribute to the superlative job the Air Force is doing over there, and is proud that naval planes and personnel are participating.

The Berlin operation is not only in pursuance of our policy to assist the beleaguered, but it is symbolic as well of our determination to adhere to international agreements reached between us and our wartime allies before and since V-E Day, and to insist that our wartime allies adhere to them as well.

In the safeguarding of these agreements, the sea-air power represented by the Navy always will play an important part.

The seas which cover 70 per cent of the earth's surface are the incomparable highways of the globe. Those who can use them to their own advantage in wartime while denying their use to the enemy will have enormous advantages.

That is why America must be in a strong position at sea if she is not to be foredoomed to failure in carrying out her responsibilities for maintaining peace. Your Navy today is ready to accept its share of the challenging responsibility of our new national status as the greatest modern democratic nation.

Your Navy intends to maintain its position of world leadership in the interest of our own national security and of the peace of the world. We believe that a strong America is presently the best means of safeguarding peace. We do not intend to again let down our guard, as we did after World War I, and thereby invite new aggression because of our own weakness.

We propose to take all those measures which seem to us proper to preserve the peace.

We have helped the free people of Italy to defeat Communism in their native land.

We have taken the lead in organizing Western Germany's stand against Communism.

We have actively supported the Greek government in their fight against Communism guerillas in Greece by providing military equipment and financial assistance.

Our naval forces in European and Mediterranean waters are a constant stabilizing force in areas where explosive incidents might occur. The operations we maintain in these waters are excellent training for our ships' personnel. The sight of the American flag is a reassuring symbol to harassed people. We know now that wisdom and vision and military strength that commands respect can help to preserve the peace, just as stupidity, blindness, and weakness can invite the very conflict we seek to avoid.

MOVES FOR PEACE.

Make no mistake about it. Every move your government is making is devised to preserve the peace, not to prepare for war.

It has never been the policy of your government to attempt to drive the Soviet system from its birthplace. Your government has never taken the position that it cannot live in a world where Communism exists. However, the Communists view with alarm every manifestation of freedom, and repeatedly proclaim that Communism and what we call democracy cannot exist together.

America has no military or imperial objective which threatens any nation. The Communists have nothing we want or ever will want. Their greatest exportable product today is chaos. Their only reason for saying that Communism and democracy cannot live together is because they know that tyranny cannot survive so long as freedom exists anywhere in the world.

Not for long can they satisfy their own people with Communism while life remains worth the living under any other system. Recent incidents in New York and the expressed desire of certain Olympic athletes from lands behind the Iron Curtain to remain in England or come to America speak eloquently of this theme.

Why do you suppose Communist leaders feel obliged to spend so much time and effort suppressing academic freedom and crushing human dignity? Why the fantastic propaganda against the four freedoms? It is because the Communists know that to dominate they must first confuse, distract, and divide—and then conquer. Their every effort is bent to prevent and abort the one thing they fear most—the one thing the people of the world must have—truth.

Hence the refusal of Communism to let the rest of the world see freely into their world, and their refusal to let their own people take a free look at ours. Hence the Iron Curtain.

By its official pronouncements and by its every act since V-J Day, Communism has made its ultimate objective abundantly clear—the complete communization of the world. For Communism to flourish, they are convinced that freedom must perish!

On the other hand, we here in America believe that small nations should not be

throttled or taken over by the stronger ones. We believe that civilization implies the right to criticize the government in power, that it guarantees freedom of speech and complete freedom of religious observance. We believe in institutions of law and justice which draw their authority independent of any administration currently in power.

This is what our Declaration of Independence means when it says that governments draw their just powers from the consent of the governed. These are the ideals which are the core of the United Nations. These are our hopes and the hopes of the world.

We believe that people and nations alike must have something to hope, work, and pray for if they are to survive. We know that only America can supply those remaining outside the Red orbit the stimulus to hope, work, and pray for freedom from aggression and for the opportunity to achieve their own destiny. This help we give because we know that nothing that happens to these nations can be without effect upon ourselves. We shall be secure and we shall have peace in the same measure as they remain secure and as they know peace.

AID TO FREE PEOPLES.

Beyond the mere material means of survival, we must give free people everywhere unmistakable evidence of our intention to support them in their struggle, so that the unsteady truce of today may become the stable peace of tomorrow.

As President Truman recently said, this does not mean that we are to embark upon a program that leads inevitably to war. But it does mean that we must take every wise and necessary step to assure the full recovery of Europe. It will require adequate, balanced American military forces properly deployed to support our occupation missions and to deter the outbreak of any crisis which might lead to a shooting war if left unchecked. To do these things we must be strong.

The responsibilities we bear today are ours because as a nation we champion peace against war, freedom against tyranny, and individual liberty against the terror of the police state. We face these heavy responsibilities because we have chosen to defend progressive civilization as embodied in the freedom of man against a reversion to barbarism and the rule of force.

No man who has been associated with the armed services and who has come to know intimately the stupidity and the waste and sacrifice of war is prepared to resign himself to the inevitability of conflict. Nor am I. The preparedness we seek today is preparedness to guarantee peace and to prevent war.

I am sure that if Commodore Barry were here today he would tell us we must not flinch in our determination that there shall never be the appeasement of another Munich, the shock of another Pearl Harbor, the indignity of another Bataan, or the sacrifice of another war invited by our own weakness.

Here on this continent our forefathers established a system of government and a way of life which has proved to be the world's greatest contribution to human freedom and the dignity of man. It represents today civilization's brightest promise and strongest hope. It must not perish.

In the words of the poet, Stephen Vincent Benét:

"We made this thing, this dream.
This land unsatisfied by little ways,
Open to every man who brought good will,
This peaceless vision, groping for the stars,
Not as a huge devouring machine
Rolling and clanking with remorseless force
Over submitted bodies and the dead
But as live earth where anything could grow
... We made it ... and it's ours.
We shall maintain it. It shall be sustained."

May God give us the wisdom and the courage and the determination to protect and preserve this America and to help keep the world at peace.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with firms, commercial houses, and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

AUDITING DEPARTMENT.

Boston, August 18, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

After a survey of office equipment in use in this department, I feel it desirable to replace certain items of equipment which have been in use for a number of years and which, because of their age, are constantly requiring inspection and repair service. The list price of the several items involved a total of \$1,149, but I feel that with trade discounts and turn-in allowances the desired equipment can be secured for not more than \$1,000. I therefore respectfully request that this latter amount be allotted within the Departmental Equipment Loan to this department.

Respectfully,

CHARLES J. FOX,
City Auditor.

FIRE DEPARTMENT.

Boston, September 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your permission is requested to dispense with advertising and to engage the services of John M. Gray, 175 High street, Boston, as architect for the proposed new Fire Department Headquarters and maintenance garage building, to be erected near the junction of Massachusetts avenue and Southampton street, Boston, in accordance with the terms of the contract.

The cost of the proposed construction is not to exceed \$1,200,000, and the architect shall be paid a fee equal to the sum of 6 per cent of the full amount of the cost of said construction.

In view of the nature of the professional services involved, no benefit would be gained by advertising for bids publicly.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PARK DEPARTMENT.

Boston, September 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

It is necessary at this time of year that we take steps to have the catch basins along the park roadways cleaned before the fall and winter sets in.

The James A. Freeney Company has agreed to do this work with machine equipment on an hourly basis and at standard rates, which are rental of catch basin cleaning machine, including operator, at \$6.50 per hour, and rental of a 5-ton truck at \$4.50 per hour, including operator.

This concern has the equipment and experience to do this work in an efficient manner, and, as the rates submitted are reasonable, we feel that nothing can be gained by publicly advertising for bids.

In view of this, we respectfully request your permission to award a service order for the cleaning of catch basins in Franklin Park, Arborway, Olmstead Park, Jamaicaaway, Riverway, and Fenway to James A. Freeney, Inc., 1 West street, Hyde Park, Mass., for a sum not to exceed \$1,850. The cost of the work to be charged to budget Item B-18.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, September 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Permission is respectfully requested to make an award to the Thomas W. Reed Company for furnishing two soiled linen hamper frames with casters, six wheel stretchers, and two wheel chairs for the Boston City Hospital at a total cost of \$1,293.

Quotations were solicited from the entire field of hospital equipment companies, namely: Harper-Wallins Company, Hospital Equipment Company, Hospital Supply Company, Westinghouse X-Ray Company, General X-Ray Company, the Colson Corporation, and T. J. Noonan Company.

The wheel stretchers will cost \$198 each, because they will be provided with a radiation transparent bakelite top so that X-ray plates may be inserted and X-rays taken without transferring the patient to a regular table. This type stretcher was requested by the X-Ray Department of the Boston City Hospital.

Respectfully submitted,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to award a contract to Donohue and Riordan, without public advertisement, for the following:

Twenty-three officers' uniform overcoats, \$1,012; 175 privates' uniform overcoats, \$7,700; 146 privates' uniform sack coats, \$3,577; 146 uniform trousers, \$1,679.

Donohue & Riordan was the low bidder in publicly advertised proposals opened and read in this office February 6, 1947. The conditions in the wool market remain unsettled, and in my opinion no advantage would be gained by further advertising for bids. Donohue & Riordan will supply the uniforms for the same price submitted on previous contract.

Total amount of contract, \$13,978.

Respectfully submitted,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to award a contract to the L. C. Smith-Corona Typewriter Company for 20 L. C. Smith typewriters, 11-inch carriage, in the net amount of \$2,389.60; also 20 Royal typewriters, 11-inch carriage, to the Royal Typewriter Company in the net amount of \$2,422.60.

The L. C. Smith-Corona Typewriter Company and the Royal Typewriter Company are the sole manufacturers of this equipment, and no advantage would be gained by publicly advertising for bids. Total amount of awards, \$4,812.20.

Respectfully submitted,

WILLIAM I. ROSE,
Superintendent of Supplies.

BUDGET AMENDMENTS AND TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for budget amendments and transfers of appropriations:

ASSESSING DEPARTMENT.

Authorization has been given for a change in nomenclature in the Assessing Department budget for 1948 as follows:

One case worker at \$2,800 a year (Anna O'Neil, retired) to be one social service worker at \$2,800 a year (Annie L. Barone, transferred).

From A-1, Permanent Employees, \$5,600, to B-29, Stenographic and Copying, \$5,600.

AUDITING DEPARTMENT.

From A-1, Permanent Employees, \$100, to A-3, Overtime, \$100.

FIRE DEPARTMENT.

The Mayor has approved the following amendment to the 1948 Fire Department budget under Item A-1, Permanent Employees, firefighting force:

1,518 privates at \$2,500-\$3,000 a year should be changed to read 1,528 privates at \$2,500-\$3,000 a year.

INSTITUTIONS DEPARTMENT.

Child Welfare Division.

From B-17, Care of Persons, \$400, to D-1, Office, \$400.

PARK DEPARTMENT.

From A-1, Permanent Employees, \$5,000, B-6, Hire of Teams, \$1,000, C-16, Wearing Apparel, \$75, C-17, Miscellaneous Equipment, \$75, to E-13, Miscellaneous Materials, \$4,250, E-2, Highway, \$750, B-14, Motor Vehicle Repairs and Care, \$1,000, C-7, Furniture and Furnishings, \$150.

PUBLIC WORKS DEPARTMENT.

Approval has been given to amend the budget of the Water Division as follows:

Decrease assistant machinists at \$47.50 a week from three to two; increase machinists at \$53.50 a week from seventeen to eighteen.

SUFFOLK COUNTY:

MUNICIPAL COURT, DORCHESTER DISTRICT.

From A-1, Permanent Employees, \$500, to D-1, Office, \$500.

BOSTON JUVENILE COURT.

From B-22, Medical, \$21, to C-10, Library, \$21.

REGISTRY OF PROBATE.

From D-16, Miscellaneous Supplies, \$1.22, to D-13, Chemicals and Disinfectants, \$1.22.

LAND TRANSFER.

The Mayor has approved the request of the Fire Commissioner as contained in the following letter:

BOSTON, September 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

I respectfully request that your Honor arrange to have the land and building at 133 Salem street, Boston, formerly occupied as a fire station by Engine Company 8, transferred to the care, custody, and control of the Public Buildings Department, inasmuch as the location is no longer required for Fire Department purposes.

I understand that it is your Honor's intention to request the Superintendent of Public Buildings to allow the North Bennet Street Industrial School to occupy the premises to conduct a vocational school for veterans.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

J. J. Hurley & Co. has been granted an extension of the time of completion of the contract for installation of H.R.T. boilers in the Sherwin School from September 15, 1948, to November 15, 1948. This extension is requested because of difficulties in obtaining materials and supplies and delays in securing boilers.

J. J. Hurley & Co. has been granted an extension of the time of completion of the contract for installing H.R.T. boilers in the Harvard School from September 15, 1948, to November 15, 1948. This extension is requested because of difficulties in obtaining materials and supplies and delays in securing boilers.

Ricciardelli Company has been granted an extension of the time of completion of the contract for furnishing and installing new cast-iron sectional boilers in the Everett School from September 15, 1948, to December 15, 1948. This extension is requested because of shortage of material.

M. Solimando has been granted an extension of the time of completion of the contract for alterations at the Joseph H. Barnes School from September 1, 1948, to December 15, 1948. This extension is requested because of a delay in delivery of smoke screens.

M. Solimando has been granted an extension of the time of completion of the contract for alterations at the George T. Angell School from September 15, 1948, to December 15, 1948. This extension is requested because of a delay in delivery of smoke screens.

M. Solimando has been granted an extension of the time of completion of the contract for alterations at the Mar-

tin School from September 1, 1948, to December 15, 1948. This extension is requested because of a delay in delivery of fire escape steel.

M. Solimando has been granted an extension of the time of completion of the contract for alterations at the Lowell School from September 1, 1948, to December 15, 1948. This extension is requested because of a delay in delivery of heating equipment.

J. J. Hurley & Co. has been granted an extension of the time of completion of the contract for furnishing and installing cast-iron sectional boilers in the Albert Palmer School from September 15, 1948, to November 15, 1948. This extension is requested because of difficulties in obtaining materials and supplies.

Ricciardelli Company has been granted an extension of the time of completion of the contract for furnishing and installing cast-iron sectional boiler in the William W. Warren School from September 15, 1948, to December 15, 1948. This extension is requested because of a shortage of material.

John F. Bradley has been granted an extension of the time of completion of the contract for interior and exterior painting at the South Boston High School from September 1, 1948, to October 30, 1948. This extension is requested because of a scarcity of skilled labor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 15-inch pipe sanitary sewer in private land between Board of Survey, Street No. 758, and Gould street in the West Roxbury district, at an estimated cost of \$16,000.

AMENDMENT TO CONTRACT.

INSTITUTIONS DEPARTMENT.

The Hinds Marine Engineering Corporation have been allowed to amend the contract for repairs to boilers at Long Island Hospital, Boston Harbor, as follows:

Additional Work.—Chipping and sealing boiler No. 3. \$300; welding rivets in boilers Nos. 3, 4, and 5, and welding crack in header of boiler No. 3. \$365—\$665. The work covered by this amendment could not be anticipated at the time the original contract was made. Original contract, \$1,460; additional work, \$665; total contract to date, \$2,125. All provisions of the aforesaid contract except as specifically modified by this agreement shall continue in full force and effect.

BOSTON, August 31, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On July 20, 1948, your Honor approved the contract with the Hinds Marine Engineering Corporation, the lowest bidder, for certain repairs to boilers Nos. 3, 4, and 5 at Long Island, in the sum of \$1,460.

After this work was commenced it was found that (a) boiler No. 3 required chipping and sealing, and (b) all the aforementioned boilers required their rivets to be welded; also a crack in the header of boiler No. 3 to be welded. All of the above work is in addition to the project

covered by the contract and was not contemplated at the time the contract was awarded. Because of the nature of the work involved, this extra work can most efficiently be done by the company which has the original contract and does not lend itself to public advertising.

In view of the foregoing, I respectfully request your Honor's permission to amend the contract with the Hinds Marine Engineering Corporation so that the extra work covered under (a) and (b) above may be done. The additional cost of the repairs covered by (a) above is \$300, and by (b) above is \$365, thus making the new contract sum \$2,125.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners of the City of Boston:

Voted, That the location, direction, width, and grade of the private way in the West Roxbury district designated as Ledgewood road, leading northeasterly from Corey street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

POLICE DEPARTMENT ORDERS.

General Order No. 1099.

The following transfer is hereby ordered, to take effect at 7.45 o'clock a. m., Monday, September 27, 1948:

Patrolman Walter W. Benson, from Division 19 to Division 8.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,100.

The following-named patrolmen, honorably discharged veterans of World War I, having arrived at the ages stated; having been in service of the Boston Police Department for number of years set forth, and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.) as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said patrolmen be retired from active duty in the Police Department, effective Tuesday, September 28, 1948, at 5.45 o'clock p. m.

Emmett L. Mahoney, Division 2, age 59, 24 years of service.

John J. Melavin, Division 8, age 50, 20 years of service.

Anthony J. Dunleavy, Bureau of Criminal Investigation, age 50, 22 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,101.

The Police Commissioner having heard complaints of Louis DiSessa, cap-

tain, commanding Division 4, against Edwin J. Ahern, Joseph W. Kiley, Jr., and Thomas J. Rosebach, patrolmen, of the same division, charging them with violation of the Rules and Regulations of the Police Department, made a finding in each instance of "Guilty."

Therefore, It is hereby ordered that department records be amended to show that said Patrolmen Edwin J. Ahern, Joseph W. Kiley, Jr., and Thomas J. Rosebach were dismissed from the Police Department; effective Tuesday, February 24, 1948, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,102.

The Commissioner is pleased to commend Patrolman James H. Maguire of the Traffic Division for the outstanding police work he performed on September 8, 1948.

On that morning, while Patrolman Maguire was performing traffic duty at the intersection of Boylston and Berkeley streets, his attention was attracted by the shouts of citizens directed at two men in an automobile which was approaching the intersection. Patrolman Maguire signaled the operator of the automobile to stop, but instead it was driven directly at him, and he was forced to leap aside to avoid serious injury.

A passing automobile was commandeered by the officer, and at the intersection of Exeter street he forced the fleeing car to the curb at gun point. The occupants fled on foot, with Patrolman Maguire in pursuit, and, after firing four shots in an effort to halt them, he overtook and captured one in Dartmouth street. The other was apprehended by two officers and a civilian.

It developed that these two men were involved in the snatching of a tray of diamonds valued at \$10,250 from the Bigelow Kennard Company on Boylston street, and the diamonds were recovered intact in the automobile, which proved to be stolen and carried stolen registration plates.

In recognition of the prompt and efficient action of Patrolman Maguire and the courage which he displayed in the apprehension of these criminals, it is hereby ordered that he be granted one week's additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,103.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of ordinary disability, the following-named police officer; effective at the close of business, Thursday, September 30, 1948.

Wherefore, in view of this operation of law, after September 30, 1948, the said police officer shall no longer be an active

member of this department, and it is hereby ordered that its records be so amended.

Sergt. Thomas F. Donohue, Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,104.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business, Thursday, September 30, 1948.

Wherefore, in view of this operation of law, after September 30, 1948, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman William P. Lyons, Division 1.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 51.

I. REINSTATEMENT.

The following reinstatement, which will become effective at 8 a. m., Wednesday, September 29, 1948, is hereby announced:

Edward P. Dwyer, to Ladder Company 18.

II. RETIREMENTS.

The following retirement, which became effective at 8 a. m., September 22, 1948, is hereby announced:

Hoseman Francis G. Mearn, from Engine 46 to motor squad.

The following transfer, effective at 8 a. m., Wednesday, September 29, 1948, is hereby announced:

Ladderman Bernard J. Sullivan, from Ladder 18 to Ladder 5.

IV. CHANGE IN TIME.

Under the Daylight Saving Law, time will be retarded one hour at 2 a. m., Sunday, September 26, 1948. At that time clocks in all department houses will be set back one hour.

All tower clocks without striking mechanisms will be stopped at 6.30 a. m. a. m. All tower clocks with striking mechanism will be stopped at 6.30 a. m. for one hour; then started.

Only the men who are regularly assigned to wind clocks should be detailed to change tower clocks.

V. A. D. T. ASSIGNMENTS.

Company commanders shall add the following signal number to running cards of the A. D. T. Company in this department:

Signal 763, National Coat and Apron Manufacturing Company, 1310 Columbus avenue, Boston. (Sprinkler.) Apparatus to respond: Engine 14, Ladder 30, District Chief 8. Nearest box is 2247.

VI. DISCONTINUANCE OF BOSTON AUTOMATIC SIGNALS.

Notice has been received from the Boston Automatic Fire Alarm Company that the following signals of that company have been discontinued:

Signal 671, building, Mystic Docks, general office building.

Signal 675, building, Mystic Docks, fire station.

VII. COMMENDATION.

The members of Ladder Company 13 and Rescue Company 1 are hereby commended for the speed and dispatch with which several persons were rescued under very trying conditions during a fire at Box 1525, in the dwelling house at 24 Dover street, on Thursday, August 26, 1948.

VIII. THEATER INSPECTIONS.

District chiefs shall check the expiration date on certificate of flameproofing when inspecting theaters during the week of September 27; submit report.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 52.

I. FIRE PREVENTION WEEK.

Fire Prevention Week shall be observed this year throughout the nation during the week of October 3 to 9. The Boston Fire Department has arranged a program of activities in order to emphasize the importance of fire prevention. Fire Stations will be open to the public and department members shall be prepared to greet visitors and answer questions. The attention of the department is called to General Orders No. 60, September 24, 1947, subject: "Fire Prevention Week." Members shall again this year be guided by the instructions contained in the several paragraphs in these orders.

The Annual Fire Prevention Parade will be held on Saturday morning, October 2d. All members of the department, off duty, are requested to report to the Bowdoin Square Fire Station at 9.30 a. m., Saturday, in order to participate in the parade. The Fire Commissioner

and the Chief of Department are desirous of having a large representation of firemen take part in order to indicate to the public that the members of the Boston Fire Department are anxious that the people take an interest in fire prevention. The Drill Team will give an exhibition drill on Boston Common after the parade.

There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PLUMBING CONTRACTORS.

INVITATION FOR PROPOSALS FOR PLUMBING WORK AT THE BRANDEIS VOCATIONAL HIGH SCHOOL, WARRENTON STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for plumbing work at the Brandeis Vocational High School, Warrenton street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Friday, October 15, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

(Oct. 2.) Superintendent of Construction.

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Trac-

tion Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

MAYOR CURLEY IN HIS MONTHLY RADIO ADDRESS DISCUSSES "VETERANS' HOUSING AND RED TAPE"—BLAMES CONGRESS AND REAL ESTATE LOBBYISTS FOR LACK OF PROPER LEGISLATION TO RELIEVE BURDEN-SOME SITUATION—POINTS TO PLANS MADE FOR BOSTON AND WHAT HAS BEEN DONE—ALSO BLAMES LEGISLATURE FOR EXPENSIVE BURDENS BOOSTING TAX RATE WITHOUT GIVING PEOPLE MEANS OF RELIEF—IMMEDIATE ATTENTION MUST BE GIVEN BY INCOMING LEGISLATURE IF MUNICIPALITIES ARE TO SURVIVE.

The following is the address of Mayor James M. Curley over Station WMEX on Monday, October 4, on the subject of "Veterans' Housing and Red Tape":

TRAFFIC COMMISSIONER LEO F. CURLEY AND ASSOCIATES COMPLETE PLANS FOR MORE SAFETY IMPROVEMENTS WITH INSTALLATION OF LIGHTS ON BLUE HILL AVENUE, BETWEEN COLUMBIA ROAD AND AMERICAN LEGION HIGHWAY—ANOTHER SET OF LIGHTS OPENED AT BROADWAY AND HARRISON AVENUE.

Plans drawn by the Boston Traffic Commission for traffic improvements on Blue Hill avenue, between Columbia road and American Legion Highway, were put into effect October 7 when Traffic Commissioner Leo F. Curley officially turned on two new sets of signal lights at Blue Hill avenue and Glenway street and at American Legion Highway and Blue Hill avenue.

Started before the war, these improvements include the widening of Blue Hill avenue, with a relocation of the streetcar tracks to make possible the construction of center divisional islands, running the entire length, with improved street lighting. Also streets have been made one way in the district.

The new signal lights are equipped with pedestrian push buttons, and for the first time the lights at Blue Hill avenue and Columbia road will have an exclusive pedestrian period. The commissioner explained this was only made possible by making Circuit Drive one way to traffic entering Franklin Park. Exit from Franklin Park Drive will now be made over Glen Lane, which was made one way in that direction. Glenway street has been made one way from Blue Hill avenue to Old road, with traffic being allowed to enter that portion only from Blue Hill avenue.

Normal "Stop-and-Go" operation will be in effect at these lights from 6 a. m. to midnight of each day, at which time the lights will be turned on flashing. Thus

Friends of the Radio Audience.

The subject of tonight's address is veterans' housing and red tape. The red tape in this particular instance may be traced to the failure of the special session of Congress called by President Truman to consider action under the Taft-Wagner-Ellender Bill making provision for slum clearance. The failure of the Congress of the United States to consider favorably the recommendation of President Truman is a direct blow at one of the most important problems confronting the American people at the present time.

I discussed this subject in a previous radio address and directed attention to this cancer in municipal cities, which can only be cured through the instrumentality of the federal government and the enactment of the Taft-Wagner-Ellender Bill.

I have a profound appreciation of the difficulties that must be surmounted to secure the enactment of this legislation, and, unfortunately, chief among those is the opposition of the real estate exchanges and owners throughout the entire nation, who to the present time have been successful in preventing the adoption of this legislation so vital to veterans and to the welfare of the people living in the blighted districts of American cities.

In a recent publication of the Mayors' Conference of the United States they direct attention to the fact that although blighted areas make up but about 20 per cent of the metropolitan residential areas in the United States today, they account for 33 per cent of the towns' population, 35 per cent of the fires, 45 per cent of the major crimes, 55 per cent of the juvenile delinquency, and 60 per cent of the tuberculosis victims.

Blighted Area Expenditures.

The average city must spend 45 per cent of all its funds available for police, fire, health, and other city services on these blighted areas, while receiving return from these blighted areas of but 6 per cent of the revenue provided by property tax.

It must be apparent to every thoughtful citizen that this blight is not only an eyesore, but a terrific drain on the cities, and in many cities the area of the blight is expanding unchecked each year. Until these blighted areas and slums are wiped out, we will continue to be faced with major problems in city government.

Yesterday in Boston we witnessed a parade of the Catholic Youth Organization, headed by His Excellency Archbishop Richard J. Cushing. Some 60,000 young men and young women, boys and girls, participated. These young boys and girls, the future men and women citizens of America, are entitled to live in housing accommodations that are conducive to health and happiness, but, until such time as the slums of the city are obliterated, they will be forced through the ferocity of the struggle for existence to live in habitations unfit for human beings, and habitations where crime and disease fester and are rampant.

MAYOR CURLEY DISCUSSES "VETERANS' HOUSING AND RED TAPE" IN MONTHLY RADIO BROADCAST.

(Continued from page 1013.)

We owe it to America and the future men and women of America to provide them with decent, healthful places in which to live, and in Boston we have been endeavoring to do our part.

Applications for slum clearance development in February of 1941 included the Mission Hill Extension, 219 families, at a cost of \$1,262,000; Orchard Park Extension, 1,158 families, at a cost of \$6,666,000; Castle Square in the South End, with accommodations for 1,140 families, at a cost of \$6,945,000; in the North End of Boston accommodations for 1,410 families at a cost of \$11,300,000; in the West End of Boston accommodations for 720 families at a cost of \$4,880,000; Lenox Street Extension, with accommodations for 216 families, at a cost of \$1,216,000—or a total of accommodations for 4,863 families at a total cost of \$32,235,000. These figures were compiled in 1941, and the probability is that the cost will be at least 100 per cent greater at the present time.

CONGRESSIONAL RED TAPE.

All of these developments, which are absolutely essential to the people and their welfare and their health, have been impossible to proceed with, due to Congressional red tape and the failure of the Congress to conform with the recommendation of the President at the recent special session of Congress.

The Massachusetts Legislature, upon the recommendation of Governor Bradford, has made available \$200,000,000 for housing, and a number of applications from Boston at the present time have been approved, but one of the most important is still pending, namely, the one at Broadway in South Boston, which would provide accommodations for nearly 1,000 families. It is my sincere wish that speedy action by the State Housing Authority will make possible a start with steam shovels upon this particular project very shortly.

The Housing Authority this day has informed me that it can accept no more applications for housing in any of the developments it administers under various laws. The chairman stated that the Authority has taken this step very reluctantly, but believes it was only fair to all that it should be done in view of the thousands of applications now on file.

The chairman stated that, effective immediately, the Boston Housing Authority announces the suspension of applications for tenancy in any of its operating developments or those presently building. The Authority regrets that such action must be taken, but, in view of the fact that some 16,000 applications have been filed since V-J Day and that there are now on file sufficient applications to fill any new apartments or vacancies that may arise for many months, it was believed the only fair thing to do. To take more applications now would only encourage people to pin their hopes on securing housing from the Housing Authority when such possibility for persons filing now will be very slim for a considerable time.

At the present time the Boston Housing Authority operates eight permanent developments, containing 5,975 dwellings, three developments of temporary dwelling units, containing 765 apartments, and is operating or has under construction 817

apartments in nine developments of one- and two-family houses. Four hundred one families are already living in these single and two-family houses, with an additional 190 families having been assigned to homes nearing completion, or a total of 591 homes in this group either occupied or assigned.

Three hundred thirteen apartments in five multiple apartment house groups in various sections of the city are now being designed by various architects. The Boston Housing Authority is hopeful of advertising for bids for construction of these five units in October. It is not expected, however, that the first of such units will be available before next summer.

Under the terms of the new State Housing Law, chapter 200, the Authority has requested state assistance to the amount of \$48,000,000. The sites for three developments—in South Boston, at Camden street, and in Brighton—have been approved, and bids have been received on the South Boston and Camden Street developments. It is expected that the first apartments in Camden street will be available in late summer of 1949, and in South Boston in the early winter of 1949.

Other applications for specific sites have been filed with the State Housing Board to take up the balance of the \$48,000,000 earmarked for Boston.

TAXPAYERS' ASSOCIATION FIGURES.

Last week the Massachusetts Federation of Taxpayers' Associations, in its monthly publication, *Tax Talk*, presented the results of a study of the 1948 tax rates of Massachusetts cities and towns. In statistical terms this study clearly indicates what has happened in this Commonwealth as a result of prolonged legislative indifference to the postwar problems of Massachusetts municipalities.

The following significant facts are disclosed in the study:

1. That 269, or 77 per cent, of the 351 Massachusetts cities and towns had higher tax rates in 1948 than in 1947.
2. That 74 municipalities, or 21 per cent of the grand total, had tax rates of \$50 or over.
3. That the average tax rate in this state has reached a record \$42.34, an increase of \$3.30 over 1947, and nearly \$10 over the 1945 average.
4. That, despite the fact that the highest local tax rate in 1948 reached the stratospheric level of \$67, "the end of climbing tax rates is not yet in sight."

In view of mounting costs induced by the inflationary spiral which the entire country has been subject to in recent years, it is not surprising that local government costs should reflect an upward trend. In Massachusetts, however, this trend has been aggravated and exaggerated by the reluctance of the Legislature to make available tax sources, other than the general property tax, to offset higher costs resulting from the enactment

of legislation exacting or facilitating larger expenditures by the cities and towns.

In this respect, the Federation's study makes the following observation: "Massachusetts today is probably placing a greater weight on the property tax than any other major industrial state. As a rule, other states have opened new sources of revenue to their local governments long before reaching our present overburdened level of property taxation. The three largest states, New York, Pennsylvania, and California, among others, have recently offered major new tax sources to their local units. . . . To date Massachusetts has resisted the new trend."

In view of my long advocacy of new sources of revenue to relieve the general property tax, this observation is not only timely but also exceedingly stimulating.

The current issue of *The United States Municipal News* carries an interesting excerpt from the annual report of the Chattanooga City Commission. After pointing out the need for additional revenue to finance departmental operating costs, the report states: "Where can the money be found? Only through new sources of taxation and through additional appropriation by the state government. Both of these provisions may be made only by the State Legislature, which convenes next January. This board, having in mind the serious needs of improved service for Chattanooga, must say candidly to the citizens of Chattanooga, the people to whom it is responsible, that unless relief is forthcoming from the State Legislature at its 1949 session your services inescapably will retrench rather than progress. The wisest expenditure of funds within the capabilities of your board cannot alter that prospect."

NEED TAX RELIEF.

In Massachusetts, as in Tennessee, municipalities must look to the Legislature for relief from the runaway situation which, as is evident from the Taxpayers' Federation study, has developed in recent years in local tax rates. The need for immediate relief is evident from this study, and further procrastination is bound to endanger the stability of local government. The inevitable tightening of economic conditions within a few years will seriously impair the narrow base on which the Massachusetts local revenue system now rests. The time to expand and strengthen this base is rapidly slipping away. The 1949 Legislature must be shown the errors of the past and impressed with the necessity for emulating courses of action taken by such forward-looking states as New York, Pennsylvania, and California.

Not so many years ago, the slogan "Massachusetts, there she stands" was always used in a laudatory and commendatory sense. It signified the forward position occupied by the old Bay State among the commonwealths of the nation. It rightfully pictured Massachusetts as a beacon light illuminating the way for other states to follow in progressive legislation and forthright governmental action. Today, however, this slogan has an altogether different meaning. Whereas most of the other states in the Union have made positive contributions to the alleviation of municipal financial woes, in this state the Legislature has not only been indifferent to what is taking place in the finances of the "creatures" who make up the state,

but it is also complicating and aggravating the financial problems of cities and towns by the enactment of legislation which has imposed additional financial burdens on local governments.

In view of the rapid upward surge of local tax rates in recent years, as is clearly indicated in the Taxpayers' Federation study, our legislative leaders on Beacon Hill must, if local government is to be preserved, take cognizance of the plight of Massachusetts municipalities and give immediate attention to the development of a long-range revenue program which will not only stabilize the finances of the state but also guarantee to our cities and towns the additional income required to meet the ever-expanding services and demands. The trend in government costs is definitely upward, and, if Massachusetts is to maintain its place among the forward-looking states of the Union, its legislators must not only face with vision and courage the immediate problems but also take action which will assure the safety and security of the future.

TRAFFIC COMMISSION PLANS MORE SAFETY IMPROVEMENTS.

(Continued from page 1015.)

Blue Hill avenue will have an interconnected series of lights at four intersections from Seaver street to American Legion Highway, through which system approximately 30,000 vehicles pass each 24-hour day, with the peak load of approximately 3,000 vehicles during the hour from 5.30 to 6.30 p. m.

Councilor Ansell introduced the order for these lights into the City Council and the order authorizing the installation was signed by Mayor James M. Curley.

The commissioner also announced that signal light operation has begun at Broadway and Harrison avenue. This signal becomes an integral part of the downtown system, being interconnected with the 45 other signals numbered in this unit. Normal "Stop-and-Go" operation for both streets will be in effect from 7 a. m. until midnight of each day. After midnight flashing operation will be in order on both streets.

This intersection has a total of 21,000 vehicles passing through each day with Broadway carrying a heavy cross-town movement of approximately 65 per cent of this total. The peak hour is between 4.30 p. m. and 5.30 p. m. when 1,700 vehicles pass through the intersection in this hour.

Engineers of the Boston Traffic Commission are convinced that over and above a more equal distribution of traffic the signal lights will also do much toward eliminating motor vehicle collisions at the intersection. An average of eight such accidents have occurred at this intersection annually.

Councilor George T. Lanigan introduced the order for this work and it was signed by Mayor James M. Curley authorizing the erection of the signal lights.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, September 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the award of a contract, without advertising, to Henrici Laundry Company for repair of eleven Henrici wash wheels in the amount of \$4,169.29.

The trustees feel that nothing can be gained by advertising, therefore recom-

mend the award of this contract to the Henrici Laundry Company at the above-mentioned price.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, July 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

We will be pleased to have you submit a bid to this department for work which we expect to do at the Charlestown Court. The work to be done is as follows:

Rewire over the court room and install 9-4-40 C. G. 440 White Sylvania fixtures and 2-2-40 C. 240 Sylvania fixtures and four single pole switches.

Rewire over the juvenile room and install 3-4-40 C. G. 440 Sylvania fixtures. Furnish and install 1-20 circuit switch panel-board.

Rewire over the clerk's public office and install 4-4-40 C. G. 440 Sylvania fixtures and install push switches.

Rewire over clerk's private office and install 1-4-40 C. G. 440 Sylvania fixtures and install push switch and receptacle.

Yours truly,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

BOSTON, September 30, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On July 6, 1948, this department received a request for additional lights at Charlestown Court.

On July 9, 1948, this department sent out invitation bids as per attached specification, to three contractors listed below, with the following results:

William R. Wheeler, Jr., \$1,862; Dorgan Electrical Company, \$1,645.50; Patrick I. McQuillan, \$1,535.

Upon receipt of these bids it was found that there were insufficient funds and the work was delayed.

Sufficient money now being available, I respectfully ask permission to award, without advertising, this contract to Patrick I. McQuillan in the sum of \$1,535.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 24, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Appel & O'Toole Company is completing a contract which was awarded, after public advertisement, and approved by your Honor, on February 9, 1948, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Dorchester district. This contract will be completed by October 1, 1948, and payments made thereunder will amount to approximately \$47,000.

In this district there is a large amount of similar work which must be done immediately by the Water Division, and, in my opinion, I consider that it would be in the best interests of the city to take advantage of the unit prices in the present contract, so as to enable this work to be done in the three remaining months of the current year.

The prices in the present contract are fair and reasonable, and, in my opinion, lower prices would not be obtained if we should advertise for bids.

I therefore respectfully request your authority to dispense with advertising, and to award a contract to Appel & O'Toole Company for the above-mentioned work, at the same unit prices appearing in its present contract, at an estimated cost of \$20,000.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 29, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On Monday, September 27, this department received bids, by invitation, for laying 8-inch water pipe in Soldiers' Field road, Brighton.

The following bids were received:

R. A. Buccella & Sons, Inc., \$1,825; Susi & DeSantis Company, Inc., \$1,898.75; Joseph Botti & Son, 2,052.50; Appel & O'Toole Company, \$2,205.

Because of the fact that the engineer's estimate prepared for this work indicated that the cost would be less than \$2,000, it was considered for the best interests of the city to solicit these bids, rather than to advertise for proposals.

I respectfully request your Honor's authority to dispense with advertising and to issue an order to R. A. Buccella & Sons, Inc., for doing this work, for the amount of their proposal, namely, \$1,825.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, September 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order to Chase, Parker & Co., 288 Congress street, Boston, for furnishing to the pumping station, Sewer Service, eight sets (16 bearings) SKF-7420D M-M 100 x 250 at \$189.72 per set.

This request was submitted on a requisition from Mr. F. J. Gately, Acting Division Engineer of the Sewer Division, who makes the statement that these bearings are no longer being made by the SKF Industries, Inc., and if they are not obtained a costly job of machining will be required to adapt the existing pumps to the new type bearings now in production. In view of the above, it is respectfully requested that you approve this award.

Total amount of order is \$1,517.76.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for ten Gamewell three-fold type fire alarm boxes with the necessary specifications requested by the Fire Department.

It is respectfully requested that permission be granted me to award an order to the Gamewell Company, Newton Upper Falls, Mass., as they are the sole

manufacturers of these fire alarm boxes. Therefore, no advantage will be gained by publicly advertising for bids.

Total amount of order is \$1,500.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions from the Fire Department for battery parts. Prices were solicited for same from the various dealers with the result that only one company submitted a complete bid.

It is therefore respectfully requested that permission be granted me to award an order, without public advertisement, to the Atlantic Battery Company, 59 Prentiss street, Roxbury, at a total amount of \$1,658, less a 1 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Welfare Department is using, at the present time, tabulating machine equipment belonging to the International Business Machines, Inc., which is secured through the medium of a rental contract as it cannot be purchased outright. The Public Welfare Department have investigated the possibility of securing similar equipment from other companies, but have been unable to secure the proper equipment needed for their work.

In view of the above, I would respectfully request that permission be granted me to award a contract, without public advertisement, to the International Business Machines, Inc., for the following, on a rental basis from July 1 to December 31, 1948:

Printing Punch 10751, \$50 monthly.
Printing Punch 10382, \$50 monthly.
Horizontal Sorter 12910, \$40 monthly.
Horizontal Sorter 12913, \$40 monthly.
Electric Accounting Machine 11141, \$85 monthly.

Bill Feed 10114, \$20 monthly.
Alphabetical Electric Accounting Machine 21184, \$305 monthly.

Bill Feed 10827, \$20 monthly.
Alphabetic Electrical Accounting Machine 12905, \$255 monthly.

Bill Feed 10356, \$20 monthly.
Automatic Reproducer 12062, \$90 monthly.

Check Writing Interpreter 10279, \$60 monthly.

Automatic Carriage 19138, \$20 monthly.
Multiplying Punch 11267, \$155 monthly.

Total, \$1,210 monthly.

The city reserves the right to either substitute or add to the equipment listed above provided that the monthly rental charge does not exceed \$1,250. Since this equipment can be obtained only from the International Business Machines, Inc., no advantage would be gained by a public advertisement for bids. Total amount of contract is \$7,260.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

W. A. Shepard Company has been granted an extension of the time of completion of the contract for furnishing and installing new boiler in the Joshua Bates School, from September 15, 1948, to December 15, 1948. Contract approved May 28, 1948. This extension is requested owing to shortage of labor and scarcity of material.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Matz Construction Company has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Albano, Charles, Child and Elizabeth streets, dated August 24, 1948. Items ordered: Remove three trees averaging 24 inches in diameter in Charles street, Ward 18, between Roxana street and Church street. Price to be paid, the lump sum of \$675. Estimated cost of extra work, \$675.

POLICE DEPARTMENT ORDERS.

General Order No. 1,105.

Patrolmen Charles H. Dias and Daniel L. Coleman, both of Division 4, are commended for meritorious duty performed on September 23, 1948.

About 9:30 p. m., while patrolling in a radio car on West Dedham street, near Shawmut avenue, their attention was attracted by a shot and a woman screaming. The officers observed a man running from a store and gave pursuit. Patrolman Coleman discharged his revolver in the air and the fugitive after obeying a command to halt, turned towards the officers with a loaded and cocked revolver in his right hand, whereupon he was immediately disarmed by the two officers.

Investigation revealed that this man, while armed, robbed a woman, proprietor of a store on Shawmut avenue of a sum of money in the cash register. The woman in the course of the robbery ran screaming from the store and the man fired one shot from his revolver which struck a light over her head. The revolver which he used was found to have been stolen by him a few days earlier.

He was also identified by victims of other armed robberies in the South End which he admitted and, in connection with which, an accomplice was also arrested.

The commissioner is pleased to recognize the prompt and fearless conduct exemplified by these officers in accomplishing the arrest of this felon, in consideration of which each officer is granted one week's extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,106.

The resignation of Patrolman Albert F. Lind of Division 14 having been presented, it is hereby accepted, to take effect on Thursday, October 14, 1948, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to the Dorchester Avenue Bridge, over Fort Point Channel, by the Massachusetts Department of Public Works, estimated to be six (6) months, the following street is one way in the direction indicated, effective October 4, 1948:

Dorchester Avenue, South Boston.

From the southerly end of the Parcel Post Building to West First street.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Acadia road, West Roxbury district, as a highway, from Centre street to Ansonia road, with the name of Acadia road or some other distinctive name, bounded and described as follows:

A highway named Acadia road is hereby laid out, from Centre street to Ansonia road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Centre street, by two measurements, seven and 32-100 feet and thirty-four and 55-100 feet; southwesterly by the southwesterly line of said Acadia road as hereby laid out, two hun-

dred sixty-six and 63-100 feet; westerly by Ansonia road, forty-two and 6-100 feet; and northeasterly by the northeasterly line of said Acadia road as hereby laid out, two hundred sixty-seven and 58-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Acadia road (formerly Acadia road), West Roxbury district, between Centre street and Ansonia road, will receive benefit or advantage, beyond the general advantage to all real estate in said city; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned, and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Ansonia road, West Roxbury district, as a highway, from Bronx road northerly, bounded and described as follows:

A highway named Ansonia road is hereby laid out from Bronx road northerly for a distance of approximately 275 feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Bronx road, forty and 13-100 feet; westerly by the westerly line of said Ansonia road as hereby laid out, two hundred seventy-nine and 95-100 feet; northerly by the northerly line of said Ansonia road as hereby laid out, forty-two and 6-100 feet; and easterly by the easterly line of said Ansonia

road as hereby laid out, two hundred seventy and 16-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the westerly and easterly sides of Ansonia road, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of said department.

AMENDMENT OF COUNTY COMPENSATION AND CLASSIFICATION PLANS.

The following was received:

City of Boston,
Office of the Mayor, September 8, 1948.
To the City Council.

Gentlemen:
The attached proposal by the Budget Commissioner to amend the Compensation and Classification plans for the Officers and Employees of Suffolk County, as it affects the clerks and assistant clerks in the District Courts of the County of Suffolk, is hereby approved and transmitted for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Budget Department, September 8, 1948.
To the Mayor and City Council.

Honorable Dear Sirs:
Rule 7 of the Compensation and Classification Plans for the Officers and Employees of Suffolk County, entitled, "Amendment of the Compensation Plan," provides: "Whenever in his judgment the compensation for any class or group of classes, as provided in the compensation plan, is in need of revision, the Budget Commissioner shall report such fact, in writing, to the City Council, together with his reasons therefor and with revised schedules of compensation for such class or classes and also for any related class, the compensation for which would be thrown out of due relation by the adoption of such revised schedules. Any proposed amendment shall become effective upon approval by the City Council, subject to the provisions of the City Charter."

Acting under authority of the above rule, and as a result of conferences with a committee composed of the clerks of the District Courts, there are submitted herewith revised schedules for the classes, Clerk of Court, First Assistant Clerk of Court, and Assistant Clerk of Court for the District Courts of Suffolk County. These revisions will more equitably adjust the salaries of the clerks and assistant clerks of the District Courts in proportion to the salaries of the justices, whose salaries, in most instances, have been increased by legislative acts twice since the present ranges of compensation were established for the clerks and assistant clerks, the latter increase for the justices to be effective next January first. The proposed revision also equalizes the salaries of the clerks and assistant clerks in relation to each other. The present and proposed ranges of compensation in the classes involved are as follows:

SALE OF LAND IN HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1948.
To the City Council.

Gentlemen:
The City of Boston is owner of a large piece of land in the Hyde Park section, comprising approximately 693,810 square feet, located on the Mattapan-Milton State Highway. This land came into possession of the city at the time of the annexation of Hyde Park, and has never been used in the interim period for any public purpose. It now appears that there is little possibility the City of Boston will need this land for any public purpose.

In view of the fact that this unused land is in a section of the city where considerable home building is now going on, it seems more than likely that the sale of this land will result in the building of numerous homes.

It is my opinion that the city government should facilitate and aid in every possible way the building of homes, so that the critical shortage of available homes might be diminished. It is also my opinion that city-owned land, no longer needed for any public purpose, should be disposed of and placed in taxable hands.

For the above reasons, I forward herewith three orders for the sale of the above-referred-to land at

public auction, and most respectfully request prompt approval of these orders by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
September 7, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

When Hyde Park was annexed to Boston under the provisions of chapter 469 of the Acts of 1911, there came into the possession of the Public Works Department two large areas of land which had been used by the town in connection with its water supply.

One of these pieces of land, a large area at Milton and River streets in the town of Dedham, was sold recently at public auction, after authorization by the City Council. The other piece of land is an area containing approximately 693,810 square feet, located on the Mattapan-Milton State Highway. This piece of land has never been used for any purpose by the City of Boston since it was acquired, and there is no possibility that it will ever be put to use, as far as the city is concerned. I consider that it would be advisable to dispose of this area of land so as to make it available for building construction.

With that in mind, at the request of this office, the Law Department has prepared three orders which I respectfully submit to your Honor, with the recommendation that these orders be presented to the City Council so that the Council may authorize a sale at public auction. Parcel A contains approximately 207,810 square feet; Parcel B approximately 251,000 square feet; and Parcel C approximately 235,000 square feet; all as shown on the accompanying blueprint of plan dated July 2, 1948, and signed by Thomas F. McGovern, Chief Engineer of the Street Laying-Out Department.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately two hundred seven thousand eight hundred ten (207,810) square feet, situated on the easterly side of State Highway and bounded by Wolcott and Washington streets in the Hyde Park district. The title to the said land was acquired by the inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 528, and vested in the City of Boston through the annexation of the town of Hyde Park to the City of Boston by the provisions of chapter 469 of the Acts of 1911; and

Whereas, The said parcel of land, hereinafter described, is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell at public auction at an upset price of ten thousand five hundred (10,500) dollars the said parcel of land hereinafter described, subject, however, to the exception and reservation hereinafter specified; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser at said public auction a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title, and interest in and to said parcel of land, subject, however, to the exception and reservation in the City of Boston to lay, construct, maintain, operate, repair, and renew sewerage works in and through said parcel of land in the location designated therefor on the plan hereinafter referred to. Said parcel of land is bounded and described as follows:

Northeasterly by Wolcott road, five hundred eighty-five (585.00) feet; southeasterly by Washington street, five hundred sixty-three and 54/100 (563.54) feet; westerly by State Highway by three measurements, four and 51/100 (4.51) feet on a curve of a radius of R=3,796.32 feet, six hundred thirty-eight and 83/100 (638.83) feet, and one hundred twenty-seven and 53/100 (127.53) feet on a curve of a radius of R=1,950 feet; northeasterly by land now or formerly of Harry T. Talty, twenty-three and 37/100 (23.37) feet; northwesterly by land now or formerly of Harry T. Talty, ninety (90.00) feet; containing two hundred seven thousand eight hundred ten (207,810-) square feet of land, more or less. Said parcel of land designated as "Parcel A" and all of said measurements, together with the location of the right and easement for sewerage works excepted and reserved unto the City of Boston designated as "Reserved for Sewer Easement 10 Feet Wide," are shown on a plan marked "City of Boston, State Highway, Hyde Park, July 2, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately two hundred fifty-one thousand (251,000) square feet, situated on the westerly side of State Highway and bounded by the Neponset River in the Hyde Park district. The title to the said land was

acquired by the inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 528, and vested in the City of Boston through the annexation of the town of Hyde Park to the City of Boston by the provisions of chapter 469 of the Acts of 1911; and

Whereas, The said parcel of land, hereinafter described, is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell at public auction at an upset price of twelve thousand five hundred (12,500) dollars the said parcel of land hereinafter described, subject, however, to the exception and reservation hereinafter specified; and, it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser at said public auction a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title, and interest in and to said parcel of land, subject, however, to the exception and reservation in the City of Boston to lay, construct, maintain, operate, repair, and renew sewerage works in and through said parcel of land in the location designated therefor on the plan hereinafter referred to. Said parcel of land is bounded and described as follows:

Easterly by State Highway, one thousand one hundred ninety and 42/100 (1,190.42) feet on a curve of a radius of R=3,908.62 feet; southerly by the Boston-Milton boundary line, one hundred thirty-seven and 58/100 (137.58) feet; westerly by the Neponset River, one thousand four hundred (1,400-) feet, more or less; northerly by land of the City of Boston, four hundred ten (410-) feet, more or less; containing two hundred fifty-one thousand (251,000-) square feet of land, more or less. Said parcel of land designated as "Parcel B" and all of said measurements, together with the location of the right and easement for drainage purposes excepted and reserved unto the City of Boston designated as "Easement for Drain," are shown on a plan marked "City of Boston, State Highway, Hyde Park, July 2, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately two hundred thirty-five thousand (235,000) square feet, situated on the westerly side of State Highway and bounded by the Neponset River and land of the New York, New Haven, & Hartford Railroad Company in the Hyde Park district. The title to the said land was acquired by the inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 528, and vested in the City of Boston through the annexation of the town of Hyde Park to the City of Boston by the provisions of chapter 469 of the Acts of 1911; and

Whereas, The said parcel of land, hereinafter described, is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell at public auction at an upset price of twelve thousand (12,000) dollars the said parcel of land hereinafter described, subject, however, to the right and easement of the Commonwealth of Massachusetts hereinafter specified; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser at said public auction a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title, and interest in and to said parcel of land, subject, however, to the right and easement in the Commonwealth of Massachusetts to lay, construct, maintain, operate, repair, and renew sewerage works in and through said parcel of land in the location designated therefor on the plan hereinafter referred to. Said parcel of land is bounded and described as follows:

Easterly by State Highway by three measurements, two hundred twenty-two and 48/100 (222.48) feet, five hundred fifty-two and 95/100 (552.95) feet on a curve of a radius of R=2,050.00 feet, and six hundred twenty-nine and 51/100 (629.51) feet; southerly by land of City of Boston subject to Commonwealth of Massachusetts, easement for drain, four hundred (400) feet, more or less; northwesterly by the Neponset River, five hundred ninety (590) feet, more or less; westerly by land now or formerly of the New York, New Haven & Hartford Railroad Company by two measurements, one hundred fifty-two and 20/100 (152.20) feet and fifty-seven and 35/100 (57.35) feet on a curve of a radius of R=250.00 feet; southwesterly by other land of the New York, New Haven & Hartford Railroad Company, fifty-four and 98/100 (54.98) feet on a curve of a radius of R=50.00 feet; northwesterly by other land of the New York, New Haven & Hartford Railroad Company by two measurements, one hundred five and 80/100 (105.80) feet and five hundred sixty-nine and 38/100 (569.38) feet on a curve of a radius of R=5,659.65; containing two hundred thirty-five thousand (235,000) square feet of land, more or less.

Said parcel of land designated as "Parcel C" and all of said measurements, together with the location of the right and easement of the Commonwealth of Massachusetts for drainage purposes designated as "Commonwealth of Massachusetts, Easement for Drain," are shown on a plan marked "City of Boston, State Highway, Hyde Park, July 2, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING EXHAUST DUCT AND EXHAUST FAN ROOMS AT THE SUMNER TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning exhaust duct and exhaust fan rooms at the Sumner Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Exhaust Duct and Exhaust Fan Rooms at the Sumner Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, OCTOBER 19, 1948, with a certified check for ONE HUNDRED AND FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Oct. 9.) Commissioner of Public Works.

RETIRING PRESIDENT OF MASSACHUSETTS INSTITUTE OF TECHNOLOGY THANKED BY MAYOR IN BEHALF OF BOSTON CITIZENS FOR OUTSTANDING SERVICE TO CITY, STATE, AND NATION.

On October 8 Mayor Curley addressed the following letter to the retiring president of Massachusetts Institute of Technology:

DR. KARL T. COMPTON, *President, Massachusetts Institute of Technology, 111 Memorial Drive, Cambridge, Mass.*

DEAR DR. COMPTON:

Upon your retirement as President of the Massachusetts Institute of Technology, after more than 18 years of outstanding service, I wish to extend to you the thanks of all of our people for the honor you have paid to us by your brilliant achievements.

Although you are now officially placing your talents at the service of our government, which you have done privately and always in time of need, we of Boston and Massachusetts are not losing you. You remain with us as chairman of the Corporation of the institution which you helped to make the greatest of its kind in the world.

Boston loves and admires you, Dr. Compton. Our best wishes are with you wherever you go and whatever you do. We wish you and your loved ones a joyous life of health, success, and happiness.

Sincerely yours,
JAMES M. CURLEY, *Mayor.*

BOSTON FIRE DEPARTMENT WINS NAVY PRAISE FOR QUICK, EFFICIENT WORK IN EXTINGUISHING BLAZE ON U.S.S. "YOSEMITE."

His Honor the Mayor on October 13 received the following letter from Commissioner Russell S. Codman, Jr.:

BOSTON, October 11, 1948.

HON. JAMES M. CURLEY,
DEAR MR. MAYOR:

It may interest your Honor to read the enclosed letter from Captain Longfellow of the U.S.S. "Yosemite" which refers to a two-alarm fire which occurred on his ship Monday, October 4, at the Charlestown Navy Yard.

I am sure your Honor will be glad to know that the rapid extinguishment of the fire by this department was largely due to the employment of one of our new Cardox units.

This was really the first opportunity since this new equipment has been installed in the department to demonstrate its fire-extinguishing properties. Where water, fog, and foam failed to control the fire, the Cardox effectively extin-

MAYOR CURLEY OPPOSES CONSTRUCTION OF ST. LAWRENCE-GREAT LAKES WATERWAY AS DESTRUCTIVE OF THE COMMERCE OF NEW ENGLAND—WOULD RESULT IN IDLING ALL PORTS NORTH OF BALTIMORE—LISTS MENACES TO NEW ENGLAND IN PROPOSED PROJECT AND THE GRAVE NATIONAL PERIL CAUSED BY PROTECTING SHIPPING AND PERSONNEL IN ADDITION TO PATROLLING CANADIAN AND MEXICAN BORDERS—QUOTES EMINENT AUTHORITIES TO SUPPORT HIS STAND.

Replying to a communication received from Joseph O'Brien, president of the Waterways Research Society, 132 Nassau street, New York City, his Honor the Mayor on October 8 forwarded the following reply:

DEAR SIR:

Replying to your communication of September 7, I recall that the agitation for the construction of the St. Lawrence-Great Lakes Waterways Canal was such in 1925 that I invited to Boston the late Mr. Steinmetz, who was the greatest authority on power in the United States, in order that we might obtain his views.

APPEAL MADE BY MAYOR TO NATIONAL CONGRESS FOR RELIEF TO CHARLESTOWN FAMILIES BEING EVICTED TO MAKE ROOM FOR MYSTIC RIVER BRIDGE.

On October 11 Mayor Curley addressed the following letter to members of Congress from Massachusetts on behalf of evicted families:

DEAR SIR:

Some 100 families are to be evicted shortly in the Charlestown area due to the construction of a new bridge over the Mystic River. Many of these families could be accommodated in the properties erected by the Boston Housing Authority, but, because of a restriction which requires that the person seeking one of the premises shall not receive more than a certain income or less than a certain income, the Housing Authority is prevented from furnishing them with the required premises.

The matter has been taken up with Mr. Sumner K. Wiley, New England Supervisor, whose offices are in New York. Apparently the matter must be taken up with a higher authority. It will be a great help to all of these 100 families, most of which are found to have children, if you would take the matter up (as I have requested the other members of Congress in both branches from Massachusetts to do) with Mr. William Seaver of the Federal Housing Authority at Washington, and get favorable action at once, as the winter is close at hand and these good people have no place of shelter.

JAMES M. CURLEY, *Mayor.*

Mr. Steinmetz spent two hours with us and pointed out that the establishment of the St. Lawrence-Great Lakes Waterways would result in the idling of all the ports north of Baltimore and would destroy the commerce of New England. He further pointed out there would be no advantage to New England through the increased power that might be derived from the St. Lawrence-Great Lakes Waterways project for the reason that the New England Power Company and its affiliate groups had practically corralled every possible available stream that could be utilized for the production of power and were in a position to supply all the requirements of New England for the next hundred years.

Mr. Steinmetz further pointed out that cheap electric power would be of no value in the event our commerce was destroyed. I directed these facts, at that time, to the

BOSTON HOUSING AUTHORITY CAN ACCEPT NO MORE APPLICATIONS FOR TENANCY FOR SOME TIME DUE TO THE LACK OF CONSTRUCTION AVAILABLE FOR NEEDS AND DEMANDS—16,000 APPLICATIONS HAVE BEEN FILED SINCE V-J DAY, AND AUTHORITY HOLDS IT UNFAIR TO CONTINUE ACCEPTANCE OF APPLICATIONS WHEN NEW APARTMENTS OR VACANCIES WILL NOT BE AVAILABLE FOR MANY MONTHS TO COME—AWAITING STATE APPROVAL OF CONTRACTS NOW TO BEGIN—CONSTRUCTION TO BE READY IN SUMMER AND WINTER OF 1949.

Chairman Cornelius P. Cronin of the Boston Housing Authority on October 13 announced that, effective immediately, the Authority could accept no more applications for housing in any of the developments it administers under various laws. Chairman Cronin went on to say that the Authority had taken this step very reluctantly but felt that it was only fair to all that it should be done in view of the thousands of applications now on file.

His statement follows:

"Effective immediately, the Boston Housing Authority announces the suspension of the taking of applications for tenancy in any of its operating developments or those presently building. The Authority regrets that such action must be taken, but, in view of the fact that some 16,000 applications have been filed since V-J Day and that there are now on file sufficient applications to fill any new apartments or vacancies that may arise for many months, it was believed the only fair thing to do. To take more applications now would only encourage people to pin their hopes on securing housing from the Housing Authority when such possibility for persons filing now will be very dim for considerable time.

"The Boston Housing Authority today operates eight permanent developments containing 5,975 dwellings, three developments of temporary dwelling units containing 765 apartments, and is operating or has under construction 817 apartments in nine developments of one- and two-family houses. Four hundred one families are already living in these single and two-family houses, with an additional 190 families having been assigned to homes nearing completion, or a total of 591 homes in this group either occupied or assigned.

APARTMENTS PLANNED.

"Three hundred thirteen apartments in five multiple apartment house groups in various sections of the city are now being designed by architects. The Authority is hopeful of advertising for bids for construction of these five units in October. It is not expected, however, that the first of such units will be available before next summer.

"Under the terms of the new state housing law, chapter 200, the Authority has requested state assistance to the amount of \$48,000,000. The sites for three developments in South Boston, at Camden street, and in Brighton have been approved, and bids have been

received on the South Boston and Camden Street developments. Promptly approval of the award of these two contracts by the State Housing Board and difference of opinion between the State Housing Board and this Authority regarding the state assistance contract are resolved, construction on these developments will begin. It is expected that the first apartments in Camden street will be available in late summer of 1949 and in South Boston in the early winter of 1949.

"Other applications for specific sites have been filed and are being filed with the State Housing Board to take up the balance of the \$48,000,000 earmarking.

"This résumé clearly indicates the necessity for the discontinuance of taking of applications until such time as many of the applicants now on file have been accepted as tenants and more apartments are nearing completion. Applicants will be notified through the medium of the press when further applications will be accepted."

NOTICE TO HEADS OF DEPARTMENTS.

Boston, October 13, 1948.

To the Heads of All Departments.

GENTLEMEN:

The last day for filing new legislation is December 1, and it is vital that legislation that will produce sufficient revenue to offset the increased costs of conducting municipal activities be drafted immediately.

A meeting of department heads to consider this most important subject will be held at the City Council Chamber, City Hall, on Friday, October 15, at 11 a. m.

It is vitally important that you be present and present such measures as, in your judgment, may be helpful to the city in the present emergency which confronts every city in America.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR OPPOSES ST. LAWRENCE WATERWAY PROJECT.

(Continued from page 1033.)

attention of the New England members of Congress, with the result that their opposition, based upon the facts presented, was sufficient to prevent the adoption of the Great Lakes Project at that time.

I have had no occasion to change my views and desire to set forth some additional reasons for my position as well as the reasons presented by Frank W. Davis, representing the Maritime Division of the Boston Chamber of Commerce.

I trust this condensed reference should be sufficient to show my attitude in the matter:

1. National security.
2. Harmful effect on established business interests in New England.
3. Need for development of present installations—in our harbors and ports.
4. Benefit to American commerce and our industrial concerns would be very limited—except in a few states directly involved.
5. The American share of the costs are entirely out of line with available benefits, even going far into the future.
6. The so-called power factor is not as valuable to our interest as claimed, because the Erie Canal hydroelectrical possibilities are much greater and cost far less.

The following information I received from Frank S. Davis, manager of the Maritime Division of the Boston Chamber of Commerce, who is also president of the New England St. Lawrence Project Conference. Mr. Davis is opposed to the project and offers the following reasons for his stand:

Organized labor, with the A. F. of L. and C. I. O., all New England railroads, the combined trucking interests, plus the various maritime groups, including ship operators, seamen's unions, long-shoremen, etc.

The lower cost of operating foreign shipping, approximately 40 per cent to 50 per cent less than American costs using the waterway, would sound the death knell of our New England ports and its allied enterprises.

Congress already has approved many worth-while and absolutely necessary projects concerning our New England harbor and river works—but has not as yet appropriated the necessary funds to carry out this vital work, which is proving a detriment to shipping interests and which I believe have prior claim.

With regard to our internal security in time of peace as well as war, we must be ever watchful at the present time, with our Immigration Department and the F. B. I. operating under limited budgets and having serious difficulty in patrolling our Canadian and Mexican

borders. The added strain of protecting shipping and personnel on this waterway would be a grave national peril.

With every good wish, I am

Sincerely,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR URGES ALL TO "MAKE SOMEONE HAPPY" ON "SWEETEST DAY" ANNIVERSARY.

Mayor James M. Curley on October 13 issued the following public statement:

"Thirty years ago, in the City of Cleveland, Ohio, 'Sweetest Day' was inaugurated as a day to make someone happy by a kind deed, a friendly note, a gift of sweets or phone call.

"The spirit then and there given birth has extended throughout the nation. This year the anniversary comes on Saturday, October 16.

"For those of Boston who wish to participate in such an observance, I am sure that the idea of making someone happy on that day will bring a full measure of contentment and joy in return."

MAYOR FELICITATES BUSINESS AND PROFESSIONAL WOMEN'S CLUB ON OBSERVANCE OF WEEK FOR INTEREST IN PUBLIC AFFAIRS.

The following letter was on October 5 sent to Miss Gretchen McMullin, President, Business and Professional Women's Club of Boston:

BOSTON, October 5, 1948.

MISS GRETCHEN McMULLIN, *President*,
Business and Professional Women's
Club of Boston, 465 Park Drive,
Boston, Mass.

DEAR MISS McMULLIN:

As Mayor of Boston I wish to extend my most cordial greetings to the members of the Business and Professional Women's Club of Boston, who are to participate in the observance of National Business Women's Week from October 10 through October 16.

The observance of this event, sponsored by business and professional women's clubs throughout the country, is especially noteworthy because of the slogan which has been adopted—"Use Your Vote in '48." No more important slogan could have been selected in these important and trying times, when the votes of all our people mean so much.

The Boston branch of this country-wide organization, with a local membership of 400, is to be commended for its interest in all public affairs.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

OIL PROGRESS DAY OBSERVANCE.

Mayor James M. Curley on October 11 issued the following public statement:

"I wish to call to the attention of the public that Thursday, October 14, throughout the country, is to be observed as Oil Progress Day, when the oil industry of the nation will report to our people upon its efforts to contribute to their well-being and comfort, as well as to the prosperity of the United States of America.

"Oil production and its guaranteed distribution constitutes an important

life line to our modern existence. We are informed that in the winter months to come there shall be no inadequacy of supply for Boston, Mass., and all New England. For this we are deeply grateful.

"We wish the oil industry and its more than 2,000,000 men engaged in sustaining it to know that we appreciate their labors. May their interests and those of the public at large always be in common."

JAMES M. CURLEY, *Mayor*.

FIRE DEPARTMENT WINS NAVY PRAISE FOR WORK.

guished the fire in approximately one minute through the mass application of carbon dioxide.

Very truly yours,

RUSSELL S. CODMAN, JR.

October 8, 1948.

MR. RUSSELL S. CODMAN, JR.,
Fire Commissioner.

MY DEAR MR. CODMAN:

I wish to express my personal appreciation to you and the Boston Fire Department for the quick response in coming to the assistance of the U.S.S. "Yosemite" on Monday afternoon, and the efficient performance in fighting the fire aboard after arrival on the scene.

The assistance rendered by your fire department contributed materially to extinguishing the fire and preventing damage to the ship and injury to personnel. I am very grateful to you.

Sincerely yours,

W. J. LONGFELLOW, *Captain*,
U. S. Navy, Commanding,
U.S.S. "Yosemite."

NEW CITY OF BOSTON MAP.

The Boston City Planning Board on October 8 issued its new city map. The map, which is copyrighted, is the result of several months' work devoted to careful research and drafting and includes all changes up to July of this year. The map is of desk size, measuring 41 inches by 37 inches, is at a scale of 1,600 feet to the inch and is in two colors, the water area being shown in blue.

In revising the city-wide map one becomes aware of the great amount of changes that are taking place in the corporate city from time to time. Besides adding new work, several hundred revisions were necessary in making changes in street names, widenings, extensions, discontinuances, etc.

The present revision of Boston's Base Map not only includes the routine growth and changes in street development but also main structural changes by the Army and Navy during the war, changes in harbor lines, the new airport at East Boston, and new docks and piers. For the first time the names of larger parks, playgrounds, and open spaces have been incorporated. Both the East Boston express highway connection and rapid transit extension are indicated. Completed veterans' housing areas are shown, along with larger hospitals, institutions, and cemeteries.

The last compilation of the Board of Street Commissioners showed a total of 5,082 streets in Boston, of which 2,744

are public streets, 2,006 private streets, 244 part public and part private, and 83 public alleys.

In addition to official distribution, copies are now available to the general public at a nominal fee of 25 cents per copy, which merely covers the cost of reproduction, at the City Planning Board office, Room 43, City Hall.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon October 4 the Mayor approved a contract with Joe Cifre, Inc., for furnishing and installing auditorium and stage equipment at Hyde Park High School, Hyde Park. Bids, opened September 30, were as follows:

Joe Cifre, Inc., \$4,238; National Theatre Supply, \$4,435.11.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the award of a contract for furnishing and installing traffic signal flashers and reflectors on various bridges to the Eagle Signal Corporation, the only bidder, at an estimated cost of \$43,939. The work is to be commenced on a date to be specified in a written order from the commissioner, and shall be fully completed within three

months from that date. The proposal for doing the above-named work was opened September 8.

SUPPLY DEPARTMENT.

Upon September 29 the Mayor approved a contract as requested in the following letter:

BOSTON, September 22, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of proposals for furnishing laundry equipment to the Boston Sanatorium, which were publicly opened and read at this office on July 16, 1948.

It is respectfully requested that permission be granted me to award a contract to Lewis National Corporation, the lowest responsive bidder.

Total amount of contract, including delivery and complete installation, is \$3,641.50, less a 3 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Park Department,
September 16, 1948.GEN. WILLIAM I. ROSE, *Superintendent,*
Supply Department.

DEAR SIR:

On July 30 we submitted to your office Requisition 868 calling for one new Minneapolis Industrial Tractor. I understand that bids have been opened at your office and that the lowest bidder was Morrissey Brothers of Watertown, who quoted on an Allis-Chalmers Tractor Model 1-B which has a horsepower rating of 16 and a total weight of approximately 3,000 pounds. Their price was \$1,760.

The next lowest bidder, Sandberg Equipment Company, quoted on the Minneapolis Industrial Tractor, H. D. Model, 27 horsepower and weighing 4,000 pounds. Their bid was \$2,000.

I would prefer to purchase the tractor which was offered by the Sandberg Equipment Company, as it has greater horsepower and is much heavier. I feel that it will give us greater service than the smaller tractor, which will be too light and not powerful enough for snow removal work.

Accordingly, I recommend for your approval the purchase of the tractor which was bid by the Sandberg Company.

Very truly yours,

JOHN J. MURPHY, *Chairman.*

Bids were as follows:

H. F. Davis Tractor Company, Oliver, Model 60, Industrial, \$2,445; less tax, \$10.18; less trade-in, \$300; net delivered, \$2,134.82; cash discount, 2 per cent, 10 days; delivery, 10 days from present stock.

Morrissey Brothers Tractor Company, Allis-Chalmers, Model I.B., \$1,885; less trade-in, \$125; net delivered, \$1,760; cash discount, 1 per cent, 10 days; delivery, 30 to 40 days.

Sandberg Equipment Company, Minneapolis-Moline R.T.L. Industrial Tractor, \$2,256.10*; less trade-in, \$250; net delivered, \$2,006.10; cash discount, 2 per cent, 10 days; delivery, immediately from stock.

Remarks.—H. F. Davis Tractor Company, their specifications, with Supply bid only, no copy of specifications at Auditor's; Morrissey Brothers Tractor Company, their specifications; Sandberg Equipment Company, their specifications; see letter (if mower is not purchased and it is necessary to furnish hydraulic controls for this plow, add \$85 to above price).

Upon October 8 the Mayor approved a contract as requested in the following letter:

BOSTON, October 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing ice cream mix to the various city departments which were publicly opened and read in this office on October 7, 1948.

It is requested that I be granted authority to award a contract to Whiting Milk Company, 40 Cambridge street, Charlestown, the lowest bidder, as indicated on attached sheet.

Total amount of contract is \$12,696.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Approximately 8,000 Gallons Ice Cream Mix, Per Gallon.—Shawmut Dairy, Inc., \$1.69; approximate net total, \$13,520; Whiting Milk Company, \$1.587*; approximate net total, \$12,696; H. P. Hood & Sons, Inc., \$1.75; approximate net total, \$14,000.

* Contract awarded.

DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Rangeley street, Dorchester district, as a highway, under the order of the Board of September 29, 1948, and awards no damages therefor.

Voted, That this Board determines that the undermentioned person sustains damages by the taking of an easement for sewerage purposes in private land on Washington street, Hyde Park district, under the order of the Board of September 28, 1948, in the amount hereinafter mentioned, and awards said amount therefor.

Frances M. Watson, 600 square feet, \$1.

A sanitary sewer of 15-inch pipe in Turtle Pond Parkway, between River street and Berwick street, in the Hyde Park district, at an estimated cost of \$44,000.

FIRE DEPARTMENT ORDERS.

General Order No. 53.

I. CHARLES E. CROSS.

It is with deep regret that the Fire Commissioner announces the death, on September 27, 1948, of Hoseman Charles E. Cross of the Fire Prevention Division. Hoseman Cross was appointed to the department February 1, 1918.

The funeral was held from his late residence 849 East Third street, South Boston, at 8.30 a. m., Thursday, September 30, 1948, followed by services in St. Bridget's Church, East Broadway, South Boston, at 9 a. m.

II. PROMOTION.

The following assignment, which became effective as of 8 a. m., Wednesday, September 29, 1948, is hereby announced:

Hoseman Francis G. Mearn to engineer, Motor Squad.

III. RETIREMENT.

The following retirement, which became effective as of 8 a. m., January 21, 1948, is hereby announced:

Provisional Fireman Earl B. Douglass, Ladder Company 26.

Provisional Fireman Douglass was appointed to the department November 3, 1943, and was discharged from the department at 8 a. m., January 21, 1948. However, on September 29, 1948, notice was received from the Boston Retirement Board that his retirement on account of accidental disability has been approved by said Board.

IV. HIGH COMMENDATION.

The Fire Commissioner is pleased to commend, highly, Lieut. William H. Pineo and members of Engine Company 10 for the manner in which they handled their Cardox equipment on the occasion of the two alarm fire at the Navy Yard, October 4, 1948, at Box 4252. The initiative and quick action on the part of Lieutenant Pineo and his men contributed largely to the rapid extinguishment of the fire, as well as providing a very fine demonstration of the effective use of liquid CO₂ under trying conditions.

V. COMMENDATIONS.

Ladderman William W. Austin of Ladder Company 26 is hereby commended for removing a drowning child from the Charles River in Brighton on Saturday, September 4, 1948. By his quick action, Ladderman Austin reflected credit upon the department and in all probability saved the child's life.

Hoseman Francis J. Muldoon of Engine Company 51 is hereby commended for responding to and working at fire, Box 5299, on September 22, 1948, while off duty.

VI. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, October 13, 1948, are hereby announced:

Hoseman Arthur R. Marr, from Engine Company 47 to Engine Company 44.

Hoseman John M. Griffin, from Engine Company 44 to Engine Company 47.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,107.

Under the provisions of General Laws (Ter. Ed.) chapter 31, section 16A, the Director of Civil Service having approved transfer of Patrolman Creighton R. Goodearl, Traffic Division, to the Capitol Police Force, Office of the State Superintendent of Buildings, Commonwealth of Massachusetts, the said Patrolman Creighton R. Goodearl will terminate his services in the Boston Police Department at 7.45 o'clock a. m., Saturday, October 9, 1948.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

INSTALLATION OF AUTOMATIC TRAFFIC SIGNALS, WARD 16.

The following was received:

City of Boston,

Office of the Mayor, September 28, 1948.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order dated August 30, 1948, concerning the installing of automatic traffic signals at Victory road and Neponset avenue, Ward 16.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, September 24, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir:

In reply to blue memo of September 2 signed by Lawrence P. Gilligan, Chief Clerk, relative to Council order of Councilor Beades, dated August 30, 1948, reading as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals at Victory road and Neponset avenue, Ward 16."

please be advised that in company with P. T. Desmond, Traffic Engineer, I personally made a survey of this area and recommended that as a

temporary expedient a center line be painted in Victory road, and crosswalks be painted at each of the crossings at the intersection of Victory road and Neponset avenue.

At the present time the money for traffic signals has been allocated, but I believe that when money is made available traffic signals should be erected at the intersection of Neponset avenue and Victory road.

Respectfully submitted,

LEO F. CURLEY, Commissioner.

Placed on file.

NAMING OF EDWARD J. MCFADDEN SQUARE.

The following was received:

City of Boston,

Office of the Mayor, September 29, 1948.

To the City Council.

Gentlemen:

I transmit herewith communication from the Board of Street Commissioners relative to your order of September 20, 1948, concerning the naming of the space at the junction of Elmdale and Adams streets, Ward 16, Edward J. McFadden square.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Street Laying-Out Department,

September 28, 1948.

Mr. Lawrence P. Gilligan,

Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your communication of September 23 relative to Council order dated September 20, requesting that the space at the junction of Elmdale and Adams streets, Ward 16, be named Edward J. McFadden square, I beg to advise that a meeting of said committee is scheduled for November, at which time said order will be given consideration.

Very truly yours,

L. W. COSTELLO, Secretary.

OIL DEPOSITS NEAR BATHING BEACHES.

The following was received:

City of Boston,

Office of the Mayor, October 4, 1948.

To the City Council.

Gentlemen:

I transmit herewith communication from the Health Department relative to your order dated August 30, 1948, concerning the abatement of oil deposits in the waters adjoining the bathing beaches along the Strandway, South Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Health Department, September 30, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir:

Your memorandum enclosing City Council order of August 30, 1948, requesting an investigation of a health menace created by oil deposits in the waters adjoining the bathing beaches along the Strandway in South Boston, has been received.

The following is a report just received from the Division of Housing and Sanitation, who have been making daily surveys of the beaches in question:

"Daily surveys have been made of the South Boston beaches by Inspectors Dolan and Crosby of the Division of Housing and Sanitation. Oil was noted on the waters in the vicinity of Carson Beach, on August 26, but at no time since that date has there been any evidence of oil slick.

It has been impossible to locate the source because of lack of sufficient evidence. The condition complained of evidently existed for one day and then disappeared and up to the present time it has not reappeared.

Both the personnel at the Harbor Police and at the L Street baths were interviewed and stated that they have not noticed any oil slick during this summer."

Respectfully submitted,

JOHN H. CAULEY, M. D.,
Health Commissioner.

USE OF FROTHINGHAM SCHOOL SITE, CHARLESTOWN, FOR HOUSING.

The following was received:

City of Boston,

Office of the Mayor, October 4, 1948.

To the City Council.

Gentlemen:

I transmit herewith communication from the Boston Housing Authority relative to your order of August 30, 1948, concerning the possibility of the acquisition by the Boston Housing Authority of the abandoned Frothingham School on Prospect

street, Charlestown, with a view to the erection of multiple housing under the low-income program.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority.

Hon. James M. Curley,
Mayor of Boston.
Subject: City Council Order of August 30, 1948,
Proposed Site for Housing Development,
Frothingham School, Charlestown.

Dear Mr. Mayor:

With reference to the City Council order referred to above please be advised that this Authority has viewed the land in question with reference to the contemplated development.

The school in question is presently used by the Board of Overseers of the Public Welfare and they are presently reluctant to relinquish this space until other space is made available.

This Authority is discussing earmarking of money on specific sites with the State Housing Board under the new State program. It will discuss the possibility of use of this site with the State Housing Board and will make a further report to you following that discussion.

Very truly yours,

CORNELIUS P. CRONIN, Chairman.

LEVELING OF STREETCAR TRACKS, WARD 14.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the trustees of the Metropolitan Transit Authority relative to your order of August 30, 1948, concerning the leveling of the Elevated tracks from Franklin Park to Wellington Hill, and the placing of safety lanes along Blue Hill avenue, for the safety and protection of the citizens of Ward 14.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority.
September 14, 1948.

Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Mr. Gilligan:

The Board of Trustees have directed me to reply to your communication requesting the leveling of the streetcar track between Franklin Park and Wellington Hill street and advise you as follows:

In the first place, the rails are in such condition as to have a life of at least ten years more. Secondly, to do this would cost \$241,000. Third it would slow down the service of the passengers in the district who now have the benefit of free-running reservation because it would intermingle the automobile traffic with the streetcar traffic. Fourth, that it would be just as likely to increase the accident hazard as to decrease it because passengers would be standing in the highway to board cars at the stopping places instead of on reservation landings and the opportunity for collision between street cars and vehicles, which are now separated by the reservation, would be greater.

Under all the existing conditions, they cannot accede to this request.

Very truly yours,

EDWARD DANA,
General Manager.

Plans of the Authority for Use of Remaining
Portion of Authority Playground at Bunker
Hill Street, Charlestown—Development Mass.
2-1.

Dear Mr. Mayor:

With reference to the above City Council order you are advised that it is the present intention of the Authority to allow the remaining portion of this playground to still be used for recreational purposes.

The Authority has given consideration to its availability for housing but has come to the conclusion that its proximity to the bridge approaches is such as to make it undesirable for this purpose.

In addition, since the city playground at Medford and Chelsea streets is likewise reduced by the bridge taking, the Authority believes that it is wise to retain whatever space is left to it for recreational purposes.

Very truly yours,

CORNELIUS P. CRONIN, Chairman.

Placed on file.

ADDITIONAL APPROPRIATION, PUBLIC WELFARE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1948.
To the City Council.
Gentlemen:

I am in receipt of the attached request from the Chairman of the Board of Overseers of Public Welfare for an additional appropriation of \$1,550,000 in order that there may be sufficient funds to meet relief expenditures for the balance of the year 1948. This additional appropriation is necessary because of an increase in the welfare case load and mandatory increases in allowances under legislative acts and regulations of the State Department of Public Welfare.

In compliance with this request there is forwarded, herewith, a loan order appropriating the sum of \$1,350,000, and I recommend immediate consideration and action on this order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Overseers of Public Welfare,
October 1, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: Request for Additional Appropriation.

Dear Sir:

This department will need an additional appropriation of \$1,350,000, which should be available by November 1, 1948, in order to care for payments from that date to December 31, 1948. The breakdown is as follows:

General Relief.....	\$200,000
Aid to Dependent Children.....	50,000
Old Age Assistance.....	1,100,000
Total.....	<u>\$1,350,000</u>

This is due to the following:

1. Mandatory increase in allowances under chapter 638 of the Acts of 1948 and regulations of the State Department of Public Welfare effective October 1, 1948, will cost approximately \$400,000 for the balance of the year. The average increase in Old Age Assistance will be approximately \$5 per month and in Aid to Dependent Children approximately \$10.60 per month.

2. Increase in number of cases assisted during the year which could not be anticipated amounted to about 2,100.

Respectfully,

LOUIS P. LEONARD, Chairman.

Ordered, That in accordance with the provisions of chapter 611 of the Acts of 1947, a loan in the sum of \$1,350,000 be, and hereby is, authorized, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city therefor, and that the said sum of \$1,350,000 be, and hereby is, appropriated to be expended in accordance with the provisions of chapter 611 of the Acts of 1947 for the following purposes:

PUBLIC WELFARE DEPARTMENT.

F. Special Items.....	\$1,350,000
9. Dependent Aid.....	\$200,000
10. Aid to Dependent Children.....	50,000
14. Old Age Assistance.....	1,100,000

Referred to the Executive Committee.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1948.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$20,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1948 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$170,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of

work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$20,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, September 24, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....	\$20,000
--	----------

When making up the budget estimates for the year 1948, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1948, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,

JOHN J. MURPHY, Chairman.

Ordered, That the sum of \$20,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....	\$20,000
--	----------

Referred to Committee on Parkman Fund.

TRANSFERS OF APPROPRIATIONS.

To the City Council.
Gentlemen:

The enclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From Public Works Department, Sanitary Service, B-19, Removal of Waste, \$17,000, to Public Works Department, Sewer Service, B-8, Light, Heat and Power, \$10,000, D-3, Fuel, \$7,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From Suffolk County Court House, Custodian, A-1, Permanent Employees, \$1,500; Supreme Judicial Court, A-1, Permanent Employees, \$1,500, to Special Appropriations, Contingent Fund, \$3,000.

EXEMPTION OF PUBLIC SCHOOL CUSTODIANS FROM CERTAIN LAWS.

The following was received:

City of Boston,
School Committee, October 4, 1948.
To the Honorable the City Council.

The School Committee respectfully requests that your Honorable Body adopt an order exempting the public school custodians from the operation of General Laws, chapter 149, section 33 (a), as amended by Statute 1948, chapter 657.

This request is prompted by the knowledge that the custodians in a meeting called for the purpose of discussing the law, agreed practically unanimously that they would petition the City Council that they be exempted from this act, and by the further knowledge that if the custodians are not exempted, there will be an additional cost to the city in the vicinity of half a million dollars.

Respectfully submitted,

AGNES E. REYNOLDS,
Assistant Secretary.

Ordered, That section 33A of chapter 149 of the General Laws, as inserted by chapter 649 of the Acts of 1947 and amended by chapter 657 of the Acts of 1948, shall not apply to those specifically exempted therefrom by said section or to those specified in the order passed by the City Council on December 22, 1947, and approved by the Mayor on December 24, 1947, or to any senior building custodian, any junior building custodian or any other person employed by the School Committee to care for any building in its custody or control.

PROCEEDINGS OF SCHOOL COMMITTEE.

August 24, 1948.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4:20 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Muchnick, Ward and White.

APPROVAL OF MINUTES

The reading of the minutes of July 22 and August 11, 1948, was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated that the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the meeting of July 22, 1948.

The appointments were approved.

DEATH OF DR. WILLIAM H. J. KENNEDY

The Superintendent reported the death of Dr. William H. J. Kennedy, President, The Teachers College of the City of Boston, on Aug. 23, 1948.

Placed on file.

The Secretary read the following preamble and resolution:

WHEREAS, God in His Infinite Wisdom and Mercy has called to his eternal reward, Dr. William H. J. Kennedy, President of The Teachers College of the City of Boston, and

WHEREAS, The Boston School Committee deeply conscious that his untimely death has been a great loss to the teachers and pupils, to the school system as a whole, and to the citizenry of Boston, and

WHEREAS, His distinguished and nationally recognized educa-

tional leadership in the field of teacher training has been brought to an untimely close,

Therefore, be it

RESOLVED, That the School Committee of the City of Boston in meeting assembled on the twenty-fourth day of August, 1948, extends its heartfelt sympathy to the family of Dr. Kennedy and directs that a copy of this resolution be sent to his wife as an expression of the deep feeling of loss that has come to his family, to the public schools, and to the City of Boston.

By unanimous vote of the School Committee, the tribute to the memory of Dr. William H. J. Kennedy was ordered spread upon the records and a copy thereof sent to Dr. Kennedy's family.

Dr. Foley: I just want to get a thought in here for the record, Mr. Chairman. I would indeed be amiss as a member of the School Committee if I did not say a few words for a very close personal friend of mine, and a man whose death is a definite loss to the system, Dr. William H. J. Kennedy.

We all loved him in our family. We knew him well. It is hard for me to express my sentiments and we all know well how he was held in high regard throughout our system. I am quite sure that personally I will miss him.

Chairman: Doctor, I think that you and Dr. Gould express the sentiments of the whole Committee.

The Superintendent reported the death of the following-named teacher:

Agassiz District — Isabelle A. Koury, teacher, elementary, July 24, 1948.

Placed on file.

The Superintendent reported the death of the following-named principal emeritus who had been retired on pension:

Placed on file.

RESOLUTIONS ON RETIREMENT OF DR. ARTHUR L. GOULD

The Chairman offered the following preamble and resolutions:

WHEREAS, Dr. Arthur L. Gould, Superintendent of Schools, will this month retire from the Boston school system after forty-two years of devoted service as submaster, principal, assistant superintendent, and superintendent; and

WHEREAS, Fitting acknowledgment of his outstanding contribution to the children and to the citizens of Boston has been made by the press and by the public, culminating in the spontaneous outpouring at the testimonial dinner tendered him on June 15, 1948, by his associates and friends within and without the school system; and

WHEREAS, The memorable address on that occasion by His Excellency, Most Reverend Richard J. Cushing, D.D., Archbishop of Boston, so aptly epitomized his worth as a man and the value of his achievements as an administrator; that the School Committee has authorized the printing of the address as a school document; and

WHEREAS, The various groups in all branches of the school service have, each in turn, arranged separate luncheons, dinners, and meetings for the purpose of expressing admiration and gratitude for his inspirational leadership; and

WHEREAS, The members of the School Committee have individually endorsed the aims and accomplishments of the retiring Superintendent, and have expressed warmest approval of his personal qualities which have won their affection and esteem; and

WHEREAS, The School Committee deems it fitting and proper

at today's meeting, the last meeting of the School Committee at which Superintendent Gould will occupy his customary position of honor, to take formal and official action by conferring on him the highest title within the power of the School Committee to bestow, a title to be awarded today for the first time in Boston:

Therefore, be it

RESOLVED, That in recognition of his long and faithful service to the public schools and his exceptional administrative leadership during one of the most critical periods in their history; his admirable attributes of mind and heart which have endeared him to his coworkers, and, eliciting responsive cooperation and instinctive loyalty from the entire school personnel, have done so much to preserve and enhance the traditions and ideals of the Boston Public Schools; in grateful appreciation of the man and his work, for what he is and what he has done, the Boston School Committee hereby confers upon Arthur L. Gould the title of Superintendent Emeritus, to take effect Sept. 1, 1948.

The preamble and resolutions were adopted unanimously.

AMENDMENTS TO SALARY SCHEDULE

On motion, it was

ORDERED, That the schedule of salaries for teachers, members of the supervising staff and others, for the period Jan. 1, 1948, to Aug. 31, 1948, is hereby amended as follows:

PREPARATION OF COURSE OF STUDY RELATIVE TO GOVERNMENT, LIFE AND STANDARD OF LIVING

Mr. Muchnick offered the following:

I move that the Board of Superintendents prepare at once a course of study for use in the eleventh and twelfth grades tending to compare and contrast the form of government, the way of life, and the standard of living in the United States with those of communist, fascist and socialist nations.

In my opinion, there should be established immediately in the eleventh and twelfth grades courses of study comparing and contrasting the American system of government, the American way of life, and the American standard of living with the system of government, the way of life and the standard of living in all other countries in the world.

No student in the public school system should be permitted to leave the system without having had a chance to compare and contrast the way of life, the form of government and the standard of living of our country with those of other countries. It seems improper and unfair to the potential high school graduate to leave him open to the vicious, untrue propaganda presently being circulated by communists and fascists without having given the young men and women the complete and true picture of their perverted philosophies of government and a contrast between them and our own system and the benefits of our system.

We say to the young student that communism and fascism are fundamentally wrong theories of government and bad for mankind. We say of our own system of government and our way of life that they are the best, but unfortunately for all practical purposes, we stop there. We leave the youngster to wonder and to gain his knowledge of the facts either on street corners or from propagandists, who, as recent events have shown, have no hesitation in telling vicious untruths in order to gain converts to their philosophy.

If the facts concerning communism and fascism were properly presented to our high school youth and if this youth were given proper guides in preparing and contrasting these philosophies of government with the American philosophy of government, then our country has nothing to fear from foreign or native communists or fascists. It is axiomatic that communism and fascism breed on ignorance. It is also axiomatic that given all the facts, the young American has the intelligence and the will to seek the light and the truth. By giving the clear, unvarnished, unbiased facts to our boys and girls, we have nothing to fear. Our boys and girls have the abil-

On motion, it was

ORDERED, That the salary of Patrick F. Granahan, head bookbinder, in the office of the Business Manager, is hereby established at the rate of eighty-one dollars (\$81) per week, to take effect Aug. 9, 1948.

APPROPRIATIONS AND EXPENDITURES TO AUG. 1, 1948

A communication was received from the Business Manager, under date of Aug. 24, 1948, submitting a statement showing the appropriations, the expenditures and the balances for general school purposes and special items for the first seven drafts of the current fiscal year, the expenditures for the first seven drafts of the fiscal year 1947, and the increases and decreases in the several items.

THANKS FOR EXPRESSION OF SYMPATHY ON DEATH OF JOSEPH MUCHNICK

The following was ordered spread upon the records:

19 Fenelon Street
Dorchester, Mass.
August 23, 1948

Dear Mr. White:

May I thank you, and through you and Doctor Gould, all the members of the School Department for the courtesies and kindnesses extended to me and my family in our recent misfortune.

The thoughtfulness of so many good people like yourselves was a source of great comfort.

May God bless you all.

Sincerely

(Signed) Fannie Muchnick
(Mrs. Joseph Muchnick)

PETITION OF CUSTODIANS' ASSOCIATION FOR HEARING

Mr. John Muldoon representing School Custodians' Association: Speaking in behalf of the custodians, I hereby petition for a hearing before the School Committee relative to overtime rate of pay for custodians.

Chairman: The Secretary will note the request of Mr. Muldoon for a hearing before the School Committee on the question of overtime rates for custodians' services.

Mr. Muldoon: At the earliest possible date.

Chairman: The School Committee will recommend a date, and we will notify you forthwith, Mr. Muldoon.

PROPOSED INCREASE TO TEACHERS

Dr. Foley: Mr. Chairman, I have on many occasions, both in conference and in public meeting, presented to this Committee for its adoption an increase for all the teaching force. I have on occasion mentioned \$250, \$300, and I believe in one instance I mentioned \$400.

I have listened at some length to Mr. Smith with regard to his overall picture of our financial setup. I find now that he has somewhat of a balance. I do not feel at this time that we should interfere with that probably small balance. Nevertheless, we have \$450,000 that was placed in the budget for the consumption of our teaching force, so at this time I am presenting for adoption by this School Committee a motion that each teacher be granted a \$250 salary increase

effective as of July 1, 1948, and that the salary schedule be revised to provide a \$4,738 maximum for all teachers at the high school level and a \$3,874 maximum at the intermediate level, effective of the same date, which is July 1, 1948.

The purpose of this, Mr. Chairman, is that it is essential that the teachers of Boston should reach a level commensurate, you might say, with that level of other cities that probably are not of the "low" of Boston. I have in mind Providence, which under circumstances like our own has been giving far in excess of our salary level here in Boston to its teachers.

I am quite sure that the teachers in Boston are deserving of this level. I would like to see them receive a higher level, but at this particular time our budget will not allow us a great deal of expansion.

It is not asking this Committee too great a favor with regard to the paying of its servants, you might say—our teachers—who take care of the welfare of our children, and that in itself is the most important duty that we have to perform as administrators.

I feel that this Committee should give to our teachers this necessary \$250 as of July 1, 1948, so that their need may be taken care of now rather than to wait any length of time to see what other methods can be used in order to increase their level.

I ask, Mr. Chairman, for the adoption of this order.

Mr. Muchnick: Mr. Chairman, I think it has been well established that every member of the School Committee and every official of the School Department is in sympathy with the present need of teachers, particularly male teachers, of which need Dr. Foley just spoke.

However, granting that a \$250 increase, effective as of July 1, 1948, gives only \$125 to each of the persons concerned and that \$125 is not going to solve any one person's problems, particularly at this stage of the game; to grant a \$250 increase in the new salary schedule to be adopted will require roughly \$900,000, which Mr. Smith has pointed out—and I think conclusively—to the satisfaction of all concerned just does not exist on the figures available at the present time.

It is perfectly possible, it seems to me, and much more advisable, to forego the present \$125. If we find within a few months that Mr. Smith's estimates were incorrect, the \$250 increase can be put into effect at that time, as I understand it, and can continue on.

Furthermore, there has been some talk among the members of the School Committee of going to the Legislature for a much larger amount for teachers, by way of salary, and for the purpose of getting an increased appropriating power. It seems to me poor

psychology to give this \$125 now and then go to the Legislature and ask for several hundred more per person. I think the Legislature could very easily take the view: "You just gave them a raise, and there is no need of giving another."

I think it would be of greater benefit to the people concerned for them to presently forego the \$125 and take the chance of doing much better, and I think they will, within a very short time in the future.

Dr. Foley: Mr. Chairman, we set our increments at \$144 per year. How gratifying it is for individuals to receive that \$144 every year! They look forward to it eagerly because that probably helps to pay for some provisions that they have not been able to pay for.

The new level of \$4,738 and \$3,874 respectively is an inducement for others to come into our system. We cannot be stymied, and we cannot practice false economy. After all, that makes or breaks our system. We must have a level that, after all, is commensurate with other institutions of learning, and you might say that you are with or against this, but nevertheless, it is entirely up to the administrators—and we are the administrators—to set up a level for our future citizens, whether it is your children or my children who are going to take our place and are going to take the places of the teachers here. We must of necessity establish a level that at least will be a paying proposition and so that they can live in the society in which they like to live, so that they can be leaders in their respective communities, so that they can at least go out and say, "I am a teacher. I get a fairly good salary, and I can take my part in society."

That is all I plead for, Mr. Chairman. You can break this all down, probably, to a dollar a day or fifty cents, or \$125 or \$250. That means nothing. The main issue here is: What level are we going to have our teachers receive as a necessary salary? And the need, Mr. Chairman, is now.

Mr. Muchnick: Mr. Chairman, if I might just break in for one more comment, we cannot establish a level which we cannot in the future afford to meet, and if we are not going to have the necessary \$900,000 the next year with which to meet the \$250 level, it seems to me pretty silly to adopt it.

All we can do right now for all practical purposes, based on the figures that were furnished us by the Business Manager, is to give a present bonus of \$125 with no assurances that it can be continued in the future; and I do not want to be boring you, but at the risk of doing so, I want to repeat that I think acceptance on the part of the teachers of that small sum now, in my opinion, would hurt the possibilities of getting a much larger sum from the

Legislature. I think it is silly to take that risk at this stage of the game.

Mr. Ward: Mr. Chairman, the original \$450,000 that was appropriated by this Committee previous to our consideration of the budget was appropriated for the purpose of having a feeling in the minds of this Committee that men teachers were to be adequately paid because of the extra cost of the maintenance of a family.

Chairman: That was the unanimous opinion of the Committee.

Mr. Ward: That is right, and this Committee felt that in all honesty to ourselves that money was appropriated for the men within the system. That was not my vote nor Dr. Foley's vote—that was everybody's vote. That was unanimous. As this thing went on, it was found—

Dr. Foley: Mr. Chairman, I rise to state a point of order.

Chairman: State your point of order.

Dr. Foley: I must of necessity break in because we knew when we were voting—

Chairman: State your point of order.

Dr. Foley: My point of order is in reference to the \$450,000.

Mr. Ward said it was unanimous with regard to the payment of it to men. I wish to say that we were led to believe—and we did get authentic thought from Mr. Canty at that time—that it could not be done for men.

Chairman: Nevertheless, Doctor Foley, the motion was made, and at the time of the budget discussion, the suggestion was made by Mr. Muchnick that the \$450,000 remain in the budget to see if there was some legal way by which that money could be appropriated for an adjustment for men teachers, and that was the reason it was left in the budget and the Mayor's veto was not upheld.

As a matter of fact, that is part of the record that is here and which I shall read subsequently.

Dr. Foley: I said the \$450,000 for all teachers.

Chairman: No, Doctor. If you will get the minutes of the meeting in which you made the motion—

Dr. Foley: Mr. Chairman, may I say—

Chairman: Dr. Foley, the Chair recognizes Mr. Ward. The Chair will recognize you later.

Mr. Ward: If what I have to say is incorrect, then I stand challenged. However, on that Sunday afternoon when we met, it is my recollection that a delegation from the men's group was here, headed by Mr. Canty, and that we appropriated \$450,000 for the purpose of finding some legal means or method to give the men an additional increase in salary based solely on the fact that an economic condition existed within their homes—those men who had families to maintain—and that we might do something for them to compensate

them because the women had received under the statute of equal pay a considerable sum as an increase in salary.

At no time did the women, as I found it at that particular time, ask for any more money than the Committee had at that time delegated in a previous meeting or had allocated to them.

At a later meeting—or a conference, perhaps, it might have been—I brought in a suggestion which I quoted from the City of Chelsea and the City of Melrose, I believe, and that suggestion was a program for a family allowance. The family allowance program did not only affect men but it also affected women because many of our women within the system who have returned as widows have large families and dependents.

I suggested at that time that we inaugurate a family allowance plan and that this \$450,000 that was appropriated be subdivided for a family allowance.

The Law Department has ruled, and that ruling was read today upstairs. The ruling is that the School Committee cannot grant that, but they say that what the School Committee can do is to request the Legislature to grant us permission to provide family allowances under the chapters of equal pay.

Chairman: Do you wish the Secretary to read that decision?

Mr. Ward: I have it here, Mr. Chairman. I would like to read that into the public record.

Chairman: At one of the recent meetings, in answer to a question by one of the representatives of the teachers' groups, the Chair said the Law Department had given an opinion.

Mr. Ward: That is right.

Chairman: The representative of the teachers' groups—and I believe it was Mr. Canty—said the thing was not in writing and that he would like to see it in writing, and immediately the School Committee, to co-operate, asked the Law Department for the decision in writing. That is what you have.

Mr. Ward: I would like to have the Secretary read that opinion.

Secretary:

CITY OF BOSTON LAW DEPARTMENT

11 Beacon Street, Boston 8, Mass.
July 26, 1948

Miss Louise Kane
Secretary, School Committee
15 Beacon Street
Boston, Massachusetts
Dear Miss Kane:

In your letter of July 23 on behalf of the School Committee you ask whether "... under the provisions of the so-called 'Equal Pay' referendum, it is possible to grant an allotment to teachers for dependency or to provide for a family allowance."

As a result of the referendum in question, the following provision of G. L. c. 71, s. 40 became effective in Boston:

"... Women teachers, employed in the same grades and doing the same type of work with the same preparation and training as men teachers shall be paid at the same rate as men teachers..."

In answering your question it is convenient to deal with the following case of two teachers, one male, one female: (1) each teaches senior English in the same high school; (2) each has the degrees A. B. and A. M. from the same institution; (3) each has served ten years in the Boston school system.

Clearly the woman is "employed in the same grade and doing the same type of work..." as the man. Clearly she has the same "preparation and training." The statute therefore requires that she "...shall be paid at the same rate..." no more, no less.

Suppose, now, one of the teachers acquires a dependent, the man, let us say by marriage, or the woman by the necessity of supporting an invalid parent. May the School Committee give increased compensation to the one so burdened without allowing it to the other?

If the School Committee has such power under the law it can only be because the acquisition of a dependent has changed (1) the "grade" in which the teacher is employed, (2) the "type of work" he or she is doing, or (3) his or her "preparation and training." In my opinion it has quite clearly changed none of the three.

I conclude, therefore, that the existence of dependents will not justify a difference in salary between male and female teachers who are otherwise equivalent in "grade," "type of work" and "preparation and training." The law requires that such teachers be paid at the same rate.

Yours very truly,

(s) James W. Kelleher
Acting Corporation Counsel.

Dr. Foley: Mr. Chairman, I am quite sure that the School Board is cognizant of that very procedure and was cognizant of it some months ago. I believe Mr. Kerr explained that in his office when we deliberated with regard to family allowance.

We went all through that matter with regard to family allowance. Some members felt that it was a welfare act or something of that kind and that it was almost impossible for us to declare a family allowance, so that we went along with the plan of seeing to it that all teachers would receive compensation of some sort—that is to say, we had \$450,000 unused money, new money, in the budget, and we felt that after all we should make a due allocation, whether it was the 1st of January of 1948 or July 1st.

I felt that a new level should be established as of July 1st so that it would come into effect when this 1875 law was probably done away with and was off our books, as it will be in this new setup of our new ledger.

If this Committee feels as though some compensation should be given as of July 1, 1948, to all teachers, it is perfectly all right with me.

I still feel as we did at one time when we were quite sure we could not spend \$1,000,000 on emergency allotments. At that particular time we were wondering where we were going to get the \$1,000,000, but we did get it. We got it the following year, and we had quite a lean budget at that time, but we received it very nicely.

I do not feel we are going to have any difficulty in establishing a new level for our teachers. I really feel that they are entitled to it, Mr. Chairman.

Mr. Ward: Mr. Chairman, on this particular matter I still contend that the \$450,000 was appropriated for the purpose of giving redress to men, and that was the way that I have maintained my position continuously through this entire matter, whether it be through the medium of a family allowance or whether it be a straight \$400 increase. I am even prepared now to vote, as I voted on that Sunday, for a straight \$400 increase for men and let the matter go to the Supreme Court if it will.

I am further prepared to try as best we can to bring about a family allowance for those teachers within our system whose morale must be quite low based on the fact that the cost of living is so great that they are unable to meet the requirements of their families, and I am particularly concerned about these particular teachers who have growing children.

I am perfectly agreeable to going along with a family allowance regardless even of the Law Department and letting the case again be tested in the Supreme Court.

If Dr. Foley's order is adopted and only \$125 can be allocated and must be allocated to all teachers, two-thirds of them who did not ask for it will be included. Only one-third of the teachers asked for it and gave this Committee a reasonable argument why they should have it and gave a very concrete argument why they should have it; and the five members of this Committee listening to their plea agreed to that particular thing.

Although I can only give to those people one-third of what we originally appropriated, I am perfectly agreeable to that; but I do believe that if we cannot vote consistently for the \$400 which we agreed to do on that first Monday when we were discussing this budget, then we should consider the family allowance plan, and if the Law Department says they can be redressed through the family allowance plan by the Legislature, I would be perfectly agreeable to saying, "Let that money stay there and let us give that money for the purpose for which we originally appropriated it."

Am I right or wrong, Mr. Chairman, about the original appropriation of that money?

Chairman: I have absolutely no objection to the veracity of any part of your statement, Mr. Ward. As far as my memory serves me, the statement you made is exactly true.

Dr. Foley: Mr. Chairman, I believe Mr. Ward has rather fogged me up just a bit with regard to his deliberation on the family allowance and the expenditure of this amount of new money which was put in the budget for a definite purpose. It was put in there for the teachers of Boston. I am quite sure you will find that. We had some deliberations as to whether it was possible to give it to any particular group, and we knew at that particular time, after some weeks, that it was impossible to do it.

Our thoughts were good. We felt as though we were going to do the right thing. We were trying to adjudicate something so that everybody would get some part or some thing that they could bring home to their families. There was nothing against it. I think that the women teachers of Boston should receive increases as everybody else receives them as they go along, and we know now from the referendum of November that they are on an equal footing and we cannot really argue that point or debate the point. Therefore, it stands now that whatever we give to the men teachers of Boston we give of necessity to the women, and that is perfectly all right. They are entitled to it. They should get it. I feel quite definitely that if we are giving \$250 to the men teachers of Boston, let us then have a new level for the women teachers. Let us have a new level for the men teachers.

We talk of \$5000 on a new set-up—a single-salary schedule. We talk of \$5500. I have listened to members of this Committee say, "Why, the teachers don't get enough. They should get \$5500. They should get \$6000."

Good gracious, you cannot get them up here to \$4,738 and \$3,874 respectively. Let us do it gradually. We have to creep before we walk, so let us creep gradually. Get up gradually to this new level. It is a laudable thing, and it is a nice thing to do, and why not do it this year because we have the money there?

I am sure, Mr. Chairman and Members of the Committee, that we can formulate plans. We do not know what the remaining part of the year is going to do, or next year, but it is not too much to offer. I tried to get \$400 for the teachers of the system. I finally came down to \$250. If there is anybody here who has an amendment to my \$250 that will make it \$144 as of Jan. 1st, I should be glad to accept it.

Mr. Ward: Mr. Chairman, what should have happened on that particular Sunday was that

if this Committee knew that this could not be allowed, we should have asked for \$1,300,000. I would be in perfect harmony just so long as the men teachers received that \$400 raise if we could ask for an appropriation of \$1,300,000 and give everybody the same increase. I do not believe there is a man in the system who would object to the women getting a \$400 raise.

I think it has been consistently pointed out by the various delegates from the men teachers' organizations that they at no time had any opposition to women getting increases in salary, but I believe that this particular money was appropriated by this particular Committee for the men.

Now, if it had been appropriated at that time for both men and women, I certainly would have asked that the level be raised to \$1,300,000, but I did not at that particular time when we voted on this money know that it was going to be allocated to all teachers within the system, and I do not believe that you, Mr. Chairman, believed that.

Chairman: Mr. Ward, I want to be forgiven if I show a lack of humility, but I want to express to you and to Dr. Foley my profound gratitude for your vindication of the attitude I have taken from the beginning. Perhaps I was a little more clear in my outlook than Dr. Foley anticipated I would be.

I do not know now, after the statements I have heard here this afternoon, what we held all these hearings for and why we wasted so much time of the Committee and the representatives of the Schoolmen's Association and the Teachers' Alliance.

If my memory serves me right, the \$450,000 was placed in the budget originally for adjustment of \$400 apiece to the men teachers of the system—1,016, I believe. That was the figure submitted to us.

The Committee on a Sunday afternoon unanimously agreed to that. I believe the motion was made by Dr. Foley and seconded by Mr. Ward, and it was unanimously agreed to by this Committee. We are all in unanimous harmony with the one proposition—with the fact that equal pay had brought a change in the salary adjustment of the women teachers during a time of rising living costs when the men teachers had only received the 16 percent salary raise (and that is true even up until today). We had a deep and profound sympathy for this financial and economic situation, so we appropriated the \$450,000.

We did that for a one-year period so that we could go to the Legislature, and that was the way I reported it downstairs that Sunday afternoon. I also reported that we would ask for an extra appropriation of the Legislature the next year to continue that \$400, and then under the law, if we had to give the additional \$400 to the women, we would

consequently next year keep up the equal pay provisions of the referendum. That was objected to by the representatives of the men forthwith.

Then the Committee went back at a subsequent meeting and left the \$450,000 in the budget, even though we were told it was illegal because we were giving it to one group and not to the other. That was illegal under the equal pay provisions. We had many hearings, and then it came to the appropriation and the time to notify the Assessors and the Mayor, and we sent our budget to the Mayor with the \$450,000 in it.

Subsequently, the Mayor vetoed that \$450,000 item, and the Committee in its deliberations unanimously left in the appropriation to see if there was some legal way that the men could receive an adjustment of \$400. It was obvious to some of us at that time that there was no legal way. We had unfortunate disagreements with the representatives of various groups. Any suggestion that came from the representatives of the Economic Association was the \$400 adjustment for the men. We deliberated on that up until tonight.

There has been no petition from the women teachers, though, for an additional adjustment in salary. I believe that at a meeting Dr. Foley changed his motion for \$400 to the men to one that would use the \$450,000 for all teachers. Am I right? I am subject to correction.

Dr. Foley: You are right. That was on May 28th.

Chairman: During those deliberations, we sent for the representatives of the Schoolmen's Association, and Mr. Canty and Mr. Doherty arrived in the Superintendent's office. It was after Mr. Kerr had told us that the family allotment was illegal. Mr. Canty definitely opposed the family allotment idea. Mr. Doherty suggested it, and we notified him that Mr. Kerr had said that in his opinion that was illegal.

Subsequent to that, Mr. Moloney and Mr. Canty came in, and then Mr. Canty substantiated Mr. Moloney's argument for additional salaries for family allowances.

Mr. Canty was told then that the Law Department, which is our legal adviser, told us it was illegal. I think he had a difference of opinion but he demanded to see that opinion in writing. Now, we have the opinion in writing, and it brings us down to the simple fact that the \$400 for the men under the equal pay provision was illegal—that the family allotment under the provision of equal pay is illegal.

We still have the \$450,000 that was appropriated for an adjustment in salary to men, and to give those men an adjustment in salary, that \$450,000 is illegal unless divided with the women. Is

that so. Mr. Ward? Is that a clear enunciation of the problem?

Mr. Ward. That is right.

Chairman: And now we have come down to the final meeting. It was obvious to me at the meeting with the Schoolmen's Association that the School Committee would not or could not give the men the \$400 and to be forthright with the men I made that statement to them. I knew that would happen right up to this minute because it was illegal, and I quoted the Law Department's ruling.

I told them also that if this School Committee was going to wreck the morale of the school system by denying women teachers the equal pay provisions, the School Committee would never do that.

I want to express to you my gratitude for now agreeing that way back at that time I was trying to give the men a clear picture of what the final adjudication would be. I am sorry, though, that with so much lack of foresight and so much misconception and, furthermore, such ill-advised leadership on the part of some men, that I am afraid this continued agitation has wrecked the morale of not only the men but the women. It has developed a cleavage in this school system that will take years to correct.

I made a statement over two months ago that the one way to adjudicate this whole thing was for us to strive together for the single-salary schedule that this Committee unanimously agreed upon two years ago with a \$5,000 maximum for the teachers of Boston.

That is now what Dr. Foley is approaching and what we are all approaching because that is the only way we can approach it in a legal manner and all this deliberation and argument and misconstruction and misinterpretation and discontent has been caused by a lack of foresight and a lack of understanding; and I suggest that this be adjudicated and settled today.

Dr. Foley: Mr. Chairman, I do not believe it was the lack of leadership on any individual's part.

Chairman: Well, then it was a willful misleading.

Dr. Foley: I would not say that, Mr. Chairman.

Chairman: Well, Doctor, I am pretty certain that you gave all of these men the impression that you were for one thing and one thing alone, because I heard you.

Dr. Foley: Yes, I was for a salary increase.

Chairman: For \$400 for the men. Now, your motion tonight is altogether different when it comes to the final adjudication.

Dr. Foley: Back as far as May 28 I felt that I would probably have to change and include women as well as men. I felt as of November that if the women were going to get an increase, I would like somehow or other to have the men get an increase, and it is a

laudable thing for individuals to lead their men and lead organizations.

Chairman: Doctor, let me tell you something. At the meeting at which Mr. Moloney appeared, I told Mr. Moloney—because I did not think he was informed of all the deliberations this School Committee had given the salary situation—that this Committee in its sympathy for the men, in its understanding of their economic problem, had tried every legal means to give them an adjustment, and everything that Mr. Canty ever suggested or that Mr. Moloney ever suggested, this Committee itself tried and deliberated upon and asked the Law Department about. There has been no difference of opinion among the School Committee members about the necessity for an increase in the pay of the school teachers. That has never been denied. It was how you could do it legally.

Dr. Foley: That is right. May I continue, Mr. Chairman, by reviewing the action of May 28th, 1948, which is some time ago? We had June and July meetings, and we have had plenty of time to allocate money if we possibly could do it. We met in deliberation with different groups to find out how much money Mr. Smith had and what his balances were, and so forth.

We did that since time immemorial. However, at that particular meeting—and I am quoting here—I made a motion that all male teachers in the Boston School System be granted a \$400 increase in salary retroactive to January 1, 1948, on the basis of the classification of May 14 in the Boston School System, and all female teachers employed in the same grades and doing the same type of work with the same preparation and training as the aforesaid male teachers shall receive the same compensation as the aforesaid male teachers.

At that particular time, Mr. Chairman, I was probably following the precepts of the law as I saw them at that particular time. In fact, I worked to some extent to have a classification. I thought that that was the provision for the same compensation for the same training, same amount of work and the same preparation.

I felt that that was the crux of the whole setup—that after all that is what I was trying to work for, and in that way we might be able to share and share alike with all the teaching forces. However, it seems that at a later date we could not agree on that, so I thought the best thing to do was to bring in the proposition—as the referendum was then clearly taken care of, as Mr. Kerr of the Law Department expressed himself very nicely on, and we went along with him—that in order to give anybody an increase, the teaching forces both male and female were just the same.

So that then we had gone over this since May 28th with the understanding that we would

break down the \$450,000 that was in the budget, and it was perfectly clear to every member of the Committee that we would share it among the women teachers and that we probably could give each and every one their \$250 or \$300.

In fact, we tried to give them \$400. However, I really think, Mr. Chairman, that some consideration should be given those who have not received any increase, and if the women teachers are going to benefit by it, good—perfectly all right. That will bring up their level to \$5000, which I hope and pray they will receive before I get off the Committee, and I trust that the men will receive the same thing—\$5,000.

I feel, Mr. Chairman, that that is the motive. It motivates this setup that we have—that we should have a level that is far superior to Providence. I understand that Providence schools are in excess of \$4848. I believe they are up to \$5,000.

They had difficulty because their School Board did not have the money. Nobody had the money, but they find now that there is sufficient money to give their teachers a good salary. That is the only thing that has primed me on—to give a fair salary for a fair day's work, a good day's work, for the satisfaction of our children, and I have one going to school.

Chairman: Doctor, I doubt that anybody in this Board doubts the motives of your motions at all.

Mr. Dalton: It is important, Mr. Chairman, to correct one grave misapprehension of fact which appears in your discussion today. I would like to make a suggestion on that.

Chairman: I will recognize you later, Mr. Dalton, but we may clear this misapprehension up in the course of discussion.

I would like to say for purposes of clarification that on the question of reclassification, when it came up to this Committee right before the motion was made for reclassification on a Sunday afternoon by a representative of the Schoolmen's Association, this Committee unanimously reclassified the schedule so that all high school women teachers would get the same pay as all high school men teachers, all intermediate women teachers would get the same pay as all intermediate men teachers, and all elementary and kindergarten women teachers would get the same pay as the intermediate men and women teachers.

That was the reclassification that was unanimously approved, and that was done before even the Schoolmen's Association banquet, and it was unanimously approved by this Committee. That also prompts me to say, Doctor, that we have wasted an awful lot of time and gone along on a lot of avenues of misconception.

Mr. Ward: Dr. Foley made a statement there in which he said

his purpose was to take care of those who had no increase. That was my purpose, and that would include simply the men teachers.

Dr. Foley: We agree on that, Mr. Ward.

Mr. Ward: We agree on men teachers.

Mr. Muchnick: Mr. Chairman, it seems to me that the purpose should not be to take care of anybody who did or did not get an increase. It seems to me the purpose ought to be to obtain for the teaching force of the City adequate salary levels, and if by the giving of a meager increase we are going to endanger the second proposition, which is by far more important, then we are not doing any justice to the teachers or to anybody in the system, including the children. I think in voting on this increase we ought to bear this in mind.

Chairman: I think there is no disagreement on that.

Mr. Ward: I think—

Dr. Foley: Mr. Chairman, there is a disagreement as far as I am concerned with the statement of Mr. Muchnick when he talks about a meager existence.

Mr. Muchnick: I said meager increase.

Chairman: The Chair would like to say that the Chair has no disagreement with the fundamental soundness of Mr. Muchnick's statement. We all recognize, Mr. Muchnick, that we were tending toward the single-salary schedule, but we did recognize, if you will remember when you made the motion, that during this period in which we were going toward a single-salary schedule we would give the one group of people who during these trying times did not receive a raise a temporary increase of \$400 for one year and then go to the Legislature. That was the purpose with which we started, and we were all in agreement on it.

Dr. Foley: Mr. Chairman, that is a long-range program. I think it is absolutely necessary to grant an increase no matter what the stipend might be. \$100, \$200, or \$250 is not a meager stipend at all. Whatever the trend upward is, that is not a meager existence. That means a tendency to go further on to that goal of \$5000 as expressed here.

Therefore, I feel, Mr. Chairman, that this Committee here is unanimous about giving to our teaching forces—namely, the men and women teachers who are the foundation of our system and who carry on the burden of our system and without whom we probably would have to close the system—an increase of \$250, which is small enough.

As long as we have the money in the budget and as long as it is not going to hurt the system, let us not go into too long a range by going into 1949 and 1950. The members of this Committee as administrators can adjudicate and see to it that our very efficient

business manager here will have the necessary money. I think it would be a glorious thing to do, to do it now, and give them something. It is small enough. Give them something to set their sails on so they do not get into squally waters. If you ever get into squally waters and have a sail boat come down against the tide, then you would know that you feel as though you were against the tide here.

Let us get out from the barnacles and have smooth sailing. Have our range at \$5,000 and you will come down the course very nicely with all sails floating in the breeze.

Mr. Ward: Mr. Chairman, I move this thing be put to a vote. Dr. Foley has made a motion—is that understood? I want to make myself clear again that if a motion were to be made for a \$400 increase, which was our original purpose, I would vote for that and let the Supreme Court decide it later.

Mr. Muchnick: Why don't you make the motion, then?

Chairman: Mr. Ward, we have been notified by the Business Manager that the money is not available for a \$400 increase to all teachers.

Mr. Ward: That is right. I say that on a motion here I would vote for it. If a motion were made for family allotments or a family allotment were possible under the law, I would so vote for that. As a result I will vote for Dr. Foley's motion, although it means only \$125.

Dr. Foley: May I say, Mr. Chairman, that I hope that the rest of the School Board members will not have strange bedfellows voting with them.

Chairman: You are not impugning the motives of any member of the Committee, I hope.

Dr. Foley: No.

Mr. Muchnick: Mr. Chairman, I am a little at a loss to understand Dr. Foley's last statement in connection with Mr. Ward's statement that if a motion were made he would vote for it. If that is his feeling, it is very simple for him to make a motion and be recorded in favor of his own desires.

Mr. Ward: That was your desire.

Mr. Muchnick: Regarding the suggestion that everybody vote for this particular increase, I have no objection to people receiving increases, particularly when they are deserved and legal, and I think they are both deserved and needed in this situation; but I cannot in all conscience vote for an increase of this small amount when I believe that it will have an adverse effect upon the potential of getting an increased amount this coming year through the Legislature or through any other means we may have at our disposal. I would like very much to see this matter dropped for the time be-

ing, but if it is not dropped, I intend to vote present when the roll is called.

Dr. Foley: Mr. Chairman, I have just one more thought. I can remember when we were deliberating on the budget that Mr. Muchnick said that he was in favor of giving the teachers \$125, and I believe we acquiesced with him on that. We were glad to help out if we could not get the \$400 or \$300, but I am quite sure that Mr. Muchnick does not change over night. I am quite sure he feels that all teachers should have received something. I do not see why—

Mr. Muchnick: Not if it is going to hurt them, Doctor.

Dr. Foley: Money never hurts anybody. May I say this, Mr. Chairman? Mr. Dalton of the Teachers Alliance wanted to say a word to the Committee. Do you have any objections?

Chairman: Any member of the Committee can make a motion that Mr. Dalton be heard by suspension of the rules.

Dr. Foley: I move for suspension of the rules.

Mr. Muchnick: I second that motion.

A roll call was ordered and the members respectively voted as follows:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

The rules were suspended and the Chair recognized Mr. Dalton.

Mr. Dalton: If there is one thing I remember very distinctly and very clearly with respect to the proceedings, it was the motion of Dr. Foley by which the \$450,000 was put into the budget, and I am amazed here today that apparently no member of the Committee or the Administration remembers the motion by which that \$450,000 was put into the budget.

Now, I do not know what the School Committee men had in mind or what their purpose was in voting it; but at the time it was suggested, women representatives present objected strongly to putting \$450,000 into the budget for raises for men alone; and at that time the motion was changed to read that the \$450,000 would go in as a salary readjustment for all teachers; and I remember that clearly and distinctly because our organization is very much interested in that particular motion, and we were interested in the method by which it went into the budget.

Chairman: Mr. Dalton, there is a difference of opinion between your memory and mine. When Dr. Foley made the motion to put that \$450,000 in the budget, it was a Sunday afternoon and it was a special conference. There were no women teachers present. The only one present to my knowledge was Mr. Canty, and after that motion was first made—and I stand corrected if this is not so—and after we had de-

liberated some time at a subsequent meeting, we got the Secretary and the Board of Superintendents to try and interpret the motion—what it was made for—and to this day we never got a clear interpretation of whether it was \$125 for all or \$450,000 to be divided among the men. If you are talking about a subsequent meeting when the motion was finally made prior to going down to the Mayor, that is a different story.

Mr. Dalton: I am talking about the official vote, Mr. Chairman, at a public meeting when it was officially put into the budget, and that was the legal reason for which it was put into the budget. I am talking about what that money is tied down to legally by your official vote at a public meeting. That is the meeting I am talking about, and I remember it distinctly and clearly because we were interested in it.

Chairman: I have no argument with that, but I also know in general what took place when the Mayor vetoed the budget. We subsequently took further action, Mr. Dalton, and left it in the budget, and I will get the minutes of that meeting to prove that when it came to a question of upholding the Mayor's veto or overriding the veto, it was on a motion of Mr. Muchnick's that that be left in the budget to see if we could find a legal way of giving that money to the men teachers.

Mr. Muchnick: I think that is so.

Chairman: If you are trying to clear up a misunderstanding among the Board, I believe that the minutes of the meeting will serve better, and I will send for them. That is the subsequent meeting that places this now officially in the budget because it was overriding the Mayor's veto, and that was the final act of this School Committee when motion was made by Mr. Muchnick for the purpose of giving it to the men.

Mr. Dalton: Mr. Muchnick's motion—

Chairman: Mr. Dalton, are you here to make a statement? If you are here to take part in the proceedings—

Mr. Dalton: I would like to make one more point. The Mayor vetoed the \$450,000 as it was put into the budget legally. Any motion made after that or any talk with respect to it has nothing to do with it. Somebody was trying to say that the Mayor vetoed something that you changed later. The Mayor vetoed the \$450,000 salary readjustment for all teachers.

Chairman: I am not going to argue that with you. When we were overriding the Mayor's veto and left that in the budget, it was definitely designated by Mr. Muchnick to see if we could give it legally to the men.

Mr. Dalton: All I am saying is that you could not do that at a subsequent meeting, you

could not change the order of a subsequent meeting after the Mayor had vetoed it. You would have to vote on the thing which he vetoed, and I say the thing which he vetoed was a \$450,000 salary readjustment for all teachers.

Mr. Ward: I believe that when the original Sunday afternoon meeting was held, the order was put in to adjust the salaries of men. At a later meeting, I believe that somebody brought up the legal point that money could not be allocated in the budget and earmarked for men only.

Chairman: That is what Mr. Dalton is referring to.

Mr. Ward: It would have to be placed in the budget for teachers' salaries.

Chairman: That is right.

Mr. Ward: As I understand it, that is the situation.

Dr. Foley: That is a year ago.

Mr. Ward: That is true. It was in the budget as teachers' salary, but in our meeting down here and in our deliberations before the Committee which we are talking about now, that money was primarily allocated for an increase in salaries for men. Had the men not been in that Sunday afternoon and asked for that \$450,000, there would be no \$450,000 in the budget.

Chairman: That is correct, Mr. Ward, and that was put in in four different items to get it in.

Mr. Muchnick: Mr. Chairman, on the Sunday afternoon at the informal conference, as I remember it, it was limited to men only. On May 28th, on Monday, it was included in the budget for all purposes, men and women, by way of salary adjustment.

The subsequent veto by the Mayor and then the request on my part, if I remember correctly, that if possible it be limited to men, does not affect our action, as I see it, of May 28th. It is still in there from the point of view of the law, as I see it, which is the way Mr. Dalton says it is. It is the original action of May 28th that keeps it in for all purposes.

Chairman: But you want to remember that when that was put in the budget—

Mr. Muchnick: It could not be put in any other way.

Chairman: That is right, but it was the intent of the man who made the motion—

Mr. Muchnick: Having been put in that way, regardless of our intents subsequently, it remained in that way.

Chairman: It does not always remain that way because once that budget is approved, three votes could use that money or transfer it for any purpose possible, and that is why Dr. Foley qualified his statement.

Dr. Foley: I thought Mr. Ward spoke to the men teachers and said that he was definitely with them for an increase of some kind.

Chairman: I have no question there, Doctor.

There is no doubt that that statement is true. I am just saying that regardless of what has been said, when the motion was made to put it in the budget it was to put it generally in the budget.

Mr. Muchnick: That is the only way it could go in.

Chairman: That was the only way it could go in, but it was put in for the purpose of giving it to the men.

Dr. Foley: I would not say that, Mr. Chairman.

Chairman: Then, Doctor, you have definitely changed your attitude.

Mr. Muchnick: Regardless of that, Mr. Chairman, it cannot be given only to the men.

Chairman: I said that long before he put it in there.

Mr. Muchnick: It can only be given today on Dr. Foley's motion of the \$125. That is what it amounts to.

Chairman: No, that is not so. Now, since that money is in the budget, the Committee can allocate the money by three votes. Am I right, Superintendent?

Superintendent: Yes.

Chairman: Business Manager?

Business Manager: Yes.

Chairman: They can allocate it for any salary increase they want to give.

Business Manager: That is right.

Chairman: That is right, regardless of what has been said here, that money now can be allocated to anybody. Legally, I recognize that you cannot give it to one group without giving it to the other.

Mr. Muchnick: That is what I meant.

Chairman: Well, I am trying to explain to you that what that was put in the budget for is exactly the way I said it, whether a technicality was there or not.

Dr. Foley: Mr. Chairman, as the records of the public meeting here read, it is for all teachers, and that is as of May 28th; irrespective of the interpretation of any of the Committee, then and there was the opportunity for all the members of the Committee to vote either in or out. That was the opportunity either to put it in the budget or take it out in public meetings. We cannot do it in conference, so my motion here of May 28th was the inception of the plan to provide \$450,000 for all teachers.

Chairman: Subsequently, Doctor, did you make another motion on that?

Dr. Foley: I have made any number of motions, Mr. Chairman.

Mr. Ward: Mr. Chairman, I would not want to go into details on this, but it looks something like this—that on a Sunday afternoon in the merry month of May, we gave the teachers a raise in pay and three months later we took it away.

Dr. Foley: I hope you are not doing that today.

Mr. Ward: I would like to see it appropriated for that purpose,

but it cannot be according to law. Now I will make a motion, Dr. Foley, regardless of the ruling of the Law Department, to give a \$400 raise to men.

Dr. Foley: We are not talking about \$400. That is out.

Mr. Ward: That is what we originally appropriated the money for. Now I say this—not to deprive the men even of the one-third, or to give them just one-third of what we originally on that particular afternoon voted for, I am going to vote for it because it is giving them something at least and is not depriving them altogether of something that they are entitled to, and they are entitled to more.

Dr. Foley: I am ready to vote, Mr. Chairman.

Chairman: Any further discussion?

Business Manager: Mr. Chairman, I ought to call the attention of the Committee again to the fact that because this order is dated from July 1st, half the cost of it will only appear in this year's budget and the \$450,000 will take care of it, but it presents a problem next year of providing \$900,000 to continue it. In my opinion, you will not have appropriating power enough unless the Legislature acts and increases your appropriating power.

Dr. Foley: Well, Mr. Smith, we had appropriating power to appropriate \$450,000, didn't we?

Business Manager: Yes.

Dr. Foley: And you have now unappropriated funds amounting to how much?

Business Manager: You have unappropriated funds of \$769,000.

Dr. Foley: Then we are close to it.

Business Manager: But that does not mean you will have that amount next year. In that was \$459,000 of balances and \$150,000 in estimated income. Now you are gambling whether or not you are going to have that available next year.

Dr. Foley: I think we will be all right.

Business Manager: Plus the fact that you are going to provide \$215,000 to take care of the clerks' salaries—the \$300 increase the clerks and the custodians got on July 1st. You must provide that.

I would like to know just what Dr. Foley's motion meant by "teachers." Whom does he include? Does he include headmasters and principals? Does he include heads of departments? Does he include directors? Does he include supervisors? I mean it is a very vague motion.

Chairman: That comes under the budget.

Business Manager: It is a very vague order.

Dr. Foley: Mr. Downey gave that interpretation.

Business Manager: What is meant by "teachers" in the motion?

Mr. Downey: Everybody, if it is teachers, from the Principals

and Directors down. However, it does not include civil service employees. Everybody who is permanently appointed, whether on tenure or not.

Mr. Muchnick: Mr. Chairman, I think we ought to have one thing understood clearly. The \$215,000 that we will need next year to take care of the \$300 increases for civil service employees and custodians should in no way affect this \$450,000 either this year or next year or at any time. It is my thought that the Mayor is the one who should be concerned with that, he having done that. But if it becomes our problem, as it may well become, it seems to me it is our duty to go to the Legislature and get at least that amount of extra appropriating power, but any moneys to be used for the non-teaching force should not come from those sums that we have taken.

Chairman: It would not under any circumstances, because we have over \$759,000 of unappropriated spending power. The motion of Dr. Foley ordered that each teacher be granted a \$250 salary increase effective July 1, 1948.

Dr. Foley: And that the salary schedule be revised to provide a \$4738 and \$3874 level for high school teachers and intermediate teachers respectively.

Mr. Downey: Mr. Chairman, if everybody gets \$250, you simply add it to the present salary schedule.

Dr. Foley: That is right. I thought I clarified it here in the figures I vote yes, Mr. Chairman.

Chairman: The Secretary will call the roll.

The roll was called and the members voted as follows:

Dr. Foley: Yes.

Mr. McDevitt: No, with the reservation to make a statement after the roll is called.

Mr. Muchnick: Present.

Mr. Ward: Yes.

Chairman: No.

Mr. McDevitt: Mr. Chairman—

Dr. Foley: May I be recognized before Mr. McDevitt?

Mr. McDevitt: I will yield to Dr. Foley.

Dr. Foley: I would like to place this order before the School Board, Mr. Chairman.

Chairman: Mr. McDevitt, do you wish to make a statement?

Mr. McDevitt: Mr. Chairman and Members of the Committee, in the deliberation on the \$450,000 appropriated by this Committee for salary adjustments, I originally voted for a \$400 increase for the men along with two other members of the Committee, not being at all unmindful that the women as a result of the referendum were entitled to equal pay.

Subsequently, after the discussion on the \$400 increase and after equal pay was passed by the Committee, and then after the number of meetings that this Committee has held with the Business Manager and representatives from the different groups

who were making every attempt to show me or enlighten me as to where this money may be in the budget over and above the \$450,000 to give everybody primarily a \$400 increase, and then after Dr. Foley revised his motion to read a \$300 increase and after our various deliberations, at no time was I convinced that there was sufficient money in the budget to grant this increase.

I am convinced at this time that the increase as the result of this motion that means \$125 to each member of our teaching staff, perhaps in accord with what Mr. Muchnick says, is inadequate.

I do feel, however, that I should like to have this matter discussed again at a later date when there might be surpluses or unexpected balances that this Committee can consider in the direction of making this salary adjustment for all teachers an equitable one.

Thank you, Mr. Chairman.

Dr. Foley: Mr. Chairman, all I ask the Chair is for a ruling on a two to two vote with one member voting present.

Chairman: The motion is lost.

Dr. Foley: Then I am presenting to this Committee for its adoption—

Chairman: Before you present another motion, may I say that the Chair opposes the raise of \$250 from July 1st because that was never contemplated by the appropriation in the budget. It was either a question of the \$450,000 being used for a \$400 adjustment for the men this year or for \$125 for all teachers from January 1st and that we then go to the Legislature for additional money so that we can gradually approach the single salary schedule of \$5,000.

Dr. Foley: Mr. Chairman, I wish to present this order—that each teacher be granted a \$144 increase dated January 1, 1948.

Chairman: The Secretary will read the order.

Secretary: "Ordered, that each teacher be granted a \$144 increase effective January 1, 1948."

Mr. Muchnick: Mr. Chairman, it seems that all the arguments that prevail against the adoption of the \$250 increase would apply with even greater force against the smaller amount of \$144. I do not believe it is good business, Mr. Chairman.

Chairman: The Chair would like to ask the Business Manager if \$125 for each teacher would amount to approximately \$450,000?

Business Manager: Yes.

Chairman: What would be the total cost of \$144 for each teacher?

Business Manager: By rough figuring, the cost would be about \$525,000.

Chairman: Have you that money?

Business Manager: There is \$450,000.

Chairman: That is all that is available?

Business Manager: That is all that is available.

Mr. Muchnick: Well, you have some money left over here and there.

Business Manager: I don't know at this time what will be left over. Whatever balances that we have been guessing at and hoping for would not be sufficient.

Chairman: The only money that you have that you are certain of for adjustments unless you take it from other items appropriated is this \$450,000?

Business Manager: Yes.

Dr. Foley: Mr. Chairman, I think it is about time we should give up guessing. Here we are in the latter part of August or the first of September, and we are still guessing on what we are going to arrive at—that is to say, the financial status of matters that are very important to the administration end of the School Board, and here we are.

We don't seem to get together on anything that is tangible. Mr. Smith did tell me that he probably had something like \$150,000, but that to me is rather small, and I worked on that premise. I worked on the \$450,000 probably with a little cushion there of \$100,000. I think that new order of mine might be perfectly all right. It is a little better, probably, than the \$250. You start from January 1, 1948, and it is an increment. It means that that, too, is turned upward.

Chairman: Doctor, I can't understand your not recognizing the fact that you deliberated with a great deal of forethought and arrived at a figure of \$450,000 which you placed in the budget. Now you had the responsibility to recognize, as one of the appropriators, that that \$450,000 was the limit and that you should stay within that limit. Otherwise, that is very poor administration to appropriate for a salary item more money than you originally appropriated.

Dr. Foley: Well, I think it is perfectly all right. We have gone above many times here, Mr. Chairman.

Chairman: Isn't it poor policy to appropriate that way when you do not know what your balances are going to be?

Dr. Foley: That is true. We have sometimes gone into that, but nevertheless it is not too far-fetched. It is close to the line. We are not too far over. I think that we can handle it very nicely, Mr. Chairman and Mr. Smith.

Business Manager: Mr. Chairman, may I clear up this point? A month ago you remember my guess or my hope for a balance in this large item in the budget of salaries for principals and teachers and so forth was \$215,000.

With the July 31 figures in—and we figured again this month that still was off \$100,000—it is now my estimate that it would

amount to \$115,000. It only bears out what I have been continually saying at meetings and conferences—that this picture changes so rapidly, and with the temporary teacher picture what it is, it is practically impossible to come within \$150,000 or \$200,000 of a proper estimate.

On top of that, Miss Sheehan made her estimate, and she took not only the large item in the budget of \$15,000,000 but took every other salary item in the budget, and she went through this teacher by teacher.

It is her estimate now that the net total estimated balance at the end of December on all salary items amounts to about \$24,000. Now that is running terribly close. This is over and above, the \$450,000.

Mr. McDewitt: That is the same item you thought at one time would have a \$30,000 unexpended balance, is it?

Business Manager: No, that was on the left-over from the equal pay money. This is not under the \$15,000,000 item in the budget, Mr. McDewitt, but this is every other item on salaries and your other part of the budget—physical education, physicians and nurses, medical aides, custodians, etc.

Dr. Foley: When did you get those figures, Mr. Smith?

Business Manager: These figures were made up within the last few weeks. I just got them the other day.

Dr. Foley: But you have no figures for summer months, have you? You are not spending any money in the summer, are you? I mean what balances you are getting now you could have had at the end of June, couldn't you, if you had the facilities?

Business Manager: This study of Miss Sheehan has taken every actual teacher who is working, and it is a study that consumes seven pages here. I have a copy for every member of the School Committee.

Dr. Foley: I say you cannot estimate for summer.

Business Manager: Well, let us take it into consideration now. Mr. Chairman, this has all the appearances of a very close budget.

Chairman: I just want to say to Dr. Foley that the difference between the \$125 and the \$144 which he recommends amounts to approximately \$68,400 over the \$450,000.

Dr. Foley: Mr. Chairman, we did try to get \$400 July 1st, and that would be quite in excess of what our budget called for; but a few thousand dollars to the right or left side of the page does not disrupt the organization, and I think it stimulates the administration forces to see to it that we get sufficient money to take care of the teachers. I like that stimulation! That is a real stimulus!

I am ready to vote, Mr. Chairman. I would like to see that the

teachers get \$144 as of January 1, 1948, if possible.

Chairman: Mr. Smith, do you wish to explain that paper that you gave out?

Business Manager: I explained that every item in the budget that has salaries in it at all is listed here, and there is also a study on the permanent personnel and the temporary personnel, estimated, your vacancies and the promotions that you people have signified and the Superintendent has signified he is going to make—everything is listed down here. These are the salaries of administration officers, salaries of supervisors of attendance, etc.

Chairman: That balance you mentioned was \$24,000?

Business Manager: \$24,000.

Chairman: This would not only eat up this balance but it would be approximately \$42,000 more, Doctor. Your motion would require \$42,000 more than Mr. Smith shows you he has in balances. How can you do that?

Dr. Foley: Well, it does seem impossible, Mr. Chairman, but I wonder why from time to time.

Chairman: Well, tell us how it is possible.

Dr. Foley: Well, I tell you this. You wonder from time to time how I try to guess in my humble capacity as an accountant, you might say, and arrive at what figure I should like to vote for for the teachers of Boston. If I had this set-up probably this morning or yesterday instead of now just before I made my motion, I might be able to do some business with it or have a recapitulation of figures, but I have never, since I have been on this School Board, received a document a week before, four days before, so I can analyze it.

Now Mr. Downey comes in with his figures this afternoon while we were in conference. How in the world can we as men on the administration force do anything intelligently with figures of that type?

This is quite a set-up of figures. It carries on about seven pages, I don't know how long Mr. Smith has had it in his possession, but I have just received it, so that is why I worked, Mr. Chairman, on the \$450,000 and stayed within that group.

Business Manager: I wanted you to discuss it upstairs and you did not want to do it—you did not see fit to do it.

Mr. Muchnick: Mr. Chairman, I was just wondering if Dr. Foley wanted, as he suggested, a week to study it? We could defer action on this motion of his.

Dr. Foley: I do not know. I would just as soon withdraw the motion, Mr. Chairman. I do not think that, really, I am arriving anywhere.

Chairman: Do you withdraw your motion?

Dr. Foley: I do not like to—no.

Mr. Ward: Mr. Chairman, let us go on to the next business.

Dr. Foley: I will ask for a vote on the \$144, Mr. Chairman.

Chairman: The Secretary will call the roll.

The roll was called and the members voted as follows:

Mr. McDevitt: No, with the reservation to make a statement.

Dr. Foley: Yes.

Mr. Muchnick: Present.

Mr. Ward: Yes.

Chairman: No.

Mr. McDevitt: Mr. Chairman and Members of the Committee, again let me reiterate that I attempted to make myself clear. I hope I did on my initial statement, but there isn't anybody on the Committee who is more in sympathy with men in their situation. As I said before—and I reiterate now—I voted no because in my opinion it seems to me that as time goes on—and not too far off in the distant weeks—perhaps we can sit down with Mr. Smith and find out that he may have sufficient money in there to make this increase one of equitable size so that the men can be taken care of in our endeavors to give them an increase in salary.

Thank you, Mr. Chairman.

Chairman: I wish to say that the reason the Chair voted against Dr. Foley's motion is that it would require over \$68,000 more than the appropriation called for. Furthermore, August 31st is the last day on which an adjustment can be made on the salary question for this year. There is no further adjustment that can be made in the salary of teachers after the 31st of August. Therefore, today is the day the School Committee set as the day on which the salary schedule would be accepted for the coming year.

Dr. Foley: I move we adjourn, Mr. Chairman.

Chairman: Just a moment, doctor.

SALARIES OF ADMINISTRATIVE OFFICERS

The following four orders were offered:

ORDERED, That the salary of the Superintendent is hereby established at the rate of fifteen thousand dollars (\$15,000) per annum, to take effect Sept. 1, 1948, and to continue until otherwise ordered.

ORDERED, That the salary of the Deputy Superintendent and the Business Manager is hereby established at the rate of twelve thousand dollars (\$12,000) per annum, and the salary of the Assistant Superintendents at ten thousand dollars (\$10,000) per annum, to take effect Sept. 1, 1948, and to continue until otherwise ordered.

ORDERED, That the salary of the Secretary is hereby established at the rate of seven thousand five hundred dollars (\$7500) per annum, to take effect Sept. 1, 1948, and to continue until otherwise ordered.

ORDERED, That the salary of the Schoolhouse Custodian is hereby established at the rate of seven thousand five hundred dollars (\$7500) per annum, to take effect Sept. 1, 1948, and to continue until otherwise ordered.

Mr. Muchnick: Mr. Chairman, if these take effect Sept. 1, can they be voted upon Sept. 1 or thereafter to take effect at the same time?

Chairman: That is right, they can.

Mr. Muchnick: Under those circumstances, as much as I would like to go along with the suggestion of the Superintendent, as I said upstairs, I would like this held over until our next meeting.

Mr. Ward: Mr. Chairman, if we are going to do this as of Sept. 1, this is the last meeting before Sept. 1. I am willing to yield to the will of the Committee, but unless Mr. Muchnick has some grounds, I think this should be voted on today.

Chairman: Mr. Ward, the provisions of the law do not apply to the Board of Superintendents and the officers of the School Committee.

Dr. Foley: I go along with Mr. Muchnick.

Chairman: As a result, this can be acted upon at any time during the year.

Mr. Ward: How about the salary schedule we worked on today?

Chairman: The salary schedule we worked on today must be acted on today.

Mr. Ward: I move that the salary of Mr. John P. Sullivan, Head of Division of Publicity, be raised. Is that in order, Mr. Chairman?

Chairman: Yes.

Mr. Ward: It is on the list of items here, Mr. Chairman, but it is rejected by the Board of Apportionment.

Chairman: Then the motion ought to be made in accordance with the number on the agenda here.

Mr. Ward: Are we going item by item, Mr. Chairman?

Chairman: You should pick out the item that is on the agenda.

Mr. Ward: We had three or four items, and I do not see why we can not act upon all and then single those particular items out where the Board of Apportionment had rejected them. I believe one of them was the change in rank of Mr. Sawyer. This was debatable before the Committee and the Committee was not ready to agree with the Board of Apportionment's opinion. I think that the motion was made by me on Mr. Sullivan. The change from \$5496 to \$5640 is on the maximum.

Chairman: As I remember the agreement at the conference upstairs, Mr. Ward, the Committee were to take no action on these

until action by the Committee was taken on the question of the \$450,000.

Mr. Ward: We have done that. We have taken that action now. Is this going to be acted on today or are we going to lay this all over?

Chairman: You have to act on this today because otherwise you would have to have a meeting before the 1st of September.

Mr. Ward: We have only three debatable items here.

Chairman: Now the question comes as to how many of these items the Board of Superintendents agrees on.

Dr. Foley: I would lay them over till September 1st.

Chairman: The Chair wants you to understand, Doctor, that on any of these items which the Board of Superintendents either approves or disapproves, any member of the Board who wishes to substitute another item or argue in favor of these items must do it today because once it is left over until September 1st, it may not be acted on because under the law the salary schedule will be adopted.

Mr. Ward: Mr. Chairman, there is one item on Miss MacSwiney that must be acted on by the Law Department.

Chairman: The Law Department, without a written opinion, said it could not be done.

Mr. Ward: If that can be amended in some way or if the Law Department gives a written opinion on it, then I am inclined to believe I want to go along with the Board of Apportionment on an increase in salary for Miss MacSwiney.

Mr. Muchnick: Mr. Chairman, am I correct in stating that the only increases that the Board of Apportionment has recommended in this entire list are the increases that are necessary to equalize situations under the equal pay referendum?

Chairman: The only recommendations of the Board of Superintendents that you have accepted are those that were either a direct or indirect consequence of the equal pay provisions. Any other controversies over the salary schedule, those recommended by the Board or denied, have not been acted upon by this Committee either in conference or here.

Mr. Muchnick: We have not yet formally accepted the indirect consequences of equal pay?

Chairman: Yes, we have.

Mr. Muchnick: At public meeting?

Chairman: At public meeting. Now if any member of this Committee is interested in any items that have not been recommended or are not due to equal pay, I should say that no action has been taken on these.

Mr. Muchnick: I am just wondering, Mr. Chairman, whether or not it is fair to those who are outside of the two categories of equal pay or the indirect consequences of equal pay to give individual increases to anybody else, as we

may be doing under this memorandum from the Superintendent dated July 22nd, when we have for practical purposes adopted the policy of equal pay plus the indirect consequences of equal pay.

Mr. Downey: Mr. Chairman, it seems to me that you ought to act on these various reports of the Board of Apportionment—take whatever action you see fit. Some of these are actually part of the law.

Mr. Muchnick: Well, those, I say, we ought to act on.

Mr. Downey: Yes. That is one group. Then there is another group.

Chairman: Mr. Downey, I believe we have taken action on that. Those were due to indirect consequence or a direct consequence of equal pay and have already been accepted.

Mr. Downey: Very good.

Chairman: Now all the other items in these reports that the Board of Superintendents have either approved or denied are here, and I suggested to Mr. Ward that action on them be taken item by item.

Now Mr. Ward has made one motion on the adjustment of the salary of Mr. Sullivan. The Chair has just notified the other members of the Committee that if there are other items, they should be discussed.

Mr. Downey: Mr. Chairman, it seems to me that it would be better if you proceed regularly. We finished two pages of this document.

Mr. McDevitt: You mean go all through it again?

Mr. Downey: Well, it will not take long to go through it.

Chairman: The Chair suggests that Mr. Downey read the reports.

Mr. Ward: Go ahead.

Mr. Downey: Page 3 contains a recommendation for summer compensation for thirty days at \$12 a day for both Mr. Hennessey and Mr. Quinn at The Teachers College, and the accompanying orders put the recommendations into effect.

The Board respectfully recommends that beginning in September, training teachers be assigned at \$144 a year.

Mr. Ward: Mr. Chairman, can't we vote on these?

Chairman: I want to vote on them as a group.

Dr. Foley: As a group is all right.

Mr. Ward: Go ahead, as a group.

Mr. Downey: The Board of Apportionment recommends the following schedule for headmasters, principals, and a few others. For headmasters: \$5064—\$144—\$6504. That is two increments above the present maximum. For principals of elementary and junior high schools, the Horace Mann School, and the M. Gertrude Godvin School: \$5064—\$144—\$6000. That is three increments above the present maximum.

President, Teachers' College: \$5064—\$144—\$6792. Principal, Model School: \$5064—\$144—\$6288. Chief Examiner: \$5064—\$144—\$6648. Examiners: \$5064—\$144—\$6504. Director of School Lunches: \$5064—\$144—\$6648.

In the case of assistants, evening elementary schools, we recommend an increase from \$4.25 to \$5.00 per evening.

We recommend increased salaries for the temporary teachers at the Museum of Fine Arts, and the accompanying orders to put the recommendations into effect. We recommend an adjustment in the case of Francis Gormley of South Boston High School and James McNamee of Brighton High School. Those are the only remaining men who were adversely affected by Order No. 12 of last year's salary schedule which included trade instructors and not cooperative instructors.

The Board of Apportionment respectfully recommends that you make amendments to the regulations to grant credit to teachers and nurses for salary received prior to permanent appointment not to exceed the sixth year. We also recommend amendment to the regulations to place teachers re-entering the service on that year of the salary schedule which corresponds to the year on which they were at the time of their separation. The amendments accompany the recommendations.

We recommend that salary credit be granted to teachers and nurses for temporary service or for permanent substitute service in the Boston schools not to exceed the sixth year. Then follows the order to put the recommendations into effect.

The Board of Apportionment recommends adjustments in the salaries of the following named teachers because of salaries received prior to permanent appointment:

William P. Gilligan, teacher of Juvenile Adjustment, sixth year; Helen M. Keyes, teacher, intermediate, physical education, sixth year; John R. Sammartano, trade instructor, Boston Trade High School, sixth year; William J. Stewart, Jr., junior master, physical education, sixth year; John C. Tragakis, trade instructor, Boston Trade High School, seventh year, for the reason that his salary begins on September 1. Then follow the orders to put these recommendations into effect.

The Board of Superintendents respectfully recommends the following changes in ranks to take effect September 1, 1948: From Director of Elementary Supervisors to Director of Elementary Supervision; from Elementary Supervisors to Assistant Directors of Elementary Supervision. Then there are the two orders to make that recommendation effective.

Then follows a long list of suggestions and petitions for changes in ranks. I do not think I need to read that list unless you want it,

Mr. Chairman, because you have heard it read before. That is on page 23.

Mr. Muchnick: Mr. Chairman, up through and including page 22, I would like to know if there are any changes in here that are brought about as indirect consequences of the equal pay situation.

Mr. Downey: There is this question about that, Mr. Muchnick. For the changes we have recommended for principals and for headmasters it was decided after a conference with the Law Department that those should not be in the January 1 group—that they were not even indirectly concerned with equal pay but they were in accord with the desire of the Committee to establish a uniform single salary schedule, and these were a step towards that.

The high school people got two increments, and the elementary and junior high three, with the thought that eventually at the next adjustment perhaps they will all be on the \$7,000 schedule.

Mr. Ward: Mr. Chairman, on page 23 which Mr. Muchnick is reading, I understand one item was discussed at the Committee conference.

Dr. Foley: Up to page 22, how much is the cost of this?

Mr. Downey: Approximately \$25,000.

Dr. Foley: From September to January?

Mr. Downey: Yes.

Dr. Foley: That would be three times that, or \$75,000?

Mr. Downey: Next year.

Dr. Foley: Is that \$75,000 taken out of the \$450,000?

Mr. Downey: Either from that or—

Dr. Foley: Is Mr. Smith here? Is that \$75,000 taken from the \$450,000?

Mr. Downey: Either from that or any unexpended balances or surpluses that we have.

Business Manager: It has to come from some place, Doctor.

Mr. Ward: Mr. Chairman, on page 23 discussed at the meeting was a rejection by the Board of Apportionment on the question of changing the rating of Mr. Sawyer, Vice Principal, Boston Trade High School, to Assistant Head Master.

Chairman: That was not rejected, Mr. Ward. It is only a change in title.

Mr. Ward: Then it is not rejected?

Chairman: No. As a matter of fact, we said we would do it.

Mr. Downey: Mr. Chairman, it was my recollection that you decided to let that thing ride until the fall—that there was some other battle in connection with that.

Mr. Muchnick: If you recall, Mr. Chairman, I suggested that instead of that reading, "be not approved," I suggested that the phrasing be changed to "be deferred," and it was pointed out that after the "be not approved"

there was some other writing which meant "to be deferred."

Mr. Ward: Mr. Muchnick, is there a purpose in deferring it? Instead of its reading "be not approved," couldn't we say "be approved"?

Mr. Muchnick: It was pointed out that there were no head masters—that all were considered principals.

Mr. Ward: You will find candidates for them if you want them.

Mr. Muchnick: And until such time as they were going to be assistant principals or assistant head masters, we should let the whole thing ride.

Chairman: Mr. Sawyer was the only vice principal, but he actually is the assistant to the headmaster. All this order required was the change in title.

Mr. Muchnick: And Mr. Downey pointed out that everybody other than the head master at Latin School had as his official title the word "principal."

Mr. Downey: At one time.

Chairman: At one time—not now. All heads of high schools now are headmasters. Intermediate schools have principals—isn't that so?

Mr. Downey: Yes, and they have asked to come in, and we have said no.

Mr. Ward: Mr. Chairman, I don't see any purpose in deferring this.

Mr. Downey: After September 1st you can adjust the title but not the salary.

Chairman: Mr. Ward makes the motion to do it now as of September 1st, but he doesn't bring any motion for adjustment of salary on the thing.

Mr. Ward: Did you want this deferred till September 1st—is that the motion?

Chairman: That is right.

Mr. Downey: Until September 1st. That is all we ask.

Mr. Ward: I thought it was permanently deferred.

Mr. Downey: Now on page 24 we recommend that the suggestion made by the Director of Physical Education, change in the title of Assistant Director to Associate Director, Physical Education, be deferred until after September 1.

With regard to the Moderator of Athletics, we recommend that if you are going to have that position there be a rated list.

Mr. Ward: Why doesn't the question come: are we going to have the position? Are they going to create a new position here?

Mr. Downey: That is the whole question.

Mr. Ward: I suggest we eliminate this.

Chairman: Defer it.

Mr. Ward: All right. Defer it. I don't see any reason for creating any new positions.

Mr. Downey: On supervisor, elementary, physical education, we suggest that if you are going to change those titles there should be a rated list.

Juvenile adjustment. Let me explain again the case of this Miss MacSwiney. There was an order, and there is still an order, in this schedule which is to the effect that if a person is promoted from a lower rank to a higher rank, then she should not suffer by that promotion; and originally the Board of Apportionment felt that that Order No. 4 in the revised schedule from Jan. 1 to June 30 would cover her case. In conference with a representative of the Law Department, it was determined that she took an examination for a special position.

She was not, therefore, promoted but was originally appointed and therefore she does not come within the scope of order No. 4, and the Board now does not recommend that she be granted high school salary.

Mr. Ward: I understand, Mr. Chairman that the Board would have recommended giving her the status of the high school salary had not the Law Department intervened and said verbally to the Board of Apportionment, "You cannot do this." Is that correct?

Mr. Downey: Yes, but the first part of it is not exactly as we felt. Nobody on the Board of Apportionment felt that she should get more money than the other people.

Mr. Ward: That is to be taken out as an isolated case pending a written ruling from the Law Department.

Mr. Downey: We originally intended to recommend her increase only because we felt we were compelled to because of Order No. 4. Now the opinion of the Law Department is that Order No. 4 does not cover her case and therefore we make no such recommendation.

On page 29 we recommend that eventually under the single salary schedule it would be advisable to decrease the number of steps in the schedule, to increase the amount of the increment, and to increase the number of increments granted on promotion.

Dr. Foley: Mr. Chairman, that is the finest thing that ever could happen in the system.

Mr. Downey: We recommend Mr. McKenney's suggestion for salaries in the case of football officials and physicians. That completes the recommendations. The rest of this consists of petitions, some of which you have already acted on and some of which we have disapproved.

Dr. Foley: You have agreed up to page 33 inclusive.

Mr. Downey: Since giving the women more salary lowered the differential between what the Director of Publicity got and what they got, he contended he ought to get something more. We did nothing for men because women were increased.

Mr. Ward: I move that the maximum of the Head of the Division of Statistics and Publicity be increased from \$5496 to \$5640.

Mr. Muchnick: Mr. Chairman, why was it that the Board of Apportionment turned that down?

Mr. Downey: For this reason, that we did not feel that we were justified in picking out individual men when the great bulk of men did not get anything when their only plea was that the differential previously existing before the equal pay was raised should be preserved.

In the case of this man, his plea was that he had the same salary as a director, but he is not a director. He is head of a division, and so we did not feel that he came within the directors' group and made no recommendation.

Mr. Muchnick: Did he have the pay of a director?

Mr. Downey: He did have the same maximum, and he asked that his present maximum of \$5496 be raised to the maximum of directors, men, \$5640.

Dr. Foley: Isn't that the indirect method you have been using throughout your whole set-up?

Mr. Downey: No, there is no woman comparable to him at all.

Dr. Foley: Irrespective of whether there is a woman comparable or not, isn't that indirect consequence?

Mr. Downey: If you folks want to do it, we can do it.

Dr. Foley: I don't seem to follow that so well.

Mr. Downey: We don't pick out individuals.

Dr. Foley: Don't you vote on directors and head masters? You don't vote on the individuals. You vote on the rank.

Mr. Ward: But you have maintained this man on the same rank as you maintain a director. The work that he accomplishes is similar to a director's. As a matter of fact, the rating should be changed to Director instead of Head of Division.

Mr. Downey: What he asked is a new maximum. If you want to do that, all it takes is three votes.

Dr. Foley: Isn't one comparable to the other?

Mr. Downey: All you need is three votes.

Dr. Foley: What was the title in Child Accounting—Head of Division?

Mr. Downey: Chief of Division.

Dr. Foley: Well, he was comparable to Head of Division, wasn't he?

Mr. Downey: Chief.

Chairman: If you disagree with a recommendation of the Board of Superintendents either for or against, you lose your opportunity unless you have a subsequent meeting.

On motion of Dr. Foley, it was unanimously agreed that the recommendations of the Board of Superintendents, other than the amendments to the salary schedule, Jan. 1 to Aug. 31, 1948; and the four orders granting increases in salaries to certain officers of the School Committee, be laid

over until the next meeting for consideration in connection with the adoption of the Salary Schedule.

UNFINISHED BUSINESS

The order laid over at the meeting of July 22, 1948 (see p. 196), amending Sect. 164, paragraph 4 of the rules, relative to the vacation period and holidays for the school physician and school nurse assigned to the Certifying Office, was taken up and passed.

The meeting adjourned

Attest:

LOUISE KANE,
Secretary.

A highway named Stanbro street is hereby laid out, from Prescott street to Forest street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Prescott street and Hyde Park avenue:

Westerly by Prescott street, sixty feet; easterly by the easterly line of Stanbro street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northerly by the northerly line of said street as hereby laid out, by two measurements, one hundred and eighty feet and fifteen and 71-100 feet on a curve of ten feet radius; easterly by Hyde Park avenue, sixty feet; westerly by the westerly line of said street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; and southerly by the southerly line of said street as hereby laid out, by two measurements, one hundred and eighty feet and fifteen and 71-100 feet on a curve of ten feet radius.

Part between Hyde Park avenue and Forest street, over and including parts of Clifford street and Colchester street:

Westerly by Hyde Park avenue, sixty feet; easterly by the easterly line of Stanbro street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northerly by the northerly line of said street as hereby laid out, by three measurements, two hundred and twenty feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; easterly by the easterly line of said Stanbro street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northerly by the northerly line of said street as hereby laid out, by three measurements, two hundred and twenty feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; easterly by the easterly line of said street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet

radius; northerly by the northerly line of said street as hereby laid out, two hundred and seventy feet; easterly by the easterly line of said street as hereby laid out, forty feet; southerly by the southerly line of said street as hereby laid out, by three measurements, two hundred and seventy feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; westerly by the westerly line of said street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southerly by the southerly line of said street as hereby laid out, by three measurements, two hundred and twenty feet, fifteen and 71-100 feet on a curve of ten feet radius, and forty feet; westerly by the westerly line of said street as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; and southerly by the southerly line of said street as hereby laid out, by two measurements, five hundred feet and fifteen and 71-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Stanbro street as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of said department.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR PAINTING OF S. S. "STEPHEN J. O'MEARA" DOCKED AT EASTERN AVENUE WHARF, BOSTON, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for painting of S. S. "Stephen J. O'Meara" docked at Eastern Avenue Wharf, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, October 25, 1948, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 10 per cent of the contract price, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,
(Oct. 16.) Commissioner of Institutions.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

LISTING BOARD.

PROPOSALS FOR SUPPLYING THE CARDS AND PAPER IN CONNECTION WITH THE POLICE LISTING OF RESIDENTS TWENTY YEARS OF AGE OR OVER FOR THE YEAR 1949.

The Listing Board for the City of Boston invites proposals for supplying the cards and paper in connection with the police listing of residents twenty years of age or over for the year 1949. The bidder must use the form of the proposal to be obtained at the office of the Police Commissioner, 154 Berkeley street, Boston, and deposit with his bid a properly certified check for \$600, payable to and to become the property of the Listing Board for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Thursday, October 21, 1948, at 10 o'clock a. m., at the office of the Police Commissioner, 154 Berkeley street, Boston. The Listing Board reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as it deems for the best interest of the Listing Board of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 25 per cent of the estimated contract amount.

RULES AND REGULATIONS RELATING TO HACKNEY CARRIAGES.

In accordance with provisions of section 1 of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston is hereby amended as follows:

Strike out in section 8, pages 223 and 224, as amended by General Order No. 206, effective November 20, 1944, that part of the rule which reads as follows:

"Said rate of fare shall be uniform for all licensed taxicabs, namely:

Twenty-five (25) cents for the first two-fifths mile or fraction thereof; five (5) cents for each additional one-fifth mile or fraction thereof."

and insert in place thereof the following new rule:

"Effective November 1, 1948, said rate of fare shall be uniform for all licensed taxicabs, namely:

Twenty-five (25) cents for the first two-sixths mile or fraction thereof; five (5) cents for each additional one-sixth mile or fraction thereof."

All rules and regulations inconsistent herewith are hereby repealed.

CALLS FOR TRIBUTE TO NURSING CAREER BY OBSERVING OCTOBER 18 AS DIAMOND JUBILEE OF NURSING — MAYOR CURLEY ASKS ALL TO MAKE NURSING PROGRESS WEEK ALSO A TRIBUTE TO NAME AND DEEDS OF LINDA RICHARDS IN CIVIL WAR ARMY AND HOSPITAL CAMPS.

Mayor James M. Curley on October 18 issued the following public statement:

The American Nurses' Association, in sponsoring the Diamond Jubilee of Nursing, has announced that Nursing Progress Week will be observed throughout the nation from November 14 to 20, inclusive. This observance has been highly endorsed by President Truman, former President Hoover, the governors of our states, and the mayors of our largest cities.

There is a very special reason why the Mayor of Boston should add his voice to such an illustrious chorus. During this Diamond Jubilee of American Nursing, which is to pay homage to the achievements of the nursing profession, the highest of tributes are to be paid to the memory of Miss Linda Richards, America's first professional nurse, who was graduated from the training school at the New England Hospital for Women and Children, here in Boston, 75 years ago.

MAYOR CURLEY ASKS ALL CITIZENS TO JOIN IN OBSERVING "UNITED NATIONS DAY," OCTOBER 24, AS UNIVERSAL EXPRESSION OF WORLD FOR DESIRE FOR PERMANENT PEACE—QUOTES PRESIDENT TRUMAN IN ADDRESS TO NATIONAL CONVENTION OF AMERICAN LEGION AS INTERPRETING THE WISHES OF AMERICA AND WORLD TO SEE PROBLEMS BESETTING PEOPLES SETTLED AMICABLY AND JUSTLY FOR ALL NATIONS—POINTS TO FACT THAT ACHIEVEMENT OF GOAL REQUIRES PERSISTENT EFFORT AND CONSTANT VIGILANCE.

Mayor James M. Curley on October 20 issued the following public statement:

Sunday, October 24, 1948, has been designated as United Nations Day throughout the world by the General Assembly of the United Nations, which has asked its member governments to encourage appropriate observance of this day by their citizens. Observance of United Nations Day will come as a climax to the United Nations Week program, which opened on October 17.

INVITATION TO AMERICAN LEGION FOR CONVENTION OF 1950 IN BOSTON RENEWED BY MAYOR CURLEY TO MIAMI ASSEMBLY.

The following telegram went forward from the Mayor's office on October 18:

National Commander James F. O'Neil,
American Legion Convention, Dinner
Key Auditorium, Miami, Florida.

UNDER DATE OF AUGUST 5, 1947, A COMMUNICATION WAS ADDRESSED TO YOU WITH REFERENCE TO THE POSITION OF THE CITY OF BOSTON IN THE NATIONAL CONVENTION OF THE AMERICAN LEGION TO BE HELD IN 1950. IT WAS THE VERY GREAT PRIVILEGE OF THE CITY OF BOSTON TO WELCOME THE LEGION IN 1930 AND IN 1940 AND IT WILL LIKEWISE, WE TRUST, BE OUR VERY GREAT PRIVILEGE TO ACT AS HOST TO THE LEGION IN 1950. THE INVITATION EXTENDED IN AUGUST, 1947, STILL HOLDS AND IS NOW RENEWED IF SAME IS NECESSARY. BOSTON WANTS THE AMERICAN LEGION CONVENTION IN 1950 AND I SINCERELY TRUST YOUR ORGANIZATION IN ITS WISDOM WILL ACCEPT OUR VERY CORDIAL INVITATION, AND THAT IT SHALL BE OUR PRIVILEGE TO EXTEND OUR CUSTOMARY HOSPITALITY.

JAMES M. CURLEY,
Mayor of Boston.

It is to be hoped that persons everywhere, in their homes, their churches, and in all public gatherings will give solemn and prayerful thought to the meaning of United Nations Day, which is the third anniversary of the coming into being of a great international organization which was formed on the hope for lasting peace and the elimination of war as a method of settling disputes. The day should remind us that the maintenance of the peace and freedom we long for requires persistent effort and constant vigilance on our part.

No greater expression in the interest of world peace has been uttered during these trying times than that of President Truman in addressing the National Convention of the American Legion at Miami, Florida, on Monday last.

"At this time I want to make it clear," he said, "that I have not departed one step to utilize every opportunity to work for peace. Whenever an appropriate opportunity arises, I shall act to further the interests of peace within the framework of our relations with our allies and the work of the United Nations."

The President also personally dedicated himself anew to the cause of peace, saying it was a prize he valued above the Presi-

dency, for which he has been campaigning so indefatigably for weeks.

When the President of our great nation can adopt such an attitude, it would seem that all of us might take a minute or two each day to repeat the Lord's Prayer as our small contribution to the cause of peace—for prayer and our individual reaffirmation of our fidelity toward the United Nations and its purposes are our great hope for a world of peace.

NEW KITCHEN FOR CITY HOSPITAL SOUTH DEPARTMENT OPENED FOR SERVICE.

Officials of the City Hospital have announced the completion of a new kitchen for the South Department capable of feeding from 400 to 600 patients. The building was completed at a cost of \$100,000 and replaces the original kitchen erected when the South Department was built in 1895 and is a much needed improvement. The Mayor has been requested by the Trustees and the Superintendent to make an official inspection of the building.

MAYOR CURLEY CALLS FOR TRIBUTE TO NURSING CAREER.

(Continued from page 1069.)

humanity today, Linda Richards was a "born nurse." She served in army hospitals and camps during the Civil War. In 1870 she became an assistant nurse in a ward of the famed Boston City Hospital. Two years later she was the first to register as a student in the school to train nurses opened by the New England Hospital for Women and Children, and, in 1873, from this institution she received her diploma as "America's first professional nurse."

Her career from that time on was truly remarkable. On October 1, 1873, she became night superintendent of nurses at Bellevue Hospital, New York, which established the first training school for nurses in the United States based on the marvelous Florence Nightingale system.

She returned to Boston in 1874 and for three years was superintendent of the Boston Training School, which later became the Massachusetts General Hospital of Nursing. Late in 1877 she was in England with Florence Nightingale, at St. Thomas Hospital, London, and then the Royal Infirmary, Edinburgh. Upon her return to Boston, and for a period of eight years, she was the organizer and superintendent of the nurses' training school at the Boston City Hospital—as well as the hospital's matron.

Miss Richards, in her later years, contributed to nursing education, to nursing ethics, to psychiatric nursing—and indeed the whole field of nursing progress—more, perhaps, than any other human being. Miss Richards died in 1930, but her memory shall live forever.

As Mayor of Boston, I am asking all our people to revere the wonderful life of Miss Richards, to observe the Diamond Jubilee of Nursing, and to remember that nursing is recognized as being charged with the responsibility for maintaining America's health standards. It deserves highest honor for being the largest single group in the health field.

MAYOR PLEASED AT LETTER ON HOUSING EVICTEES IN CHARLESTOWN.

His Honor the Mayor forwarded the following communication this day to Hon. Robert F. Bradford in reply to his letter of October 16:

BOSTON, October 17, 1948.

HON. ROBERT F. BRADFORD, Office of the Governor, State House, Boston, Mass.

YOUR EXCELLENCY:

I am in receipt of your communication under date of October 16, 1948, in which you point out that it is your purpose for the Mystic River Authority to make sure that no Charlestown family now living in the Mystic River area is or will be evicted because of the new bridge until adequate accommodations to care for them are completed. This is most refreshing news to me, and I am quite certain that it will be most pleasing to the people of Charlestown.

It is pleasing for me to inform you that the Boston Housing Authority has notified me that they are arranging to confer with the State Housing Board tomorrow morning, Monday, with a view to further

negotiations in order that the work at South Boston may be expedited at once.

With every good wish, I am

Sincerely yours,

JAMES M. CURLEY.

Mayor of Boston.

CALLS FOR OBSERVANCE OF "NAVY DAY."

Mayor James M. Curley on October 19 issued the following public statement:

Wednesday, October 27, 1948, has been officially designated as "Navy Day," and, as in past years, the Navy League of the United States has been named as its sponsor.

For many years now it has been the custom, on one day each year, for our citizens to join hands across the nation to render grateful tribute to our mighty Navy, and give well deserved honor and recognition to the achievements of the men and women who make up its ranks.

It is the duty of our citizens to keep themselves informed and aware of the current aims and activities of our sea-air Navy, victor in war and guardian in peace. I am therefore calling upon the people of Boston to display the national flag on "Navy Day," and to take part in appropriate observance of this day through the many channels open to them.

CONTRACTS AWARDED.

(Continued from page 1073.)

to the Q, R, S Building located on Long Island, Boston Harbor, we have since discovered that we made a serious mistake. The mistake occurred while totaling our estimate sheets in the amount of thirty thousand (30,000) dollars which, if not made, would have increased our bid by that amount.

In view of this error on our part, we sincerely request your permission to withdraw our bid on this job.

Very truly yours,

PEABODY CONSTRUCTION COMPANY,
JOSEPH N. FISH.

*Contract awarded.

On October 8 the Mayor approved contracts in accordance with the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Bids were publicly opened and read at this office on September 27, 1948, for furnishing heavy, medium, light and Diesel fuel oil, as required, for the period from October 1, 1948, to December 31, 1948, with the privilege of purchasing on the same terms and conditions through September 30, 1949.

Your approval is requested to award contracts as follows:

Petroleum Heat and Power Company.

—Heavy fuel oil No. 6, 75,800 barrels at \$3.515 per barrel, approximate total, \$266,437. Medium fuel oil No. 5, 6,000 barrels at \$4.205 per barrel, approximate total, \$25,230. Light fuel oil No. 2, 850,000 gallons at 11.3 cents per gallon, approximate total, \$96,050. Total, \$387,717.

White Fuel Corporation.—Heavy fuel oil No. 6, 82,000 barrels at \$3.515 per barrel, approximate total, \$288,230. Medium fuel oil No. 5, 8,600 barrels at \$4.15 per barrel, approximate total, \$35,690. Total, \$323,920.

Socony-Vacuum Oil Company.—Heavy fuel oil No. 6 (for boats), 4,000 barrels at 7.37 cents per gallon (42 gallons per barrel), approximate total, \$12,381.60. Medium fuel oil No. 5 (for boats), 5,000 barrels at 8.63 cents per gallon (42 gallons per barrel), approximate total, \$18,123. Diesel fuel oil (for boats), 70,000 gallons at 10.2 cents per gallon, approximate total, \$7,140. Total, \$37,644.60.

In the request to award the No. 2 fuel oil to Petroleum Heat and Power Company, the second lowest bidder, consideration is given to their greater storage facilities, the flexibility of their large fleet of trucks and the added security implied by these facts should last year's fuel oil shortage be repeated. Stetson Fuel Corporation was the low bidder.

Total amount of contracts is \$749,281.60.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

* Contract awarded.

¹ Only bid which covers all locations.

² Bid by White Fuel on No. 5 covers all locations except Fire Department (60 Bristol street). Also, although two prices are quoted, the larger figure must be used because of the limited storage facilities at these locations.

Upon October 8 the Mayor approved a contract with the Central Products Company for furnishing concrete grave liners to the Park Department. Bids, opened October 1, were as follows:

300 Grave Liners, Eighty-eight by Thirty by Twenty-six Inches, Each.—Brac Lo Concrete Products Company, \$15, alternate, eighty-six by twenty-eight by twenty-four inches; Central Products Company, \$15.25.*

Total.—Brac Lo Concrete Products Company, \$4,500; Central Products Company, \$4,575.

* Contract awarded.

Upon October 8 the Mayor approved a contract with contractors for furnishing poultry feed as requested in the following letter:

BOSTON, October 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing poultry feed, etc., to the various city departments which were publicly opened and read at this office on October 1, 1948.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, October 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

We hereby request your honor's permission to engage the services of Stewart Associates, Inc., consulting and testing engineers, for services in connection with resurfacing and paving in the Boston City Hospital yard.

The estimated cost for this work is \$20,000, and the engineer is to be paid a fee equal to 8 per cent of the actual contract cost; in addition, he is to be paid 18 cents per ton of material delivered for the services of an inspector at the bituminous mixing plant to see that the material delivered on the job is according to contract specifications; he is also to receive \$20 a day for a half-day or more, with a charge of \$3 an hour for periods of less than one half-day for maintaining a paving engineer to see that the work is done according to contract specifications.

Respectfully yours,

MARTIN J. ENGLISH, M. D.,
President, Board of Trustees.

PARK DEPARTMENT.

BOSTON, September 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

I respectfully request your approval to the awarding of a contract, without publicly advertising the same, to the Boston Edison Company, 39 Boylston street, Boston 12, for furnishing and installing underground conduits and cable to supply electric service to the proposed golf house at No. 1 tee, Franklin Park, Boston.

The reason for this request is that we believe that work of this kind should be done by the Edison Company in accordance with their standards rather than to ask for competitive bidding.

In addition, the Boston Edison Company is agreeable to making available space in the present underground conduit which runs from Blue Hill avenue to Circuit Drive, for the installation of the cables to supply the required service.

The cost to the city for this work will amount to \$3,097.05 and is to be charged to Golf Building, Franklin Park.

Respectfully yours,

JOHN J. MURPHY, Chairman.

PRINTING DEPARTMENT.

BOSTON, September 29, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

On September 20, 1948, proposals to furnish 100,000 payroll forms for the Auditing Department were received and opened in this office. Only two proposals were received, one from Moore Business Forms, Inc., which complied exactly with the advertised specifications, and the other from the Standard Register Company, which was an alternate proposal suggesting a narrower width than that specified in the specifications.

The bid submitted by the Moore Business Forms, Inc., set forth a price of \$42.64 per thousand delivered in Boston, and that of the Standard Register Company indicated a price of \$43.65, f.o.b. Boston.

Subsequent to the opening of the proposals, at the suggestion of the City Auditor, the Moore Business Forms, Inc., submitted an alternate proposal of \$40.53 per thousand, f.o.b., Boston, provided the narrower width was used. The City Auditor has indicated to me his willingness to use the narrower width, especially since it means a financial saving to the city.

In view of the developments subsequent to the opening of the proposals, I feel it desirable to reject the bids received and award a contract to the Moore Business Forms, Inc., 38 Chauncy street, Boston, Mass. for the delivery of 50,000 preliminary payroll forms and 60,000 final payroll forms at a cost of \$40.53 per thousand, since the Moore Business Forms, Inc., was the low bidder on the original proposals received, and their alternate proposal means a financial saving to the city.

I respectfully request your approval to dispense with public advertising, since it will take roughly three months for delivery of these forms, and the present supply in the Auditing Department will be exhausted about that time.

It is desirable that the award be made forthwith.

Very truly yours,

JOHN J. TWOMEY,
Superintendent of Printing.

SUPPLY DEPARTMENT.

BOSTON, October 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for the following: 21,600 only, $\frac{1}{2}$ -pint Sealright containers (300 to cartoon); 1,250,000 only, junior dispenser paper napkins.

After soliciting the various dealers, the following bidders submitted prices:

Whitney Brothers, Inc., \$1,276.76, 1 per cent, 10 days; Andrews Paper Company, \$1,318.59, 1 per cent, 10 days; Stone & Forsyth Company, \$1,346.63, 1 per cent, 10 days; H. J. Dowd Company, Inc., \$1,357.89, 1 per cent, 10 days; Carter, Rice & Company Corporation, \$1,383.05, 1 per cent, 10 days.

Permission is respectfully requested to award an order, without public advertisement, to Whitney Brothers, Inc., the lowest bidder as shown above.

Total amount of order will be \$1,276.76, less a 1 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 11, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On January 26, 1948, your Honor approved a contract with Atlantic Battery Company, 59 Prentiss street, Boston, for the furnishing of automobile batteries, in the sum of \$4,596.80. At the time the contract was signed, the cost of lead and other materials necessary in the manufacture of such batteries was considerably lower than the cost of the same items today. As a result of the advances in the cost of these materials, the manufacturer's list price on automobile batteries has necessarily been increased.

To date, approximately one half of the contract requirements have been furnished. A list of the contract items, as yet not supplied, together with their price increases is as follows:

Item.	Battery.	Quantity.	Contract Price, Each.	New Price, Each.	Increase.	Total Increase.
1.....	1-M	45	\$10 58	\$11 87	\$1 29	\$58 05
2.....	2-E	15	13 70	14 85	1 15	17 25
3.....	2-L	45	10 87	11 86	.99	44 55
4.....	2-M	35	12 68	13 87	1 19	41 65
5.....	2-F-H	55	12 79	13 97	1 18	64 90
6.....	3-H	30	17 85	20 87	3 02	90 60
7.....	4-H	30	19 75	23 46	3 71	111 30
8.....	1-B	10	35 72	43 70	7 98	79 80
9.....	3-B	10	48 36	57 71	9 35	93 50
10.....	D-11-6A-RG	10	31 00	36 39	5 39	53 59
Total..						\$655 50

In view of these rises in price, the Atlantic Battery Company feels that the aforesaid contract works undue hardship upon it; and the company has informed the city that it will not deliver the balance of the batteries unless the said contract is amended to provide that the above set out new selling prices shall apply to the automobile batteries as yet not delivered.

The city departments have an urgent need for the above-listed automobile batteries. Our office records establish that the cost of lead, which comprises 60 per cent of the materials used in a battery, has increased 43 per cent. Furthermore, this contractor has given us excellent service and the batteries have proved satisfactory in every way. In my opinion, as the best interest of the city will thus be served, the requested

amendment should be permitted. Therefore, I respectfully request your permission to dispense with advertising and amend the aforementioned contract to include the new prices in relation to the automobile batteries as yet not delivered.

The total amount of the contract will then be \$5,252.30, a net increase of \$655.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Donato Antonellis has been granted an extension of the time of completion of the contract for repairing boiler and incinerator masonry in various schools in Districts 3 and 4, from October 1, 1948, to November 1, 1948. This extension is requested due to additional work.

J. F. Stack & Co. have been granted an extension of the time of completion of the contract for repairing boiler and incinerator masonry in various schools in Districts 2, 5 and 6, from October 1, 1948, to November 15, 1948. This extension is requested due to a shortage of labor and additional work.

H. A. Smith has been granted an extension of the time of completion of the contract for roofing and other work at the John Winthrop School, from October 1, 1948, to November 15, 1948. This extension is requested due to difficulty in securing necessary material.

Harvey F. Armington, Inc., has been granted an extension of the time of completion of the contract for regrading and laying asphalt paving, site of the William Bradford School, from September 9

1948, to October 15, 1948. This extension is requested due to difficulty in securing material.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract with Patrick J. Sullivan for painting and general repairs and renovations, Vose House, "B," Boston City Hospital, from September 21, 1948, to October 26, 1948. This extension is requested because of delay in starting the work as originally planned, the contractor not having access to certain parts of the building.

PUBLIC WORKS DEPARTMENT.

John Deveney & Co. have been granted an extension of the time of completion of the contract for the construction of

sewerage works in Tenean Creek, Tenean street, Old Colony Parkway, Victory road and Freeport street, Dorchester, from October 31, 1948, to December 15, 1948. This extension is requested for the reason that the contractor has been delayed in completion of the work due to late deliveries of steel reinforcing rods.

SUPPLY DEPARTMENT.

Permission has been given to extend the contract with Chester A. Baker, Inc., for furnishing the following surgical dressings items to the various city departments from October 1, 1948, to December 31, 1948: Items 10, 17, 18, 23, 25 and 28.

Chester A. Baker, Inc., has guaranteed to protect the city against any price increase and also to grant any price reduction that will arise. Item 23 has been reduced from \$5.35 per roll to \$5.20 per roll and Item 28 from \$23.70 per case to \$23.30 per case.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Donato Antonellis has been ordered to make the following addition to the contract for the Trade School for Girls: Rebuild both side walls from rear of bridge wall to rear wall of combustion chamber and from floor to boiler shell. For the above work add the sum of \$350, and the amount of \$350 will be added therefor, making the account as follows: Contract price, \$9,880; total additions, \$350; amount of contract, \$10,230.

James P. Sullivan Company has been ordered to make the following additions to the contract for various schools:

Item 1. J. L. Motley School: Repair defective smoke pipe, cover new portion of smoke pipe, build concrete block wall against partition at oil tank for fire-proofing.

Item 2. English High School: Furnish and install all necessary pipe and fittings to relocate the oil intake pipe and the tank vent line to run to Warren avenue side of building.

For the above work add the sum of \$350, and the amount of \$350 will be added therefor, making the account as follows: Contract price, \$12,100; total additions, \$350; amount of contract, \$12,450.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Hancock Construction Company, Inc., has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Hillside street and Whitney street, dated September 1, 1948.

Items ordered: Omit earth excavation (Item 2A of contract) and the furnishing and laying of macadam base (Item 5A of contract) in Hillside and Whitney streets and substitute the removal of approximately 8,915 square yards of existing pavement at 50 cents per square yard and the furnishing and laying of approximately 485 tons of asphalt binder at \$7.25 per ton. Estimated cost of omitted work, \$11,080; estimated cost of substituted work, \$7,973.75; estimated decrease in cost, \$3,106.25.

POLICE DEPARTMENT ORDERS.

General Order No. 1,108.

The following letter from Rev. George M. Dowd, General Chairman of the Catholic Youth Parade Committee, is published for the information of the department:

"CATHOLIC YOUTH ORGANIZATION,
Archdiocese of Boston,
36 Commonwealth Avenue, Boston,
October 11, 1948.

THOMAS F. SULLIVAN, Commissioner,
Police Department, 154 Berkeley
Street, Boston, Mass.

DEAR COMMISSIONER SULLIVAN:

The Catholic Youth Parade is now a matter of history. According to many, it was a magnificent and glorious spectacle and one long to be remembered as an outstanding event in the history of the Archdiocese of Boston.

I cannot impress upon you too strongly my heartfelt gratitude and sincere appre-

ciation to you, Superintendent Fallon, Deputy Superintendent Hinchey and the officers and men of the Police Department of the City of Boston for their untiring and unselfish service without which the parade could very well have turned into a very disorderly and confused crowd. The police handled the crowd and traffic so expertly that nothing but praise has been received for the efficient handling of more than 1,000,000 spectators who viewed the 80,000 marchers.

Asking you to bring to the personnel of your department these sentiments from the Archbishop and myself as General Chairman, I am

Very gratefully yours,

REV. GEORGE M. DOWD."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,109.

In accordance with provisions of section 1 of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston is hereby amended as follows:

Strike out in section 8, pages 223 and 224, as amended by General Order No. 206, effective November 20, 1944, that part of the rule which reads as follows: "Said rate of fare shall be uniform for all licensed taxicabs, namely:

Twenty-five (25) cents for the first two-fifths mile or fraction thereof; five (5) cents for each additional one-fifth mile or fraction thereof."

and insert in place thereof the following new rule:

Effective November 1, 1948.

"Said rate of fare shall be uniform for all licensed taxicabs, namely:

Twenty-five (25) cents for the first two-sixths mile or fraction thereof; five (5) cents for each additional one-sixth mile or fraction thereof."

All rules and regulations inconsistent herewith are hereby repealed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,110.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System, effective at the close of business Sunday, October 31, 1948.

Wherefore, In view of this operation of law, after October 31, 1948, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman William A. Burke, Division 14.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,111.

The resignation of Patrolman James E. Walsh of Division 17 having been presented, it is hereby accepted, to take effect Wednesday, October 20, 1948, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,112.

Patrolman Thomas E. Lydon of the Traffic Division is commended for meritorious duty performed on Friday, July 2, 1948.

While on duty at the intersection of Huntington avenue and Gainsborough street, Patrolman Lydon heard a cry of "Holdup" and observed two men running in the direction of St. Stephen street. He immediately gave chase, drawing his revolver but feared to discharge it because of the danger of injuring passersby.

The fleeing men turned into St. Stephen street with the officer in close pursuit and entered a coupe bearing Connecticut registration plates which was immediately driven at high speed toward Forsyth street. Patrolman Lydon then fired two shots and believed that both struck the car, possibly wounding one of its occupants.

Investigation at that time revealed that the two men, both carrying automatic pistols, accosted two employees of the Boston Cab Company on the stairway to its office and assaulted and robbed them of a payroll amounting to \$7,713.

Subsequent investigation resulted in the apprehension of five men, members of an out-of-state criminal gang, who were implicated in this crime, one of whom had been struck by a bullet discharged by Patrolman Lydon at the time of the holdup.

The commissioner is pleased to recognize and commend the prompt and fearless action displayed by Patrolman Lydon who, without regard for his own safety, pursued these armed and desperate criminals, wounding one of them.

In addition, it is hereby ordered that Patrolman Lydon be granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,113.

The following promotion and assignment is hereby ordered, to take effect Wednesday, October 20, 1948, at 5.45 o'clock p. m.:

To the Grade of Sergeant.

Arthur A. Quinn, Division 3, assigned to Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, estimated to be one (1) week, vehicles are excluded from the following street, effective October 20, 1948:

From Columbus avenue to Centre street.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 11, 1948.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 11 a. m., President HANNON in the chair. Absent, Councilors Carey, Chase, Coffey, Hurley, Keenan, Lane, Lanigan, Linehan. The meeting was opened with the salute to the Flag.

SALE OF LAND ON DORCHESTER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, October 11, 1948.
To the City Council.
Gentlemen:

I submit herewith an order for the sale of approximately 373,189 square feet of land in the Dorchester section of the city, at public auction, at an upset price of \$15,000.

This tract of land faces on Dorchester avenue, and is adjacent to Dorchester Park. It is the site where the old convalescent home was located. For many years this piece of land has been unused and vacant. The Hospital Department has no further use for it, and I can envisage no public purpose for which we should retain this land.

In view of the fact that this land is located in a desirable residential district, and in view of the fact that its sale would undoubtedly result in the building of fifty or more homes, with the consequent tax return to the city, and in view of the further fact that such building would help to ease the acute housing problem, I am much in favor of the sale of this land at this time. I therefore respectfully request speedy consideration and passage of the attached order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Hospital Department, October 1, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held on August 13, it was voted that the Law Department be requested to draw up an order to the City Council for authorization to sell the land on the site of the old convalescent home in Dorchester, at public auction, at an upset price of \$15,000.

An order has been prepared by the Law Department. This order was presented and approved by the trustees at their meeting held on September 24. I am enclosing herewith an original and four carbon copies of same signed by the President of the Board.

Sincerely yours,
JAMES W. MANARY, M. D.,
Superintendent.

Whereas, The City of Boston is the owner in fee of a certain parcel of land containing approximately 373,189 square feet situated on the easterly side of Dorchester avenue and adjacent to Dorchester Park in the Dorchester district. This parcel of land was acquired by purchase and the deed thereto is dated April 19, 1890, and is recorded with Suffolk Deeds, Book 1980, page 548; and

Whereas, This parcel of property was formerly used by the Hospital Department of the City of Boston as a Convalescent Home for Women; and

Whereas, The use of this parcel of property for hospital purposes has been abandoned and the Trustees of the City Hospital of the City of Boston have by a vote passed May 16, 1941, authorized the disposal of this parcel of property; and

Whereas, This parcel of property is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to sell at public auction this parcel of land, hereinafter described, at an upset price of fifteen thousand dollars (\$15,000), and subject to the exception and reservation hereinafter set forth; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to a purchaser at said auction sale a written instrument satisfactory in form to the Law Department of the City of Boston, conveying this parcel of land, subject to the following exception and reservation:

The parcel of land hereinbefore authorized to be sold and conveyed shall be subject to the express exception and reservation that the City of Boston, its successors, and assigns shall have the right and easement necessary for the maintenance, construction, and operation of sewerage works in the location designated therefor on the plan hereinafter referred to.

The parcel of land herein authorized to be sold and conveyed is bounded and described as follows:

Westerly by the easterly line of Dorchester avenue, seven hundred twenty-four and 80-100 (724.80) feet; northerly by lands now or formerly of John J. White, Mary C. Harrington, Patrick Barry, et al., and Margaret W. Barry, one hundred eighty-nine and 70-100 (189.70) feet; easterly by lands now or formerly of Margaret W. Barry, Peter Kelley, et al., Mary C. Murray, John F. Caskins, et al., two hundred six and 60-100 (206.60) feet; easterly again, by land of the City of Boston (Dorchester Park), by two measurements, two hundred eight and 3-100 (208.03) feet, and six hundred twenty-six (626) feet; southerly by land of the City of Boston (Dorchester Park), seven hundred fifty-four and 30-100 (754.30) feet, containing 373,189 square feet of land, more or less. The said parcel of land, all the above measurements and the location of the right and easement of the City of Boston for sewerage works are shown on a plan marked "City of Boston, Dorchester Avenue, Dorchester, March 31, 1944, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said department, City Hall, Boston, Mass.

Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority, on or after October 27, 1948.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, November 2, 1948.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

PROPOSALS FOR WATER METERS.

The Supply Department of the City of Boston invites proposals for furnishing water meters to the Public Works Department, Water Income Division, 710 Albany street. Blank proposals may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal and a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Bids to be in sealed envelopes, marked "Proposal for Meters." The bids will be publicly opened and read on Thursday, November 4, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Oct. 23.) Superintendent of Supplies.

BOSTON HOUSING AUTHORITY.

INVITATION FOR PROPOSALS FOR CONSTRUCTION OF ROADS IN VETERANS' HOUSING DEVELOPMENT, COLUMBIA VILLAGE, BOSTON, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapter 372 of the Massachusetts Acts of 1946, as amended, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for construction of roads in veterans' housing development, Columbia Village, Boston, Mass.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston, on Monday, October 25, 1948. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Construction of Roads in Veterans' Housing Development, Columbia Village, Boston, Mass.," and left at Room 1220, 10 Post Office square, Boston, before 1 p. m., Eastern Standard Time, on Wednesday, November 3, 1948, with a certified check for 5 per cent of the amount of the proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Boston Housing Authority to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

LIKENS PRESIDENT TRUMAN TO WASHINGTON AND LINCOLN IN CRISES FACING COUNTRY AND WORLD TODAY—DELIVERS ADDRESS AT MECHANICS HALL WELCOMING RALLY WITH HUGE AUDIENCE CHEERING—CALLS ATTENTION OF CHEERING AUDIENCE TO PRESIDENT'S DEDICATION OF LIFE TO SECURING PERMANENT WORLD PEACE.

Following are the remarks of his Honor the Mayor, James M. Curley, at Mechanics Building, on October 27, introducing President Harry S. Truman:

The problems that have confronted us during the past year, that have tested our ingenuity, intelligence, and courage, while appearing monumental, have in reality been infinitesimal as contrasted with the greater and all-absorbing problems confronting our beloved country and the world.

In two other periods like the present one, the prayers of the people of America went out to the individual filling the

DEFICIT AS ANNOUNCED BY M.T.A. WILL PUT DISTRESSING ADDITIONAL BURDEN ON TAXPAYERS, MAYOR WARNS.

Mayor Curley commented on M.T.A. report as follows:

Although the time has been short I have had an analysis made of the recent report filed by the Metropolitan Transit Authority. Perhaps the most significant aspect of this report is that it covers only a nine-months period. It is said that the staggering increase in the deficit is almost wholly attributable to increased allowances and wages to employees. It is readily apparent that such allowances and wages will not decrease during the last three months of the current fiscal year. Therefore, there is no reason to doubt that the deficit for the entire year will approximate \$9,000,000, which under existing statutes must be borne by the local taxpayers in the municipalities served by the M.T.A. In Boston alone this will mean more than \$3.50 on the tax rate.

This situation becomes all the more alarming when it is considered that the M.T.A., unlike the old Boston Elevated Railway Company, does not have many of the burdens which the old company

(Continued on page 1088.)

MAYOR CURLEY CALLS ON ALL CITIZENS WHO ARE REGISTERED TO VOTE ON ELECTION DAY TO SETTLE PROBLEMS FACING COUNTRY AND STATE—IN ADDRESS OVER RADIO HE URGES THE IMPORTANCE OF USING VOTING PRIVILEGES AS CIVIC DUTY AND FOR WELFARE OF ALL—DISCUSSES IMPORTANT REFERENDA TO BE DISPOSED OF AND WARNS OF DIRE RESULTS TO FOLLOW ANY POSSIBLE REPUBLICAN VICTORY.

Following are the remarks of Mayor James M. Curley over Station WMEX, Monday evening, October 25:

Friends of the Radio Audience:

The number of persons privileged to vote in the election on Tuesday is greater than at any previous time in the history of Boston, and the number of amendments to be voted upon is equally large.

Many persons who have never previously voted in the election will participate for the first time and it is imperative that they familiarize themselves with the questions contained in the referenda, as in all probability the vote cast in Boston will be a determining factor in the total vote cast in the state, not only upon the questions of referenda, but upon the other equally important question as to which political party will succeed in winning the election upon Tuesday, November 2.

WORK ON UNDER-COMMON GARAGE TO BEGIN IN JULY, 1949, MAYOR CURLEY ANNOUNCES AFTER SUPREME COURT RULING.

Mayor Curley issued the following comment on the ruling of the Supreme Court on garage under Common:

The action of the Supreme Court clears the way for the construction of this great and essential public improvement after two years of opposition by the reactionary forces. The immediate start of construction of the garage under Boston Common should pave the way for early action on Back street and the highway from the Shell on the Esplanade to Soldiers Field in Cambridge, providing relief for the rest of Boston that is absolutely essential due to the fact that we have nearly 1,000,000 cars traveling over the roads at the present time, and the concentration in Boston is greater than any other section of the State.

In view of the repeated delays, the group that is interested in constructing the garage under the Common stated that if the matter went to the Supreme Court their plans would not be ready for approval by the Boston authorities until March or April, and the earliest possible date they could start construction would be about July of next year.

As a citizen who firmly believes that there never has been a more propitious time for the settlement of international differences without recourse to arms and the slaughter of innocent people, I appeal to all who are privileged to vote to participate.

The women of the world for thousands of years have prayed earnestly for permanent peace and, fortunately in the election to be held Tuesday, November 2, the women may be the majority of the voters and can be relied upon to vote for candidates for public office who, in their judgment, can best make permanent peace possible.

Blames Republicans for Debacle.

We should bear in mind that World War II would never have taken place provided the League of Nations had been established, and we must not be unmindful of the fact that it was the Republican Party, headed by a Massachusetts Republican Senator, who was the leader in the movement to prevent participation by the United States

MAYOR CURLEY CALLS ON ALL CITIZENS TO VOTE ELECTION DAY.

(Continued from page 1085.)

in the League of Nations as advocated by the late-lamented Democratic President of the United States, Woodrow Wilson.

It must be remembered that it was the Republican Party that was responsible for the financial debacle in 1930 which resulted in soup kitchens and bread lines in every city of America with the exception of one, our own city, and under President Hoover they filled the streets of America with hungry men seeking employment and without opportunity to secure the same.

We have enjoyed twelve years of unprecedented prosperity in America under Democratic auspices, and it is possible to continue the same through the election of Democrats to national and state offices this year. The election of Democrats nationally should mean the realization under God for which good women and men have prayed in every country, namely permanent world peace, and so I urge everyone who is privileged to vote to participate and do their duty to God and country, rather than by fealty to a party tag, to prevent the realization in our day of the aim, the aspiration, and the prayer of good women and men through the centuries, namely, peace in the world and prosperity in the nation.

However, I am not here to make a political speech. I am here to discuss the important questions that will appear on the ballot, some nine in number, and to venture my own views as to how the individual citizen should consider these questions.

ON REFERENDA.

Referendum No. 1 seeks to amend the state constitution by adding the following words: The right of free speech shall not be abridged. This is the right that we have always labored under the impression we enjoyed in Massachusetts, but it has been recently disclosed by Judge Daniel J. Gillen of Massachusetts that this provision is not contained in the state constitution, so that on No. 1 it is our duty to vote Yes.

Upon Referendum No. 2, the purpose of which is to prohibit the diversion of state revenue from taxes on motor fuels and lubricants, and from vehicular license fees to other than highway purposes, it is my judgment that every individual recognizes the necessity for better highways in the Commonwealth, and the diversion of these revenues for other purposes serves as a preventative to the character of the highways to which the people of the state are entitled. Accordingly, on Referendum No. 2, I should say it is our duty to vote Yes.

Referendum No. 3 is just a perfecting proviso to fill vacancies occasioned by death, and being in the nature of a perfecting proviso I believe we should vote Yes on No. 3.

Referendum No. 4, the so-called birth control law amendment, is very nicely phrased, but stripped of its verbiage is a law, if adopted, which is a blow against chastity, morality, and common decency.

The abuses which would result from its adoption might properly come under the head of child murder, and, nevertheless, a majority of the votes cast in the Senate in favor of its adoption were cast by Republican members of the State Senate in Massachusetts.

Dr. Frederick L. Good, appearing in opposition to the bill, directed attention to the fact that from 1923 to April 6 of 1948 there were approximately 59,000 deliveries of babies at the Boston City Hospital, and during that time there were no sterilizations or therapeutic abortions, nor were any contraceptives used—59,000 deliveries with no therapeutic abortions, and a mortality rate of of nothing for that type of case. I know of no more convincing argument that may be presented for a No vote on this measure.

Referendum No. 5, in the event of its adoption, would have the effect of banning all closed shops and union shops and other union organizations in the Commonwealth. It would mark an end of collective bargaining and a return to strikes and the use of militia to suppress working men and women seeking to better their station in life. It is clearly the duty of every voter to vote No on Referendum No. 5.

Referendum No. 6 provides for an annual election of officers of labor unions by secret or printed ballots. The advances made through organized labor for the protection of life, limb, health, and income of the worker represents a long, toilsome, painful process over a long period of years, and the adoption of this amendment would destroy, in a large measure, what it has taken so many years to achieve for the welfare of those who labor, and incidentally, all the people of the nation. It is clearly our duty to vote No on Amendment No. 6.

Upon Referendum No. 7, the minority report of the Committee on Labor and Industries set forth that in their judgment the legislation is unnecessary, unfair, unworkable, probably unconstitutional, and would definitely interfere with good labor management relations in this state. I concur in the judgment as set forth in the minority report and believe it clearly the duty of every citizen to vote No on this question.

Referendum No. 8 makes provision for limiting the term of the President of the United States to two terms in office, and in the judgment of most forward-looking Americans who might be regarded as authorities upon a federal constitutional question of this character it is absolutely sound and it is clearly the duty of every citizen to vote Yes on Amendment No. 8.

URGES ALL TO VOTE.

Upon the question of the sale of alcoholic beverages I am quite certain that after our experience with bootlegging, hijacking, and organized murder during the years of prohibition, that every right-thinking American, regardless of whether he drinks or not, should vote Yes upon the question of continuing the legalized sale of alcoholic beverages.

I realize that many persons listening in will not agree in the conclusion I have reached with reference to voting upon the amendments, but that is an American privilege to disagree on public questions. I have presented them as they appeal to me after a half century of holding public office.

The all-important thing is for persons who go to the trouble of registering, to cast their vote upon Election Day, Tuesday, November 2, and to place God and conscience above loyalty and fealty to a party tag.

If this is done the Democratic party will triumph. Evil legislation will be defeated, and good legislation be the order of the day.

It is a well-known fact that in past elections people have had great difficulty in reaching a conclusion as to how they should vote on referenda by reason of the fact that the referenda as set up on the ballot generally contain a lot of legal verbiage that is difficult for the average citizen to comprehend.

After having been in public life for 50 years, of necessity, I have had greater experience with these questions than the average citizen and to you thousands of people who have faith in my theories of government, I would like you to take a pencil and jot down these votes. It is within your right to take this paper to the polling booths with you so that you will have an accurate and detailed statement as to how you intend to vote on the referenda. I simply present this in the nature of advice. After careful consideration I feel that on Nos. 1, 2, and 3, the vote should be Yes. On Nos. 4, 5, 6, and 7, the vote should be No, and on Nos. 8 and 9, Yes.

Now I am going to repeat what I have already said. I want you to get a pencil and mark them down. On Nos. 1, 2, and 3, the vote should be Yes. On Nos. 4, 5, 6, and 7, the vote should be No, and on Nos. 8 and 9, should be Yes.

It is vital that every person who is privileged to vote, and particularly the women, to cast their ballots before 5 o'clock in the afternoon, as a failure to do this will result in their being deprived of their right to vote in the event that they are not within the ballot booths before 8 o'clock, at which time under the law balloting must cease.

410,000 REGISTERED.

Provided that the women, particularly those who are voting for the first time, will vote during the day and before 5 o'clock in the afternoon, the amendments that they desire adopted will be adopted, and the amendments they desire defeated will be defeated, and the candidate for President, Harry S. Truman, and the entire Democratic ticket, headed by Paul A. Dever, will be elected.

The registered vote of Boston this year is 410,000, and provided the women and independent voters, as well as the Democrats, who believe in the continuance of liberal, progressive legislation, and relief from the burden of taxation imposed upon the people of the state, which is represented in increased rentals and general increase in the cost of living through the failure of the Republican party to enact legislation of a revenue-producing character to offset the increased burdens which they have imposed upon the people of the state, the great vote cast by Boston will determine the election.

I repeat—mark down the manner in which to vote on the referenda and place a cross beside the work Democrat wherever it appears on the ballot, for your own relief and that of your neighbors, and for the benefit of all Americans and the establishment of world peace.

MAYOR CURLEY COMMENTS ON M.T.A. DEFICIT.

(Continued from page 1085.)

had; for example, the Authority does not have to pay dividends to stockholders nor does it have to pay taxes on its personal property. Nor does the deficit that has been reported apparently represent the full operating deficit of the Authority, because under existing statutes the Authority while ostensibly paying rent does not in fact pay rent on several of the subways and tunnels which it uses. This perhaps is a little known fact, but the statutes providing for recent subways proceed on this basis: The Authority pays rent to the city, but is immediately reimbursed by the Commonwealth, which thereupon assesses the rental upon the 14 municipalities served. In other words, the present deficit, when taken in the light of the tax exemptions and the subsidized rentals, means a far larger burden is being borne by the local taxpayers in Boston than the \$3.50 mentioned above.

The report indicates that there were 3,500,000 less revenue-passengers carried during the period covered by the report than in the corresponding earlier period. In view of this fact there would seem to be little doubt that the burden can be relieved directly by the Authority itself by deferring the making of capital expenditures until such time as additional revenues are available to cities and towns. It must be readily apparent to every observant citizen that such capital expenditures are being made on a huge scale when he sees the extensive construction and many new cars and trackless trolleys and busses.

During its last two sessions the Legislature was repeatedly urged to provide additional revenue to cities and towns so that they might meet not only these but other similar burdens imposed upon them by the Legislature. It is readily apparent that immediate steps must be taken by the incoming Legislature to provide cities and towns with the means of increasing their revenues, and I earnestly hope that such remedial legislative acts will be speedily adopted in 1949.

MAYOR CURLEY'S ADDRESS AT PRESIDENT TRUMAN'S RALLY.

(Continued from page 1085.)

most important position in the gift of the nation, the presidency of the United States, one, General George Washington, and the other, Abraham Lincoln. No individual studying the lives of these two great men can arrive at any other conclusion than that they were inspired by Almighty God and were in reality the instruments of a divine purpose,—one, the freedom of the people of America, and the other, emancipation of all people, regardless of race, creed, or color, not only in America, but throughout the world. Despite their exalted mission and devotion to their ideals they were the subjects, too frequently, of the venom, malice, and hatred of those who did not understand or refused to understand the motives prompting their action.

At the present time, in our national capitol, we have a man serving as head of this nation, perhaps better fortified with legislative experience than either Washington or Lincoln, and animated and actuated by the same ideals that prompted Lincoln and Washington to fight on, regardless of criticism or condemnation, until success crowned their efforts.

FOR PERMANENT PEACE.

For thousands of years good women and men representing every race, creed, and clime have labored unceasingly, but unsuccessfully, for the establishment of a system through which the shedding of blood for the settlement of international differences might be at an end. This plain American, who now presides over the destinies of our nation, has dedicated his life to the solution of the problem that has baffled the ablest, wisest, and most powerful forces from the beginning of the world, namely, a permanent peace based on spiritual and economic justice for all the people of the world.

I have an abiding faith in the belief that the peoples of the world, as a whole, favor permanent world peace, and the accomplishment of this great objective is far more desired by President Harry S. Truman than his reelection as President of the United States. I, likewise, am firmly of the belief that, in the event of permanent peace becoming a reality through his leadership, courage and persistence, he will not only be reelected President of the United States, but will take rank in the history of our country and in the hearts of the peoples of the world as a worthy associate of George Washington and Abraham Lincoln.

The stupendous character of the accomplishment to which he had dedicated his life and best efforts through the providence of God is destined to become a reality, and every individual in America and throughout the world may well say a prayer to Almighty God for the success of his efforts.

I recall discussing with Admiral deCocheprat, Commander of the French Navy, how it was possible to win the battle of the Marne thereby bringing to a halt the mad march of the victorious army of Kaiser Wilhelm. Admiral deCocheprat stated to me that he discussed this question with Marshal Joffre on the morning of the Battle of the Marne, just before the drive of the allied forces began.

The admiral stated that he knew Marshal Joffre had been estranged from his church for a period of seven years, and he said to him, "Have you done everything that can be done to win the battle?" The reply of Marshal Joffre was: "Everything, men, munitions. We are stopping the central empires here or Paris will be taken and the war will be lost." Admiral deCocheprat said to him, "Have you said a prayer to Almighty God for the success of allied arms?" Marshal Joffre replied, "I have not prayed in seven years, I will pray now." He knelt in the mud which was almost knee deep, for several minutes in a reverential attitude, then arose and gave orders for hostilities to begin. It was not the esprit de corps of allied arms, it was the fact that a simple prayer from a great man on earth had been heard at the throne by a Greater Man on High, and it represented to my mind an exemplification of supreme faith unequaled in the history of the world.

ABIDING FAITH.

The same faith is today exemplified in the leader of our nation, President Harry S. Truman, and those associated with him, and a simple prayer by all who are listening in may yet be heard and permanent peace become a reality.

I commend to the women and independents of the nation the editorial in the Boston Post of this day. It is a summing up of the real issues of the presidential

election from an unbiased source that carries conviction, and when read and interpreted by the voters can leave no doubt as to the outcome of this election, namely, the election of President Truman in the nation and the entire democratic ticket in Massachusetts.

It has been truly said by John Boyle O'Reilly:

"Great men grow greater by the lapse of time,

We know those least whom we have seen the latest;

And they, 'mongst those whose names have grown sublime,

Who worked for human liberty, are greatest."

CITY GYMNASIA AND SWIMMING POOLS OPENED FOR SEASON BY PARK DEPARTMENT.

Boston's twelve municipal gymnasias and two swimming pools operated by the Park Department will be formally opened for the 1948-49 indoor season Monday afternoon, according to Park Commission Chairman John J. Murphy. The facilities will be available to the public from 2 to 10 p. m. weekdays and Saturday mornings, with designated hours for men, women, grammar and high school boys, working boys, and high school and working girls. At each facility there will be trained physical instructors who will supervise classes in general physical conditioning, calisthenics, and folk and square dancing. In addition, Park Department physical and swimming instructors will instruct individuals in the use of apparatus and in personal conditioning programs.

For many years, Park Department instructors have conducted special courses to prepare young men for civil service examinations. These will be continued. Also, the mothers' classes will be reopened with special conditioning instruction provided.

The following schedule applies to all gymnasias and pools: Monday and Thursday afternoons, grammar and high school girls; Monday and Thursday nights, working girls and women. Tuesday and Friday afternoons, high school boys; Tuesday and Friday nights, men. Wednesday afternoon and Saturday morning, grammar school boys; Wednesday night, working boys.

GYMNASIA, POOLS, AND THEIR LOCATIONS.

East Boston, Paris Street Gymnasium (near entrance to Summer Tunnel).

Charlestown, Municipal Gymnasium (Lexington and Bunker Hill streets).

North End, North Bennet Street Gymnasium (near corner of North Bennet and Hanover streets).

Roxbury, Cabot Street Gymnasium and Pool (Cabot and Whittier streets); Vine Street Gymnasium (Dudley and Vine streets).

South End, Williams Municipal Building (Shawmut avenue and East Brookline street).

South Boston, South Boston Gymnasium (rear of Municipal Building, Broadway).

Dorchester, Columbia Road Gymnasium (Columbia road and Bird street).

Jamaica Plain, Curtis Hall Gymnasium and Pool (Centre and South streets).

Roslindale, Municipal Building (Cummins Highway and Washington street).

Hyde Park, Municipal Building (River street at Logan square).

(South End, Tyler Street Gymnasium (Tyler and Oak streets).

SHOE INDUSTRY ACCEPTS MAYOR'S SUGGESTION FOR COMMEMORATING SITE OF FIRST SHOE FACTORY IN AMERICA.

The following letter was this day sent by his Honor, James M. Curley, to Mr. Frank B. Masterson, President of Trustees, Boston Public Library:

FRANK B. MASTERSON, *President of Trustees, Boston Public Library, Boston, Mass.*

DEAR FRIEND FRANK:

I discovered a building just below the Old Union Oyster House in the North End, which is the building where the shoe industry started in America.

It occurred to me that it might be worth your while to look into it and interest the shoe industry in taking over the building as a permanent memorial to the industry that has contributed so materially to the prosperity of this section of our country.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

The following letter was this day received by his Honor the Mayor from Maxwell Field, Executive Vice-President, New England Shoe and Leather Association:

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR:

Mr. Frank Masterson has been kind enough to direct to our attention your letter addressed to him (a copy of which is enclosed) in which you manifest considerable interest in the location where you believe the first shoes were manufactured in America.

It is our pleasure to advise you that this matter will be presented to our directorate for action at our next meeting.

Sincerely yours,

MAXWELL FIELD,
Executive Vice-President.

ADDED COLOR AND BEAUTY PLANNED FOR BOSTON'S PARK SYSTEM.

The following letter was this day received by his Honor the Mayor from John J. Murphy, Chairman of the Park Department:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Earlier this year you suggested that a little more color would add materially to the appearance of the Park System.

Following your suggestion fall color has been added in the nature of planting of chrysanthemums. There has been planted at Copley square, 400 plants; Kelly Circle on Jamaica way near Jamaica Pond, 150 plants; Murray Circle, Arborway and Custer street, 75 plants; Franklin Park Circle, near Forest Hills street, 75 plants.

At Copley square there are three beds of brilliant color and, barring a too heavy frost, this condition will last for about another month. We have planted a very special chrysanthemum plant at this location known as the Fleur—it is a cross between cerise and crimson and adds to the over-all picture considerably.

These plants will all be left in the ground throughout the winter and in the summer annuals will be placed in these

beds spaced so as not to interfere with the chrysanthemums which, in themselves, will have an abundance of foliage that is quite effective. These locations are being used as test plots, and if success crowns the venture, you may look for many additional beds along the same line throughout the Park System.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

MAYOR HONORED FOR SPONSORING FISHING RODEO FOR JUVENILES.

His Honor the Mayor received the following communication from LeRoy H. Dorsey, *President, Better Fishing, Inc., 509 South Wabash Avenue, Chicago, Ill.*

DEAR MAYOR CURLEY:

The results from the first National Better Fishing Rodeo for boys and girls held across the nation and the Hawaiian Islands on Saturday, August 28, are very enlightening and satisfactory, in fact, far beyond our most optimistic predictions. Steps leading to national action were taken only a short period prior to the day of event.

The Mayors of 135 cities in 44 states and 16 cities in Hawaii participated in bringing national attention to the health-building benefits to be gained by our juvenile citizens through fishing for sport. Not only the youngsters had "fishing fun," but the oldesters enjoyed it too, as evidenced by the many letters, photographs and newspaper notices received.

Better Fishing, Inc., was founded by a number of sportsmen, newspaper and magazine men, solely to provide fishing fun for everyone, particularly boys and girls. We have no commercial interest and are trying to lend a helping hand nationally in featuring the sport of fishing.

We appreciate very much your assistance in extending participation in the first National Better Fishing Rodeo for boys and girls. Therefore, it gives Better Fishing, Inc., genuine pleasure to present to you an AWARD OF MERIT as continuing evidence of a good deed done for our youngsters.

Promising an opportunity for bigger and better planning for next year's Better Fishing Rodeo, we remain

Cordially yours,

LEROY H. DORSEY,
President.

BETTER FISHING, INC., CHICAGO.
A NONPROFIT NATIONAL ORGANIZATION
AWARD OF MERIT TO
HON. JAMES M. CURLEY

IN RECOGNITION OF YOUR VALUABLE CONTRIBUTION TO THE YOUTH OF AMERICA; IN HELPING TO PROVIDE MORE FISHING FUN FOR BOYS AND GIRLS UNDER WHOLESOME AUSPICES AS A MEANS OF DEVELOPING STRONGER CHARACTERS, AND SECURING THE HEALTH-BUILDING BENEFITS DERIVED FROM THE GREAT OUTDOORS.

IN WITNESS WHEREOF, BETTER FISHING, INC., HAS CAUSED THIS AWARD TO BE SIGNED BY ITS PRESIDENT, AND ITS CORPORATE SEAL TO BE AFFIXED, ATTESTED BY ITS SECRETARY, THIS TENTH DAY OF SEPTEMBER, A. D., 1948.

LEROY H. DORSEY, *President.*
FRANK E. NELSON, *Secretary.*

MEETING CALLED TO CHECK LOSSES BY FIRE IN BOSTON.

The following communication has gone forth from this office to the press of Boston, School House Commission, and the Boston Board of Fire Underwriters and Insurance Companies of Boston:

A meeting will be held in the Boston City Council Chamber, fourth floor, City Hall, School street, Boston, Wednesday, November 3, at 2 p. m., for the purpose of organizing a program to reduce losses of life and property by fire in Boston. Similar programs are now in operation in other American cities, and the losses of life and property by fire have been reduced in some cases considerably.

Your presence, advice, and suggestions should prove of value, and I sincerely trust you will make a special effort to be present.

Respectfully yours,

JAMES M. CURLEY,
Mayor of Boston.

WAY CLEARED FOR VETERANS' HOUSING CONSTRUCTION.

The Boston Housing Authority conferred with the Mayor and the Corporation Counsel on October 21 with reference to the construction of housing accommodations for veterans at South Boston and the award of contract for the same to the lowest bidder.

The Boston Housing Authority desires to express their gratification at the end of what threatened to be a lengthy controversy between the State Housing Board and the Boston Housing Authority, and are prepared to proceed at once with the signing of the necessary papers so that work may proceed without delay.

The Boston Housing Authority is firmly of the belief that speedy action should be taken upon the construction of the housing project, for which provision was made in 1941, in the vicinity of the Holy Cross Cathedral in the South End, which has been a blight and an eyesore in the city for a period of eight years. They accordingly have requested a conference at the earliest possible date with the State Housing Board for the purpose of expediting construction in the South End housing development which will accommodate some 514 families of veterans, which with the 972 already agreed upon for South Boston will be a most worth-while step in the providing of accommodations for a portion, at least, of the 15,000 veterans' families who have applications pending before the Housing Authority.

CIRCULAR LETTER ON ELECTION DAY WORK.

CITY OF BOSTON,
MAYOR'S OFFICE, October 26, 1948.

To the Heads of All Departments.

(With the Exception of Police, Fire, Election, Collecting and Treasury Departments.)

GENTLEMEN:

The importance of the Presidential Election to be held Tuesday, November 2, in the establishment of world peace and the welfare of the entire people, nation, and state, requires that every eligible citizen cast his or her vote.

You are accordingly instructed to conduct the activities of your department with a skeleton force from 12 o'clock noon on Tuesday, November 2.

Respectfully,

JAMES M. CURLEY, *Mayor.*

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, October 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

On December 22, 1947, the Boston City Council, acting pursuant to the provisions of General Laws, chapter 40, section 22A, as inserted by Statutes of 1947, chapter 442, authorized the Boston Traffic Commission to enter into agreements for the acquisition of not more than five thousand (5,000) parking meters.

The commission then made an exhaustive study of the nine meters known to be in the market, and on March 1, 1948, decided to acquire 1,999 manually-operated meters and 1,001 automatic-type meters.

After more than three months' actual experience with the operation of these 3,000 meters, it is the unanimous opinion of the commission that the best interests of the city will be served by acquiring 2,000 additional manually-operated-type meters.

Consequently, at a meeting of the Boston Traffic Commission held on September 9, 1948, with all members present, it was unanimously voted that the commissioner invite sealed proposals from all manually-operated meter companies.

In response to this invitation, three meter companies submitted proposals, and at a meeting of the full membership of the Boston Traffic Commission held September 24, 1948, these sealed proposals were opened and read as follows:

The Michaels Art Bronze Company, unit cost completely installed, \$59 (Mi-Co meter), total cost \$118,000.

M. H. Rhodes, Inc., unit cost completely installed, \$62 (Mark-Time meter), total cost \$124,000.

Duncan Meter Corporation, unit cost completely installed, \$67.05 (Miller meter) total cost \$134,000.

Duncan Meter Corporation, unit cost completely installed, \$69.65 (automatic meter), total cost \$139,300.

After the bids were read it was unanimously voted by the commission that the commissioner be authorized to enter into an agreement on behalf of the City of Boston with the lowest bidder, The Michaels Art Bronze Company of Covington, Kentucky, for the acquisition of 2,000 Mi-Co parking meters at the price of fifty-nine (59) dollars per meter completely installed, making a total price of \$118,000.

The manually-operated meters which the city now has in operation are the Mi-Co meters and have also been furnished at the price of \$59.

In view of the foregoing, your permission is respectfully requested to dispense with advertising and award a contract to the aforesaid lowest bidder.

The acquisition of these meters will not require the expenditure of any appropriated city funds. The manufacturer furnishing the meters has agreed to a form of conditional sales agreement under which the city shall pay for the meters out of the fees received for the use of the meters. However, the city will keep fifty (50) per cent of the fees and the balance of the fees are to be paid to the manufacturer until the full purchase price shall have been paid.

Respectfully submitted,

LEO F. CURLEY,
Commissioner.

CITY MESSENGER.

BOSTON, September 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of chapter 30 of the City Charter your authority is requested to use the services of F. C. Dolan & Sons, General Contractors, 18 Aldworth street, Jamaica Plain, for performing the necessary roping, trucking, and drilling in connection with the Catholic Youth Parade which is to be held on Sunday, October 3, 1948. The route of this parade is as follows: Starting at the corner of Hereford and Beacon streets, proceeding along Beacon to Park, Tremont, and Boylston streets, disbanding at Copley square. The cost of the above-mentioned work along this route is estimated to be three thousand six hundred eighty dollars (\$3,680).

Knowing of your aversion to signing nonadvertised contracts, I hesitate to approach you on this subject, however, time is of the essence as the parade is to be held only ten days hence and the contract should be awarded at once to give the contractor ample time to do the work.

F. C. Dolan & Sons have performed similar work in connection with parades previously held in this city and are qualified to handle the work in an expeditious and efficient manner, so in view of the urgent necessity of starting this work immediately your permission to dispense with public advertising is also requested.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, October 15, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR:

On August 25, 1948, your Honor approved a contract to the Daniel Russell Boiler Works, Inc., for repairing and retubing boilers in various schools, also on September 13, 1948, an order of addition was approved by your Honor. This award was approved after advertising.

During the life of the contract, additional retubing was found necessary in twenty-three school buildings, exclusive of the order of addition approved September 13. These repairs were necessary in order to make the boilers tight and ready for safe operation. All the work involved in the original contract, together with the extra work, was requested by the insurance company as a result of their annual inspection and hydrostatic tests, and has to be done in order to secure certificates of operation required by the Department of Public Safety.

In my opinion the interests of the city are best served by having this work performed by the contractor already engaged under the original contract and that nothing would be gained by further advertising.

I therefore respectfully request your Honor's approval to amend said contract from the amount of \$14,463 to the amount of \$17,025.15.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On April 15, 1948, your Honor approved a contract awarded by this department to

the Central Construction Company of Boston for resurfacing or repairing with sheet asphalt the pavement in any street upon which there is no maintenance guaranty, in the estimated sum of \$127,134, charged to the following appropriations:

Reconstruction of Streets, \$111,834; Sewer Division (Sewerage Works Appropriation), \$1,300; Water Division (Budget Item B-42), \$15,000.

However, we find that all necessary work of this nature which must be accomplished before the end of the calendar year cannot be completed within this estimated cost. Accordingly, a new contract must be executed.

It is desirable, in my opinion, that the materials for the work in question be manufactured at a site located close to the streets where the work is to be done so that it can proceed with a minimum of delay.

After careful study of the problem it is my considered judgment that the Central Construction Company, which has its plant at 228 Southamptton street, Boston, can handle this work in the most efficient and economical manner, as it has the only plant which manufactures the necessary materials in a location most centrally situated in relation to the streets where most of the work is to be done. Furthermore, the Central Construction Company is immediately equipped to manufacture and supply all the materials to be used in this work, thus insuring complete performance.

Furthermore, this company has had considerable experience in laying and repairing this type of roadway surface, having been awarded contracts by this department for this type of work for the years 1946, 1947, and for the current year, and has performed in a completely satisfactory manner.

In view of the foregoing, I respectfully request your Honor's permission to enter into a new contract with the Central Construction Company of Boston, without advertising, for sheet asphalt pavement repair as may be necessary in any street upon which there is no maintenance guaranty and which was not covered by the contract approved on April 15, 1948, at the same unit price as set forth in the aforesaid contract, in a sum not to exceed \$100,000, to be charged to the special appropriation, "Reconstruction of Streets."

Respectfully yours,

D. M. SULLIVAN,
Acting Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 18, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department (Water Division) for one (1) 1949 four-door sedan to be equipped with hot water heater and defroster as a unit, seat covers, and dual windshield wipers.

Prices were solicited from the various dealers and only two dealers responded, Lalime & Partridge, Inc., have guaranteed immediate delivery, and since the Water Division is very anxious to obtain the above automobile as soon as possible, it is requested that permission be granted me to award an order to Lalime & Partridge, Inc.

Total amount of order is as follows:

One (1) 1949 four-door sedan, \$1,465.23; less tax, \$79.47—\$1,385.76; less trade-in, \$1,000; net total, \$385.76.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

POLICE DEPARTMENT ORDERS.*General Order No. 1,114.*

Sergt. Francis V. Donovan and Patrolman John J. McDermott, both of Division 4, are commended for meritorious police duty performed on October 19, 1948.

As a result of observations made by these officers they placed two men under arrest as suspicious persons. Both men resisted and one of them, armed with a fully loaded pistol, attempted to shoot Patrolman McDermott. During the struggle, Sergeant Donovan, who had the second man in custody, went to the assistance of Patrolman McDermott and, observing the pistol fall to the sidewalk, attempted to pick up the weapon. One of the prisoners stepped on his right wrist in an effort to prevent his getting possession of the gun.

Both men were taken to the station where it was found that they had in their possession a valuable fur jacket, later identified as having been stolen in a recent house break in Dorchester.

Further investigation at the room of one of the prisoners revealed a quantity of morphine with hypodermic equipment, several Luger cartridges, a glass cutter and pliers. Both prisoners have long criminal records and have served time in State Prison.

The commissioner is pleased to recognize and commend these officers for their keen observation and devotion to duty displayed in accomplishing the arrest of these dangerous felons.

In addition, each officer is hereby granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,115.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department:

Patrolman Jeremiah J. O'Connell, Division 1, 29 years of service.

Patrolman William J. Higgins, Division 3, 36 years of service.

Patrolman James H. Graham, Division 7, 29 years of service.

Patrolman Frank C. Obert, Division 15, 27 years of service.

Patrolman Walter J. Bird, Division 15, 28 years of service.

Patrolman Wendell K. Moulton, Property Clerk's office, 28 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,116.

The following-named patrolmen, honorably discharged veterans of World War I, having arrived at the ages stated, having been in the service of the Boston Police Department for a number of years set forth, and having requested retirement under provisions of section 57,

chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, said patrolmen will be retired from active duty in the Police Department, effective Tuesday, October 26, 1948, at 5:45 o'clock p. m.:

Joseph M. Walsh, Division 7, age 50, 22 years of service.

David Richard, Division 18, age 52, 23 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,117.

The Superintendent of Police is hereby directed to make the following details in connection with the State and Presidential Election on Tuesday, November 2, 1948, in this city.

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State and Presidential Election Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State and Presidential Election at 10 o'clock a. m., Monday, November 1, 1948, such details to continue until all ballots cast at the Election have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex at 4 o'clock p. m., Monday, November 1, 1948 (the night before Election Day), to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that twenty-five trucks coming to the Election Commissioners' office for ballots at early hours on election morning will be able to park without interference or delay.

4. One superior officer for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, November 2, 1948, until relieved.

One patrolman from 4 o'clock p. m., on the same date, until relieved for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 9 o'clock p. m., on Tuesday, November 2, 1948, until such time as all returns from the 362 precincts are in.

6. Twenty-five sergeants one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 2, 1948.

(One motor vehicle for each of the twenty-two wards, excepting Ward 14,

Dorchester, Ward 18, Hyde Park, and Ward 20, West Roxbury, for which two trucks, each, have been engaged.)

Wards 1 to 4, inclusive, 6:30 a. m.

Wards 5 to 7, inclusive, 6 a. m.

Wards 8 to 10, inclusive, 5:30 a. m.

Ward 11, 6 a. m.

Ward 12, 5:45 a. m.

Wards 13 to 17, inclusive, 5:30 a. m.

Wards 19 and 20, 5:20 a. m.

Ward 21, 5:25 a. m.

Ward 22, 5:30 a. m.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

8. One patrolman to report at each of the three hundred and sixty-two precincts, as hereinafter set forth, on Tuesday, November 2, 1948, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that the officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

In Ward 22, Precinct 3 (polling place located in Allston station of Boston and Albany Railroad), from the opening to the close of the polls (8 o'clock a. m., to 8 o'clock p. m.), an officer will be detailed outside this polling place to safeguard the voters.

In all other precincts officer assigned outside polling place will report at 4 p. m. and remain until close of the polls at 8 p. m. Officers assigned to duty outside the polls are to enforce the law which prohibits the distribution of campaign literature within 150 feet of the entrance to a polling place.

 Ward 21, Precinct 11, 7 a. m.
 Ward 22, Precincts 1 to 5, inclusive, 6.15 a. m.
 Ward 22, Precincts 6 to 9, both inclusive; and Precinct 17, 6.30 a. m.
 Ward 22, Precincts 10 to 12, inclusive; and Precincts 15 and 16, 6.40 a. m.
 Ward 22, Precincts 13 and 14, 7 a. m.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of November 2, 1948, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of November 2, 1948, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room

for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, November 2, 1948, when the polls close, one sergeant will report in each of the 22 wards (excepting Ward 14, Dorchester; Ward 18, Hyde Park, and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked), and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and individual envelopes containing keys to each voting machine, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners.

The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official return, the

box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate party boxes or envelopes) shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the State and Presidential Election on Tuesday, November 2, 1948, shall open at 8 o'clock a. m. and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on State and Presidential Election Day, are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on Election . . . Days."

25. Voting machines will be used in the following precincts at the coming State and Presidential Election:

Ward 1, all precincts.
 Ward 2, all precincts.
 Ward 3, all precincts.
 Ward 4, all precincts.
 Ward 5, Precinct 4.

Officers assigned to duty in these precincts should be apprised of the procedure to be followed. When the warden has set up the machines for voting and the polls are declared open, he will give keys Nos. 2, 3 and 4 of each machine in the precinct to the police officer. The officer will have custody of these keys until the close of the polls. Since the law requires that a ballot box be furnished for challenged ballots, the officer will also have custody of the ballot box key during the polling hours. At the close of the polls, the officer will return the keys to warden. Keys Nos. 2 and 3 will be automatically locked into the voting machines. Key No. 4 will be given to the police officer to return to City Hall. This key is to be enclosed in a sealed envelope signed by all the election offi-

cers. Since the procedure is most important, the officers will check the envelopes—one for each machine—to be certain that they are in proper order. If any challenged ballots are cast in the precincts where machines are used, the officer will have ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast, in addition to the envelopes containing the No. 4 key.

ABSENTEE BALLOTS.

All absentee ballots that are in the office of the Election Commissioners by Monday, November 1, 1948, will be placed in separate envelopes by precincts and enclosed in the registering ballot boxes (by precincts) that are sent to the polls.

It is the duty of the warden to remove such envelopes from the registering ballot boxes before the polling begins—although the counting of the same does not take place until the closing of the polls.

It has been called to the attention of the Board that in machine precincts—Wards 1, 2, 3, 4, and Precinct 4 of Ward 5—that because of the fact that all voting is done on machines, the warden has neglected to examine the registering ballot box and remove package containing absentee ballots. Thus in several instances in the past absentee ballots have not been cast in machine precincts.

It is the duty of the warden in these precincts to remove the envelope containing the absentee ballots, and at the close of the polls to examine them to see that they are in order, and if so, to run them through the registering ballot box and count the votes contained therein.

Police Officers shall remind wardens (in machine precincts) to examine registering ballot boxes, and to make certain as to whether or not they contain absentee ballots.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock p. m. to 8 o'clock p. m., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the

polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. A candidate running on "stickers" (or his representative) may stand at the entrance to the polling place to distribute "stickers."

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in many instances precincts have been combined in one building, but the number of precincts is 362.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly according to schedule.

H. Very Important. Cooperation With the Press. At the close of the polls the election officers will first count the vote for President and Governor and record the results of these two contests on the Press Return Slip. This slip is to be given to the police officer on duty who is to phone these figures without delay by police telephone (nearest police signal box) to station house, where figures shall be immediately relayed to Police Headquarters.

I. Important. The Board has voted to allow one representative of each of the two major political parties to act as checker for his party outside the rails in each polling place in the city on the day of the State and Presidential Election. To avoid any misunderstanding, it is essential that officers assigned to the polls be apprised of this vote of the Board.

J. Important. The Board is appointing two extra inspectors to serve in each precinct from 6.00 p. m. until the count has been completed at the State and Presidential Election, November 2, 1948. Therefore, the count of votes cast is to be done at two tables. Officers assigned to the polls should be apprised of this so that they will understand that the counting will be done at two tables. We are taking this measure to expedite the count and to assure accuracy, and we want it to be clearly understood by everybody assigned to the polls.

K. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

PRECINCTS LOCATED IN SAME BUILDING.

Ward 3, Precinct 5, Mayhew School, Chambers and Poplar streets, boys' basement.

Ward 3, Precinct 6, Mayhew School, Chambers and Poplar streets, girls' basement.

Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 18, 1948.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President HANNON in the chair. Absent, Councilor Ansel.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighers of Goods, for term ending April 30, 1949: Joseph MacEachern, 35 Baker street, Malden, Mass.; Coleman Costello, 161 H street, South Boston, Mass.; Dennis Crowe, 115 F street, South Boston, Mass.; Ermante Balboni, 377 Crescent street, Brockton, Mass.; Francis Viscione, 33 Sheafe street, Boston, Mass.

Referred to Committee on Confirmations.

REPLACING OF LOWRY HYDRANTS.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of October 5, 1948, concerning the replacing of Lowry hydrants on Jamaica street, Ward 11, with post hydrants.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 11, 1948.

Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith communication from the City Council:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the Lowry hydrants on Jamaica street, in Ward 11, with post hydrants."

At the request of the Fire Department, a survey was made for the purpose of remedying the fire protection conditions in Jamaica street. As a result of this survey it was found that it would be inadvisable to replace the present Lowry hydrants with post hydrants. In addition, water works fixtures of all kinds are still in a critical stage, and even though it were advisable, materials would not be available.

The fire protection in this neighborhood can best be served from Lowry hydrants now existing, consequently, we feel that this request cannot be approved.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

APPROPRIATION FOR HOSPITAL DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1948.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Superintendent of the Boston City Hospital in which an additional appropriation of six thousand dollars (\$6,000) is requested in order to permit the completion of the addition to the Thorndike Memorial Building. Work on this addition was started early in 1947, but owing to the difficulty of securing the X-ray equipment to be placed in the building, it has not been possible to complete the construction contemplated. All the equipment has now been delivered, and the additional appropriation requested will permit an early completion of the entire structure. I submit herewith an order providing for the appropriation of the required amount from the special account, "Sales of City Property," and respectfully recommend its approval by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Hospital Department, October 14, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

We are in need of money from available sources in order to complete the installation of equipment in the new addition to the X-Ray Department. This equipment was furnished under separate contract, and the cost of connecting was not included in the contract.

There is certain additional work which is imperative at this time, and in order that this work may be completed, it will be necessary that

the sum of \$6,000 be added to the appropriation "Construction of Buildings, Acquisition of Land, Etc."

Very truly yours,
JAMES W. MANART, Superintendent.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws, the sum of six thousand dollars be, and the same hereby is, appropriated from the special account, "Sales of City Property," to be expended by the Hospital Department, for construction of buildings, acquisition of land, etc.

Referred to the Executive Committee.

LEASE OF PORTION OF DORCHESTER FIRE STATION.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1948.
To the City Council.
Gentlemen:

I forward herewith communication from the Fire Commissioner an order authorizing the Fire Commissioner to lease unoccupied portions of the fire station at River and Temple streets, Dorchester, to the Lower Mills Memorial Post, No. 8699, V. F. W.

I am given to understand that such occupation of these premises will in no way interfere with the use of the building by the Fire Department, and I therefore respectfully recommend the passage of the order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, October 5, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In an opinion dated September 28 from the Law Department, it will be necessary for your Honor to submit an order to the City Council giving authorization for the Fire Commissioner to execute a lease with the Lower Mills Memorial Post, No. 8699, Veterans of Foreign Wars, for use of part of the fire station at River and Temple streets, Dorchester.

An original and four copies of the order, as recommended by the Fire Department, are attached herewith.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Ordered, That the Fire Commissioner is hereby authorized to lease to the Lower Mills Memorial Post No. 8699, Veterans of Foreign Wars, such unoccupied portions of the fire station situate at River and Temple streets, Dorchester, upon such terms and conditions as the Fire Commissioner with the approval of the Mayor may deem advisable.

Referred to the Executive Committee.

APPROPRIATION FOR PARK DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1948.
To the City Council.
Gentlemen:

The attached communication from the Chairman of the Park Department states that an investigation of the trees under the supervision of the Park Department shows that 68 elm trees located in various sections of the city are now infested with Dutch elm disease, and the final number may be in the vicinity of 80 trees. It is absolutely imperative that immediate steps be taken to cut down, remove, and burn the afflicted trees. It is estimated by the Chairman of the Park Department that an appropriation of \$7,500 will be necessary to perform this work.

Accordingly, there is forwarded herewith an order transferring the sum of \$7,500 from the Reserve Fund to the budget of the Park Department, and consideration and adoption of this order by your Honorable Body is recommended.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 15, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

An investigation of trees under supervision of this department shows that 68 elm trees located in various sections of the city have been found to be infested with Dutch elm disease, and the final number may be in the vicinity of eighty. Last year was the first year that the Dutch elm disease hit Boston, when 17 elm trees were found to be affected. They were immediately cut down and removed.

It is now imperative that we take immediate steps to remove and burn the trees found to be afflicted. Most of these trees are large, old elms

located in the southern part of Boston, in Dorchester, Mattapan, and Hyde Park. Many of the trees are of such a size that it will take a recognized tree company experienced in this type of work to remove them. The total cost of the work is estimated at \$7,500.

Accordingly, I respectfully request that you arrange for an appropriation of \$7,500 to be placed in the B-42 item of the Park Department budget and, if possible, that the money be provided at once so that we may take down the present infested trees and possibly prevent the spread of the disease to other trees throughout the city.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Special Appropriation, Reserve Fund, \$7,500, to the appropriation for Park Department, B-42, Miscellaneous Services, \$7,500.

Referred to the Executive Committee.

TRANSFER AND LEASE OF OLD FIRE STATION, SALEM STREET.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1948.
To the City Council.
Gentlemen:

I submit herewith two orders concerning the old fire station located at 133 Salem street.

The first order transfers the land and building from the control of the Fire Department to the control of the Public Buildings Department.

The second order, which is contingent upon the passage of the first, authorizes the Superintendent of Public Buildings to lease the land and building to the North Bennet Street Industrial School.

In view of the fact that this building is no longer needed for fire purposes, or for any immediate public purpose, I respectfully recommend the passage of both orders.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, In the opinion of the Fire Commissioner of the City of Boston, the land and buildings known as Engine 8 and situate at 133 Salem street, Boston Proper, are no longer required for Fire Department purposes; now, therefore, it is hereby

Ordered, That the parcel of land containing approximately two thousand five hundred sixty-eight (2,568) square feet together with the buildings thereon, known as Engine 8, and situate at 133 Salem street, Boston Proper, is hereby transferred from the care, custody, control, and management of the Fire Department, to the care, custody, control, and management of the Public Buildings Department.

Ordered, That the Superintendent of Public Buildings is hereby authorized to lease to the North Bennet Street Industrial School a parcel of land containing approximately two thousand five hundred sixty-eight (2,568) square feet, together with the buildings thereon, formerly known as Engine 8, and situate at 133 Salem street, Boston Proper, upon such terms and conditions as the Superintendent of Public Buildings with the approval of the Mayor may deem advisable.

Severally referred to the Executive Committee.

GRANT FOR SOUTH BOSTON HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1948.
To the City Council.
Gentlemen:

For many weeks now the Boston Housing Authority has been endeavoring to have the undeveloped 972-unit Federal housing project on Broadway, South Boston, constructed as a state-aided housing project under St. 1948, c. 200. Several weeks ago the Boston Housing Authority, after receiving preliminary approval from the State Housing Board, publicly advertised for bids for the construction of this project. The lowest bid submitted by any general contractor was submitted by the John Bowen Company in the amount of \$11,989,620. This bid was based in part on two subbids which, in their respective fields, exceeded by \$96,132 the lowest subbids which the general contractor is unwilling to substitute and which he cannot be compelled to accept by law. The Boston Housing Authority has today received a communication from the Chairman of the State Housing Board refusing to approve the project because of the inclusion of this sum of \$96,132. For some time it has also been recognized that complete exemption from local taxation must be granted.

There are over 15,000 applications from veterans on file with the Boston Housing Authority for housing accommodations. In order that immediate construction may be commenced on these

972 units, I recommend that your Honorable Body adopt forthwith the two accompanying orders.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That out of the sum heretofore appropriated in the current year as a Reserve Fund, the sum of ninety-six thousand one hundred thirty-two dollars (\$96,132) be, and hereby is, transferred and appropriated under General Laws (Ter. Ed.), c. 121, s. 26CC (as amended), by virtue of General Laws (Ter. Ed.), c. 121, s. 26NN (as inserted by St. 1948, c. 200, s. 3), but subject to the three hereinafter-contained provisos, as a grant in aid of the Boston Housing Authority in connection with the proposed state-aided housing project upon the site of the undeveloped federal housing project in South Boston commonly known as Mass. No. 2-10; provided, however, that said grant shall be used by the Boston Housing Authority only for the purpose of defraying such part of the development cost of said proposed state-aided project as will not be met by loans, contributions or grants from the commonwealth or otherwise; and provided, second, that said grant shall be paid over to the Boston Housing Authority by the Treasurer of the City of Boston upon, but only upon, the approval by the State Housing Board of the award of the contract for the construction of said proposed state-aided project; and provided, third, that said grant shall be paid over to the Boston Housing Authority only to the extent or amount necessary to defray the aforesaid part of the development cost of said proposed state-aided project and that upon the payment of such amount this order shall become void as to any unexpended balance of the sum hereby transferred and appropriated.

Ordered, That his Honor the Mayor of the City of Boston, be, and hereby is, authorized to execute and deliver in the name and on behalf of the City of Boston an instrument sealed with the seal of the City of Boston whereby the City of Boston waives, for so long as the hereinafter-mentioned housing project remains a state-aided housing project, all of the City of Boston's rights under General Laws (Ter. Ed.), c. 121, s. 26R (as amended), by virtue of General Laws (Ter. Ed.), c. 121, s. 26NN (as inserted by St. 1948, c. 200, s. 3), to all payments in lieu of taxes, betterments and special assessments in connection with the proposed state-aided veterans' housing project upon the site of the undeveloped Federal housing project in South Boston commonly known as Mass. No. 2-10.

On motion of Councilor Linehan the rule was suspended. The question then came on the passage of both orders. The orders were severally passed, yeas 20, nays 0:

Yeas—Councilors Beades, Bryan, Cantwell, Carey, Coffey, Cook, Hannon, Hurley, Keenan, Kinsella, Lane, Lanigan, Linehan, McCormack, Ramsey, Shanley, Sullivan, Tracy, Wenzler, Yerxa—20.

Nays—0.

A motion by Councilor Chase to reconsider the foregoing vote was lost.

TRANSFER OF PROPERTY FROM HEALTH DEPARTMENT TO TRAFFIC COMMISSION.

The following was received:

City of Boston,
Office of the Mayor, October 11, 1948.
To the City Council.
Gentlemen:

I am submitting herewith a proposed order transferring the land and buildings located at the corner of Southampton and Atkinson streets, Roxbury, from the care and custody of the Health Department to the care and custody of the Traffic Commission. This property was formerly used as a Detention Hospital for the care of diseases dangerous to the public health. About two years ago it was found inadequate for such purposes by the State Department of Health.

The Health Commissioner in his enclosed letter indicates that his department has no further use for this land and buildings. A transfer of this property to the Traffic Commission will enable it to set up a much-needed headquarters.

I am in favor of this transfer and respectfully recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Health Department, October 11, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

Approximately two years ago, after the State Department of Health made an inspection of the building on Southampton street, at the corner of Atkinson street, formerly used as a Detention Hospital, they advised the Boston Health Department that without extensive renovations, the buildings could not be licensed as a hospital. It is evident that these old wooden buildings, which presently are out of repair, cannot be adapted as a Detention Hospital for the care of diseases dangerous to the public health.

It is advised that the foregoing site is bounded and described as follows:

Southwesterly by Southampton street two hundred ten and 65-100 feet; northwesterly by land of Downes Realty Corporation, by two measurements, two hundred seventy-one and 17-100 feet and eight and 31-100 feet; northeasterly by land of the City of Boston, two hundred thirty-one and 78-100 feet; southeasterly by Atkinson street, two hundred twenty-seven and 90-100 feet, containing 55,850 square feet, more or less, and is shown on a plan made by Philip T. YES	
NO	

SUMMARY.

This proposed amendment to the Constitution provides that the use of revenue from fees, duties, excises or license taxes relating to the registration, operation or use of vehicles on public highways or to fuels used for propelling such vehicles, except revenue from any excise tax imposed for the privilege of registering such vehicles in lieu of local property taxes, shall be for highway purposes only.

QUESTION NO. 3.

Do you approve of the adoption of an amendment to the Constitution summarized below which was approved by the General Court in a joint session of the two branches held June 6, 1946, received 243 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 3, 1948, received 231 votes in the affirmative and 9 in the negative?

YES	
NO	

SUMMARY.

This is an amendment of Article XVII of the Amendments to the Constitution. It provides that in case of a failure to elect the secretary, treasurer and receiver general, auditor, or attorney general of the Commonwealth, or in case of the death of a person elected to any of such offices between the day of election and the third Wednesday of the following January, such an officer shall be chosen by a joint ballot of the senators and representatives from the people at large, instead of from the two persons who had the highest number of votes at the election as is now required. It also provides that if there is a vacancy in any of such offices during a session of the Legislature the vacancy shall be filled in like manner by choice from the people at large, but if the vacancy occurs at any other time it shall be filled by appointment by the Governor, with the advice and consent of the Council.

QUESTION NO. 4.

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 84 in the affirmative and 130 in the negative and in the Senate by a vote of 15 in the affirmative and 22 in the negative?

YES	
NO	

SUMMARY.

This measure by amending General Laws (Ter. Ed.), Chapter 272, Section 21, provides that the provisions of Sections 20 and 21 of said Chapter 272 which make it an offense to advertise or give information as to the procurement of means for the prevention of pregnancy or conception shall not apply to treatment or prescription given to married women by registered physicians for protection of life or health.

QUESTION NO. 5.

YES	
NO	

SUMMARY.

This measure prohibits the calling of a strike by a labor organization in any business or plant or unit thereof, except when authorized by the vote of the majority of all the members of the organization employed in the business, plant or unit thereof. Such authorization is to be expressed by a secret written or printed ballot at a meeting called for that purpose.

The Labor Relations Commission is authorized to make rules for the conduct of the voting. Within twenty-four hours after the voting the labor organization conducting it shall make a written report of the result to the commission, which shall be a permanent public record. If no report is filed the vote taken shall be void and a person making a false report shall be guilty of perjury.

Coercion and intimidation of members of a labor organization in connection with such voting is made a penal offense.

QUESTION NO. 8.

Is it desirable that the proposed amendment to the Constitution of the United States,—

"ARTICLE—

"SECTION 1. No person shall be elected to the office of the President more than twice, and no person who has held the office of President, or acted as President, for more than two years of a term to which some other person was elected President shall be elected to the office of the President more than once. But this Article shall not apply to any person holding the office of President when this Article was proposed by the Congress, and shall not prevent any person who may be holding the office of President, or acting as President, during the term within which this Article becomes operative from holding the office of President or acting as President during the remainder of such term.

"SECTION 2. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission to the States by the Congress,"—be ratified by the general court?

4. ORDERED, That for the year ending August 31, 1949, any teacher or member of the supervising staff who may be designated by the Superintendent in accordance with the regulations to fill a vacancy caused by the death, disability or absence of a principal of a school or district, or of a director, associate director, assistant director in charge of a department, or supervising nurse, for a continuous period exceeding two weeks, shall be paid at the rate of one dollar (\$1.00) per day of service in addition to the regular salary of his rank. A teacher or member of the supervising staff who may be similarly designated to fill the position of assistant director; head of department; co-ordinator; guidance counsellor; submaster; vice principal; vice principal, special classes; shop foreman; or assistant supervising nurse; shall be paid at the rate of fifty cents (50c) per day for each day of service, in addition to the regular salary of his rank.

5. ORDERED, That for the year ending August 31, 1949, any master, junior master or assistant, Latin and day high schools, who

may be designated by the Superintendent in accordance with the regulations as acting head of the department in charge of a single subject where there are in the proposed department not less than two thousand pupil hours, taught by at least four teachers, whole or part-time, shall be paid at the rate of fifty cents (50c) per day for each day of service, in addition to the regular salary of his rank.

6. ORDERED, That for the year ending August 31, 1949, any cafeteria manager, permanent or temporary, who may be assigned by the Superintendent to the office of the director of school lunches shall be paid at the rate of three dollars (\$3) per day of service in addition to the regular salary of her rank.

7. ORDERED, That for the year ending August 31, 1949, the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement courses for teachers other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

8. ORDERED, That holders of present XXXI. or XXXI. B certificate who while serving under said certificate obtain a Bachelor's degree shall be granted the maximum salary of \$4488, provided they have served at least one year on the former maximum of \$4344.

9. ORDERED, That effective as of September 1, 1948, no person holding a position included in the foregoing salary schedule who prior to holding such position held a lower position included in said schedule shall receive under the foregoing salary schedule a lower salary than the salary he or she would have received thereunder if he or she had continued to hold the lower position, and had also received increments attendant upon promotion, and ordinary annual increments received since promotion, provided that credit therefor has not been given in computing the salary in the lower position.

10. ORDERED, That any person holding a position included in the foregoing salary schedule and not covered by Order No. 9, shall as of September 1, 1948, be placed on that step of said salary schedule corresponding to his or her years of service in the specified position.

Question came on the adoption of the ten orders establishing the general salary schedule, with increments, for the year ending Aug. 31, 1949.

The ten orders passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

The Committee adjourned.
LOUISE KANE,

Attest:

Secretary.

Sept. 1, 1948.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 10:45 o'clock A. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Muchnick, Ward and White.

The Chairman announced that at the meeting of the School Committee on Apr. 9, 1948, in accordance with the provisions of Chapter 497 of the Acts of 1946, Dennis C. Haley was elected Superintendent of Public Schools for a term of six years beginning Sept. 1, 1948.

INDUCTION OF DR. DENNIS C. HALEY AS SUPERINTENDENT OF SCHOOLS

The Chairman then administered the following Oath of office:

I, Dennis C. Haley, do solemnly swear that I will bear true faith and allegiance to the Commonwealth of Massachusetts, and will support the Constitution thereof—So Help Me God.

I, do solemnly swear, that I will faithfully and impartially discharge and perform all the duties incumbent on me as Superintendent of the Boston Public Schools, according to the best of my ability and understanding, agreeably to the Rules and Regulations of the Constitution and the Laws of this Commonwealth—So Help Me God.

I, do solemnly swear, that I will support the Constitution of the United States—So Help Me God.

Chairman: Mr. Superintendent, you are now duly sworn and installed as Superintendent of the Boston Public Schools.

The Chairman made the following statement:

The fact that this induction is without precedent does not, in any way, detract from the importance of this occasion but does, on the contrary, serve but to emphasize its significance because it is the wish and intention of the School Committee that the citizenry of Boston shall be made keenly aware that the time has come when the intellectual welfare of our children, and to some extent a share in their spiritual and physical development too, has been placed in the hands of a new steward.

Though the duties and responsibilities of a superintendent of

schools are many and diverse, dealing as he must with problems of administration, maintenance and multifarious other duties, the primary purpose of his work and the responsibility that supercedes all others is, undoubtedly, his obligation to the school children of Boston. We have selected a man for the superintendency who, I feel certain, will never have to be reminded that this obligation takes precedence over all others.

Though this inauguration, due to the very nature of the office involved, is a most sober and serious affair, it is difficult to present Dr. Haley in a coldly informal manner to a group of people who are and have been for years, interested in the welfare of the Boston public schools. Decorum is apt to be sacrificed because we are motivated by such warm and friendly emotions when both the introducer and the audience are long-term admirers of the guest of honor. It is hard to be punctiliously formal with such an old and intimate friend. Dr. Haley is not a stranger among us, he is a colleague and fellow-worker whom you and I are only too proud to see elevated to a position which he has merited by outstanding service in the system and which we all feel perfectly confident that he shall fill with competence and dignity.

It is not necessary that I should shower Dr. Haley with encomiums in order to assure him of our regard. A glance around this room, filled with faces very familiar both to him and to me—faces obviously filled this morning with confidence and pleasure—these are sufficient assurance in themselves that today's proceedings have the official imprimatur and the great good will of all those who are concerned with the welfare of the schools.

What we do want to assure our new Superintendent is that today's feeling of pride and good will in his success and appointment is not an ephemeral emotion. It will not diminish with time or under stress. We have all been engaged in school business long enough to know and appreciate fully the strain under which we sometimes work during periods of prolonged controversy and pressure, but we want to assure you today, Dr. Haley, that at all times, even when our opinions may not concur, that you have our full confidence and sincere desire to cooperate in order to obtain our mutual goal—the children's welfare.

The Superintendent made the following address:

Mr. Chairman and Members of the School Committee:

As Superintendent of Schools I wish to make my first public and official act one of courtesy and gratitude. Therefore, I wish to thank the members of the School Committee for the honor they

have given me and for the confidence they have placed in me.

But the acceptance of this honor, gratifying as it is, is only the beginning of the task that lies ahead; and my joy is tempered by the realization of the great responsibility placed upon me—responsibility to the children and youth of the city, present and future; to their parents; to the adults who avail themselves of our educational and recreational facilities; to the members of the school department, my fellow workers, not one group but every group; and finally, to the taxpayers who make possible the maintenance of our public school system.

Fortunately, in assuming these responsibilities, I have as a valuable guide the accomplishments of four outstanding Superintendents under whom I have been privileged to work—Dr. Thompson, Dr. Burke and Dr. Campbell, since called to their eternal reward, and my beloved predecessor, Dr. Gould, with whom I have been associated as Assistant Superintendent for the past seven years. Their accomplishments and their sterling qualities of kindness, sincerity, humility, honesty, and integrity will serve as beacon lights to guide me in discharging my responsibilities as Superintendent of this excellent school system.

In electing me Superintendent, the School Committee, I feel, has given me the implicit command to take over the system that Dr. Gould has administered so ably for the past eleven years and build it to even higher levels. With this implied directive and with the thought that we are living in a dynamic and not a static world, I plan to start conservatively and cautiously but immediately. Therefore, I wish to present to you, my superiors, certain general plans affecting some of the important aspects of our system.

I. CENTRAL ADMINISTRATION

Inasmuch as our schools are maintained for the education of the children, the youth and the adults of our city, that plan of administrative organization that contributes most to this objective should be put in operation. The plan of central administration used successfully in most large cities is known as "functional administration." Under this plan, Assistant or Associate Superintendents are assigned in such a manner as to offer specialized leadership in the different levels or areas of the school system. To put into effect in our system this generally accepted plan, I propose to center the assignment of one Assistant Superintendent in the field of Elementary Education, one in the field of Junior High School Education, and one in the field of Senior High School Education. There are other areas or aspects of our school system dealing with such important activities as the School Budget, Legislation, Adult and Veteran Education,

Special Services, Curriculum Development, Improvement of Instruction, and Personnel Adjustment. These branches of our educational system likewise will be properly grouped under the specialized leadership of other Assistant Superintendents.

Under this plan of functional administration each Assistant Superintendent will be held responsible for a single co-ordinated field and will be expected to develop this field to the maximum degree of efficiency and thus enhance its value to the entire school department. As head of his particular segment of the school system, it will be his responsibility to see that his departments or schools are well co-ordinated with those of the other Assistant Superintendents to the end that the combined efforts of the Board of Superintendents will result in a smoothly working and highly efficient school system.

II. CURRICULUM DEVELOPMENT AND IMPROVEMENT

A program for developing and improving the curriculum of a school system is a major concern to every Superintendent of Schools. This program is far broader than the development and preparation of courses of study or guides for teachers. The most desirable curriculum should operate in such a manner that there is definite continuity in the school program, with no gaps or marked differences in curriculum organization between one grade and the next. When vertical unity exists, there is close articulation between the Elementary School and the Junior High School, and between the Junior High School and the Senior High School. The transition from one level to another thereby becomes easier and more natural, with a minimum adjustment on the part of the pupil.

As part of the program in the development and improvement of the curriculum, Curriculum Centers will be established in different schools. For example, a Curriculum Center in the field of history will be established in one school, and similar Centers in the fields of English, geography and arithmetic in other schools. Important among these curriculum centers will be those for the development of Character Education, Zeal for Democracy, and Inter-cultural Relations.

These Centers will be established in those schools or districts in which principals and teachers have already earned wide recognition in educational circles as a result of unusually successful activity in a definite field. Through such Centers, all of the teachers of our system will have an opportunity to demonstrate their particular aptitudes and to cooperate in the development of more effective methods of instruction.

Thus, under stimulating leadership and in a democratic manner, these Centers will be the

source of new, progressive techniques which will be thoroughly tested before adoption for city-wide use.

III. IN-SERVICE EDUCATION AND IMPROVEMENT

Every progressive school system should give careful attention to the problem of providing the best possible conditions for the continuing professional growth of its staff. Opportunities for growth in competence and effectiveness will be planned to embrace all levels of our teaching corps, from temporary teachers to administrators, and to include as well all non-teaching groups such as nurses, custodians, secretaries, and cafeteria personnel.

In addition to the best possible formal courses in a variety of fields and subjects, the program will include many highly valuable professional activities such as work shops, institutes, subject clinics, round table discussions, and exchange of visitations within schools as well as with personnel in other schools in and out of the city.

Under this program, plans will originate from within groups and under conditions that should result in voluntary enlistment of personnel in activities that will lead to individual improvement. As part of this program, studies can be made by different groups on what they conceive to be their jobs—on what constitutes the ideal administrator, supervisor, teacher, custodian, nurse, school doctor, coach, secretary, and cafeteria manager or attendant. In carrying out this plan, all members of the staff will work as friends, with mutual respect for one another's contribution to the successful functioning of our complex school system.

This program of in-service training will operate in such a manner that practicable suggestions will carry through to final action, finding an outlet in everyday school practice. In this way, the favorable results of the program will accrue to the distinct advantage of the pupils of our school system.

IV. ADULT EDUCATION

For many years Boston has offered a varied adult educational program, administered under the direction of the Department of Evening Schools and the Department of Extended Use of Public School Buildings. This program I propose to maintain and to expand for the benefit of men and women interested in furthering their education.

At the present time one much needed opportunity is that of an evening high school program or curriculum that can be translated into a regular day high school diploma. This opportunity would satisfy the needs of many successful men and women who hold no diplomas but who after leaving day school have continued their

formal education on a part-time basis or who have pursued an intensive program of self-education. The educational accomplishments of these individuals could be evaluated and measured by modern tests and their scholastic status thus determined. At the completion of the required work of the high school level, these persons could be recommended to the day high school Headmaster for a regular day high school diploma.

Under this program, in advanced classes set apart for individual work, the time necessary to acquire high school equivalency would be determined by the ability and industry of the candidate.

Included in this evening school program will be provision for the needs of persons who desire to obtain credit for sixteen units of academic work that may be used to obtain the regular high school diploma and possible admission to college.

V. PARENT-TEACHER, COMMUNITY, AND PUBLIC RELATIONS

A. Parent-teacher relationship.

Education is not only a function of the schools but is also a responsibility of the home. From the day of his birth a child is nurtured, trained, and guided by his parents. Later he attends school and receives training and guidance from his teachers. It is important, therefore, that these two influences be in perfect harmony and never at cross purposes. This cooperation and understanding between home and school can best be accomplished, in my opinion, by actively functioning Home and School Associations.

To initiate and encourage this program I shall plan an Open House Night throughout the city in all schools where lighting and physical conditions permit evening occupancy. On this occasion parents will be urged to attend the Open House, to meet and to know the teachers responsible for the training of their boys and girls. Following Open House Night a suggested plan of further cooperation will be prepared by a representative group of masters, teachers and parents.

B. Community Relationship

The early settlers of our country, living in small communities, were responsible for the establishment of our first schools. Because at that time the schools and the communities were small, there was a close relationship between them. As schools and communities have grown in size they have in many cases grown away from each other. In those sections of our city where this condition exists, a closer contact between school and community must be reestablished. Already many service clubs and local organizations have been most helpful to and cooperative with our schools. Their assistance and that

of other groups of professional and business men will be solicited in order to work out an effective plan to encourage community cooperation, greater friendliness, deeper interest in our schools, and a resultant stronger appreciation of what the school means to the community and what the community means to the school in the building of worthy citizenship and sturdy Americanism.

C. Public Relations

An adequate public relations program is always most advantageous to a public school system. Through this program the public can be informed of how the large sums of taxpayers' money are being spent and, in an honest and forthright manner, of what the schools are really doing to more than justify their cost.

I hope to put into operation a program of public relations that will include press conferences, radio programs, and other methods of furnishing the public with important information. Through this program, too, workable suggestions for improvement within the system will be solicited. With as complete information as possible at their disposal, the people of Boston will thus be in a better position to judge the value and standards of our school system, which is, of course, supported by the people and for the people.

VI. SCHOOL BUILDINGS

The children and youth of Boston are entitled to an education in a clean attractive building, well-lighted, well-heated, well-ventilated and with sanitary facilities and service equipment of a desirable standard. Because of increased costs and limited funds for alterations and repairs during the past several years, there exists a backlog of necessary work and improvement. As a result, many school buildings are in poor condition and most unattractive in appearance. A very definite long range plan and schedule of maintenance and repair should be prepared. With the estimated annual cost to put these plans into effect known in advance, the necessary funds should be provided. In preparing this maintenance schedule and in providing the funds on a long-range basis, the expenditures each year for these purposes should be in keeping with the generally accepted ratio of the accumulated cost of the building and equipment.

Boston has in use a great many old buildings. Some of these are in areas that will require school buildings for many years to come. The pupils attending these schools are entitled to the same advantages as pupils who attend school in modern and comfortable buildings. In certain areas, these old buildings should be abandoned at the rate of one or two a year and replaced by modern school

buildings. In other areas, certain of these old buildings should be rehabilitated or modernized as is being done in other large cities in the country. Modernization will increase the usefulness and efficiency of some of these buildings for many years to come. After a complete survey of the buildings that should be replaced and of the buildings that should be modernized with standard sanitary facilities and service equipment, the necessary funds should be provided on an annual long-range basis.

VII.

DEPARTMENT PERSONNEL

No remarks of mine upon this occasion would be complete without my paying highest tribute to the teachers and other employees of the Boston Public Schools, whom it now becomes my privilege to lead. No other school system in the United States, I am convinced, is served by a more capable and devoted group of persons. In the face of difficult wartime conditions, and now under the stress of post-war economic difficulties, the members of the School Department have been unfailing in their loyalty and conscientious in the performance of their everyday duties, as well as in the discharging of many added responsibilities.

The efforts of our school personnel have always been, and I know will continue to be, in the interest of the health, the comfort, and the proper training of the children of Boston. Men and women so qualified and so faithful as our teachers and other school employees are entitled to the best possible working conditions and to the highest levels of compensation which it is within the ability of the community to provide. I propose to do my best to secure these advantages for all who are associated with me in the operation of the Boston Public Schools.

In conclusion, I wish to emphasize that all of the material appurtenances of a great school system such as Boston's would be organized and administered in vain if our method of instruction were not based upon a sound educational philosophy—a philosophy that recognizes man's true nature, a philosophy that insists not only upon the sharpening of the intellect in its search for what is true, but also upon the strengthening of the will in its search for what is good.

I can assure the people of Boston that our educational practices are formulated upon the salutary doctrine that recognizes spiritual and moral values, and that our unfailing aim is to fulfill the obligation enjoined upon teachers by the memorable Massachusetts "Law of 1789"—namely, "to impress on the minds of children and youth committed to their care . . . the principles of piety and justice, and a sacred regard

to truth; love of their country, humanity, and universal beneficence . . . and those other virtues which are the ornament of human society and the basis upon which our Constitution is founded."

With the cooperation of a staff of teachers, principals, and administrative officers devoted to the highest standards of their profession, with the assistance of equally conscientious employees in every other department of our system, with the invaluable counsel of the members of the School Committee, with the helpful interest of the general public—and above all, with the utmost confidence in the grace of God—I am undertaking my grave responsibility with the hope and the trust that my period of service as the Superintendent of Schools of the City of Boston may be increasingly fruitful in educational benefits for the boys and girls entrusted to our guidance.

On motion of Dr. Foley, it was unanimously voted that Superintendent Haley's address be printed as a school document.

SUPERINTENDENT'S REPLY TO FINANCE COMMISSION

The Secretary read a reply made by the Superintendent to a communication addressed to him by the Boston Finance Commission relative to functional assignments, as follows:

Mr. Joseph K. Collins, Chairman
Boston Finance Commission
Boston, Massachusetts

August 27, 1948.

Dear Mr. Collins:

I wish to acknowledge receipt of your letter signed by your Secretary together with a copy of the Finance Committee Report of September 23, 1947.

You will be glad to know that since my election to the Superintendency last April, at the suggestion of the School Committee, schools from the present system of assignments of Assistant Superintendents to that of functional assignments.

I am very grateful to you for your interest in our schools and cordially invite you and the members of your Commission to be present at the public meeting on September 1, to be held at 15 Beacon Street, at 10:30 a. m.

Sincerely yours,

(s) Dennis C. Haley,
Superintendent-elect
Boston Public Schools.

I visited the educational systems in several large cities in the East and Middle-west as far as Chicago. Naturally I was interested in all phases of their systems.

As a result of these visitations, my own experience in the Boston System and a study of the Strayer Report, I have already prepared general plans which I shall submit to the School Committee on

September 1, 1948, when I am officially inducted into office. Included in these plans is my recommendation for a change in the central administration of our systems.

On motion of Mr. McDevitt, it was unanimously voted that this reply be incorporated in the records of the School Committee.

The meeting adjourned with the solo "The Star Spangled Banner" by Mr. Matthew Riley.

Attest:

LOUISE KANE,
Secretary

Miss Louise Kane, Secretary
Boston School Committee
Boston, Massachusetts

My dear Miss Kane,

Thank you for your letter of September 9, notifying me that at the meeting of the Boston School Committee held on September 7, 1948, on nomination of the Superintendent, I was unanimously elected Assistant Superintendent, Boston Public Schools, beginning September 1, 1948, for the unexpired term ending August 31, 1953.

In accepting this position, I wish to thank Superintendent Dennis C. Haley and the members of the Boston School Committee for the confidence they have placed in me, and to assure them of my determination to discharge the duties of Assistant Superintendent in a manner that will justify my election.

Very sincerely yours,
(Signed) Gerald F. Coughlin
Assistant Superintendent

take advantage of vocational
training granted by the U. S. gov-
ernment.

Placed on file and leave of ab-
sence without pay granted for the
period specified.

UNFINISHED BUSINESS

The order laid over at the meet-
ing of Sept. 7, 1948, amending
Section 332, paragraphs 2(a), 2(b)
and 2(c) of the regulations, rela-
tive to salary credit for service as
temporary teacher or temporary
school nurse, was taken up and
passed.

Chairman: I would like to make
a statement. The School Com-
mittee in adopting amendments to
the Regulations such as these now
before us has in mind the improve-
ment of the school system and the
benefit of the teaching force. For
example, it is the intention of the
School Committee in granting
credit for temporary teaching in
the Boston schools to evaluate
such teaching experience as equi-
valent to teaching experience out-
side of Boston for the purpose of
determining a teacher's initial
salary on original permanent ap-
pointment in Boston.

There seems to be no question
as to the beneficial effect of this
amendment in the case of teach-
ers appointed to our permanent
service after September 1, 1948.
However, the operation of this
amendment would discriminate
against certain teachers appoint-
ed before September 1, 1948, after
years of temporary service in the
Boston Schools. For example, of
two candidates for permanent ap-
pointment on the same eligible
list, each with three years of
temporary service in the Boston
Schools, the candidate higher on
the list might be appointed in
1947 at the minimum salary, and
the other candidate would be ap-
pointed in September, 1948, at a
salary three steps higher.

It is the plan of the School
Committee to correct such obvious

injustices at the earliest possible moment, but under a ruling of the Law Department made in accordance with an Legislative Act of 1875 no teacher's salary may be raised during a school year, once the salary schedule for that year has been established.

Accordingly the School Committee has today directed that a study be made of the initial salary of all permanent teachers appointed before September 1, 1948 who have rendered temporary service in the Boston schools, and has agreed that in the salary schedule for the school year beginning September 1, 1949, suitable salary adjustments shall be made for all such teachers who have been adversely affected by the amendment adopted at this meeting.

The Committee adjourned.

Attest:

LOUISE KANE.
Secretary.

The Fire Commissioner is pleased to publish herewith for the information of the department the following letter which he has received from Capt. W. J. Longfellow of the U. S. Navy:

"MY DEAR MR. CODMAN:

I wish to express my personal appreciation to you and the Boston Fire Department for its quick response in coming to the assistance of the U.S.S. 'Yosemite' on Monday afternoon, and its efficient performance in fighting the fire aboard, after arrival on the scene.

The assistance rendered by your Fire Department contributed materially to extinguishing the fire and preventing damage to the ship and injury to personnel. I am very grateful to you.

Sincerely yours,

W. J. LONGFELLOW, Captain.
U. S. Navy, Commanding
U.S.S. 'Yosemite'."

The Fire Commissioner is also pleased to publish for the information of the department, the following letter which he has received from Col. Frank A. Jones of the Boston Army Base:

"DEAR COMMISSIONER CODMAN:

In behalf of the personnel of this command, as well as the personnel of the various other activities located at the Army Base, I wish to express my sincere thanks to you, Chief of Department John F. McDonough, District Chief John J. Crehan, Captains Augustus Beaupre and James A. McCarron, Drum Major Frank Marr and the members of the Drill Team and Band for the very fine exhibition drill which was conducted here on Thursday, October 7.

I would like also to thank you for making possible the two excellent talks given us by Deputy Chief Edward N. Montgomery on the subject of "Fire Prevention."

Your splendid cooperation enabled us to have a very successful "Fire Preven-

tion Week" program, which I hope will aid us in continuing to have a very low "Fire Loss" record.

Sincerely yours,

FRANK A. JONES.
Colonel, Infantry, Commanding."

IX. COMMENDATIONS.

Hoseman Richard F. Hutchinson of Engine Company 40 is hereby commended for sounding Box 1443 and holding an automobile fire in check until the arrival of apparatus on October 13, 1948, while off duty.

Hoseman Charles S. Bailey of Lighting Plant Company 3 is hereby commended for responding to and working at fire, Box 2417, two alarms, on October 14, 1948, while off duty.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ELECTRICAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR ELECTRICAL WORK AT ROXBURY MEMORIAL HIGH SCHOOL FOR BOYS, WARREN, TOWNSEND, AND DECKARD STREETS, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for electrical work at Roxbury Memorial High School for Boys, Warren, Townsend, and Deckard streets, Boston, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, November 9, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

(Oct. 30.) Superintendent of Construction.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR AIR COMPRESSOR, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering one new portable air compressor for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, November 1, 1948. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, November 10, 1948. A properly certified check for one thousand (1,000) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interest of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN THIRD STREET, BETWEEN NORTH BEACON STREET AND BUFFALO STREET, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Third street, between North Beacon street and Buffalo street, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Third Street, between North Beacon Street and Buffalo Street, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, NOVEMBER 16, 1948, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Oct. 30.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

HOSPITAL DEPARTMENT.

INVITATION FOR PROPOSALS FOR PAVING, GRADING, REPAIRS TO DRAINAGE STRUCTURES, AND OTHER NECESSARY WORK IN CONNECTION THEREWITH AT BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for paving, grading, repairs to drainage structures, and other necessary work in connection therewith at the Boston City Hospital, 818 Harrison avenue, Boston, Mass.

Proposals will be received until Wednesday, November 10, 1948, at 11 a. m., Eastern Standard Time, at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the engineer, the Stewart Associates, Inc., 38 Memorial Drive, Cambridge, Mass. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the City Hospital, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid, filed with the Superintendent of the Boston City Hospital.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Specifications may be obtained at the office of the engineer, Stewart Associates, Inc., 38 Memorial Drive, Cambridge, Mass. A deposit of \$10, in cash or a certified check, will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the engineer.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The City of Boston reserves the right to reject any or all bids of general bidders and to waive any informalities in bidding if it be in the public interest so to do.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

IN PRE-ELECTION CAMPAIGN ADDRESS MAYOR CURLEY EXCORIATES REPUBLICANS AND THEIR ADMINISTRATIVE NEGLECT OF THE COMMON MAN IN CALL FOR ALL TO SUPPORT AND WORK FOR SUCCESS OF PRESIDENT HARRY S. TRUMAN AND ENTIRE DEMOCRATIC TICKET—MAKES MASTERLY RADIO APPEAL POINTING OUT FAILURES OF REPUBLICANS TO GIVE HEED TO NEEDS OF THE ORDINARY CITIZEN—REMINDS VOTERS OF CONDITIONS FACED UNDER HOOVER AND ALSO 80TH CONGRESS.

The following is a transcript of the pre-election radio broadcast of Hon. James M. Curley, Mayor of Boston, in appealing to citizens to vote for President Truman and the Democratic Ticket:

MAYOR FELICITATES PRESIDENT TRUMAN ON VICTORY.

His Honor the Mayor forwarded the following telegram on November 3 to President Harry S. Truman: Hon. Harry S. Truman, President of the United States, Independence, Missouri.

IT CAN BE TRULY SAID OF YOU, "VENI, VIDI, VICI." YOU CAME BEFORE THE PEOPLE AND BY YOUR COURAGE, MASTERLY PRESENTATION, AND SUBLIME FAITH IN YOUR MISSION FOR PEACE AND THE WELL-BEING OF AMERICA AND ITS PEOPLE, YOU ACHIEVED A VICTORY THAT FEW THOUGHT POSSIBLE. I TRUST THE RETURNS IN MASSACHUSETTS MEASURE UP TO YOUR HIGHEST EXPECTATIONS. MAY ALMIGHTY GOD GIVE TO YOU THE HELP AND THE VISION TO CARRY ON FOR THE FULFILLMENT OF THE IDEALS TO WHICH YOU ARE DEDICATED AND WHICH MEAN SO MUCH TO THE PEOPLE OF AMERICA AND THE WORLD.

James M. Curley,
Mayor of Boston.

NATIONAL DEMOCRATIC COMMITTEE THANKS MAYOR CURLEY FOR VALUABLE AID IN CAM- PAIGN VICTORY.

The following communication has been received at the Mayor's office:

Democratic National Committee,
Hotel Biltmore, New York.
October 29, 1948.

HON. JAMES M. CURLEY, National Committeeman of Massachusetts.

DEAR JIM:

As we close the 1948 campaign, I want to tell you how much I appreciate the great work you have done to promote victory for our nominee on November 2, and the assistance you have rendered me as Chairman of the Democratic National Committee. Without your enthusiasm, your zeal, and your help, the task would have been an impossible one. It has been a real pleasure to work with you, and through you, with the other good Democrats in your great state.

Veni, Vidi, Vici and the Shadow is the subject of tonight's address in this campaign. The general supposition, when the campaign opened many months ago, was that a selection by the moneyed interests of a candidate who could be relied upon to conform to their views and desires would experience no difficulty in winning the election. Evidently, the instructions to the Republican candidate on receiving the nomination were to refrain from a discussion of the issues of the campaign, adopting a passive attitude upon all questions rather than a positive one and depending upon the Republican organization and the money which was forthcoming from the banking interests to win the election. They overlooked the important fact that every great movement in the history of the world has really been the reflection cast by the shadow of some truly great man or men who fought and achieved ideals for the welfare and happiness of the human race.

SAN FRANCISCANS THANK MAYOR FOR ENTERTAIN- ING OF VISITORS FROM GOLDEN GATE ON RECENT EASTERN TRIP.

The following scroll has been received at this office:

"Expressing Gratitude to the City of Boston for Cordial Reception Extended to San Francisco's Portola Festival Delegation."

RESOLUTION No. 7941.

Whereas, Accompanying "Don Gaspar de Portola," a delegation from the City and County of San Francisco recently visited the City of Boston, to bring information concerning the purposes and program of events scheduled for the impending Portola Festival; and

Whereas, Upon the occasion of that visit, "Don Gaspar de Portola" and his associates received a most cordial welcome and were accorded the utmost in hospitality; now therefore be it

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco take this opportunity to express their sincere appreciation to the Mayor and other public officials of the City of Boston and through them to the people of the City of Boston for their kind and spontaneous reception to "Don Gaspar de Portola" and his associates upon that occasion; and be it further

(Continued on page 1129.)

They disregarded the lessons of history, the lesson taught by the Father of our Country, George Washington, that a handful engaged in a righteous cause could overcome a multitude regardless of wealth or other considerations.

They disregarded the fact that the faith expressed by the Father of Democracy, Thomas Jefferson, when he advocated and made possible the Declaration of Independence, the Freedom of Religion, and Free Educational Institutions, summed up by these three acts is faith in the people of the country and which faith has been the lamp that has served for guidance from the beginning of the establishment of American liberties.

They disregarded the fact that the man born to most humble surroundings and who was not permitted to peer within the covers of more than six books until he arrived at manhood's estate could be depended upon to make possible the preservation of the Union without the loss of a state to the Union or a star to the Flag, emancipated the black man not only in America but compelled his emancipation throughout the entire world, Abraham Lincoln.

BOSTON'S WATER SUPPLY SYSTEM NOW 100 YEARS OLD—LAST MONTH WITNESSED ANNI-VERSARY OF FIRST PUMPING OF DRINKING SUPPLY FROM DISTANT POINT TO CITY—FIRST CONSUMPTION PER DAY WAS 6,883,782 GALLONS; NOW, CONSUMPTION PER DAY IS 114,958,300 GALLONS—REVENUE FOR FIRST YEAR WAS \$160,946.39; 1947 REVENUE WAS \$4,903,276.84.

Boston celebrated last month the 100th anniversary of its Water Department. The first flow of water through the water pipes into Boston was turned on at Boston Common on October 25, 1848.

Comparison of reports on the Water Department for the years 1851 and 1947, as compiled by Daniel M. Sullivan, Division Engineer of the Water Division, shows the facts as follows:

	1851.	1947.
Main pipes (4-inch to 36-inch) . .	100 miles	—
Main pipes (4-inch to 48-inch) . .	—	1,004.023 miles
Gates (stopcocks) in system . . .	897	16,073
Fire hydrants	1,110	12,280
Service pipes	16,047	101,942
Consumption of water (gallons per day)	6,883,782	114,958,300
Per capita consumption (gallons),	49	150
Revenue received during year . .	\$160,946.39	\$4,903,276.84

On October 25, 1848, just 100 years ago, a column of water was thrown up into the air from a fountain in the Frog Pond, the first actual proof that Boston had a water supply system in the course of construction. It is related that this water flowing through a 30-inch main to the fountain on the Common arrived there 12 hours and 16 minutes after it had left Long Pond in Wayland.

The event, opened by a salute of 100 guns and the ringing of church bells, was celebrated on the Common by a gathering of city and state dignitaries, and according to reports of that day "a concourse of persons of the most orderly demeanor, variously estimated at 50,000 to 100,000 persons." There was a parade and speech-making; James Russell Lowell wrote an ode for the occasion; and addresses were made by Josiah Quincy, Jr., then Mayor of Boston, and by Nathan Hale.

From its earliest days one of the most perplexing problems facing the City of Boston was that of securing an adequate supply of wholesome water.

In 1825 the Charles River, above the falls at Watertown, and Spot Pond in Stoneham were considered as available sources but the cost discouraged further efforts at that time.

In 1835 another survey recommended that water be drawn from Long Pond in Natick and Wayland. For a time it appeared that this project would be undertaken, but the panic of 1837 brought the cry of retrenchment, and the matter was dropped until 1846 when an enabling Act was obtained from the Legislature. Work was started, and mains were laid to Boston, so that in 1848 the citizens were able to witness the first stream of

their water supply system spouting from a fountain in the Frog Pond.

A "Century of Progress" in the development of our water supply system followed the 1848 introduction on the Common. After Long Pond came the Mystic Lakes in Winchester, the Sudbury River in Framingham, Wachusett Reservoir in Clinton, and finally the crowning achievement of Quabbin Reservoir.

Quabbin Reservoir with its 39 square miles of water surface, its shore line of 118 miles, and its storage volume of 415,000,000,000 gallons, the largest domestic water supply reservoir in the world, was pushed to its completion by the energetic efforts of Governor James M. Curley, now Mayor of Boston. The construction of Quabbin Reservoir necessitated the relocation of the boundaries of three counties and six towns, and the elimination of the towns of Enfield, Dana, Greenwich, and Prescott as corporate bodies.

Quabbin Park Cemetery was constructed and transformed from brushwood into a landscaped area for the purpose of reinterment of bodies once buried in 34 cemeteries within the area to be flooded.

The Quabbin Aqueduct which extends from Quabbin Reservoir to Wachusett Reservoir has a length of approximately 25 miles, the second longest completed continuous tunnel in the world, and large enough to run a standard size trolley car through it.

The completion of these developments is the result of the greatest engineering work undertaken in this part of the country.

MAYOR'S PRE-ELECTION CAMPAIGN ADDRESS.

(Continued from page 1125.)

Great Lives as Guide.

The lengthened shadow of these three men has been the inspiration and their works for the benefit of every American and humanity in general have been the ideals which have guided the efforts of the present and the next president of the United States, Harry S. Truman. His decision to present the facts and the issues in this campaign to the people of America has been abundantly fulfilled and truly it can be said of him, *Veni, Vidi, Vici*—"I came, I saw, I conquered." He presented his case as a plain, simple, God-fearing man with one objective, to serve humanity, to bring about permanent peace in the world and to maintain that which Democratic Administration has made possible in our nation. President Truman recognized that the Republican maladministration was responsible for the poverty, misery, and hardships imposed upon the people until the Democratic Party came into power in 1933.

In this campaign we have listened with amazement to the glowing promises of reforms, promised the American people by those responsible for the conditions which were obtained under Republican Administration in the nation prior to 1933. In 1928 with a Republican Party in power, this nation was prosperous, but in two short years the picture changed. Some thirteen millions of persons in 1930 were out of employment in America with no prospect of work and with hope almost gone, and during the entire period until the Democrats came into power in 1933 nothing was done to relieve the conditions and the financial debacle made necessary the closing of every banking institution in the country by the then Democratic President, Franklin D. Roosevelt, to preserve the nation from destruction.

The exceptional prosperity of America prior to the election of Herbert Hoover, who was hailed as a miracle man, in the incredibly short period of two short years was destroyed. To safeguard the people from the stigma of pauperism, who were without employment, public works were begun on a major scale and the people saved from becoming a nation of mendicants and from starvation.

Under Republican Administration some sixteen years ago bread lines and soup kitchens were the only thing provided for the relief of the people who wanted work by the Republican Administration in power. The picture changed with the coming into control of the nation by the Democratic Party. The liberal humane laws now promised by the Republicans were put in operation in 1933 for the benefit of the people and they represent more humane progressive legislation in sixteen years of Democratic control than were adopted in the more than 100 years of Republican stupidity and misrule.

FORGOTTEN MAN REMEMBERED.

I had occasion in 1932 to make a survey of what in those days was known as the forgotten man, the working man of America and I found them in Times Square, New York, standing in line with the snow falling occasionally, women, without shawls, men, without overcoats, waiting nightly to receive a cup of coffee and two doughnuts served to them by one of the New York newspapers. I visited Chicago and found there what was known as the Hoover Hotel, where more than one thousand women and men were sleeping in a vacant lot in packing cases from which they crawled through a small opening like animals in the early hours of the morning to go forward and beg for food since the factory chimneys were cold and the wheels of industry were stilled and there was no opportunity in this great and rich country to secure work. I traveled westward from Chicago and found open freight cars filled with men journeying to the Pacific Coast and I inquired of the conductor why they allowed the men to ride that way and was informed by him that it was the only way to prevent wrecks, and their instructions from the officials of the railroad were to extend every courtesy to these unfortunates.

These were citizens of America who were making their way to a warmer portion of the United States on the Pacific Coast, so that they might not freeze to death or be victims of starvation in this great land of ours.

I saw women riding on top of box cars, their skirts flying in the air as the trains traveled along at thirty miles an hour or more, and on the Pacific Coast, from Portland, Oregon, to San Diego, I saw them from the car windows, man, wife, and children with their little belongings on their backs, traveling along by the railroad line, and at night I saw little fires built by the side of the tracks and the little family assembled around the fire where they were cooking what they had begged on their journey. In Colorado, in the City of Denver, I saw the soldiers take over a public park in the heart of the city in defiance of state or municipal laws, string their tents and quarter their families.

AMERICA NEAR RUIN.

We were nearer to the complete ruin of America than we had ever been in its history and this was under Republican Administration. We should not forget too easily the misery, the hardship, the tears and the sorrows, and the deaths that resulted from Republican control and we should remember it by voting for a man whose heart beats in sympathy with everyone in America.

I was in Washington at the time when the veterans assembled to demand of a Republican President and a Republican Congress that they receive the adjusted compensation, sometimes called the bonus, which had been promised them when they entered the service of our country to preserve the Democratic institutions in the world. They were encamped upon a dump at Anacostia, just outside the city of Washington, and the Republican President, by the name of Herbert Hoover, gave orders to disperse them and those orders were given to the Chief of Police in Washington who refused to carry out the orders as they were inoffensive and were doing injury to no one. The Army was ordered upon the refusal of the Chief of Police to disperse them, to compel them to vacate at once. Appar-

ently, they did not move sufficiently fast enough to satisfy the Army authorities and then they were fired upon and gas bombs were used and these men, many of whom lost a leg or both legs or an arm or both arms, were wounded or killed as a result of it. They assembled the next day on the steps of the Capitol to voice their demands that the promise be fulfilled and there gave an exhibition of patience and patriotism such as never had been witnessed in any country from the beginning of time. They joined in the singing of "My Country 'Tis of Thee, Sweet Land of Liberty."

Today in America wages are higher now than in any previous period in the history of the nation. Labor is better organized and during the past sixteen years of Democratic Administration in the nation laws have been enacted which safeguard the welfare of the worker and Workmen's Compensation Act; safeguard the veteran in preference in Civil Service positions and in the payment of a higher pension than ever previously known; safeguard women in industry and through Mother's Aid Laws, enacted under Democratic auspices protection is provided for the widow and her family when the head of the household passes on.

PEOPLE'S LEGISLATION ENACTED.

The reforms and legislation adopted for the welfare of the American people have been greater in the past sixteen years under Democratic control than under the more than one hundred years the Republican Party has been in power.

Republicans do not go backward — they go forward, and a continuance of Democratic control in the nation means the adoption of more humane and just laws than ever previously enacted in the history of our nation.

Good women and men in America have fought for many years for the enactment of laws to wipe out slum sections to be found in every city in America. They presented for consideration the Wagner-Ellender-Taft Bill, and the same forces that are today to be found supporting the Republican nominee for President have consistently opposed this law and prevented its adoption. Statistics show that slum sections obtain in substantially all other older cities of America, including our own city and these slum sections, despite the fact that they make up but 20 per cent of the metropolitan residential area in the United States, account for 33 per cent of the town's population—35 per cent of the fires, 45 per cent of the crimes, 55 per cent of juvenile delinquency, and 60 per cent of tuberculosis victims. They represent one of the major problems in the conduct of the activities of the municipality throughout the nation and until these blighted areas and slums are wiped out a major problem confronts the city governments and people of America. The average city must spend 45 per cent of all funds available for police, fire, health, and other city services in these blighted areas, while receiving in return from the areas only 6 per cent of the revenue provided by the property tax.

I ask the leader of the Republican Party why it is that he has the temerity to come before the American people and insult their intelligence by asking them to put back in power the party that he represents and which is responsible for this inhuman and unnatural condition to continue in the United States.

Harry S. Truman, in his pronouncement at the American Legion Convention that he would prefer to establish a World Peace than to be President of the United

States, gave expression to the honest conviction of a noble and truly great soul animated by the spirit of the shadow cast by the other great men who made possible this nation and its preservation.

To the women who are of the majority of the voters in this election I appeal at this time for a vote in behalf of our great leader who has in a short period prevented chaos in America and put into operation a program for the feeding and clothing of the starving nations of Europe to prevent the spread of Communism and to check the headlong march of the misguided leaders of Russia.

PEACE ENDANGERED.

To change now would endanger the progress of the movement for permanent peace in the world. An ideal for which good women and men have prayed through the centuries and which Harry S. Truman regards as the aim, objective, and ideal of his life. To Harry S. Truman more than any other man must be given the credit for the ending of the war through the use of the Atomic Bomb against Japan. The Atomic Bomb is the most destructive weapon ever created in the history of mankind. It required supreme courage to order its use, but the decision was made in order that peace be established and the lives of our boys preserved. It required supreme courage to declare in favor of a civil rights program which would make a reality of the guarantee to all citizens regardless of race, creed, or color, to life, liberty, and the pursuit of happiness. In all of these instances he was faced with decisions, any one of which might well result in his political oblivion. The program of civil liberty meant from the very day that Harry S. Truman made his courageous stand a defection among the so-called white supremacy bloc in our Southern states. It required the same supreme courage in his dealing with foreign countries and through his persistence and perseverance he has succeeded in creating a united front against the threat of Communism and is gradually winning the peace that so many fought to preserve.

In our own state we are faced with problems similar to those confronting the nation, that of housing for veterans, rising costs of living, and urgent need for public improvement of every character and the threatened collapse of the financial structure of many of our cities and towns due to the failure of the Republican State Legislature and a Republican Governor to provide adequate revenue-producing measures to enable cities and towns to meet their obligations without further increase in the tax rate. The situation does not differ materially from that which confronted me in 1935 when I assumed the office of governor, at which time the slogan of the Republican Party was work and wages. We provided work and wages for the people. We rehabilitated our schools, hospitals, and other institutions; built highways and bridges, and none were homeless, and this was done with a state budget of but \$61,000,000, which while criticized as a balloon budget was identically the amount expended that year by the City of Boston for its budget.

This year we are confronted with a budget expenditure of \$243,000,000 but the Republicans in control of channels of information make no reference to its balloon character despite the fact that it is 300 per cent greater than the so-called Curley balloon budget.

They have failed to provide a decent road program. They have not main-

tained our institutions as they should be, and we are still faced with the unpleasant reality of 15,000 veterans in our own city who are unable to find suitable housing accommodations of any sort for their families.

It is clearly our duty in these trying times to elect a man of courage, of vision, and of tested ability as governor of this Commonwealth, and we have such a man in Paul A. Dever. He will be a governor of whom you will be proud, but you must remember that no man can make the fight alone on Beacon Hill. He must have with him in the high elective offices of the state men of his own party upon whom he can depend and rely, so that it becomes the duty of every citizen tomorrow, if they have never done it previously in their lives, to place a cross beside the name not only of Harry Truman and Paul A. Dever, but the entire Democratic Ticket, from top to bottom.

By placing a cross beside the word Democratic wherever it appears on the ballot, we can return to the office of president that sincere, courageous, down-to-the-earth champion of the common man, Harry S. Truman, and elect that brilliant, courageous man as the Governor of the Commonwealth, Paul A. Dever, and all other Democratic candidates.

It is a fight for the Establishment of World Peace and Domestic Tranquility so that the greatest nation in the world will still be our nation—The United States of America.

TAX BILLS' DELAY EXPLAINED TO CITIZENS—COLLECTOR'S OFFICE OPENED SATURDAY, OCTOBER 30.

The delay in sending out tax bills this year was due to the fact that the city was required to wait until the Legislature prorogued in order to find out what might be done for the relief of the cities. As a consequence, since nothing was done for the relief of the cities, every effort is being made to protect the people from being required to pay interest on tax bills that have been delayed through no fault of either the city or the taxpayer.

For these reasons it was decided to keep the Collector's Office at City Hall open all day Saturday, October 30, from 9 a. m. to 5 p. m., so that every facility may be afforded for the payment of taxes.

PRESIDENT'S WIFE AND DAUGHTER CONGRATULATED BY MAYOR.

His Honor the Mayor on November 3 forwarded the following telegram to Mrs. Harry S. Truman and Miss Margaret Truman at Independence, Missouri:

MRS. HARRY S. TRUMAN, Independence, Missouri.

THE VICTORY FOR THE PRESIDENT WAS TRULY REMARKABLE, AND THE PART PLAYED BY YOU IN THE ACHIEVEMENT OF THE RESULTS CONTRIBUTED IMMEASURABLY, AND MAY GOD GIVE YOU HEALTH AND HAPPINESS TO CARRY ON AND AID PRESIDENT TRUMAN IN THE FRUITION OF THE GREAT IDEALS TO WHICH HE HAS DEDICATED HIS LIFE AND SERVICE.

James M. Curley,
Mayor of Boston.

GOLDEN GATE VISITORS THANK MAYOR.

(Continued from page 1125.)

Resolved, That an engrossed copy of this resolution be transmitted to the Honorable James M. Curley, Mayor of the City of Boston.

The foregoing resolution was presented by Supervisor Marvin E. Lewis at a meeting of the Board of Supervisors of San Francisco on Monday, September 27, 1948, and adopted by a unanimous vote of the Board.

JOSEPH SULLIVAN,
President, Board of Supervisors.
JOHN R. McGRATH,
Clerk, Board of Supervisors.
CHARLES E. ROBINSON,
Mayor of City and County of
San Francisco."

MAYOR CURLEY THANKED FOR AID IN CAMPAIGN.

(Continued from page 1125.)

When the polls close on Election night I know you can say with me, "We fought the good fight; we have kept the faith," and that we will have no cause to regret the time, the energy, and the effort we have put into this campaign.

To you go my heartfelt thanks for everything you have done to promote victory for the Truman-Barkley ticket and for every one of our Democratic nominees for office.

With kindest personal regards, I am

Sincerely,

J. HOWARD McGRATH,
Chairman.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On Monday, October 11, 1948, bids by invitation for the furnishing of date stamp sorters and boxes of type for use in 1949 in the various branch libraries were received and opened at the office of the trust.

The following bids were received:
J. Allen Brothers Corporation, \$1,302.07;
James H. Matthews and Company, \$1,167.47; Dimond-Union Stamp Works, \$1,021.57.

Our belief had been that the cost of these supplies would be under \$1,000. Accordingly we solicited bids by invitation instead of advertising publicly for bids. The lowest bid submitted was slightly over \$1,000, the amount beyond

which there must be public advertising. Because of the time element involved, it is necessary that an immediate order be placed to ensure delivery of the supplies by the first day of January, 1949.

It is necessary, therefore, to request your permission to issue an order to the Dimond-Union Stamp Works, the low bidder, for the amount of their proposal, namely, \$1,021.57. Your approval of this award is respectfully requested.

Very sincerely yours,

ROBERT H. LORD,
President.

SUPPLY DEPARTMENT.

Upon October 26 the Mayor approved a contract with the Somerville Machine

LIBRARY DEPARTMENT.

BOSTON, October 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested for the trustees to sign a lease, without public advertising, with Edith Foster for the rental of the premises located at 18 Barnes avenue, East Boston, for quarters for our Orient Heights Branch Library. The lease will be for the period, September 1, 1948, through August 31, 1949, and the rental will be in the sum of four thousand dollars (\$4,000).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ROBERT H. LORD, President.

BOSTON, October 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested for the trustees to sign a lease, without public advertising, with Toffe G. Kando for the rental of the premises located at 275 Washington street, Dorchester, for quarters for our Mount Bowdoin Branch Library. The lease will be for the period, January 1, 1949, through December 31, 1949, and the rental will be in the sum of three thousand dollars (\$3,000).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ROBERT H. LORD, President.

BOSTON, October 20, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested for the trustees to sign a lease, without public advertising, with the Harvard Allston Realty Company for the rental of the front portion of the second floor located at 161 Harvard avenue, Allston, for quarters for our Allston Branch Library. The lease will be for the period, January 1, 1949, through December 31, 1949, and the rental will be in the sum of three thousand four hundred dollars (\$3,400).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ROBERT H. LORD, *President.*

SUPPLY DEPARTMENT.

BOSTON, October 25, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Park Department for 60,000 ice cream "Hoodsies."

Requests for prices were solicited among the various dealers and the following companies submitted bids:

Bushway Ice Cream Company, 50 cents per dozen, 3-ounce cups; H. P. Hood & Sons, 50 cents per dozen, 2½-ounce cups.

It is respectfully requested that permission be granted me to award a contract, without public advertisement, to Bushway Ice Cream Company as they bid on a 3-ounce cup which is better than the 2½-ounce cup on which H. P. Hood & Sons bid.

Total amount of contract is \$2,500.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

J. A. Singarella Company has been granted an extension of time for the performance of a contract for the erection of a fire station, Engine 10, at 127 Mt. Vernon street, Boston. The contract is dated August 29, 1947, and was to have been completed within eight months. However, the time of performance was extended with his Honor's approval until September 1, 1948, inasmuch as the work was delayed through no fault of the contractor.

A further delay in time of completion has been occasioned because of the fact that the contractor is unable to obtain delivery of doors and mill work for the building.

Request is therefore made for a further extension of time for performance of the contract to December 1, 1948.

HOSPITAL DEPARTMENT.

Rossano Construction Co., Inc., has been granted a further extension of time for completion of contract for installation of sterilizing equipment, Boston City Hospital, from August 1, 1948, to October 15, 1948.

This further extension is requested because of additional work involved.

Sanatorium Division.

The Bay State Canvas Products, Inc., has been allowed to strike out the words "August 15, 1948" as appearing in Article 11 of the contract, and the words "September 30, 1948" have been substituted in their place.

INSTITUTIONS DEPARTMENT.

M. & R. Construction Company has been allowed an extension of the contract for furnishing, erecting, and installing two new or used cylindrical oil storage tanks, capacity 75,000 gallons each, at the Long Island Hospital, Boston Harbor, by substituting as the date of completion of the work "November 15, 1948", in place of "September 1, 1948."

Delay is due to difficulty in securing required materials. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

J. A. Singarella Company has been granted an extension of the contract for alterations in patients' dining room, Long Island Hospital, Boston Harbor, as follows:

Whereas, said contract was amended April 8, 1948, changing the date of completion from "March 1, 1948" to "June 1, 1948," and on May 12, 1948, changing the date of completion from "June 1, 1948" to "July 1, 1948," and again on June 21, 1948, changing the date from "July 1, 1948" to "September 1, 1948,"

It is hereby further agreed by and between the parties hereto that said contract be and hereby is further amended as follows:

By substituting as the date of completion of the work "November 15, 1948" in place of "September 1, 1948."

Delay is due to difficulty in securing materials. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 25, 1948.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President HANNON in the chair. Absent Councilors Ansel, Chase, and Coffey.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment:

Richard F. O'Neil, 379 Beacon street, Boston, Mass., as Constable, for term ending April 30, 1949, not authorized to serve civil process, and to serve without bond.

Referred to Committee on Confirmations.

APPOINTMENT OF THOMAS P. DONAHUE.

The following was received:

City of Boston,
Office of the Mayor, October 25, 1948.
To the City Council.

Gentlemen:
Under the provisions of chapter 599 of the Acts of 1946, I hereby appoint Thomas P. Donahue to the position of Deputy Director of Veterans' Services, said appointment to be subject to approval of the Civil Service Commission.

I respectfully recommend passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Department of Veterans' Services,
October 25, 1948.
Boston City Council, Council Chamber, City Hall, Boston, Mass.

Gentlemen:
It is respectfully requested that the temporary appointment of Thomas P. Donahue to the position of Deputy Director of Veterans' Services with the Boston Department of Veterans' Services be approved and confirmed, pending the promotional examination for this position by Civil Service.

Very truly yours,
DAVID J. BRICKLEY, Director.

Ordered, That the appointment by his Honor the Mayor of Thomas P. Donahue, to be Deputy Director of Veterans' Services, subject to Civil Service approval, be, and is hereby, confirmed and approved.

Referred to Committee on Confirmations.

INVITATION TO VISIT NAVY YARD.

The following was received:

City of Boston,
Office of the Mayor, October 19, 1948.
To the City Council.

Gentlemen:
I am in receipt of the accompanying communication extending an invitation to the Mayor and members of the City Council to visit the Boston Navy Yard on "Navy Day," October 27, between the hours of 9 a. m. and 3.30 p. m., and in the event any of the members can conveniently do so, I trust they will accept this very generous offer.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Naval Shipyard,
Boston, Mass., October 15, 1948.
Hon. James M. Curley,
Mayor of Boston.

Sir:

On October 27, 1948, the United States Navy, as in previous years, will observe "Navy Day." On this date, significant because it is the date on which the Bill to create a United States Fleet was introduced into Congress in 1775, the people of our country are encouraged to become better acquainted with their Navy and its activities.

In keeping with the spirit of this occasion, the Boston Naval shipyard is completing arrangements for extensive participation. All shops and activities will present exhibits of work performed by them and, in addition, vessels berthed at the shipyard will be available for inspection.

It has occurred to me that you may be interested in visiting the shipyard to acquaint yourself with some phases of its operation.

You and the members of the City Council are cordially invited to participate in the observance of "Navy Day" by a visit to this shipyard at any time between the hours of 9 a. m. and 3.30 p. m. on Wednesday, October 27, 1948. Should you be able to honor us with your presence, every effort will be made to make your visit worth while and enjoyable.

Sincerely yours,
W. McL. HAGUE,
Captain, USN., Commander.

NAMING OF INTERSECTIONS IN HONOR OF VETERANS.

The following was received:

City of Boston,
Office of the Mayor, October 25, 1948.
To the City Council.

Gentlemen:
I submit herewith 13 orders for the naming of various intersections in the city in honor of veterans of World War II, killed in action, or who died as the result of injuries incurred in the war.

The Committee to Memorialize Veterans, appointed by me, has recommended the naming of the various sites as set forth in the accompanying orders.

In view of the fact that each site is to be named in memory of a veteran who sacrificed his or her life on the altar of liberty, I recommend that your Honorable Body give approval to the several orders.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Street Laying-Out Department,
October 21, 1948.

FIRE DEPARTMENT ORDERS.

General Order No. 55.

1949 GREATER BOSTON COMMUNITY FUND.

His Honor Mayor James M. Curley, through the city employees Group Chairman, has asked that all city employees participate in the 1949 Greater Boston Community Fund Campaign, in order to raise funds to aid 330 hospitals, health services, and social agencies.

The quota for the Fire Department has been set at \$3,200.

Forms are being distributed with this order, containing a schedule of suggested contributions in accordance with the amount of salary received. In order to raise the quota assigned to the Fire Department, it is hoped that each employee will find it possible to contribute \$2 to the fund. If possible, a larger donation according to the schedule attached would be most welcome.

In order that the sacrifice will not impose hardship upon the contributors, it has been arranged that the total sum contributed by each individual may be divided into 20 equal payments.

Pledge cards are being distributed to the department today. Company commanders and heads of department branches are requested to personally interview each member of their commands, including employees on sick and injured leave, and ask them to make a contribution. All pledge cards are to be made out and returned to Headquarters on or before November 10, 1948. However, completed cards with initial donations should be sent to Headquarters as soon as possible before November 10 and company commanders should not hold a number of completed cards while awaiting completion of one or two others.

Also issued with this order are buff colored report and currency envelopes. Company commanders are requested to fill out the front of the report envelopes in triplicate, one buff and two white copies and pull the two white copies out over the flap of the envelope. Carbon sheets should be used so that all three copies can be made at once. List names of members, the total amount subscribed by each member, and the amount paid at the time of the pledge. Cash donations and pledge cards should be placed in the solicitor's envelope, the envelope sealed as directed above, and forwarded to Headquarters as soon as possible.

Envelopes containing pledge cards and currency will be received at Headquarters by Miss Mary C. Kelley on or before November 10, 1948. Delivery of envelopes can be made on any week day and must be made between the hours of 9 and 11 a. m.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,

Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,118.

Sergt. Andrew K. Adair, Division 3, and Patrolmen Harold P. Davis, Division 9, and Francis B. Johnson, Division 14, all detailed to the Special Service Squad,

Superintendent's Office, are commended for meritorious duty performed on October 23, 1948.

In response to a radio dispatch stating that there had been a holdup of a package goods store on Cambridge street, West End, these officers observed two men answering the description given enter a cafe in the Park Square section.

When approached for questioning, these men attempted to escape. One was captured by Patrolmen Johnson and Davis; the other, chased by Sergeant Adair, escaped through a crowd because the sergeant was unable to use his revolver, fearing that he might shoot an innocent person.

The captured man was searched and a fully loaded automatic pistol and a quantity of shells were found in his possession, as well as half the amount of money stolen in the holdup. Further investigation resulted in the recovery of a suitcase containing two guns and a large quantity of ammunition which had been checked by these bandits at a bus terminal.

The capture of this bandit interrupted the plans of both men to commit a series of holdups in Boston and other cities.

The commissioner is pleased to commend these officers for their prompt response, keen observation, and devotion to duty in performing this excellent police work.

It is hereby further ordered that Sergt. Andrew K. Adair and Patrolmen Harold P. Davis and Francis B. Johnson each be given three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,119.

The commissioner is pleased to publish the following telegram for the information of the department:

"North Attleboro, Mass.,
October 29, 1948.

Col. THOMAS F. SULLIVAN, Commissioner of Police, Boston, Mass.

THE POLICE ARRANGEMENTS FOR MY VISIT TO THE CITY OF BOSTON WERE EXCELLENT AND WELL CARRIED OUT IN EVERY DETAIL. I WILL MUCH APPRECIATE IT IF YOU WILL CONVEY TO THE MEMBERS OF THE FORCE THE SINCERE THANKS OF MRS. DEWEY AND MYSELF FOR THE JOB THEY DID.

THOMAS E. DEWEY."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,120.

Patrolman Edward F. Lenz, Traffic Division (detailed to Hackney Carriage Unit), is commended for meritorious duty performed on October 31, 1948.

Patrolman Lenz, while on a day of relief, and in the vicinity of Massachusetts avenue and St. Botolph street, heard the screams of a woman emanating from a cleansing shop in that vicinity. Investigation disclosed that a man had attempted to hold up a girl employee of the shop and had made his escape through an alleyway.

The officer commandeered a taxicab, gave chase, and apprehended the criminal as he was entering Durham street.

The commissioner is pleased to commend Patrolman Lenz for his interest and devotion to duty displayed while off duty and further orders that he be given three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN MUDDY RIVER IMPROVEMENT FROM A POINT 250 FEET NORTH OF BROOKLINE AVENUE FOR 185 FEET NORTHERLY, ROXBURY, MASS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Muddy River Improvement from a point 250 feet north of Brookline avenue for 185 feet northerly, Roxbury, Mass. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Muddy River Improvement from a Point 250 Feet North of Brookline Avenue for 185 Feet Northerly, Roxbury, Mass.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, NOVEMBER 19, 1948, with a certified check for FIFTY-SEVEN HUNDRED (5,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

OVERSEERS OF THE PUBLIC WELFARE.

INVITATION FOR PROPOSALS FOR NEW BUILDING AT 35 HAWKINS STREET, BOSTON, MASS.

The Overseers of the Public Welfare, hereinafter referred to as the Awarding Authority, invite sealed proposals for new building at 35 Hawkins street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Friday, November 19, 1948, Eastern Standard Time, at the office of the Overseers of the Public Welfare, 43 Hawkins street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, John M. Gray Company, 175 High street, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

All subbidders' proposals must be in the possession of the Overseers of the Public Welfare and delivered or mailed to the general bidder not later than 12 o'clock noon, Eastern Standard Time, Wednesday, November 17, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

Subbids will be taken of the following portions of the work:

A. Heating and Ventilating. B. Plumbing. C. Electrical.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to reject any or all bids of the general bidders, and to waive any informalities in bidding, if it be in the public interest to do so. The Awarding Authority also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn

prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT AND SEWERAGE WORKS IN DORCHESTER AVENUE, WARD 6, FROM WEST BROADWAY TO WEST FOURTH STREET AND SHEET ASPHALT PAVEMENT IN SOMERSET STREET, WARD 3, FROM BEACON STREET TO CAMBRIDGE STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement and sewerage works in Dorchester avenue, Ward 6, from West Broadway to West Fourth street and sheet asphalt pavement in Somerset street, Ward 3, from Beacon street to Cambridge street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement and Sewerage Works in Dorchester Avenue, Ward 6, from West Broadway to West Fourth Street and Sheet Asphalt Pavement in Somerset Street, Ward 3, from Beacon Street to Cambridge Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, NOVEMBER 18, 1948, with a certified check for SIXTEEN HUNDRED (1,600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BOSTON SPENDS \$10,000 ANNUALLY FOR PROTECTION OF CITIZENS FROM MENACE OF DOGS AND CATS WHOSE BITES MIGHT BE DANGEROUS DUE TO POSSIBLE RABIES — TOTAL OF 2,528 ANIMALS QUARANTINED EITHER IN HOMES OR WITH AGENCY TILL DANGER OF INFECTION IS PASSED.

The City of Boston spends more than \$10,000 a year to protect its citizens from the dangers of rabies or other dangers possible from dog or cat bites. This was disclosed in a communication from the Health Department asking for approval of a contract with the Animal Rescue League for seeking out and quarantining animals that have bitten persons during the year. Altogether during the past year a total of 2,528 animals were cared for, either in homes or at the agency.

MAYOR MAKES FORMAL BID FOR 1950 AMERICAN LEGION CONVENTION— TRYING TO PROVIDE 7,500 ROOMS NEEDED TO CARE FOR VISITORS— ASKS DATE BE HELD OPEN FOR TIME BEING.

The following communication has gone forward from this office:

JUDGE VINCENT A. CARROLL, *Chairman, Convention Commission, American Legion, Court of Common Pleas No. 2, City Hall, Philadelphia, Penn.*

MY DEAR JUDGE:

As Mayor of the City of Boston I desire to inform you that I am using every effort within my means to ascertain whether or not it will be possible to offer to the National Organization of the American Legion a bona fide tender to hold the 1950 convention in this city.

The only problem now confronting us is one which I assume is confronting every other city, namely, that of rooms. In the event we are able to definitely state to you that we will have a minimum of 7,500 rooms I assure you that the offer will be submitted by the State Department of the American Legion, the Governor of the Commonwealth, and officially by this city.

Trusting you will keep an open mind on this convention date for at least another six months, I am

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

CALLS ON ALL BOSTON CITIZENS TO OBSERVE 173RD ANNIVERSARY OF FOUNDING OF UNITED STATES MARINE CORPS — MAYOR CURLEY CALLS FOR HONORING OF GREAT FIGHTING ORGANIZATION, DETAILING FACTS OF BRAVERY, SACRIFICES, AND COURAGE ALWAYS SHOWN BY OUTFIT, AND REMINDS OF DEBT OF GRATITUDE COUNTRY OWES TO THEIR PROWESS — URGES ALL TO TAKE TIME OUT AND OFFER PRAYER FOR GALLANT HEROES WHOSE PROWESS HAS MADE CORPS FAMOUS.

Mayor James M. Curley on November 8 issued the following public statement:

Wednesday, November 10, 1948, is the 173rd anniversary of the founding of the United States Marine Corps. I earnestly urge every citizen of the City of Boston to appropriately observe this day in honor of a great fighting organization, our traditionally famous "Soldiers of the Sea," who stand as sentinels at the gate, ever ready to protect the integrity of the nation and to preserve the peace.

Since November 10, 1775, when the Marines were first authorized by the Continental Congress, they have served the nation in peace and in every major war this country has waged. Their sacrifices, their initiative, courage, and ability have been stupendous. We owe them a great debt of gratitude.

Today, as "Guardians of the Peace," the United States Marines are serving around the globe. In the very shadows of Tripoli, where they fought Tripolitan pirates as early as 1803, they are again sailing the Mediterranean as members of ship detachments of the United States Navy. They are also in China, in troubled Palestine, at Guam, and at other Pacific outposts from the Aleutians to the Marianas, and in the capital cities of Europe — London, Paris, Rome, and Berlin.

Early exponents of amphibious warfare, the Marines made their first landing in a ship-to-shore operation in 1776, under Capt. Samuel Nicholas, holder of the oldest existing commission of a Marine officer, dated November 28, 1775. In company with naval forces commanded by Commodore Esek Hopkins, the Marines attacked the British at New Providence in the Bahamas and raised the American colors on foreign soil for the first time.

Their specialized training in World War II enabled them to "get on the beach" of one enemy-held Pacific island after another, thereby paving the way for victory.

NEW MASTER NAMED AT DEER ISLAND HOUSE OF CORRECTION WITH APPROVAL OF MAYOR CURLEY.

Robert F. Mackie, a career man for the past 27 years at the Suffolk County House of Correction, Deer Island, was appointed on November 6 as master of the correctional institution by Colonel Maxwell B. Grossman, Penal Institutions Commissioner. Mayor James M. Curley immediately approved the appointment.

Mr. Mackie will succeed George F. A. Mulcahy, who retired recently.

Mr. Mackie is a veteran of World War I, serving as a lieutenant in the original aviation section from which the present huge United States Army Air Forces stemmed. He attended Cornell University and served as a pilot and bombing instructor at both Ellington Field, Houston, Texas, and Bolling Field, Washington, D. C.

"Mr. Mackie, who is unmarried, has made penal work his career since 1921 and is recognized as one of the most efficient officers in the Suffolk County correctional system," Commissioner Grossman said.

"Deer Island Prison at present has the highest number of prisoners in its history, about 700, almost double that of before the war. Administering to these prisoners in a humane but practical manner will be Mr. Mackie's responsibility, and I am sure he will do an efficient and effective job," the Commissioner added.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR CALLS ON CITIZENS TO OBSERVE MARINE CORPS FOUNDING.

(Continued from page 1145.)

Amphibious warfare today is still a Marine specialty. In the case of both regulars and reserves, the aviation components have kept pace with the ground troops in developing that maximum of operational efficiency and degree of readiness that must be kept for any emergency.

And so, on Wednesday, November 10, 1948, let us all take time out from our regular duties, to offer a prayer for these gallant heroes, and to echo and re-echo the words "God bless the United States Marines."

PROTECTION OF CITIZENS FROM DOGS AND CATS COSTLY TO CITY.

(Continued from page 1145.)

The information is contained in the following communication sent to the Mayor by the Health Commissioner, Dr. John H. Cauley:

CITY OF BOSTON,

HEALTH DEPARTMENT.

September 28, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Since 1941, there has existed between the City of Boston and the Animal Rescue League a contract for the quarantining and releasing of animals known to have bitten some person or animal. This contract is renewed on October first of each year.

During the year ending October 1, 1948, the work performed by the Animal Rescue League for the City of Boston has increased materially. They have carried out their contract to the entire satisfaction of the Boston Health Department.

Attached is a statement of expenditures for quarantine costs, which are in excess of the amount of last year's contract. In discussing the matter with Mr. Dethloff, President of the Animal Rescue League, I am satisfied that the contract submitted to the Health Department for the sum of eight thousand dollars (\$8,000) is reasonable for the services which they have performed.

Your approval is respectfully requested, therefore, to make a contract with the Animal Rescue League, for one year, from October 1, 1948, at eight thousand dollars (\$8,000) per year, and to authorize me to dispense with advertising, inasmuch as the Animal Rescue League is the only organization in Boston equipped to perform these services.

Yours respectfully,

JOHN H. CAULEY, M.D.,
Health Commissioner.

BOSTON EXPANDS ITS TUBERCULOSIS PROGRAM.

The Boston Health Department has added a new X-ray mobile unit to its present facilities for mass X ray of all Boston's people. The new modern method for detection has been used in Boston during the last four years, and, as a result of the program of the Boston Health Department, the death rate for 1948 will be definitely lower than at any time during the history of Boston.

In years previous, approximately 500 deaths have occurred in Boston annually. The first nine months of 1948 indicate that there is going to be a definite decrease in this annual number of deaths from tuberculosis.

The most recent addition to the equipment of the Boston Health Department for the detection of tuberculosis is the new X-ray mobile unit. It was demonstrated today at City Hall, on School street, Boston. Mayor James M. Curley was the first person whose X ray was taken in this new unit.

It is the plan of the Boston Health Department to offer free X ray to all individuals in Boston, and, directly after the unit was demonstrated to the Mayor, the first industrial establishment to be X-rayed by this unit was Posner's Haberdashery.

With this new equipment, it is only necessary that persons shall enter the bus for a matter of a few moments, where registration is made, the X ray itself taking only one twentieth of a second. All reports regarding X ray are confidential. The report is sent directly to the individual X-rayed. It has been the experience of the Health Depart-

ment, with over 100,000 X rays taken during the last year, that about 1 in 300 has tuberculosis which requires treatment.

It is the conviction of the Health Department that, by the cooperation of all the people of Boston having a chest X ray, tuberculosis may be stamped out as completely as a cause of death in Boston as such diseases as typhoid fever or yellow fever, which were as common in Boston 40 years ago as tuberculosis is today.

Mayor Curley has approved full cooperation of all city departments, and every industry in the City of Boston which has part in this program has extended cooperation.

VETERANS' SERVICES SUPERVISOR OF COUNSELORS.

Mayor Curley has approved the request of the Director of Veterans' Services as contained in the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR:

It is respectfully requested that the 1948 budget of the Department of Veterans' Services be amended to provide for abolishing the position of one (1) veterans' services counselor at \$2,300 a year and creating a new position of supervisor of counselors at \$2,500 a year.

The person whom it is desired to appoint to the new supervisor's position has been holding a provisional temporary appointment as counselor with this department since July 28, 1945. He is thoroughly efficient in this work, because of his many years of experience, and quite appreciative of the needs and problems of the veteran seeking rehabilitation advice and counsel.

Very truly yours,

DAVID J. BRICKLEY, Director.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son have been directed to perform the following extra work under the contract, dated June 25, 1948, for laying sheet asphalt pavement in Ashmont park, Coleus park, Oleander street, and Weyanoke street:
